10. Amendment No. 3 to the Janitorial Services Contract between the City of Marysville and Advantage Building Services in the Amount of \$14,551.86.

John Cowling explained that they are extending the existing contract for a few months until the state's bid is ready to process through them.

11. 2009 Edward Byrne Memorial Justice Assistance Grant (JAG) Application.

Suzanne Elsner reported that they are working in conjunction with police corrections on this grant. They hope to obtain the grant to cover the costs of video hearing equipment which will enable them to link the courthouse with the city jail as well as with Snohomish County jail. This will reduce the transportation of inmates.

Carmen Rasmussen was very enthusiastic about this improvement. She commended staff on the excellent grant proposal. Ms. Elsner stated that Commander Krusey worked very hard on the grant.

12. Fourth Amendment to Interlocal Agreement for Municipal Court Services between the City of Marysville and the City of Lake Stevens Increasing Fees to \$42.00 for Infractions and \$90.00 for Criminal Citations; and for Renewal of the Agreement through December 31, 2011; and Revising the Notice Period for Termination.

Suzanne Elsner stated that this is the same amendment and dollar amount that they did with Arlington. Additionally, the Lake Stevens agreement will revise the termination agreement between the cities.

13. Interlocal Agreement between the City of Anacortes, Port of Anacortes, and City of Marysville for Outdoor Video Services.

Jim Ballew stated that this is between the City of Anacortes and the Port of Anacortes to provide Marysville's equipment for an outdoor movie for their parks and recreation program on August 28. Staff will travel up there with the equipment and put on the event for them as they are considering this as an opportunity.

Jeff Seibert commended Parks and Recreation for doing such a good job that others have asked for their assistance.

14. Project Prospectus and State Funding Agreement with Washington State Department of Transportation for the 47th Avenue NE Improvements Project.

John Cowling stated that this agreement sets up the City's ability to bill the state for the funds for Safe Routes to School as it is constructed. They are hoping to go to bid in August or September.

John Soriano asked about the video detection. Mr. Cowling stated that it is for traffic detection, not enforcement.

15. Supplemental Agreement No. 1 to Professional Services Agreement for City of Marysville with AmTest, Inc. in the Amount of \$66,795.00 for Water Quality Testing Services.

John Cowling stated that staff is recommending renewal of the contract for another year at the same contract amount. This company does the water quality testing and reporting for our drinking water.

16. Hotel/Motel Tax Committee Recommends the Allocation of \$70,259 from Hotel/Motel Tax Revenues as Follows: \$15,000 to Maryfest; \$18,000 to Marysville Historical Society; \$3,674 to Northwest Agriculture Business Center; \$8,000 to Marysville Police Department (Special Events); \$8,500 to City of Marysville (Passport to Parks); \$5,500 to City of Marysville (Visitors Guides); \$2,185 to Marysville Dog Owners; \$5,000 to Marysville Police Department (Motor Office Training); \$2,500 to City of Marysville (Streets) and \$1,900 to City of Marysville (Solid Waste).

Mayor Kendall noted that Councilmember Phillips chairs this committee, but is absent tonight. He discussed options available to Council for addressing this item.

- Carmen Rasmussen stated she would be out of town next Monday, but wanted to express her recommendation. She expressed concerns with not funding the requests from police, streets and solid waste. She felt they should be fully funded due to their impacts on tourism.
- Jeff Vaughn stated he thought it should be held over to September.
- Jon Nehring agreed it should be held over until September.
- Donna Wright agreed it should be held over until September. She noticed there were several issues with forms not being filled out correctly or completely.
- Mary Swenson discussed some of the issues that had occurred with the city's applications.
- Jeff Seibert said he didn't mind waiting until September for this. He asked if the committee has the authority to arbitrarily cut back the amount of money that goes to a project when there is enough money to fully fund all the applications. CAO Swenson said that it is a committee recommendation to the Council, but the Council has final authority on it.
- Grant Weed added that there is a section in state law that relates to this. He discussed the two possible interpretations of the law.
- Jeff Seibert discussed concerns with not fully funding the applications when the money is available. He recommended relaying this to the committee.
- Jon Nehring explained that they are being taxed on any money left sitting in the account so he didn't understand why they wouldn't fully fund those.
- Carmen Rasmussen expressed further concern with the partial funding. She spoke against punitive measures for the application process. She spoke of the tremendous amount of work that goes into the Strawberry Festival from the police department. If this were not funded it would be very noticeable.

- Donna Wright commented that it doesn't seem that MaryFest realizes just how much the City spends on the Strawberry Festival. She suggested that an accounting be given to their board of directors to inform them.
- Jeff Seibert requested more information about the scoring information.
- Tracy Jeffries will get the scoring totals to the Council. Council decided to continue this item to the first cycle in September.

17. Recovery Contracts Amendments to the Marysville Municipal Code (MMC)
14.07.09, 14.16.130, 18.24.045, and 14.07.005.

Shawn Smith explained that this is for three recovery contracts. He reviewed the following additional changes:

- Required public notice
- Minimum distance which is consistent with the 200-foot rule
- Fee raised to \$500 minimum

Jeff Seibert asked about recent changes to the requirement for hooking up to water/sewer regardless of distance. Gloria Hirashima stated that the change he was referring to was only for new development. Councilmember Seibert asked if it would be more appropriate to have a dollar amount rather than the 200-foot minimum. Mr. Smith explained why they had decided on the 200-foot rule rather than the dollar amount. Councilmember Seibert asked if there is an opportunity for a variance. Mr. Smith stated that they had discussed the potential of allowing a variance for some cases. Councilmember Seibert discussed concerns he has frequently heard related to this issue. Director Hirashima suggested that they could look back at their notes and bring back a dollar amount if that was what Council wanted. Councilmember Seibert said he just had concerns about how this would impact some people.

Councilmember Seibert asked if it was really necessary for a hearing to be held with the City Council. He thought most of these hearings went to the Hearing Examiner now. Grant Weed explained he would look into this. Mr. Smith added that this section was added to make it consistent with the storm and roads sections.

18. A **Resolution** of the City of Marysville Announcing the Retirement of K-9 Police Dog Radar and Therefore Declaring the K-9 Police Dog Radar to be Surplus and Authorizing the Sale of the K-9 Police Dog Radar.

Chief Smith stated that the dog had a medical condition and was treated by a vet. If the dog had one more issue with its back or hips it would have been permanently disabled. This decision was made to protect the dog. He added that Officer Dreyer will be a master handler who can train new dogs.

19. Agreement between the City of Marysville and Stacey Dreyer for Ownership of Retired K-9 Officer Radar.
20. A **Resolution** of the City of Marysville Adopting a Six-Year Transportation Improvement Program (2010-2015).
21. A **Resolution** of the City of Marysville Declaring 18,000 Old Water Meters of Personal Property to be Surplus and Authorizing the Sale of Disposal Thereof.

John Cowling indicated that these might be sold for scrap metal and to smaller districts.

22. A **Resolution** of the City of Marysville for the Central Marysville Annexation.

Staff explained that this would be ready for next week's packet.

23. An **Ordinance** of the City of Marysville, Washington, Adopting the 2009 City of Marysville Water Comprehensive Plan.

Chris Holland stated that the Department of Health requires adoption of a Water Comprehensive Plan every six years. He explained that the plan contains the projects that they foresee in order to have the water to meet the population forecasts in the updated Comprehensive Plan. There are no rate changes at this time.

24. An **Ordinance** of the City of Marysville, Washington, Adopting Stormwater Management Regulations for Illegal Discharges Pursuant to the Western Washington Phase II Municipal Stormwater Permit Issued to the City by the Washington State Department of Ecology, Adopting Related Code Amendments, and Amending Chapters 3.20, and 19.22, and Adopting Chapter 14.21, of the Marysville Municipal Code.

John Cowling explained that this pertains to illegal and illicit discharge.

John Soriano asked about heated water being an illegal discharge. Mr. Cowling explained that they need to monitor temperature when discharging into fish-bearing streams.

25. An **Ordinance** of the City of Marysville, Washington Authorizing the Condemnation, Appropriation, Taking and Damaging of Land and Other Property for the Construction of Ingraham Boulevard between 67th Avenue NE and 74th Drive NE.

John Cowling stated that they need a small section from a property due to the required radius of the road. They are hoping not to go to condemnation with this.

Carmen Rasmussen asked if they are still on track to have the road ready at the time of the new high school opening. Mr. Cowling confirmed that they are still on track.

26. An **Ordinance** of the City of Marysville, Washington Relating to Extensions of Development Approval Expiration Periods Relating to Substantial Revisions of County Approved Plats, and Amending Sections 15.09.080, 16.04.010, 19.52.090, 20.12.120, 20.20.080, and 20.48.050, and Adopting Section 20.12.130, of the Marysville Municipal Code.

Gloria Hirashima remarked that this relates to delays they are seeing on plat construction due to the financing environment. This ordinance would allow for extension of approval periods for short subdivisions, conditional use permits, binding site plans, construction plans and building permits.

Jeff Seibert asked if there was any benefit to the city by doing this. Director Hirashima explained that it was mainly to try to work with the development community; however there was a benefit to the city in that staff would not have to review the same application twice. Councilmember Seibert asked if there was any harm that may come from allowing them to extend their permit. Director Hirashima did not think so. She noted that there is a sunset clause in this. Councilmember Seibert asked how changes that might be forced on the City by federal or state governments would fit into this. Director Hirashima stated that the state has very strong vesting provisions. The rules that were in place at the time the application is submitted are the rules that relate to that development regardless of how long it takes to reach building permit occupancy. City Attorney Grant Weed agreed and added that any new mandates would not be applicable to projects that were already vested.

Director Hirashima pointed out a provision in 20.12.320 on 26-15 relating plat approvals already granted by Snohomish County. This would allow the applicant to seek a development agreement with the City where they could retain vested rights for those specific limited land-use regulations in consideration of construction and/or installation of the county infrastructure. There was discussion about application and impacts of this provision.

27. An **Ordinance** of the City Council of the City of Marysville, Washington Enacting a New Chapter 19.51 Marysville Municipal Code Consolidating and Establishing Terms for Acceptable Security for Performance and Maintenance of Improvements Associated with Development and Amending the Following Sections of the Municipal Code to Make Them Consistent with the Provisions of the New Chapter: 15.20.010, 19.16.030, 19.24.150(2), 19.24.270(2), 19.24.300(3), 19.28.060(2), 19.38.040(8), 19.40.080, 19.42.130(9), 20.24.240, 20.24.260, 20.56.270, and 20.56.290.

Shawn Smith reviewed this item. Gloria Hirashima added that the City Attorney also reviewed this for consistency with all related sections in the city code. This will help ensure that the city's bonds are covering costs. Grant Weed discussed the benefits of this ordinance.

 - Donna Wright added that the Council could recommend whatever they see fit.
 - Lee Phillips cautioned against not following the recommendation.
 - Councilmember Seibert recommended having the Council look at the full applications in September.
 - CAO Swenson commented that the applications were not completed because of the time crunch of budget cutting. She stated that the application needs to be modified to reflect the RCW change that allows funding for manpower.

- Lee Phillips noted that this is not the first time that partial funding has been applied to a low score.
- Councilmember Seibert asked if it would be appropriate for the committee to ask for more information from the applicants.
- CAO Swenson stated that the committee typically does not ask for more information. She added that if partial funding is awarded the City needs to go back to look for additional budget cuts.
- Councilmember Seibert suggested that partial funding in the past was related to the amount of money that was available. In this case there is enough money to fund all of the applicants.
- Donna Wright asked if it would be appropriate for the Council to ask for more information.
- Grant Weed stated that there is nothing in state statute that would stand in the way of asking for more information. Re-advertising, however, would require a 45-day waiting period before they can take action.
- Lee Phillips indicated that the City had already provided copies of their costs for Maryfest as part of the application. He indicated they could provide copies of that to Council.
- Councilmember Seibert said he would like to see the application and any information that the applicant was not able to procure at the time of the application before the meeting in September so that Council may consider all the information.
- Councilmember Soriano commented he did not have any apprehension to addressing this and if they deviate from the recommendations of the committee it would be within the responsibilities of the Council.

John Soriano:

- Commended the performance of the finance department
- Mentioned that the Tribes are having their own National Night Out event and it would be nice to have Marysville officers participate however they can.

BUDGET CODE: 10200030.548000 M0910	AMOUNT: N/A	

DESCRIPTION:

The City was awarded \$500,000 in federal economic stimulus funding via the 2009 American Recovery and Reinvestment Act (ARRA) which is to be applied towards pavement preservation on select federally classified roads.

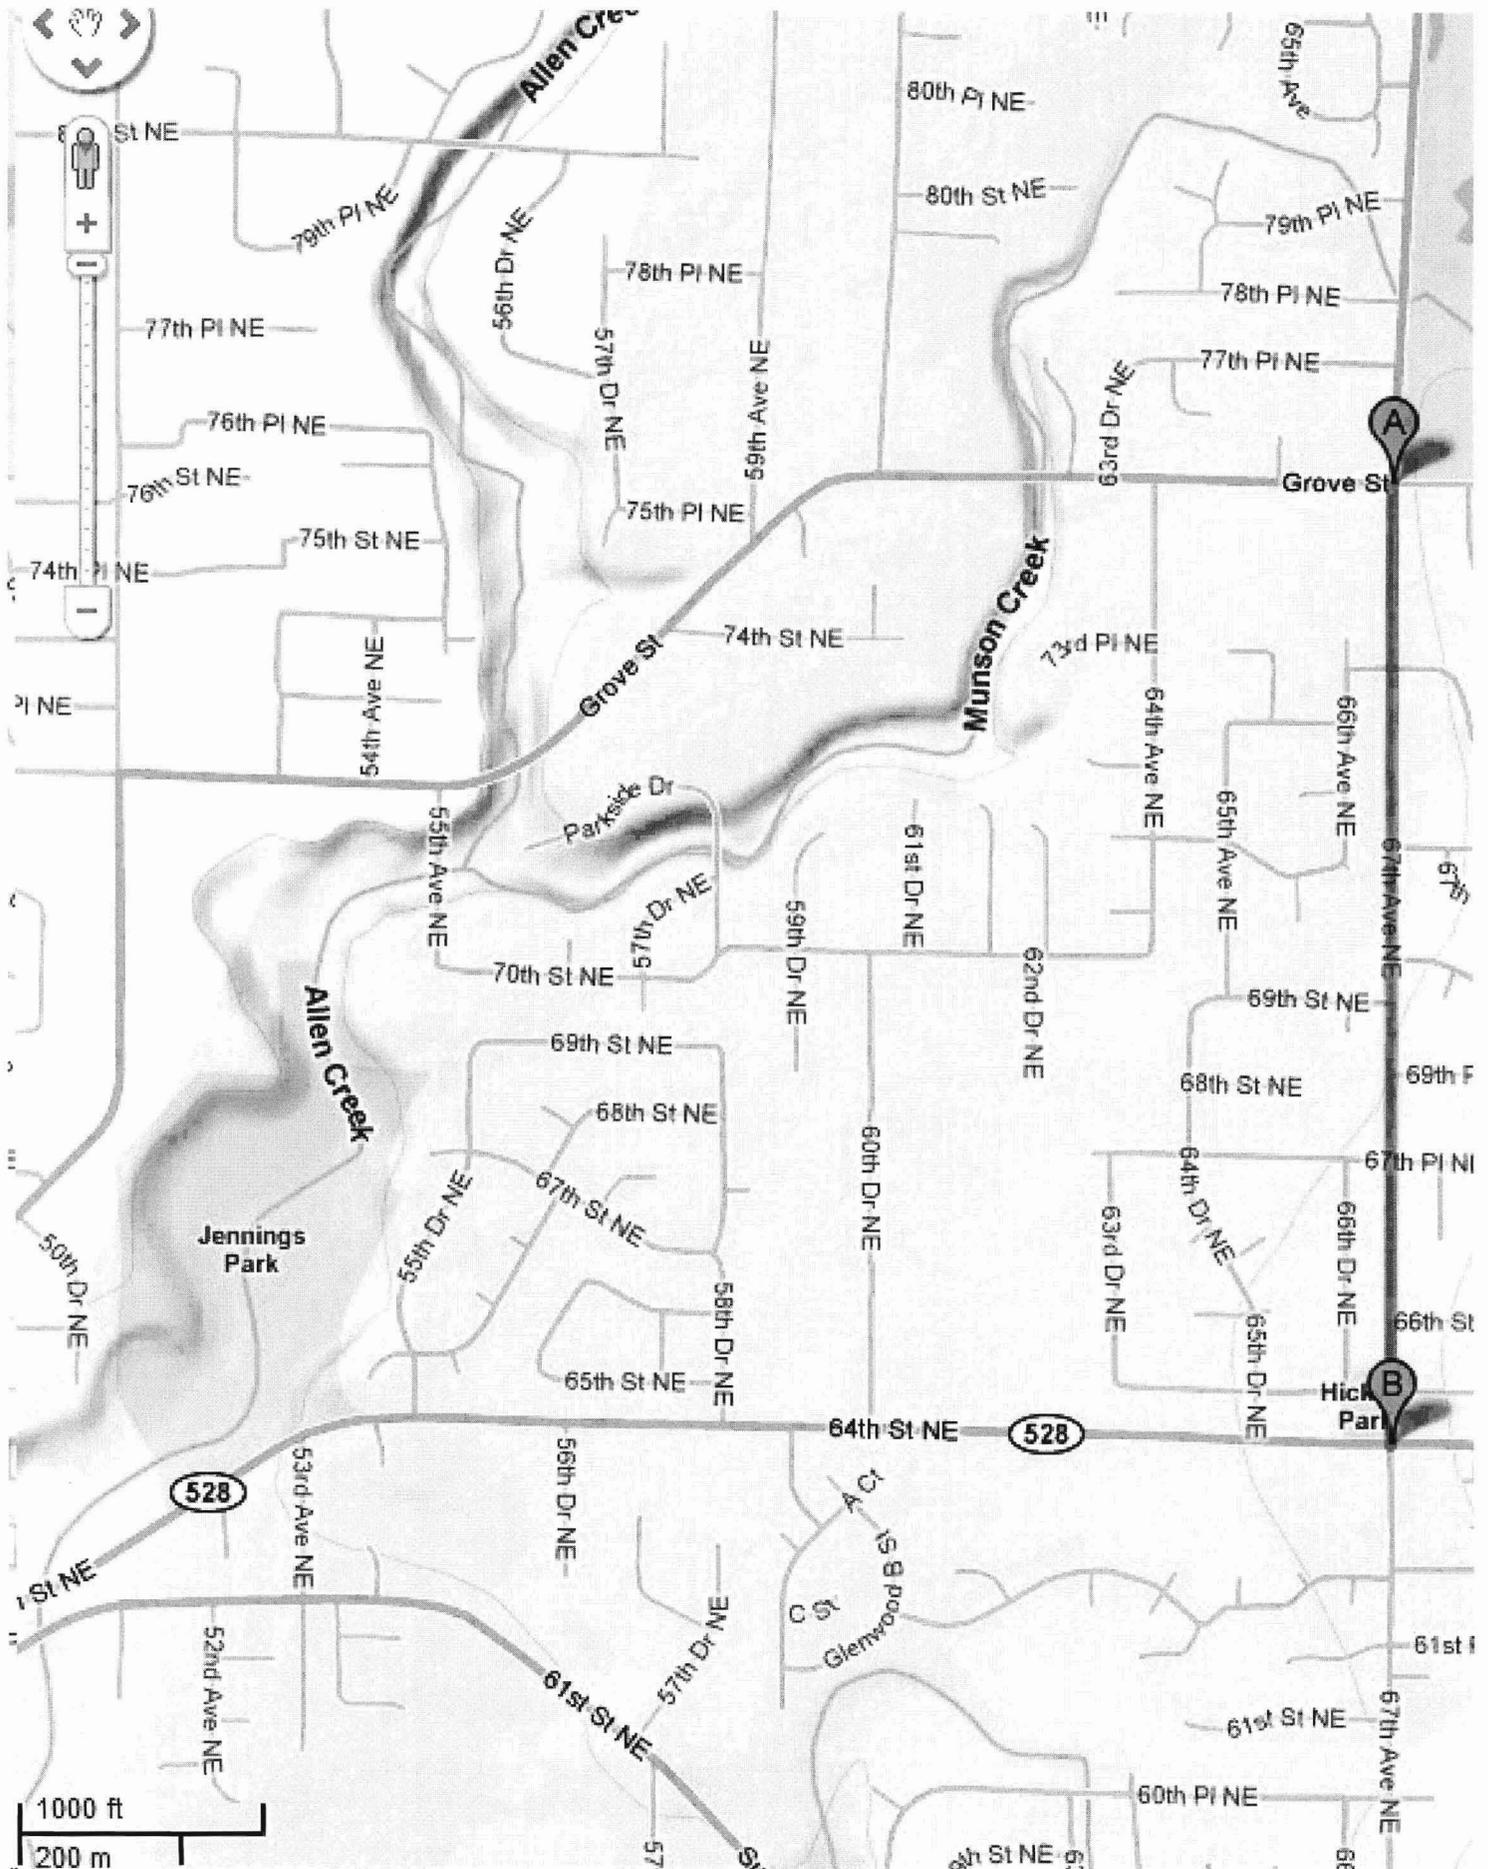

City staff selected 67th Ave NE from Grove St to SR 528 to apply these funds towards. The project includes the replacement of sidewalk ramps to meet ADA standards, installation of some video detection at the signalized intersections of Grove St and SR 528, pavement repair, edge grinding, a full width 2-inch overlay, and pavement markings to accommodate a three lane section with bicycle lanes.

The project was awarded to Northshore Paving, Inc. at the July 29, 2009 council meeting in the amount of \$427,460.84. Since the bid was less than the amount of ARRA funds needed, the City is required to deobligate a portion of those funds back to ARRA. The breakdown is as follows:

ARRA Funds:	\$ 500,000
Contract Bid (Includes Sales Tax):	- \$ 427,461
<u>10% Contingency (Management Reserve):</u>	<u>- \$ 42,746</u>
Deobligation:	\$ 29,793

WSDOT requires a Local Agency Agreement Supplement to the original agreement thereby deobligating the excess funds.

<p>RECOMMENDED ACTION: Staff recommends that Council authorize the Mayor to sign the Local Agency Agreement Supplement for the 67th Ave NE Overlay Project thereby deobligating \$29,793 in funds back to ARRA.</p>

BUDGET CODE: 40100362.325000 Revenue	AMOUNT \$14,328.72	

DESCRIPTION

The current Department of Justice sublease with SERS at the highway 9 communication tower site will expire September 30, 2009. This sublease renewal increases the annual lease payment by \$417.36 and extends the lease to September 30, 2010.

The original Contract calls for a rate study to be performed each year to determine what the rate increase should be for the next year's extension. Conducting this rate study has proven to be very difficult using information from other jurisdictions. Radio equipment type, sizes, and locations on other towers vary and contracts seem to vary quite a bit as well so it is difficult to find common conditions to base an increase.

<p>RECOMMENDED ACTION: Staff recommends that Council authorize the Mayor to sign the Department of Justice sublease increasing the annual lease to \$14,328.72 and extending the lease period to September 30, 2010.</p>

(1) "Special events" include any event which is to be conducted on public property or on a public right-of-way; and, also, any event held on private property which would have a direct significant impact on traffic congestion; or traffic flow to and from the event over public streets or rights-of-way; or which would significantly impact the need for city-provided emergency services such as police, fire or medical aid. It is presumed that any event on private property which involves an open invitation to the public to attend or events where the attendance is by private invitation of 100 or more people are each presumed to be an event that will have a direct significant impact on the public streets, rights-of-way or emergency services. Special events might include, but not be limited to, fun runs, roadway foot races, fundraising walks, auctions, bikeathons, parades, carnivals, shows or exhibitions, filming/movie events, circuses, block parties, markets, sporting events and fairs. (Ord. 2099 § 1, 1996).

5.46.020 Permit required.

5.46.030 Permit application.

(1) An application for a special event permit can be obtained at the office of the city clerk and will be completed and submitted to the city clerk no later than 60 days prior to the proposed event. A completed application does not constitute approval of the permit.

(2) A waiver of application deadline shall be granted upon a showing of good cause or at the discretion of the city clerk (risk manager). The city clerk shall consider an application that is filed after the filing deadline if there is sufficient time to process and investigate the application and obtain police and other city services for the event. Good cause can be demonstrated by the applicant showing that the circumstances that gave rise to the permit application did not reasonably allow the participants to file within the time prescribed, and that the event is for the purpose of exercising the right of free speech.

(3) The following information shall be provided on the special event permit application: purpose of the special event; name, address and telephone number of the sponsoring organization and/or individual(s); proposed date of event, location and hours of operation, schedule of events, estimated attendance, special facility requirements, city assistance required, and other information as the city deems reasonably necessary to determine that the permit meets the requirements of this chapter. (Ord. 2099 § 3, 1996).

5.46.040 Approval.

Based on the type of event and the event to which city services will be required, approval of special event permit applications will be made by the following authorities:

(1) Approval by City Staff. City staff shall include a representative from the police, planning, public works, parks and recreation and city clerk departments.

(2) Approval by City Council. Multiple-day events (four days maximum) or any event involving street closures or impacts to services city-wide. Events lasting more than four days shall be subject to submittal of additional information as required by city staff.

(3) The city council will be notified of all special event approvals made by the city staff.

(4) If permits and/or coordination is required from other agencies, i.e., Community Transit, Department of Transportation, etc., these must be submitted prior to the issuance of the permit. (Ord. 2099 § 4, 1996).

5.46.050 Fees.

There will be a \$25.00 nonrefundable application fee for a special event permit. (Ord. 2099 § 5, 1996).

(2) The applicant is required to contract with the Marysville police department

and public works department to employ police officers for security and traffic control as determined by the departmental analysis.

(3) Cost of city services, i.e., police, public works employees, etc. for special events will be estimated prior to the event. Additional costs incurred will be evaluated following the completion of the event. The city may in its discretion require a cash deposit for such costs. (Ord. 2099 § 6, 1996).

5.46.070 Insurance required.

The applicant is required to obtain and present evidence of comprehensive liability insurance naming the city of Marysville as an additional insured for use of streets, public rights of way and publicly owned property such as parks. The insurance requirement is a minimum of \$1,000,000 for individual incidents, \$2,000,000 aggregate, per event, against all claims arising from permits issued pursuant to this chapter. A certificate of insurance shall be required naming the city as an additional insured and indemnifying the city's, its officers, employees and agents from all causes of action, claims or liabilities occurring in connection with the permitted event. In circumstances posing an unusual risk of liability the city may, in its discretion, increase the minimum insurance requirements. (Ord. 2099 § 7, 1996).

5.46.080 Denial of permit.

Reasons for denial of a special event permit include, but are not limited to:

- (1) The event will disrupt traffic within the city of Marysville beyond practical solution;
- (2) The event will protrude into the public space open to vehicle or pedestrian travel in such a manner as to create a likelihood of endangering the public;
- (3) The event will interfere with access to emergency services;
- (4) The location or time of the special event will cause undue hardship or excessive noise levels to adjacent businesses or residents;

- (6) The application contains incomplete or false information;
- (7) The applicant fails to provide proof of insurance;
- (8) The applicant fails to obtain a city business license and/or fails to pay the special event permit fee;

The permittee is required to clean all permitted public and private properties and the right-of-way of rubbish and debris, returning it to its pre-event condition.

(a) If the permittee fails to clean up such refuse, the clean-up will be arranged by the city and the costs charged to the permittee.

(2) A special event permit may be issued only after adequate restroom and

washroom facilities have been identified and arranged for or obtained by the applicant subject to the Snohomish health district's review and certification process. (Ord. 2099 § 10, 1996).

RE: Lakewood Road Project (PUD Job #363892)

Received
JUL - 9 2009

City of Marysville
Public Works &
Community Development

Dear Mr. Buell:

The County is doing an improvement project on Lakewood Road which will require Snohomish County PUD to relocate a portion of an existing overhead power line.

As a result, we have a need to acquire an easement from the City for the purpose of covering a portion of this line on City property. We would like to offer \$1,500 as consideration for granting us these rights. I have enclosed a map showing the approximate location of the proposed easement area (10' x approximately 350').

Please take some time to read through the easement packet. You can call me during the day in Everett at (425) 783-4376 to discuss our proposed work.

If you agree to grant these rights to the PUD, please have the original easement signed by all necessary parties in the presence of a notary public and return it in the enclosed, stamped envelope, keeping the copy for your files.

It is essential the signed original easement be returned to this office as soon as possible so the job can be released for construction. Once the properly executed document has been returned, I will process a check request for \$1,500.

Thank you for your time and consideration.

Sincerely,

Joel Schleppe

COUNCIL ACTION:

Hotel/Motel Committee Minutes
July 6, 2009
Marysville City Hall

Present: Councilmember Lee Phillips, Mary Kirkland, representing Downtown Merchants; Andy Tift, Holiday Inn Express General Manager; Carol Kapua, representing Maryfest, Tracy Jeffries, Asst. Admin. Services Director

Lee Phillips called the meeting to order at 11:30 a.m.

The committee members reviewed and submitted their scoring packets for the eleven applications that were received by the following organizations:

1. Maryfest: Magical Fantasy, 78th Annual Strawberry Festival (\$15,000);
2. Marysville Historical Society: Historic Carving by James Madison (\$18,000);
3. NW Agriculture: Red Rooster Route Farm Map Distribution (\$3,674)
4. City of Marysville Police: Special Community Events Overtime (\$16,199.85);
5. City of Marysville: Passport to Marysville Parks (\$8,500);
6. City of Marysville: Visitors Guides (\$5,500)
7. City of Marysville: Advertisement in Snohomish Co. Visitors Guide (\$1,200)
8. Marysville Dog Owners Group: Marysville Poochpalooza Advertising (\$2,185);
9. City of Marysville Police: Annual Motor Officer Training Commission (\$5,000);
10. City of Marysville Streets: Annual Festival (\$5,024.80).
11. City of Marysville Solid Waste: Annual Festival (\$3,853.80)

Lee Phillips opened the meeting by asking Tracy Jeffries how much was available to allocate. Tracy Jeffries stated there was approximately \$105,730 available to disburse and that there was enough to fund every application. She stated that this number also included reimbursing the remaining applications that were awarded in 2008.

Lee Phillips stated they would review each application.

Maryfest, Magical Fantasy, 78th Annual Strawberry Festival (\$15,000):
Andy Tift questioned Maryfest's application and how they came up with their lodging numbers. Carol Kapua stated she called hotels between Burlington and Everett and asked what their occupancy was for the weekend of Maryfest. Tracy Jeffries informed the committee that she had spoke with the manager of CTED regarding determining the lodging numbers for reporting purposes. She was informed that they understood that specific numbers regarding over-night stays could be difficult to come by. They suggested calling hotels for occupancy

numbers or conducting surveys at the event and to come up with numbers as best as possible. The committee agreed to recommend that the requested amount of \$15,000 be awarded.

Marysville Historical Society, Historic Carving by James Madison (\$18,000):
Lee Phillips explained where the Carving would be located. Carol Kapua thought that it was nice to see that it is a local carver. Mary Kirkland and Carol Kapua thought there were better ways for the Historical Society to spend the funds. The committee agreed to recommend that the requested amount of \$18,000 be awarded.

NW Agriculture, Red Rooster Route Farm Map Distribution (\$3,674):
The committee as a whole thought this is a good event to promote over-night stays. The committee agreed to recommend that the requested amount of \$3,674 be awarded.

City of Marysville Police, Special Community Events Overtime (\$16,199.85):
Carol Kapua thought the amount requested was on the fat side. The committee discussed the low score resulting from the application not being filled out correctly or completely. Andy Tift stated that while he realized the statute had changed to allow this kind of request, he didn't think that this directly related to promoting tourism. The committee agreed to recommend a partial amount of \$8,000 be awarded.

City of Marysville, Passport to Marysville Parks (\$8,500):
Tracy Jeffries confirmed that this application was approved back in 2007. She informed the project was not done within the timeline required to be eligible for the funds and the City is submitting another application for the same amount requested as last time. The committee agreed to recommend that the requested amount of \$8,500 be awarded.

City of Marysville, Visitors Guides (\$5,500):
Mary Kirkland stated she would like to see the brochures on the ferries. The committee agreed to recommend that the requested amount of \$5,500 be awarded.

City of Marysville, Advertisement in Snohomish Co. Visitors Guide (\$1,200):
The committee discussed that they did not think this would really promote tourism. The committee agreed to not recommend funding.

Marysville Dog Owners Group, Marysville Poochpalooza Advertising (\$2,185):
The committee stated they felt that this event did promote tourism. The committee agreed to recommend that the requested amount of \$2,185 be awarded.

City of Marysville Police, Annual Motor Officer Training Commission (\$5,000):

The committee discussed that the application was complete and filled out well. They recognized that this event has the potential to bring in additional over-night stays and promotes tourism. The committee agreed to recommend that the requested amount of \$5,000 be awarded.

City of Marysville Streets, Annual Festival (\$5,024.80):

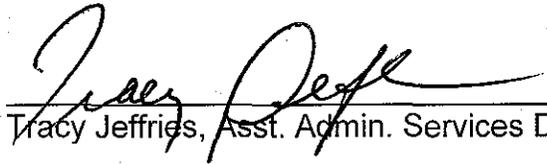

The committee discussed the application was filled out poorly and was incomplete. As a result the application received a low score. The committee agreed to recommend a partial amount of \$2,500 be awarded.

City of Marysville Solid Waste, Annual Festival (\$3,853.80):

The committee discussed the application was filled out poorly and was incomplete. As a result the application received a low score. The committee agreed to recommend a partial amount of \$1,900 be awarded.

Motion made by Mary Kirkland, seconded by Carol Kapua, to recommend to City Council to award the amounts recommended as discussed in the meeting and for a total of \$70,259.00. Motion passed unanimously.

With no further business to discuss, Lee Phillips adjourned the meeting at 12:45 p.m.
