Please contact the City Clerk's Office at (360) 363-8000 or 1-800-833-6384 (Voice Relay), 1-800-833-6388 (TDD Relay) two days prior to the meeting date if any special accommodations are needed for this meeting.

Regular Meeting
October 3, 2011

Call to Order / Pledge of Allegiance

Mayor Nehring called the meeting to order at 7:00 p.m. and led those present in the Pledge of Allegiance.

Roll Call

Chief Administrative Officer Hirashima gave the roll call. The following staff and councilmembers were in attendance.

Mayor: Jon Nehring

Council: Lee Phillips, Carmen Rasmussen, Jeff Seibert, John Soriano, Michael Stevens, Jeff Vaughan, and Donna Wright

Absent: None

Also Present: Chief Administrative Officer Gloria Hirashima, Finance Director Sandy Langdon, Commander Robb Lamoureux, City Attorney Grant Weed, Public Works Director Kevin Nielsen, Senior Planner Chris Holland, Planning Manager Cheryl Dungan, IS Manager Worth Norton, Recording Secretary Laurie Hugdahl.

Committee Reports

Councilmember Soriano reported on the September 28 Public Safety meeting where the following topics were discussed:

- The Berry Farm Condo Association has recently had problems enforcing traffic laws on privately-owned streets. Grant Weed is currently working with our police department and the Berry Farm homeowners group to come up with a draft agreement to allow policing and traffic enforcement in the area. A WAC code exists which allows this type of agreement to be created and entered into.
- On October 11 there will be a community forum regarding drug abuse and ways to deal with it at Marysville Pilchuck High School.
- Detective activity and investigations are up. Arrests are being made.
- The Custody Department is working on revisions to the work release program.

- Crime statistics were reviewed. Over the past several years since the annexation, the number of reported crimes per 1000 people has actually been significantly lower.

Review Bids

Public Hearings

New Business

4. Service Agreement with Frontier Communications Northwest Inc. in the Amount of \$43,740.00.

IS Manager Worth Norton explained that staff is recommending Frontier communications. He explained that Frontier went to the Transportation and Utilities Commission and got an Individual Case Basis Price for the City which will save significant money over the next three years of this contract over the standard tariff prices. Part of the savings will go directly to the departments and part will go to improving 911 services.

5. An Ordinance of the City of Marysville, Affirming the Decision of the Hearing Examiner, Rezoning Approximately 2.10-Acres of Property Generally Located Between State and Columbia Avenues and 7th and 8th Street from R-8 (Single-Family, High Density) to DC (Downtown Commercial), and Amending the Official Zoning Map of the City.

Chris Holland explained that Marysville School District submitted a rezone for 2.1 acres of the existing Totem Middle School site to allow for redevelopment of the area along State Avenue in the future. No projects are in the works right now. The Hearing Examiner held a public hearing on August 25 and recommended Council approve the rezone with the three conditions outlined in the staff recommendation.

6. A Resolution of the City of Marysville Affirming the Recommendation of the Hearing Examiner and Granting a Conditional Shoreline Substantial Development Permit for Qwuloolt Estuary Restoration Project to Allow the Construction of a 4,000 LF Levee; Excavation and Removal of 1,800 LF of Existing Dike; Creation of 1.1 Acre Fill Pad (Phase 2 & 3 of Christofferson Grading Project); and Filling of Agricultural Ditches as Part of a Process to Restore Tidal Agricultural Ditches as Part of a Process to Restore Tidal Processes to Approximately 341.5 Acres of Fallow Farmland.

Cheryl Dungan stated that on September 13, 2011 the Hearing Examiner issued a recommendation to approve the Conditional Shoreline Substantial Development Permit subject to ten conditions. This would allow a 4,000 lineal foot levee to be constructed along the west project boundary, excavation and removal of 1,800 linear feet of existing dyke, creation of approximately a 1.1 acre fill pad, provide public access easements to the shoreline and fill the remaining agricultural ditches within the project bounds as part of the process to restore tidal processes to approximately 341 acres of fallow farmland. She reviewed the highlights of this project and the studies that have been done regarding the project. Staff is recommending that Council authorize the Mayor to sign the Resolution approving the Conditional Shoreline Substantial Development Permit.

Councilmember Wright noted that on the staff recommendation on page 21, it states that, "Prior to levee removal, the applicant must either secure ownership of all parcels within the project work area and/or obtain flood easements over the affected properties." She asked if this has been done. Ms. Dungan replied that they are still in the process of doing this.

Mayor's Business

7. Tulalip Tribes Class III Gaming Proceeds Thank You Letter.

A copy of the letter to the Tulalip Tribes Board of Directors thanking them for their generous gift of \$35,000 will be available for signing by Council next week.

Other items:

- The Snohomish County Tomorrow General Assembly last Wednesday was very well attended by Marysville. He expressed appreciation to those who attended. It was good to review the county-wide planning policies that were completed over the prior two years.
- The Domestic Violence Services luncheon was very well attended.
- Thanks to Public Works, Parks, Police and all who attended the Bayview Trail Ribbon cutting last week.

Staff Business

Sandy Langdon:

- She and Denise Gritton attended the Department of Revenue Partnership meeting. They are working on a tax simplification program for small businesses. There is a draft report on their website for those interested. They also gave an update on federal proposals. There are about three proposals regarding state revenues of sales tax and the federal streamlining aspect.
- Local streamlined sales taxes will be discussed in Seattle this week.
- League fees are now taxed.
- She and Denise Gritton both passed the CPFIM (Certified Public Funds Investment Managers) test.

Kevin Nielsen:

- Public Works Committee will be held this Friday at 2:00.
- Interlocal on the Debris Management Plan should be coming to the City by the middle of October. There are some details that need to be worked out with the Interlocal Agreement that Grant Weed is currently working on.
- Staff will be commenting on the Snohomish County Plan.
- Ribbon cutting was very nice event.
- Weather patterns are going to be changing. Staff is looking at problem areas to try to prevent flooding.

Chief Smith:

- The dedication of the Bayview Trail was a great event. Lisa Brenton and family thanked the City. They greatly appreciated the dedication.
- There will be a community forum on October 11 regarding drugs. There will be another one in November on personal safety and security.
- He gave an update on the arrest of a recent homicide suspect that Marysville police played a part in.
- He gave an update on the jail management system.

Grant Weed:

- He explained that his office has prepared an agreement that would allow for traffic enforcement in the Berry Farms Homeowners Association. The agreement is currently being reviewed by the Police Department.
- He will be at the Washington Association of Municipal Attorneys Conference in Coeur d'Alene on Thursday and Friday of this week.

Gloria Hirashima informed Council that staff is trying to schedule a full board meeting with Tulalip Tribes and the City Council. There was discussion about possible Council availability.

Call on Councilmembers

Michael Stevens congratulated the Marysville School District for winning the top award for innovative school design for Getchell High School by the Council for Educational Facility Planners Institute.

Carmen Rasmussen commented that the Bayview Trail opening and ribbon cutting was a great event. This is a nice addition to the recreational opportunities in Marysville.

Jeff Vaughan also enjoyed the ribbon cutting.

Lee Phillips appreciated the ribbon cutting. He was glad to see that it could be done in-house.

Donna Wright also appreciated the ribbon cutting. She reminded everyone that the Soroptomist International Marysville Auction Saturday, October 22.

John Soriano also complimented the ribbon cutting. His family has been enjoying the trail quite a bit already.

Jeff Seibert thought the ribbon-cutting was a great event. He enjoyed walking the trail that morning.

October 10, 2011

Call to Order / Pledge of Allegiance

Mayor Nehring called the meeting to order at 7:00 p.m. and led those present in the Pledge of Allegiance. The invocation was given by Steve Schertzinger of Resurgence Ministries.

Roll Call

Chief Administrative Officer Hirashima gave the roll call. The following staff and councilmembers were in attendance.

Mayor: Jon Nehring

Council: Lee Phillips, Carmen Rasmussen, Jeff Seibert, John Soriano, Michael Stevens, Jeff Vaughan, and Donna Wright

Absent: None

Also Present: Chief Administrative Officer Gloria Hirashima, Finance Director Sandy Langdon, Commander Robb Lamoureux, City Attorney Grant Weed, Public Works Director Kevin Nielsen, Land Use Planning Manager Cheryl Dungan, Chief Information Officer Doug Buell, Parks and Recreation Director Jim Ballew, Recording Secretary Laurie Hugdahl.

Committee Reports

Councilmember Philips reported that the Hotel Motel Tax Grant Committee met today and heard presentations by applicants. 12 out of 13 applicants will be receiving funding. This will be coming to Council in November.

Councilmember Seibert reported on the October 7 Public Works Committee. At the meeting there was a presentation regarding options for walking paths. There was also discussion about the 1st Street bypass, Sunnyside shoulder improvements, connections to Centennial Trail and other multimodal connections, and a solid waste review to see whether or not we want to expand into the central annexation area. Public Works will be doing tabletop exercises, with other departments, to prepare new employees for upcoming retirements. Crews replaced 216 feet of old pipe at Edward Springs.

Presentations

A. Volunteer of the Month

Jean Wilson and Goldie Landis were recognized for their outstanding service as volunteers at the Ken Baxter community center. The two have a combined average of 65 to 70 hours a month. Each brings something special and unique to the center's operations. Mayor Nehring reviewed their many contributions and thanked them both for the work that they do.

B. Proclamation - Friends of the Library

Mayor Nehring read the proclamation designating the week of October 16, 2011 as *Friends of the Library Week*.

C. Proclamation - DECA Week

Mayor Nehring read the proclamation recognizing October 9-15, 2011 as *DECA Week* and presented the proclamation to DECA leader Will Hill and six students who were present.

Audience Participation

Preston Dwoskin, 11120 46th Avenue NE, Marysville, WA, 98271, spoke on behalf of disabled citizens and informed the Council that October is *Disability Awareness Month*.

Approval of Minutes

1. Approval of September 26, 2011 City Council Meeting Minutes.

Councilmember Phillips referred to page 5 under *Hotel Motel Committee Members Appointments*. In the last sentence of the first paragraph, the spelling of his name should be corrected to **Phillips**.

Motion made by Councilmember Vaughan, seconded by Councilmember Phillips, to approve the September 26, 2011 City Council Meeting Minutes as corrected. **Motion** passed unanimously (7-0).

Consent

2. Approval of September 21, 2011 Claims in the Amount of \$604,381.54; Paid by Check Numbers 72561 through 72683.

3. Approval of September 20, 2011 Payroll in the Amount of \$907,119.46; Paid by Check Number's 24716 through 24764.

4. Authorize the Mayor to Sign the Service Agreement with Frontier Communications Northwest Inc. in the Amount of \$43,740.00.
8. Approval of the October 5, 2011 Payroll in the Amount of \$1,371,313.92; Paid by Check Number's 24765 through 24816.
9. Approval of the October 5, 2011 Claims in the Amount of \$1,271,824.47; Paid by Check Number's 72847 through 72972 with Check Number's 70991 and 72844 Voided.
10. Approval of the September 28, 2011 Claims in the Amount of \$747,067.90; Paid by Check Number's 72684 through 72846.

Motion made by Councilmember Wright, seconded by Councilmember Soriano, to approve Consent Agenda items 2, 3, 4, 8, 9 and 10. **Motion** passed unanimously (7-0).

Mayor's Business

7. Tulalip Tribes Class III Gaming Proceeds Thank You Letter.

Mayor Nehring distributed for Council's signatures the thank you letter to the Tulalip Tribes Board of Directors thanking them for their generous \$35,000 contribution.

Other Mayor's Business:

- He attended the grand opening of Rhythm Fitness Studio. He was pleased to see this building active and off to a great start.
- The Community Transit Board of Directors has started their budget process for 2012.

Staff Business

Jim Ballew:

- Craft Show this weekend.
- They received a donation from the Marysville Little League to cover the necessary repairs to the playground that was shut down due to vandalism.

Chief Smith:

- There will be a community forum tomorrow night from 7-8:30 at Marysville Pilchuck High School. Lt. Rasmussen has an extremely ambitious agenda prepared. Thanks to the Marysville Community Coalition, Parks and Marysville School District for helping to put this together.

DRAFT

- Police made an arrest on a dognapping case. Officers did an outstanding job with this matter. He clarified that Police did not pursue the media attention, but the victim did.
- He gave an update on the animal shelter issue. He commented that so far this year they have collected \$2,700 in revenue through billing. In addition, the animal shelter has credited the City with \$9,700. Year to date they are actually under by about \$33,000 from last year. He thinks the action they took was appropriate and correct.

Kevin Nielsen:

- He informed the Council and Mayor that Joel Palm will be retiring this Friday. There will be a retirement /going away party on Tuesday.
- SR 9 Steering Committee will be meeting on October 21 at 10 a.m. in Snohomish.
- He attended Lakewood School District's cross country meet with 50 schools and about 400 runners, which was a very impressive event.

Doug Buell informed the Council that the Marysville Arts Coalition will be selling hand-painted wood wreaths to the community for \$30. They will be hung along lampposts on State Avenue and some other locations. The Arts and Technology students in the wood program will be cutting out the wreaths and local artists will be painting them. The money raised will go to provide future art activities in the community.

Cheryl Dungan had no further comments.

Sandy Langdon had no further comments.

Grant Weed attended the Washington State Municipal Attorneys conference where the following topics were discussed:

- Updates on land use law
- Medical marijuana issue
- Information on cases involving the Public Records Act
- Litigation against Burlington and Mt. Vernon concerning a lawsuit related to public defender agreements
- Update on criminal law cases
- Recent decision on stormwater liability
- State auditor's office information regarding financial audit issues

Gloria Hirashima

- The Planning Commission had hearing on impact fee deferral ordinance. There was testimony at the hearing about impact fee reductions. The Planning Commission decided to postpone the hearing; they have requested a joint workshop with the City Council to discuss this issue.
- She has issued a response regarding the City's position on the bikini barista issue.
- The first gateway sign will be erected at Lakewood.

DRAFT

- Next year the City will receive the first allocation for the Community Development Block Grant program since the City has exceeded the 50,000 population mark. Staff has been meeting with the HUD office contacts to start developing a plan to identify how the funds will be used. Within the next eight months the City will need to adopt a consolidated plan that shows the kinds of programs that the City will want to fund.

Call on Councilmembers

Carmen Rasmussen:

- The Fire District Board of Directors will be meeting for their annual retreat and will be beginning the budget process. Anyone is welcome to attend. The meeting will begin at 8 a.m at Station 62.
- She will be out of town most of next week for work-related training.
- She is looking forward to getting a “WSU Cougar” wreath.

Lee Phillips had no comments.

Soriano had no comments.

Michael Stevens:

- He agreed that the facelift to the building where the new Rhythm Fitness Studio is housed has really transformed the building.
- He liked the idea of neighborhood identifiers on the gateway signs to establish the identities of the different areas in town.

Jeff Vaughan had no comments.

Donna Wright had no comments.

Jeff Seibert had no comments.

CITY OF MARYSVILLE AGENDA BILL

EXECUTIVE SUMMARY FOR ACTION

CITY COUNCIL MEETING DATE: 10/24/2011

AGENDA ITEM: SCADA/Telemetry Services Interlocal with the City of Duvall	
PREPARED BY: Worth Norton DEPARTMENT: Finance / Information Services	DIRECTOR APPROVAL:
ATTACHMENTS: Interlocal Services Agreement between the City of Duvall and the City of Marysville Concerning Provision of Telemetry and SCADA Services Supplemental Work Order between Duvall and Marysville - Telemetry and SCADA Services Basic Support and Maintenance	
BUDGET CODE: 40143410 and 50300090	AMOUNT: (\$ 16,036.80)

SUMMARY:

This Interlocal provides the opportunity to share certain SCADA/Telemetry salary costs with the City of Duvall. In this agreement, Marysville will provide Duvall with SCADA/Telemetry services using the City's SCADA/Telemetry Administrator.

SCADA (Supervisory Control and Data Acquisition) is essentially computer like systems that control the City's water and waste water infrastructure. Telemetry is essentially the communication of SCADA systems between facilities or the sending of remote instructions to a SCADA system.

It has been determined that Marysville can devote up to 16 hours per month of the SCADA/Telemetry Administrator's time without a significant reduction in services for the Marysville Utilities Operations department. All services will be provided to Duvall at a mutually agreed upon time as to not interfere with any ongoing projects with Marysville.

RECOMMENDED ACTION: Staff recommends that Council Authorize the Mayor to sign the Interlocal and Supplemental Work Order to provide SCADA/Telemetry services to the City of Duvall.
--

**INTERLOCAL SERVICES AGREEMENT
BETWEEN THE CITY OF DUVALL
AND THE CITY OF MARYSVILLE
CONCERNING PROVISION OF TELEMETRY AND SCADA SERVICES**

THIS INTERLOCAL AGREEMENT BETWEEN THE CITY OF DUVALL AND THE CITY OF MARYSVILLE CONCERNING PROVISION OF TELEMETRY AND SCADA SERVICES (this "Agreement") is made and entered into as of this ____ day of _____, 2011, by and between The City of Marysville, a Washington municipal corporation (Marysville), and the City of Duvall, a Washington municipal corporation (Duvall).

Recitals

WHEREAS, this Agreement is made pursuant to the authority granted by Chapter 39.34 RCW, the Interlocal Cooperation Act; and

WHEREAS, Duvall requires supplemental Telemetry and SCADA (supervisory control and data acquisition) services; and

WHEREAS, Marysville has employed Telemetry and SCADA professionals; and

WHEREAS, Duvall and Marysville have similar Telemetry and SCADA systems which use similar skill sets to plan, manage, program, control, and use;

NOW, THEREFORE, in consideration of the respective agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Marysville and Duvall agree as follows

1. Scope of Telemetry and SCADA Services:

a. Marysville will provide Telemetry and SCADA goods and services to Duvall according to Supplemental Work Orders ("SWO"). Each SWO will include a description of the specific services to be provided, the term, and the costs of such service from quotation or from the published rate or fee schedule, and any other terms or conditions applicable to that service. The scope of Telemetry and SCADA Goods and Services to be provided under this Agreement are limited to the following:

- i. Assisting in the planning, management, control, and use of Telemetry and networking services for the implementation of water and waste water SCADA systems.
- ii. Assisting in the planning, programming, management, control, and use of water and waste water PLCs (programmable logic controllers) and SCADA systems.
- iii. Other functions as may be mutually agreeable.

2. Treatment of Assets: PLC and Computer application programs and other software systems furnished to Duvall by Marysville are furnished on an "as is" basis with no representations or

warranties regarding use or results including any warranties of merchantability or fitness for a particular purpose, unless indicated in an SWO for service.

Title to all property furnished by Marysville shall remain in Marysville. Title to all property purchased by Duvall for which Duvall is not reimbursed by Marysville shall remain in Duvall. Title to all property purchased by Duvall for which Duvall is reimbursed by Marysville and is used as component of services provided under this Agreement shall pass to and vest in Marysville upon completion, termination, or cancellation of the relevant SWO or this Agreement.

Any property of Marysville furnished to Duvall shall, unless otherwise provided in this Agreement, or approved by Marysville, be used only for the performance of this Agreement or SWO. Duvall shall be responsible for any loss or damage to Marysville property that Marysville furnishes to Duvall.

If any Marysville property is lost, destroyed, or damaged, Duvall shall immediately notify Marysville and shall take all reasonable steps to protect the property from further damage.

3. **Surrender of Property:** Duvall shall surrender to Marysville all property of Marysville upon completion, termination, or cancellation of this Agreement. Conversely, Marysville shall surrender to Duvall all property of Duvall upon completion, termination, or cancellation of this Agreement.
4. **Time of Performance:** This Agreement shall become effective upon signature by both parties and recording of the same with the Marysville City Clerk and the Duvall City Clerk and shall remain in force for a period up to five (5) years, unless terminated earlier by either party upon sixty (60) days written notice.

This Agreement may be extended by mutual written agreement of Marysville Mayor, or his/her designee, and an authorized agent for Duvall.

5. **Compensation:** Duvall may request an estimate or quotation of cost for proposed Telemetry and SCADA goods or services from Marysville. Specific agreements addressing costs, terms, schedules, and other factors will be described in an associated SWO developed from initial estimates or quotations.

Duvall will pay Marysville for services provided hereunder and as set out in each SWO.

SWO rate and fee schedules are subject to change at the discretion of Marysville. Rate and fee schedule changes shall be effective sixty (60) days after written notice of change is provided to Duvall, postage paid in the US mail.

Marysville will submit an invoice, or advice of charge, to Duvall monthly, or as defined in a SWO, detailing charges for services rendered during the preceding month. Payment is due in full upon receipt of the invoice by Duvall and becomes delinquent thirty (30) days thereafter.

A late payment fee may be applied to any remaining balance sixty (60) days after invoice. Late payment charges, if any, will be imposed on the unpaid balance at a rate of one percent (1.0 %) per month. Invoices related to SWOs with balances more than ninety (90) days past due may be terminated and services discontinued. Amounts disputed by Duvall under the Paragraph 7 of this Agreement are not subject to late payment charges.

6. **Obligations of Duvall are as follows:** As to all new Duvall acquisitions of any Telemetry and SCADA equipment, software or systems to be serviced by Marysville under this agreement, Duvall shall undertake such acquisitions in accordance with guidelines, standards or procedures established by Duvall and supportable by Marysville Staff.

Payment to Marysville of all submitted invoices or advices of charge pursuant to the preceding section.

7. **Mutual Covenants:** Duvall will promptly notify Marysville in writing of issues regarding invoices, or of services which Duvall believes do not conform with the agreed upon terms of this Agreement and/or SWO, within thirty (30) days of discovery that services are not adequate or invoice is not accurate, whichever occurs later. Failure to give written notice within thirty (30) days of discovery that services are not adequate or an invoice is not accurate constitutes waiver of any objection to services or invoices.

The parties shall attempt to resolve any issues arising under this Agreement and/or any applicable SWO through negotiation and consultations. If that fails, the parties will seek to resolve disputes through the aid of a mutually selected, independent third party. All costs associated with the use of a third party mediator will be shared equally between Duvall and Marysville.

This Agreement may only be modified by a written amendment effective upon execution by both Duvall and Marysville. An SWO may only be modified by written agreement of the parties.

8. **Marysville Review/Approval:** Upon submittal of any request to execute a SWO or to perform optional services under any executed SWO, Marysville may, following review by Marysville, agree to perform such work or reject it, or request such modification or additions as it deems appropriate.

9. **Indemnification and Hold Harmless:** Subject to the liability limitations stated in Paragraph 10 of this Agreement, Duvall shall hold harmless, indemnify, and defend, at its own expense, Marysville, its elected and appointed officials, officers, employees and agents, from any loss or claim for damages of any nature whatsoever, arising out of Duvall's performance of this agreement, including claims by Duvall's employees or third parties, except for those losses or claims for damages solely caused by the negligence or willful misconduct of Marysville, its elected and appointed officials, officers, employees or agents.

Subject to the liability limitations stated in Paragraph 10 of this Agreement, Marysville shall hold harmless, indemnify, and defend, at its own expense Duvall, its elected and appointed officials, officers, employees and agents, from any loss or claim for damages of any nature whatsoever, arising out of Marysville's performance of this Agreement, including claims by Marysville employees or third parties, except for those losses or claims for damages solely caused by the negligence or willful misconduct of Duvall, its elected and appointed officials, officers, employees or agents.

Subject to the liability limitations stated in Paragraph 10 of this Agreement, in the event of liability for damages of any nature whatsoever arising out of the performance of this Agreement by Duvall and Marysville, including claims by Duvall's and Marysville's own officers, officials, employees,

agents, volunteers, or third parties, caused by or resulting from the concurrent negligence of Duvall and Marysville, their officers, officials, employees, agents and volunteers, each party's liability hereunder shall only be to the extent of that party's own negligence.

10. **Limitation of Liability:** In no event will Marysville or Duvall be liable for any special, consequential, indirect, punitive or incidental damages, including but not limited to loss of data, loss of revenue, or loss of profits, arising out of or in connection with the performance of Marysville or Duvall under this Agreement or any SWO hereunder, even if Marysville or Duvall has been advised of the possibility of such damages.
11. **Compliance with Laws:** Marysville and Duvall shall comply with all applicable federal, state and local laws, rules, and regulations in performing this contract.
12. **Non-assignment:** Marysville and Duvall shall not assign any of the rights, duties, or obligations covered by this Agreement without the prior express written request and consent of each party.
13. **Conflicts between Attachments and Text:** Should any conflicts exist between any attached exhibit or SWO and the text of this Agreement, the text of this Agreement shall prevail.
14. **Interlocal Cooperation Act (Chapter 39.34 RCW):** The parties agree that no separate legal or administrative entities are necessary to carry out this Agreement. The parties agree that it is not necessary to appoint an administrator or joint board to oversee the implementation of this Agreement. However, should a court of a competent jurisdiction deem such an administrator or joint board necessary for purposes of the Interlocal Cooperation Act, Ch.39.34 RCW, an administrator or joint board will be established by mutual agreement of the parties. Except as expressly provided to the contrary in this Agreement, any real or personal property used or acquired by either party in connection with the performance of this Agreement will remain the sole property of such party, and the other party shall have no interest therein.
15. **Governing Law and Venue:** This agreement shall be governed by the laws of the State of Washington and any lawsuit regarding this contract must be brought in the Snohomish County Superior Court, Everett, Washington.
16. **Severability:** Should any clause, phrase, sentence or paragraph of this agreement be declared invalid or void, the remaining provisions of this Agreement shall remain in full force and effect.
17. **Recording:** The parties shall file this Agreement with Duvall City Clerk, Marysville City Clerk, and the Snohomish County Auditor or, alternatively, listed by subject on a public agency's web site or other electronically retrievable public source pursuant to RCW 39.34.040.
18. **Notices:** All required notices to be given under this Agreement shall be delivered to the Administrative Contacts at the addresses listed below. Notices sent by registered mail shall be deemed served when deposited in the U.S. mail.

Supplemental Work Order between Duvall and Marysville Telemetry and SCADA Services Basic Support and Maintenance

This Supplemental Work Order (SWO) is executed by the City of Duvall, a municipal corporation of the State of Washington (Duvall) and the City of Marysville, a municipal corporation of the State of Washington (Marysville) pursuant to the terms and conditions of the Interlocal Services Agreement between the City of Duvall and the City of Marysville Concerning Provisioning of Telemetry and SCADA Services signed on _____ (ISA). The parties acknowledge they have read and understand the terms and conditions therein. All rights and obligations of the parties shall be subject to and governed by the terms of the ISA. This SWO sets forth the obligations of the parties with respect to Marysville's provision of services to Duvall.

1. Scope of Work

Technical support and monthly preventative maintenance services shall be performed by Marysville for Duvall's Telemetry and SCADA Systems. .

Services shall include:

- 1) SCADA System Evaluation and Upgrades
 - a. Four (4) days of 6.75 hours on-site and 1.25 hours in travel per month.
 - b. This work is to be performed at Duvall's Public Works facility and SCADA locations within the City.
 - c. This work is to be performed by Marysville's SCADA/Telemetry Administrator.
 - d. Marysville will coordinate with Duvall to ensure site visits are made at a convenient time for both Marysville and Duvall.
- 2) Monthly On-Site Preventative Maintenance
 - a. One (1) day or 6.75 hours on-site and 1.25 hours in travel per month.
 - b. This work is to be performed at Duvall's Public Works facility or SCADA locations within the City.
 - c. This work is to be performed by Marysville's SCADA/Telemetry Administrator.
 - d. Marysville will coordinate with Duvall to ensure site visits are made at a convenient time for both Marysville and Duvall.
- 3) Optional Technical Support
 - a. Up to eight (8) hours per month for unplanned events, such as hardware failures, or new alarming or reporting requirements.
 - b. Optional support is provided during the hours of 8:00 AM to 5:00 PM, Monday through Thursday.
- 4) Optional After Hours Support
 - a. For non-business hour emergencies, Marysville will make every reasonable effort to respond within twenty four (24) hours of notification of an emergency problem.
 - b. Marysville cannot guarantee the on-call status of any of Marysville's personnel and shall not be held responsible for delays caused by factors beyond Marysville's control.

2. Term and Termination

The term of this SWO is effective upon the date of execution by both parties for the period of two (2) years unless extended or terminated upon written notification to the other party. Either party may cancel

or terminate this SWO upon sixty (60) day's written notification to the other party. In the event the ISA is terminated, this SWO shall also terminate on the ISA termination date.

3. Liability

Neither party shall be liable to the other for claims, actions or damages, including direct, consequential, special or otherwise, for failure to comply with the terms and conditions of this SWO.

4. Designated Points of Contact and Escalation Points.

Marysville's designated point of contact for Duvall to request SCADA or Telemetry Support Services:

Roy Alderman, SCADA/Telemetry Administrator
1049 State Avenue
Marysville, WA 98270
Desk: (360) 363- 8172
ralderman@marysvillewa.gov

Marysville's designated point of contact for Administrative, Billing, and Support Escalation:

Worth Norton, Information Services Manager
1049 State Avenue
Marysville, WA 98270
Desk: (360) 363- 8029
wnorton@marysvillewa.gov

Duvall's designated point of contact for Marysville to send invoices, address issues, and otherwise conduct business shall be:

City of Duvall
Public Works Department
14525 Main Street NE
Duvall, WA 98019
Attention Mike Fisher (Public Works Superintendent) or Boyd E. Benson (City Engineer)

5. Acceptance of Work

Marysville will invoice Duvall for all work on a monthly basis. Payment of invoices will indicate to Marysville acceptance of work and services performed for Duvall.

6. Equipment

NO equipment is provided by this SWO.

7. Pricing and Service Fees

Hourly Labor Rates are calculated to include employee benefits and salary based on actual working hours. Rates also include employee and departmental overhead.

Standard Business Hour Labor Rates
SCADA/Telemetry Administrator \$ 77.10

Network Administrator	\$ 73.44
Engineering Technician	\$ 69.93

Afterhours Labor Rates: Due to contracts and agreements currently in place with Marysville employees, there will be a three hour minimum charge for any after hour support call. Work done in excess of three hours will be at the afterhours' hourly rate.

<i>Afterhours Labor Rates</i>	<i>Minimum</i>	<i>Hourly</i>
SCADA/Telemetry Administrator	\$ 346.95	\$ 115.65
Network Administrator	\$ 330.50	\$ 110.17

Expenses will be billed at actual cost plus 10% to cover administration and overhead. Mileage will be calculated at the current IRS rate plus 10% to cover administration and overhead. If Marysville recalls any staff while onsite at Duvall to handle an emergency situation at Marysville, Marysville will not charge Duval travel mileage for any subsequent visit to make up the time lost due to the recall.

Standard Travel Measurements from Marysville to Duvall

Mileage - Roundtrip	61.4 Miles
Travel time - Roundtrip	1.25 Hours

8. Billing and Invoicing

Billing and invoicing will be in accordance with procedures outlined in the ISA. Customer will be billed monthly for services rendered. Customer will be billed in full for services rendered up to and including the date Marysville receives Duvall's cancellation or change request.

9. Modifications / Changes

This SWO may be modified at any time upon mutual written agreement of the parties. All such modifications will be made as an amendment to this SWO and will take precedence over the original SWO.

10. Assignment

This SWO may not be assigned by either party to a third party without the prior written consent of Duvall and Marysville.

Notices: All required notices to be given under this Agreement shall be delivered to the Administrative Contacts at the addresses listed below. Notices sent by registered mail shall be deemed served when deposited in the U.S. mail.

(360) 363-8000 ♦ (360) 363-8040 FAX

MEMORANDUM

DATE: October 12, 2011
TO: City Council
FROM: Gloria Hirashima, Chief Executive Officer *GH*
RE: Hotel/Motel Committee Recommendation

Pursuant to RCW 67.28.180, the City imposes a hotel-motel tax that may be used for the following activities:

- 1) Tourism Promotion
- 2) Acquisition of tourism-related facilities,
- 3) Operation of tourism-related facilities (includes non-profit facilities)

As required by state law, the City has formed a lodging tax advisory committee to review and make recommendations on use of hotel-motel tax proceeds.

The City advertised for the 2011 grant period in August 2011 and accepted applications between August 8 and September 5, 2011. The committee convened on October 10, 2011 and interviewed all grant applicants. All grant applicants made presentations on their submitted proposal. The committee scored all applications and made a recommendation to City Council.

The Committee scored and ranked all projects. Following scoring and ranking, the committee discussed the funding requests to determine how the funds would be allocated amongst the projects. The committee was advised that there would be \$140,000 to allocate for 2011-2012. There was \$236,758.23 in grant requests, so approximately \$97,000 needed to be cut from the submitted proposals. The committee felt all projects were deserving and would provide benefit to the community. While the City of Marysville spray park received a high ranking (#3 out of 13 applications), the committee felt that the benefit was primarily to the local community and might not generate outside tourism. They also felt that award of the request for \$93,340 would result in multiple smaller projects not receiving funding. As a result they recommended full funding for all other projects, and did not recommend funding for the spray park.

The committee recommends funding for \$133,418.23 in lodging funds for the 2011-2012 grant period.

CITY OF MARYSVILLE

EXECUTIVE SUMMARY FOR ACTION

CITY COUNCIL MEETING DATE: 10-24-2011

AGENDA ITEM: Adoption 2009 International Fire Code (IFC)	AGENDA SECTION: New Business
PREPARED BY: Thomas J. Maloney, Fire Marshal	APPROVED BY: Greg Corn, Fire Chief
ATTACHMENTS: 1. Summary of 2009 International Code Adoption 2. Proposed amendments to MMC 9.04 3. Proposed Ordinance for 2009 International Fire Code	MAYOR CAO
BUDGET CODE:	AMOUNT:

DESCRIPTION:

The State of Washington Building Code Council adopted the 2009 International Building Codes effective July 1, 2010. Local jurisdictions including Marysville are required to adopt any local amendments.

Proposal to amend and adopted the Marysville Municipal Code Title 9 – Fire Code.

In an effort to improve the ease of use and to align with the International Fire Code Title 9 has been renumbered to reflect sequential order of the fire code. In addition, a new section is being requested for adoption regarding the installation of solar photovoltaic power systems (solar panels). A proposal to add residential fire sprinklers to one and two family dwelling units three (3) or more stories is also included for review.

Fire Prevention Division staff have been trained in the 2009 IFC and State of Washington Amendments.

The attached exhibits include general information on the International Code Council (ICC) and the proposed changes. The draft ordinance includes minor revisions and they are noted in the attachments.

RECOMMENDED ACTION: Authorize the Mayor to sign the ordinance
COUNCIL ACTION:

**City of Marysville-Fire
2009 INTERNATIONAL FIRECODE ADOPTION**

The City of Marysville in conjunction with the State of Washington has been implementing the International Codes suite since July 2004. Every three (3) years the International Code Council (ICC) updates and adopts new editions of all the International Codes. The city, along with the state has been enforcing the 2009 International Fire Code (IFC) since July 1, 2010. With this proposal there are only minor changes to Chapter 9 of Marysville Municipal Code (MMC). The following is a brief history of the past code merging process.

Origin of ICC

The International Code Council (ICC) was established in 1994. It is a nonprofit organization dedicated to developing a single set of comprehensive and coordinated national model construction codes. The founders of the ICC are the Building Officials and Code Administrators International, Inc. (BOCA), International Conference of Building Officials (ICBO), and Southern Building Code Congress International, Inc. (SBCCI). Since the early 1990's, these nonprofit organizations developed three separate sets of model codes used throughout the United States. Although such regional code development was effective during the time, a global marketplace and technological advances in construction made a single set of codes a practical necessity. The nation's three model code groups responded to this need by creating the International Code Council and by developing codes without regional limitations – the International Codes. On February 1, 2003, The ICC became one consolidated organization, incorporating the staff and services of the three founding organizations.

The first edition of the International Fire Code (2000) was the culmination of an effort initiated in 1997 by a development committee appointed by ICC and consisting of representatives of the three statutory members of the International Code Council: Building Officials and Code Administrators International, Inc. (BOCA), International Conference of Building Officials (ICBO) and Southern Building Code Congress International (SBCCI). The intent was to draft a comprehensive set of fire safety regulations consistent with and inclusive of the scope of the existing model codes. Technical content of the latest model codes promulgated by BOCA, ICBO and SBCCI was utilized as the basis for the development, followed by public hearings in 1998 and 1999 to consider proposed changes. This 2009 edition presents the code as originally issued, with changes reflected in the 2006 edition and further changes approved through the ICC Code Development Process through 2008. A new edition such as this is promulgated every three years.

The IFC is a model code that regulates minimum fire safety requirements for new and existing buildings, facilities, storage and processes. The IFC addresses fire prevention, fire protection, life safety and safe storage and use of hazardous materials in new and existing buildings, facilities and processes. The IFC provides a total approach of controlling hazards in all buildings and sites, regardless of the hazard being indoors or outdoors.

Washington State International Code Suite:

- International Building Code, Standards and amendments - WAC 51-50
- International Residential, Standards and amendments – WAC 51-52
- International Mechanical, Standards and amendments – WAC 51-52
- International Fire Code, Standards and amendments – WAC 51-54
- Uniform Plumbing Code, Standards and amendments – WAC 51-56, 51-57
- Washington State Energy Code, Standards and amendments – WAC 51-1
- Washington State Barrier-Free Code Chapter 11- Standards WAC 51-13

Proposed Changes to the MMC:

The changes listed below are included within the proposed code that is attached for Council consideration. Included are some of the major revisions to the 2009 MMC. This proposed code also assists builders, business, and property owners in better understanding the fire code language, requirements, and inspections.

Proposed Changes:

- The fire code has been re-numbered to correspond with IFC. Currently, the MMC amendments are not in consecutive order.
- Proposed solar panel code information this has been reviewed by Silicon Energy, a business that has recently moved to their new location here in Marysville.
- Proposed change to the residential sprinkler to include three (3) or more stories.
- Appendix F-Hazard Ranking: The information in this appendix is intended to be a companion to the specific requirements of Chapters 28 through 44 which regulate the storage, handling and use of all hazardous materials classified as either physical or health hazards. These materials pose diverse hazards, including instability, reactivity, and flammability, oxidizing potential or toxicity; therefore, identifying them by hazard ranking is essential. This appendix lists the various hazardous materials categories that are defined in the code, along with the NFPA 704 hazard ranking for each. Note that the provisions contained in this appendix are not mandatory unless specifically referenced in the adopting ordinance.
- Appendix H-Hazardous Materials Management Plan (HMMP) and Hazardous Materials Inventory Statement (HMIS) Instructions: This new IFC appendix is intended to assist businesses in establishing a Hazardous Materials Management Plan (HMMP) and Hazardous Materials Inventory Statement (HMIS) based on the classification and quantities of materials that would be found on site in storage and/or use. The sample forms and available Material Safety Data Sheets (MSDS) provide the basis for the evaluations. It is also a companion to IFC Sections 407.5 and 407.6 which provide the requirement that the HMIS and HMMP be submitted when required by the fire code official. Note that the provisions contained in this appendix are not mandatory unless specifically referenced in the adopting ordinance.

- **Appendix-I Fire Protection Systems—Unsafe Conditions:** The purpose of this new IFC appendix, which was developed by the ICC Hazard Abatement in Existing Buildings Committee, is to provide the fire code official with a list of conditions that are readily identifiable by the inspector during the course of an inspection utilizing the International Fire Code. The specific conditions identified in this appendix are primarily derived from applicable NFPA standards and pose a hazard to the proper operation of the respective systems. While these do not represent all of the conditions that pose a hazard or otherwise may impair the proper operation of fire protection systems, their identification in this adoptable appendix will provide a more direct path for enforcement by the fire code official. Note that the provisions contained in this appendix are not mandatory unless specifically referenced in the adopting ordinance.

- **Appendix J-Emergency Responder Radio Coverage:** This new IFC Appendix provides design, installation, testing and maintenance requirements for the emergency responder communications facilities where required by new IFC Section 510. Included are requirements for system performance, primary and secondary power supplies, signal boosters, radio frequencies, installer qualifications, and acceptance testing and system maintenance. Note that the provisions contained in this appendix are not mandatory unless specifically referenced in the adopting ordinance.

Staff Training and Education for the New Code:

The Fire Prevention staff have attended seminars, and initiated training to study and become familiar with the new code sections and provisions. This includes the recent Washington State amendments published by Washington State Building Code Council. Staff continues to receive ongoing training, and one staff member has presented regional updates on the changes to the new IFC.

Recap to the Updates to the International Codes

The IFC is kept up-to-date through the review of proposed changes submitted by code enforcing officials, industry representatives, design professionals and other interested parties. Proposed changes are carefully considered through an open code development process in which all interested and affected parties may participate.

The 2009 IFC format continues to be consistent with the previous editions of the IFC. New or revised sections are clearly high-lighted by black markings in the margins of each book, which is helpful to all parties using the books.

CITY OF MARYSVILLE

Marysville, Washington
ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF MARYSVILLE REPEALING AND REPLACING PORTIONS OF ORDINANCES NO. 2739, NO. 2532, AND NO. 2378 CODIFIED IN MARYSVILLE MUNICIPAL CODE CHAPTER 9.04; AND ADOPTING A REVISED AND UPDATED MARYSVILLE MUNICIPAL CODE CHAPTER 9.04 ENTITLED “FIRE CODE”; AND PROVIDING FOR SEVERABILITY.

WHEREAS, the City desires to revise and update the Marysville Municipal Code (MMC) Chapter 9.04 entitled “Fire Code” to the 2009 International Fire Code and to have MMC section numbers consistent with the International Fire Code, the City repeals Chapter 9.04 and adopts a new Chapter 9.04 entitled “Fire Code.”

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MARYSVILLE, WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1. Repeal. Portions of Ordinances No. 2739, No. 2532, and No. 2378 codified in Marysville Municipal Code Chapter 9.04 entitled “Fire Code” are hereby repealed.

Section 2. Adopt. A New Marysville Municipal Code Chapter 9.04 entitled “Fire Code” is hereby adopted to be codified to read as follows:

Chapter 9.04 FIRE CODE

Sections:

- 9.04.0010 Adoption by reference.
- 9.04.0020 Establishment and duties of bureau of fire prevention.
- 9.04.0030 Definitions.
- 9.04.0040 Flammable or combustible liquid storage limits
- 9.04.0070 Additional amendments to International Fire Code.
- 9.04.0101 International Fire Code Appendices Adopted
- 9.04.0105 International Fire Code Section 105 Permits is amended.
New Section 105.7.15 added - Solar photovoltaic power systems
- 9.04.0109.3 Violation Penalties – Amended International Fire Code Section 109.3
- 9.04.0109.4 Section 109.4 - Excessive False Alarms, Penalty Imposed
- 9.04.0503 Additional sections of International Fire Code Section 503 adopted – Fire Apparatus Access Roads.
9.04.0503.1.4 Section 503.1.4 added - Aerial Fire Apparatus Access Roads.
9.04.0503.1.5 Section 503.1.5 added - One- or Two-Family Dwelling Residential Developments.
- 9.04.0503.2 International Fire Code Section 503.2 amended – Access – Specifications:

ORDINANCE

- 9.04.0503.2.3 International Fire Code Section 503.2.3 amended – Access – Surfacing.
- 9.04.0503.2.4 International Fire Code Section 503.2.4 amended – Access – Turning radius.
- 9.04.0503.2.5 International Fire Code Section 503.2.5 amended – Access – Turnarounds.
- 9.04.0503.2.7 International Fire Code Section 503.2.7 amended – Access – Gradients.
- 9.04.0503.5 International Fire Code Section 503.5 amended – Required gates or barricades.
- 9.04.0503.6 International Fire Code Section 503.6 amended – Gates accessing residential developments.
- 9.04.0503.7 International Fire Code new Section 503.7 added – Split entries.
- 9.04.0505 International Fire Code Section 505.1 Address identification is amended.
- 9.04.0507.3 International Fire Code Section 507.3 Fire flow is amended.
- 9.04.077.1 International Fire Code Section 511 added.
- 9.04.0507.5 International Fire Code Section 507.5.1 fire hydrant location is not adopted.
- 9.04.0601 International Fire Code Section 601.2 Permits is amended. Solar photovoltaic power systems permit is added.
- 9.04.0602 International Fire Code Section 602.1 Definitions is amended added definition – Power tap.
- 9.04.0605 New International Fire Code Section 605 Electrical equipment is amended.
- 9.04.0902 International Fire Code Section 902.1 Definitions is amended.
- 9.04.0903 International Fire Code Section 903.2 amended – Sprinkler systems - Where required
- 9.04.0903.2.1 International Fire Code Section 903.2.1 amended – Sprinkler systems – Group A occupancies.
- 9.04.0903.2.3 International Fire Code Section 903.2.3 amended – Sprinkler systems – Group E occupancies.
- 9.04.0903.2.4 International Fire Code Section 903.2.4 amended – Sprinkler systems – Group F-1 occupancies.
- 9.04.0903.2.7 International Fire Code Section 903.2.7 amended – Sprinkler systems – Group M and B occupancies.
- 9.04.0903.2.8 International Fire Code Section 903.2.8 amended – Sprinkler systems – Group R occupancies.
- 9.04.0903.2.9 International Fire Code Section 903.2.9 and 903.2.10 amended – Sprinkler systems – Group S occupancies.

9.04.0010 Adoption by reference.

Certain documents, copies of which are on file in the office of the clerk of the city of Marysville, entitled “International Fire Code, 2009 ~~6~~-Edition,” (IFC) published by the International Code Council, with amendments as adopted by the Washington State Building Code Council are adopted as the fire code of the city of Marysville (hereinafter sometimes referred to as the “fire code”) for the purpose of prescribing regulations for the safeguarding of life and property from the hazards of fire and explosion. Except as otherwise specifically amended herein, or by later ordinance, each and all of the regulations, provisions, penalties, conditions and terms of said code and standards are incorporated and made part of this chapter as if fully set forth herein. (Formerly 9.04.010, Ord. 2739 § 1, 2008; Ord. 2532 § 1, 2004; Ord. 2378 § 1, 2001).

9.04.0020 Establishment and duties of bureau of fire prevention.

(1) The International Fire Code shall be enforced by the bureau of fire prevention in the fire department of Marysville which is established and which shall be operated under the supervision of the chief of the fire department.

(2) The fire marshal in charge of the bureau of fire prevention shall be the chief of the fire department of Marysville, or any qualified person designated by the chief.

(3) The chief of the fire department may detail such members of the fire department as inspectors as shall from time to time be necessary.

(Formerly 9.04.020; Ord. 2739 § 1, 2008; Ord. 2532 § 2, 2004; Ord. 850 § 2, 1975).

9.04.0030 Definitions.

(1) Wherever the word “jurisdiction” is used in the International Fire Code, it means the city of Marysville.

(2) “Commercial occupancy” means groups A, B, E, H, F, I (except adult family homes as defined in Chapter 70.128 RCW), M, R-1, R-2, R-4 and S occupancies as defined in Section 202 – Occupancy Classifications of the International Fire Code 2009~~6~~ Edition.

(Formerly 9.04.030; Ord. 2739 § 1, 2008; Ord. 2532 § 3, 2004; Ord. 2378 § 2, 2001; Ord. 850 § 3, 1975).

9.04.0040 Flammable or combustible liquid storage limits.

The storage of Class I, II and III-A liquids in aboveground tanks exceeding 26,000 gallons individual or 78,000 gallons aggregate capacity is prohibited within the corporate limits of the city of Marysville. Storage shall be limited to horizontal-tanks only. This language shall replace the language of International Fire Code Sections 3404.2.9.65.1 and 3406.2.4.4.

(Formerly 9.04.040; Ord. 2739 § 1, 2008; Ord. 2532 § 4, 2004; Ord. 2378 § 3, 2001; Ord. 1373 § 2, 1984; Ord. 1082 § 2, 1979; Ord. 850 § 4, 1975).

9.04.0070 Additional amendments to the International Fire Code.

The additional amendments to the fire code in MMC 9.04.0101 ~~9.04.071~~ through 9.04.0903.2.9 ~~9.04.087~~ are enacted.

(Formerly 9.04.070; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001).

9.04.0101 International Fire Appendices Adopted.

These appendices of the International Fire Code are hereby adopted: B, F, H, I, and J.

(Formerly 9.04.087 Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001).

9.04.0105 International Fire Code Section 105 Permits is amended. New Section 105.7.15 added - Solar photovoltaic power systems.

105.7.15 Solar photovoltaic power systems. A construction permit is required to install or modify solar photovoltaic power systems.

9.04.0109.3 Violation Penalties – Amended International Fire Code Section 109.3

(1) Any person who violates any of the provisions of this code as adopted or fails to comply therewith, or who violates or fails to comply with any order made under this code, or who builds in violation of any detailed statement of specifications or plans submitted and approved

thereunder, or any certificate or permit issued thereunder, and from which no appeal has been taken, or who fails to comply with such an order as affirmed or modified by the chief or by a court of competent jurisdiction within the time fixed in this chapter is severally, for each and every such violation and noncompliance respectively, guilty of a misdemeanor, punishable by a fine of not more than ~~\$300.00~~ \$1,000.00 or by imprisonment for not more than 90 days, or by both such fine and imprisonment. The imposition of one penalty for any violation shall not excuse the violation or permit it to continue; and all such persons shall be required to correct or remedy such violations or defects within a reason-able time; and when not otherwise specified, each 10 days that prohibited conditions are maintained constitutes a separate offense.

(2) The application of the penalties herein described shall not be held to prevent the enforced removal of prohibited conditions.

(Formerly 9.04.100; Ord. 2739 § 1, 2008; Ord. 2532 § 10, 2004; Ord. 850 § 10, 1975).

9.04.0109.4 Section 109.4 - Excessive False Alarms, Penalty Imposed.

No more than three false alarms from any location shall be permitted within any calendar year. The owner or operator of any location from which more than three false alarms are sent within any calendar year shall be subject to the imposition of a criminal penalty pursuant to MMC

9.04.0109.3 ~~9.04.100~~.

(Formerly 9.04.095; Ord. 2739 § 1, 2008; Ord. 2532 § 9, 2003).

9.04.0503 Additional sections of International Fire Code Section 503 adopted – Fire Apparatus Access Roads.

Section 503.1 shall be adopted as written, Sections 503.1.1, 503.1.2, 503.1.3, 503.2, 503.3, and 503.4, being sections of the International Fire Code (2009~~6~~ Edition) not adopted by the Washington State Building Code Council, are hereby adopted and enacted in the city of Marysville.

(Formerly 9.04.071; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001).

9.04.0503.1.4 Section 503.1.4 added - Aerial Fire Apparatus Access Roads.

503.1.4 Where Required. Buildings or portions of buildings or facilities exceeding 30 feet (9,144 mm) in height above the lowest level of fire department vehicle access shall be provided with approved fire apparatus access roads capable of accommodating fire department aerial apparatus. Overhead utility and power lines shall not be located within the aerial fire apparatus access roadway.

503.1.4.1 Width. Fire apparatus access roads shall have a minimum unobstructed width of 26 feet (7,925 mm) in the immediate vicinity of any building or portion of building more than 30 feet (9,144 mm) in height.

503.1.4.2 Proximity to building. At least one of the required access routes meeting this condition shall be located within a minimum of 15 feet (4,572 mm) and a maximum of 30 feet (9,144 mm) from the building, and shall be positioned parallel to one entire side of the building.

(Formerly 9.04.076.1; Ord. 2739 § 1, 2008).

9.04.0503.1.5 Section 503.1.5 added - One- or Two-Family Dwelling Residential Developments.

503.1.5 Developments of one- or two-family dwellings where the number of dwelling units exceeds 30 shall be provided with separate and approved, unobstructed fire apparatus access roads and shall be placed a distance apart equal to not less than one half of the length of maximum overall diagonal dimension of the property or area to be served, measured in a straight line between accesses.

Exceptions:

1. Where there are more than 30 dwelling units on a single public or private fire apparatus access road and all dwelling units are equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3 access from two directions shall not be required.
2. The number of dwelling units on a single fire apparatus access road shall not be increased unless fire apparatus access roads will connect with future development, as determined by the fire code official.

(Formerly 9.04.076.2; Ord. 2739 § 1, 2008).

9.04.0503.2 International Fire Code Section 503.2 amended – Access – Specifications:

Section 503.2.1 Dimensions is amended to add:

Where a fire hydrant or fire department connection is located on a fire apparatus access road, the minimum road width shall be increased to 26', extending 20' on either side of a fire hydrant or fire department connection.

(Formerly 9.04.072.1; Ord. 2739 § 1, 2008).

9.04.0503.2.3 International Fire Code Section 503.2.3 amended – Access – Surfacing.

Section 503.2.3 adopted by MMC ~~9.04.071~~ 9.04.0503 is further amended to add an additional sentence reading as follows: “The surface shall be entirely composed of gravel, crushed rock, asphalt or concrete, and designed to support the imposed load of fire apparatus weighing at least 75,000 pounds.”

(Formerly 9.04.073; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001).

9.04.0503.2.4 International Fire Code Section 503.2.4 amended – Access – Turning radius.

Section 503.2.4 adopted by MMC ~~9.04.071~~ 9.04.0503 is further amended to add an additional sentence reading as follows: “A turning radius will be approved only if it is in accordance with the Engineering Design and Development Standards for the City of Marysville.”

(Formerly 9.04.074; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001.).

9.04.0503.2.5 International Fire Code Section 503.2.5 amended – Access – Turnarounds.

Section 503.2.5 adopted by MMC ~~9.04.071~~ 9.04.0503 is further amended to add an additional three sentences reading as follows:

Turnarounds shall be a minimum eighty (80) foot diameter cul-de-sac with no obstructions within the cul-de-sac. Planters may be installed in cul-de-sacs when the outside radius of the cul-de-sac is a minimum of fifty (50) feet and inside radius is minimum of 25 (twenty five) feet. An approved hammerhead turnaround may be used if there are no alternatives, and it is approved by the Fire Chief.

(Formerly 9.04.075; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001.).

9.04.0503.2.7 International Fire Code Section 503.2.7 amended – Access – Gradients.

Section 503.2.7 adopted by MMC ~~9.04.071~~ 9.04.0503 is further amended to add an additional sentence reading as follows: “A gradient will be approved only if it is in accordance with the Engineering Design and Development Standards for the City of Marysville.”

(Formerly 9.04.076; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001.).

9.04.0503.5 International Fire Code Section 503.5 amended – Required gates or barricades.

Section 503.5 is amended by adding:

Entrances to roads, trails or other access ways which have been closed with gates and barriers shall not be obstructed by parked vehicles.

(Formerly 9.04.076.3; Ord. 2739 § 1, 2008).

9.04.0503.6 International Fire Code Section 503.6 amended – Gates accessing residential developments.

Section 503.6 is amended by adding:

Gates installed in a residential community shall be equipped with a strobe activating device. Minimum gate width opening shall be 20 feet. The gate is required to open automatically with the approach of emergency vehicles. In the event of a loss of power, the gate shall open automatically and remain in the open position until power is restored. The gate shall remain in the open position until such time that the power is restored.

Exemption: 5 or fewer dwelling units.

(Formerly 9.04.076.4; Ord. 2739 § 1, 2008).

9.04.0503.7 International Fire Code new Section 503.7 added – Split entries.

Section 503.7 Split Entries.

Split entries to plats, short plats, commercial development and other sites requiring emergency vehicle access, shall be allowed where each aisle (lane) is at least 14 (fourteen) feet in width.

(Formerly 9.04.076.5; Ord. 2739 § 1, 2008).

9.04.0505 International Fire Code Section 505.1 Address identification amended.

Section 505.1 is amended to add the following:

(1) Address numbers for commercial buildings to be a minimum of six inches high with a principal stroke of at least three-quarters inch.

(2) Where the building is not visible from the street or a single access road or private roadway serves more than one building, provision shall be made to clearly identify which driveway or roadway serves the appropriate address.

(3) Address numbers at least four inches high shall be prominently displayed on rear entrance or access doors when required by the fire code official.

(4) Interior and exterior access doors or individual dwelling, housekeeping, living units, or commercial tenant spaces also shall be clearly marked. Numbers and/or letters of such units shall be at least four inches high.

(5) Address Numbering Size Table

Distance from road or Fire Lane	Minimum Size
0-50 feet	4"
51-100 feet	6"
101-150 feet	8"
151-200 feet	10"
201-300 feet	12"
301 feet and up	18"

Four inch numbers are permitted for single-family and duplex occupancies only. The minimum size figure for commercial occupancies is six inches. The height to width ratio of the figures shall be approximately 2H:1W.

(Formerly 9.04.076.7; Ord. 2739 § 1, 2008).

9.04.0507.3 International Fire Code Section 507.3 ~~508.3~~ Fire flow is amended.

(1) Replace “by an approved method” with “per Appendix B of the International Fire Code.”

(2) Exceptions. Section 507.3 ~~508.3~~ is amended to add two exceptions reading as follows:

Exceptions:

(2) Subdivisions and short subdivisions in which all lots have a lot area of 43,560 square feet (one acre) or more in size;

(3) Structures where under the International Building Code the occupancy is classified as group U occupancies (agricultural buildings, private garages, carports and sheds) that are restricted to private residential use only. Riding arenas or other agricultural structures used or accessed by the general public shall not fall within this exception.

(Formerly 9.04.077; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001.).

9.04.0507.5 International Fire Code Section 507.5.1 ~~508.5.1~~ fire hydrant location is not adopted.

Fire hydrant locations to be installed per MMC 14.03.050.

(Formerly 9.04.072; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2378 § 6, 2001.).

9.04.0510 International Fire Code Section 510 Emergency Responder Radio Coverage is amended to include adoption of Appendix J.

9.04.0601 International Fire Code Section 601.2 Permits is amended. Solar photovoltaic power systems permit is added.

Section 601.2 is amended by adding:

A construction permit is required to install or modify Solar photovoltaic power systems as set forth in Section 105.7.

9.04.0602 International Fire Code Section 602.1 Definitions is amended – Power tap.

Add definition to Section 602.1:

Power Tap means a listed device for indoor use consisting of an attachment plug on one end of a flexible cord and two or more receptacles on the opposite end, and has overcurrent protection. (Formerly 9.04.076.6; Ord. 2739 § 1, 2008).

9.04.0605 International Fire Code Section 605 Electrical equipment is amended to add 605.11:

Section 605.11 added – Solar Photovoltaic Power Systems:

605.11 Solar Photovoltaic Power Systems. Solar photovoltaic power systems shall be installed in accordance with this code, the *International Building Code* and NFPA 70.

Exception: Detached Group U non-habitable structures such as parking shade structures, carports, solar trellises, and similar type structures are not subject to the requirements of this section.

605.11.1 Marking. Marking is required on all interior and exterior dc conduit, enclosures, raceways, cable assemblies, junction boxes, combiner boxes, and disconnects.

605.11.1.1 Materials. The materials used for marking shall be reflective, weather resistant and suitable for the environment. Marking as required in sections 605.11.1.2 through 605.11.1.4 shall have all letters capitalized with a minimum height of 3/8 inch (9.5 mm) white on red background.

605.11.1.2 Marking content. The marking shall contain the words WARNING: PHOTOVOLTAIC POWER SOURCE.

605.11.1.3 Main service disconnect The marking shall be placed adjacent to the main service disconnect in a location clearly visible from the location where the disconnect is operated.

605.11.1.4 Location of Marking. Marking shall be placed on all interior and exterior dc conduit, raceways, enclosures and cable assemblies every 10 feet (3048 mm) within 1 foot (305 mm) of all turns or bends and within 1 foot (305 mm) above and below all penetrations of roof/ceiling assemblies and all walls and /or barriers.

605.11.2 Locations of DC conductors. Conduit, wiring systems, and raceways for photovoltaic circuits shall be located as close as possible to the ridge or hip or valley and from the hip or valley as directly as possible to an outside wall to reduce trip hazards and maximize ventilation opportunities. Conduit runs between sub arrays and to DC combiner boxes shall be installed in a manner that minimizes total amount of conduit on the roof by taking the shortest path from the array to the DC combiner box. The DC combiner boxes shall be located such that conduit runs are minimized in the pathways between arrays. DC wiring shall be installed in metallic conduit or raceways when located within enclosed spaces in a building. Conduit shall run along the bottom of load bearing members.

605.11.3 Access and pathways. Roof access, pathways, and spacing requirements shall be provided in order to ensure access to the roof; provide pathways to specific areas of the roof; provide for smoke ventilation operations; and to provide emergency egress from the roof.

Exceptions:

1. Requirements relating to ridge, hip, and valleys do not apply to roofs slopes of two units vertical in twelve units horizontal (2:12) or less.
2. Residential structures shall be designed so that each array is no greater than 150 feet (45 720 mm) by 150 feet (45 720 mm) in either axis.
3. The fire chief may allow panels/modules to be located up to the ridge when an alternative ventilation method acceptable to the fire chief has been provided or where the fire chief has determined vertical ventilation techniques will not be employed.

605.11.3.1 Roof access points. Roof access points shall be defined as an area that does not place ground ladders over openings such as windows or doors, and are located at strong points of building construction in locations where the access point does not conflict with overhead obstructions such as tree limbs, wires, or signs.

605.11.3.2 Residential systems for one- and two-family residential dwellings. Access shall be provided in accordance with Sections 605.11.3.2.1 through 605.11.3.2.4

605.11.3.2.1 Access required Residential. Panels /modules shall be located in a manner that provides a minimum of two separate 3 foot (914 mm) wide clear access pathways from the eave to the ridge on each roof. The access pathways shall be located at structurally strong locations on the building capable of supporting the live load of fire fighters accessing the roof.

605.11.3.2.2 Residential buildings with a single ridge. Panels/modules shall be permitted to be located up to the ridge on one roof slope only, with the other slope accessible and suitable for ventilation up to the ridge or alternative method approved by AHJ.

605.11.3.2.3 Residential buildings with multiple ridges, hips or valleys: Panels/modules shall be located no closer than 18 inches (457 mm) to a ridge, hip or a valley if panels/modules are to be placed on both sides of a ridge, hip or valley. If the panels are to be located on only one side of a ridge, hip or valley then the panels shall be permitted to be placed directly adjacent to the ridge, hip or valley.

605.11.3.2.4 Smoke Ventilation. Panels/modules shall be located such that one side of each ridge shall have not less than 4 feet (1290mm) of clear space immediately below the ridge available to allow for fire department smoke ventilation operations.

605.11.3.3 All other occupancies. Access shall be provided in accordance with Sections 605.11.3.3.1 through 605.11.3.3.3.

Exception: Where it is determined by the *fire code official* that the roof configuration is similar to a one- or two-family dwelling, the *fire code official* may *approve* the residential access and ventilation requirements provided in 605.11.3.2.1 through 605.11.3.2.4.

605.11.3.3.1 Access. There shall be a minimum 6 foot (1829 mm) wide clear perimeter around the edges of the roof.

Exception: If either axis of the building is 250 feet (76 200 mm) or less, there shall be a minimum 4 foot (1290 mm) wide clear perimeter around the edges of the roof or alternative method approved by AHJ.

605.11.3.3.2 Pathways. The solar installation shall be designed to provide designated pathways. The pathways shall meet the following requirements:

1. The pathway shall be over areas capable of supporting the live load of fire fighters accessing the roof
2. The center line axis pathways shall be provided in both axis of the roof. Center line axis pathways shall run where the roof structure is capable of supporting the live load of firefighters accessing the roof.
3. Shall be straight line not less than 4 feet (1290 mm) clear to skylights and/or ventilation hatches
4. Shall be straight line not less than 4 feet (1290 mm) clear to roof standpipes
5. Shall provide not less than 4 feet (1290 mm) clear around roof access hatch with at least one not less than 4 feet (1290 mm) clear pathway to parapet or roof edge

605.11.3.3.3 Smoke Ventilation. The solar installation shall be designed to meet the following requirements:

1. Arrays shall be no greater than 150 feet (45 720 mm) by 150 feet (45 720 mm) in distance in either axis in order to create opportunities for smoke ventilation operations.
2. Smoke ventilation options between array sections shall be one of the following:
 - 2.1. A pathway 8 feet (2438 mm) or greater in width;
 - 2.2. A 4 feet (1290 mm) or greater in width pathway and bordering roof skylights or smoke and heat vents;
 - 2.3. A 4 feet (1290 mm) or greater in width pathway and bordering 4 foot (1290 mm) x 8 foot (2438 mm) “venting cutouts” every 20 feet (6096 mm) on alternating sides of the pathway

605.11.4 Ground mounted photovoltaic arrays. Ground mounted photovoltaic arrays shall comply with Sections 605.11 through 605.11.2 and this section. Setback requirements do not apply to ground-mounted, free standing photovoltaic arrays, except as provided in Chapter 22C MMC. A clear brush area of 10 feet (3048 mm) is required for ground mounted photovoltaic arrays.

9.04.0902 International Fire Code Section 902.1 Definitions is amended.

The definition of fire area is amended by adding: “For Section 903, the definition of FIRE AREA shall be as follows: The aggregate floor area enclosed and bounded by exterior walls of a building.”

(Formerly 9.04.086; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2377 § 9, 2001).

9.04.0903 International Fire Code Section 903.2 amended – Sprinkler systems - Where required.

Amend Section 903.2 by adding items:

Existing buildings altered such that the total fire area square footage exceeds the threshold square footage for each occupancy group listed in this section shall be provided with an automatic sprinkler system. Where there is a change-of-occupancy classification in an existing building, the sprinkler requirements for the new occupancy classification shall apply.

An automatic sprinkler system shall be provided throughout buildings where the combined area of all fire areas on all floors, including any mezzanines, exceeds the threshold square footage for each occupancy group listed in this section.

(Formerly 9.04.090; Ord. 2739 § 1, 2008; Ord. 2532 § 8, 2003).

9.04.0903.2.1 International Fire Code Section 903.2.1 amended – Sprinkler systems – Group A occupancies.

Section 903.2.1.1 Item 1. Replace 12,000 with 8,000.

Section 903.2.1.3 Item 1. Replace 12,000 with 8,000.

Section 903.2.1.4 Item 1. Replace 12,000 with 8,000.

(Formerly 9.04.079; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2377 § 2, 2001).

9.04.0903.2.3 International Fire Code Section 903.2.3 ~~903.2.2~~ amended – Sprinkler systems – Group E occupancies.

An automatic sprinkler system shall be provided for Group E Occupancies.

Delete items 1 and 2, and the Exception, and replace them with the following:

Exceptions:

1. Portable school classrooms, provided aggregate area of any cluster or portion of a cluster of portable school classrooms does not exceed 5,000 square feet; and clusters of portable school classrooms shall be separated as required by in Chapter 5 of the building code.

2. Group E Occupancies with an occupant load of 50 or less, calculated in accordance with table 1004.1.1.

(Formerly 9.04.080; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2377 § 3, 2001).

9.04.0903.2.4 International Fire Code Section 903.2.4 ~~903.2.3~~ amended – Sprinkler systems – Group F-1 occupancies.

Section 903.2.4 ~~903.2.3~~ Item 1. Replace 12,000 with 8,000.

Section 903.2.4 ~~903.2.3~~ Item 3. Replace 24,000 with 8,000.

Section 903.2.4 ~~903.2.3~~ Item 4. Where a Group F-2 fire area exceeds 8,000 square feet.

(Formerly 9.04.081; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2377 § 4, 2001).

9.04.0903.2.7 International Fire Code Section 903.2.7 ~~903.2.6~~ amended – Sprinkler systems – Group M and B occupancies.

Section 903.2.7 ~~903.2.6~~ Item 1. Add B after M and change 12,000 to 8,000.

Section 903.2.7 ~~903.2.6~~ Item 2. Add B after M.

Section 903.2.7 ~~903.2.6~~ Item 3. Add B after M and change 24,000 to 8,000.

(Formerly 9.04.083; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2377 § 6, 2001).

9.04.0903.2.8 International Fire Code Section 903.2.8 ~~903.2.7~~ amended – Sprinkler systems – Group R occupancies.

Amend Section 903.2.8 ~~903.2.7~~ to add:

~~Townhouses constructed in a group of five or more attached units shall be protected with an automatic sprinkler system per 903.3.1.3~~ An automatic sprinkler system shall be installed throughout every apartment house three (3) or more stories in height or containing five (5) or more dwelling units, townhomes and every congregate residence three (3) or more stories in height or having an occupant load of five (5) or more, and every hotel three or more stories in height or containing five (5) or more guest rooms, and one and two family dwelling units three (3) or more stories. Residential or quick-response standard sprinklers shall be used in the dwelling units and guest room portions of the building shall be protected with an automatic sprinkler system per 903.3.1.3.

(Formerly 9.04.084; Ord. 2739 § 1, 2008; Ord. 2532 § 7, 2004; Ord. 2377 § 7, 2001).

9.04.0903.2.9 International Fire Code Section 903.2.9 and 903.2.10 amended – Sprinkler systems – Group S occupancies.

Section 903.2.9 is hereby enacted and added to the International Fire Code as previously enacted and amended by the city reading as follows:

Section 903.2.9 Group S Occupancies. An automatic sprinkler system shall be installed throughout all Group S occupancies that have 8,000 square feet or more of fire area.

Section 903.2.9. add item 5: “In all Group S-1 mini-storage occupancies.”

Section 903.2.9.1. add item 5: “Repair garages where the use of open flame or welding is conducted with a fire area exceeding 3,000 square feet.”

Replace all occurrences of “S-1” with “S”.

Section 903.2.9 Item 1. Replace 12,000 with 8,000.

Section 903.2.9 Item 3. Replace 24,000 with 8,000.

Section 903.2.9 add item 5: “In all Group S-1 mini-storage occupancies.”

Section 903.2.9.1 Item 1. Replace 10,000 with 8,000.

Section 903.2.9.1 Item 2. Replace 12,000 with 8,000.

Section 903.2.9.1 add item 5: “Repair garages where the use of open flame or welding is conducted with a fire area exceeding 3,000 square feet.”

Section 903.2.9.2 Replace 20,000 with 8,000.

Section 3. Severability. If any section, subsection, sentence, clause, phrase or word of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality thereof shall not affect the validity or constitutionality of any other section, subsection, sentence, clause, phrase or word of this ordinance.

Section 4. Effective Date. This ordinance shall become effective five days after the date of its publication by summary.

PASSED by the City Council and APPROVED by the mayor this _____ day of _____, 2010.

CITY OF MARYSVILLE

Jon Nehring, Mayor

ATTEST:

April O’Brien, Deputy City Clerk

APPROVED AS TO FORM

Grant K. Weed, City Attorney.

Date of Publication: _____

CITY OF MARYSVILLE

EXECUTIVE SUMMARY FOR ACTION

CITY COUNCIL MEETING DATE: October 24, 2011

AGENDA ITEM: Building Code	AGENDA SECTION:	
PREPARED BY: John Dorcas, Building Official	AGENDA NUMBER:	
ATTACHMENTS: 1. Cover Letter: Summary of 2009 International Code Adoption. 2. Highlights of the 2009 International Code changes. 3. Proposed Ordinance for 2009 International Codes.	APPROVED BY:	
	MAYOR	CAO
BUDGET CODE:	AMOUNT:	

The State of Washington Building Code Council adopted the 2009 International Building Codes effective July 1, 2010. Local jurisdictions including Marysville are required to adopt any local amendments and fee structures with their specific ordinance.

The proposed amendments include adoption of solar photovoltaic power systems (solar panels) and additional residential fire sprinklers to one and two family dwelling units of three (3) or more stories in height.

Building Division staff has familiarized themselves with the IBC and associated codes changes through seminars, and training over the past year. This training will continue throughout the year.

The attached exhibits include new code sections and information on the International Code Council (ICC) and the International Building Codes. The draft ordinance includes minor revisions to the fee tables for the building, plumbing, and mechanical. Proposed fees are consistent with the surrounding jurisdictions.

RECOMMENDED ACTION: Approve revisions to Chapter 16.

COUNCIL ACTION:

HIGHLIGHTS of the 2009 INTERNATIONAL CODE ADOPTION

Major Changes to the IBC 2009

- 1) **Design Loads posted Section 106. Loads of 50 PSF of more:** Are required to be posted in each story in which this provision applies.
- 2) **R-2 Occupancy Change Sections 310-1, 419, 419.1.1 added live / work units.** (*home occupations*) But our municipal code would require approval for this to be allowed through our zoning code.
- 3) **509.5 R-1 and R-2 buildings are allowed to be increased to six (6) stories or 75-feet:** If the first-floor is construction assembly above the basement has a fire-resistance rating of not less than 3-hours and the floor is subdivided by 2-hour fire resistance rated fire walls into areas of not more than 3,000 SF. Type II-A can go nine (9) stories or 100 feet.
- 4) **Fire resistance rating of exterior walls, section 705.5:** Changed to protection on both sides, interior and exterior if within 10ft or less from property line. Note: This was 5 feet or less under 2006 IBC.
- 5) **Separation walls 420. Is more defined on how walls are constructed and in various occupancies R-1-2-3, if designed and constructed under the IBC.**
Fire Partitions between Dwelling Units, or Sleeping units in R-2 occupancy. Sections 420 and 709. If a building is constructed as an R-2 occupancy, it has a lot different requirements at this location from a Townhome constructed under the IRC. Still need fire wall per 317 in IRC for townhomes. This requirement is also a good reason to require fire sprinkler systems when three (3) or more dwelling units are constructed under an R-2 occupancy. The draft stops are not required between units in the attic, along with other changes.
- 6) **907 Carbon Monoxide Detectors, new construction, starting January 1, 2011:** An approved alarm shall be installed outside of each separate sleeping area in the immediate vicinity of the bedroom in dwelling units.
- 7) **Guards changes in locations and opening requirements.** Section 1013.1, must have a guard if grade is 30" or more within 36" of a walking surface.
- 8) **Post markings in fire walls, fire barriers, smoke barriers and smoke partitions to state:** "Fire and Smoke Barrier- Protect all Openings" sign on the wall.
- 9) **Group M occupancy upholstered furniture:** Needs is be equipped with a fire sprinkler system if over 5,000 SF.
- 10) **1009.6.1 Stairway Walking Surface:** A newly added exception to IBC 2009 section 1009.6.1 permits openings in stair walking surfaces that do not permit the passage of a 1/2 inch diameter sphere. Elongated openings shall be placed with the long dimension perpendicular to the direction of travel.
- 11) **1012.3 Handrail Graspability:** IBC 2009 section 1012.3 introduced a new Type II handrail classification for handrails with a perimeter greater than the 6-1/4 inches limit that can be used in a Group R-3 occupancy, within dwelling units in a Group R-2 occupancy or in a Group U occupancy accessory to a Group R-3 or to individual dwelling units in a R-2 occupancy. Specific set of requirements are outlined in the section.
- 12) **1013.3 4 3/8 top railing opening.** They are still fine tuning the openings in guards.

Major Changes to the IRC 2009

- 1) **R310.1 Habitable Attics require emergency escape/rescue openings.** Habitable Attics must meet the requirements of the definition in section R202. A smoke alarm is also required in a Habitable Attic per R314.
- 2) **R312 Guard requirements:** Required when ground level 30" below deck, or platform within 36" of grade. This matches changes in the IBC. If fixed seating in place additional guard requirements at this seating.
- 3) **R315 Carbon Monoxide Detectors, new construction, starting January 1, 2011:** An approved alarm shall be installed outside of each separate sleeping area in the immediate vicinity of the bedroom in dwelling units.
- 4) **R502.2.2.1 Deck Ledger Connection requirements.** See Table for requirements in code.
- 5) **R602.10 The complete section on wall bracing has been rewritten.** This is for non-engineered buildings, if this revised section is followed during plan review fewer buildings will require engineering. Engineered building should follow requirements of engineer and IBC 2009. Note: Table R502.5(1) exterior walls, Table R502.5(2) interior walls, can be used for header, beams, and girder sizing without requiring engineering for gravity loads. See foot notes for load requirements.

Major Changes to the UPC 2009

- 1) **Section 316.1.10 adds Push-fit Fitting:** Section 316.1.11 adds Heat Fusion Weld Joints.
- 2) **Section 402.3.1 adds Waterless Urinals:** Must be installed per manufacturer's instructions.
- 3) **Section 604.8 requires plastic water service underground lines to have a tracer wire:** 18 AWG copper wire with blue insulation suitable for direct burial located adjacent to the piping.
- 4) **Backwater Valve Chapter 2:** Must have permanent label located at up-stream clean-out stating "Backwater Valve Downstream" This is typically located in basements
- 5) **"Grease Trap" has been removed from code, replaced by "Grease Interceptor" per section 1014.** This is clarification on the name of these devices.

Major Changes to the 2009 Mechanical and Washington State Energy Code

- 1) **Ventilation code is now part of Mechanical code, Chapter 4.** There is a formula for square footage of the room, the number of people purposed for the room and the occupancy. It is a challenge to all to figure this out.
- 2) **Duct testing requirements:** Contractors need to provide a 3rd party test form a licensed testing agency. In addition, if their company has gone through the required testing and received the certifications, then they can perform the test on their own system.
NOTE: In summary, if there ducts are outside the heated envelope then the duct testing is required. If it is inside the heated building envelope then duct testing is NOT required.
- 3) **If you choose Chapter-5, Component Performance for the Energy Code:** (most builders will go this route) You need to achieve 1-Credit under Table 9-1 Energy Credits (Debits)
Example: 92% furnace you would comply with 1.0 point OR High Efficiency HVAC Ductless split system heat pump with zonal control. OR you go with two 0.5credits. Insulation package with a .28 U-value on your windows and a 0.62 water heater will equal 1.0 points. Summary: There are many various trade-offs to meet this requirement.

City of Marysville
2009 INTERNATIONAL CODE ADOPTION

The City of Marysville in conjunction with the State of Washington has been implementing the International Building Codes since July 2004. Every three (3) years the International Code Council (ICC) updates and adopts new editions of all the International Codes. The city, along with the state has been enforcing the 2009 International Building Codes since July 1, 2010. This proposal includes minor fee changes to Chapter 16 of the Municipal Code. The recommended changes are consistent with surrounding jurisdictions and Snohomish County. The following is a brief history of the past code merging process.

Origin of ICC

The International Code Council (ICC) was established in 1994. It is a nonprofit organization dedicated to developing a single set of comprehensive and coordinated national model construction codes. The founders of the ICC are the Building Officials and Code Administrators International, Inc. (BOCA), International Conference of Building Officials (ICBO), and Southern Building Code Congress International, Inc. (SBCCI). Since the early 1990's, these nonprofit organizations developed three separate sets of model codes used throughout the United States. Although such regional code development was effective during the time, a global marketplace and technological advances in construction made a single set of codes a practical necessity. The nation's three model code groups responded to this need by creating the International Code Council and by developing codes without regional limitations – the International Codes. On February 1, 2003, The ICC became one consolidated organization, incorporating the staff and services of the three founding organizations.

Why was the ICC created?

Builders, designers, code officials, and the construction industry wanted one model code and common format in the U.S. instead of the three model codes and three different code formats that had been in use since the early part of the twentieth century. The construction community also wanted one organization to provide the support and service for the code.

What codes will make up the new I-Code family for Washington State?

- International Building Code, Standards and amendments - WAC 51-50
- International Residential, Standards and amendments – WAC 51-52
- International Mechanical, Standards and amendments – WAC 51-52
- International Fire Code, Standards and amendments – WAC 51-54
- Uniform Plumbing Code, Standards and amendments – WAC 51-56, 51-57
- Washington State Energy Code, Standards and amendments – WAC 51-11
- Washington State Barrier-Free Code Chapter 11- Standards WAC 51-13

Recap of the attached I-Code material for City of Marysville Council:

1. Included are some of the highlights, sufficient changes and revisions to this 2009 code cycle. This assists builders and homeowners in understanding construction code language requirements and inspections.
2. Solar panel code adoption language and information; Fire Marshal, Tom Maloney and I met with Silicon Energy, a worldwide solar panel business that has recently moved into a new location here in Marysville. They assisted us in adopting our first solar panel language to use in setting up this new pilot permit process. This has helped all stakeholders identify a baseline standard for installation procedures. After a few permit applications, we will streamline a more efficient process.
3. Proposed amendment to the residential fire sprinkler section. This is to add fire sprinklers to one and two family dwelling units of three (3) or more stories in height.

Staff Training and Education for the New Code:

The Community Development Building staff have attended seminars, and initiated training to study and become familiar with the new code sections and provisions. This includes the recent Washington State Amendments (WAC) published by Washington State Building Code Council (WSBCC). Staff continues to review and understand code material throughout the year.

Electrical Program:

We continue to execute our own new electrical program that started in September 2008. Washington Cities Electrical Code Committee (WCEC) continues to meet bi-monthly. This committee consists of the following jurisdictions; Bellevue, Bellingham, Burien, Federal Way, Kirkland, Longview, Lynnwood, Mercer Island, Monte lake terrace, Olympia, Redmond, Renton, Seattle, Sea-Tac, Tacoma, Tukwila, Vancouver. It is valuable to be able to meet with each official to develop, discuss, educate and research the new proposed or revise electrical code provisions. We have found out each jurisdiction does things a little different, but all have indicated it is all about providing a timely service to their contractors and the public. I have met with contractors/builders and the majority has indicated it is not about costs of the permit, it is about receiving a permit in a timely manner and having the inspector show up the following day after the inspection request. The contractors/builders also appreciate how accessible our inspectors are in assisting in answering code questions to meet general compliance.

In summary; I am proud of our staff and we can advertise that we are one of the best, if not the best city, for one-stop permit programs in this region.

City building staff has been working with this code since July 1, 2010, and are gaining a better understanding of this code series. City staff will also be arranging meetings to sit down face to face with the local builders/contractors to discuss the new codes and how they will affect there projects and structures. These meetings will take place during the summer and fall months of 2011.

Recap to the Updates to the International Codes

The 2009 International Building Code (IBC) format continues to be consistent with the 2006 IBC; however entire chapters and code sections have been relocated and changed which has made learning this new code a challenge. New or revised sections are clearly high-lighted by black markings in the margins of each book, which is helpful to all using the books.

The 2009 International Residential Code (IRC) is for One-and-Two Family Dwelling Units. Again entire chapter and code sections have been revised and changed which again has made learning this code a challenge, same as the IBC. This is an updated version from the 2006 IRC.

The 2009 Uniform Plumbing Code (UPC) applies to both residential and nonresidential construction. This is an updated version from the 2006 UPC.

The 2009 International Mechanical Code (IMC) applies to both residential and nonresidential construction. Ventilation and Indoor Air Quality code standards are now located in the Mechanical Code which again has made this code challenging to learn. This is an updated version from the IMC 2006.

The 2009 International Fuel Gas Code (IFGC) is for fuel gas appliance and piping installations and is an updated version of the IFGC 2006.

The State of Washington Building Code Council also implements updated Amendments to all codes. The Washington State Energy Code has made some major changes and we are all still working through all the new rules under WAC 51-11. The State Barrier-Free Code Chapter 11, WAC 51-13 continues to apply to new construction and altered structures as well.

CITY OF MARYSVILLE
Marysville, Washington
ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF MARYSVILLE, WASHINGTON AMENDING ORDINANCE 2708 AND 2740 AS CODIFIED IN PORTIONS OF MARYSVILLE MUNICIPAL CODE CHAPTERS 16.04 "BUILDING CODE", 16.08 "PLUMBING CODE, 16.10 "ENERGY EFFICIENCY AND CONSERVATION STANDARDS", AND 16.28 MECHANICAL CODE; AND PROVIDING FOR SEVERABILITY.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MARYSVILLE, WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1. Marysville Municipal Code Chapter 16.04 entitled "BUILDING CODE" is amended to read as follows:

Chapter 16.04
BUILDING CODE

Sections:

<u>16.04.010</u>	Adoption by reference, exclusions and exemptions.
<u>16.04.020</u>	Amendments – Subsequent.
<u>16.04.030</u>	Appendices adopted.
<u>16.04.035</u>	Section 204 amended – Board of appeals.
<u>16.04.037</u>	Section 502, Definitions, amended – Story.
<u>16.04.040</u>	Washington State Energy Code – Nonresidential Energy Code and Ventilation and Indoor Air Quality Code adopted.
<u>16.04.045</u>	Sections 108 and 108.2 amended – IBC and IRC Fee Table 1-A and Table A-J-A adopted by reference.
<u>16.04.050</u>	Section 108.2 amended – Plan review fees and refunds.
<u>16.04.060</u>	Section 903.2.1 amended – Sprinkler systems – Group A Occupancies.
<u>16.04.070</u>	Section 903.2.2 amended – Fire-extinguishing systems – Group E Occupancies.
<u>16.04.080</u>	Section 903.2.3 amended – Sprinkler systems – Group F Occupancies.
<u>16.04.090</u>	Section 903.2.4 amended – Fire-extinguishing systems – Group H Occupancies.
<u>16.04.100</u>	Section 903.2.6 amended – Sprinkler systems – Group M and B Occupancies.
<u>16.04.110</u>	Section 903.2.7 amended – Sprinkler systems – Group R Occupancies.
<u>16.04.120</u>	Section 903.2.8 added – Sprinkler systems – Group S Occupancies.
<u>16.04.130</u>	Section 903.2.14 added – Fire barriers.
<u>16.04.140</u>	Section <u>1020</u> and <u>1021.2</u> amended – Number of exits.
<u>16.04.160</u>	Requirements for moved buildings.
<u>16.04.170</u>	Requirements for Solar Photovoltaic Power Systems.

16.04.010 Adoption by reference, exclusions and exemptions.

(1) Certain documents, copies of which are on file in the office of the building official of the city of Marysville, being marked and designated as the "International Building Code" and the "International Residential Code," and the "International Building Code Standards," 2006-2009 Edition, published by the International Code Council, except for the provisions in subsections (3), (4) and (5) of this section, are adopted as the building code of the city of Marysville for regulating the erection, construction, enlargement, alteration, repair, moving, removal, conversion, demolition, occupancy, equipment, use, height, area and maintenance of buildings or structures in the city of Marysville, providing for the issuance of permits and the collection of fees therefor, and providing for penalties for the violation thereof. Each and all of the regulations, provisions, penalties, conditions and terms of said code are incorporated and made a part of this chapter as if fully set forth in this chapter.

(2) IBC and IRC Sections 101.1 Title. These regulations shall be known as the building code of the city of Marysville, Washington, hereinafter referred to as "this code."

(3) Exclusions from Adoption by Reference. The following IBC Section 101.4 referenced codes are excluded and not adopted by reference as the building code for the city of Marysville:

- 101.4.1 Electrical
- 101.4.4 Plumbing
- 101.4.5 Property Maintenance
- 101.4.7 Energy
- Chapter 34 Existing Buildings

(4) Section 105.5 of the International Building Code is not adopted and the following is substituted:

Expiration (IBC 105.5). Every permit issued by the building official under the provisions of the code shall expire by limitation and become null and void two (2) year(s) from the date of issue. Issued permits may be extended for one year periods subject to the following conditions:

1. An application for permit extension together with the applicable fee is submitted to the community development department at least seven (7), but no more than sixty (60), calendar days prior to the date the original permit becomes null and void. Once the permit extension application is submitted, work may continue past the expiration date of the original permit, provided that the extension application is not denied. If the extension application is denied, all work must stop until a valid permit is obtained.

2. If construction of a building or structure has not substantially commenced, as determined by the building official, within two years from the date of the first issued permit and the building and the structure is no longer authorized by the zoning code or other applicable law, then the permit shall not be extended.

3. An applicant may request a total of two permit extensions, provided there are no substantial changes in the approved plans and specifications.

4. The building official may extend a building permit beyond the second extension only to allow completion of a building, structure or mechanical system, which is authorized by the original permit and is substantially constructed. If substantial work, as determined by the building official, has not commenced on a building and/or structure authorized in the original permit, then a new permit will be required for construction to proceed.

5. The building official may revise a permit at the permittee's request, but such a revision does not constitute a renewal or otherwise extend the life of the permit.

EXCEPTION: Until December 31, 2011, a third extension may be granted by the building official for building permits where substantial work has not commenced, if:

1. The applicant provides a sworn and notarized declaration that substantial work has not commenced as a result of adverse market conditions and inability to secure financing to commence construction;
2. The applicant pays applicable permit extension fees; and
3. There are no substantial changes in the approved plans or specifications.

(5) Work Exempt from Permits. For purposes of Marysville Municipal Code, both IBC and IRC Sections 105.2, Work exempt from permit, are amended to read as follows:

Exemptions from permit requirements of this code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this code or any laws or ordinance of this jurisdiction. Permits shall not be required for the following:

Building:

1. One story detached accessory structures used as tool and storage sheds, playhouses and similar uses, provided the floor area does not exceed 120 square feet.
2. Fences not over 6 feet high.
3. Oil derricks.
4. Retaining walls which are not over 4 feet in height measured from the bottom of the footing to the top of the wall, unless supporting a surcharge or impounding Class I, II, or III-A liquids.
5. Water tanks supported directly on grade in the capacity does not exceed 5,000 gallons and ratio of height to diameter or width does not exceed 2 to 1.
6. Sidewalks, platforms, decks and driveways not more than 30 inches above grade and not over any basement or story below and which are not part of an accessible route.
7. Painting, papering, tiling, carpeting, cabinets, counter tops and similar finish work.
8. Temporary motion picture, television, and theater stage sets and scenery.
9. Prefabricated swimming pools accessory to Group R-3 occupancy, as applicable in Section 101.2, which are less than 24 inches deep, which do not exceed 5,000 gallons and are installed entirely above ground.
10. Shade cloth structures constructed for nursery or agricultural purposes and not including service systems.
11. Swings and other playground equipment accessory to detached one- and two-family dwellings.
12. Window awnings supported by an exterior wall which do not project more than 54 inches from the exterior wall and do not require additional support of Group R-3, as applicable in Section 101.2, and Group U occupancies.
13. Moveable cases, counters and partitions not over 5 feet 9 inches in height.

16.04.020 Amendments – Subsequent.

All amendments or supplements to the International Building and Residential Codes hereinafter adopted by the International Code Council and by the state of Washington as part of the State Building Code shall become a part of this code in all respects insofar as it is applied and enforced within the jurisdictional boundaries of the city of Marysville.

16.04.030 Appendices adopted.

Appendices B, I and J, except Section J101.2 to the International Building Code, ~~2006~~ 2009 Edition, and only Appendices A, B, C, G, H, J and K to the International Residential Code, ~~2006~~ 2009 Edition, are adopted, incorporated by this reference, and made a part of this chapter as if fully set forth in this chapter.

16.04.035 Section 204 amended – Board of appeals.

Section 204 of the International Building Code is amended by adding the following additional subsection thereto:

(c) Procedure. An appeal to the Board of Appeals must be filed in writing within fifteen (15) days after the order, decision or determination of the building official which is being challenged. The filing fee shall be one hundred fifty dollars. Within twenty (20) days after the filing of an appeal the Board of Appeals shall hold a hearing on the same and shall render its decision. Continuances shall be allowed only with the consent of the appellant. The decision of the Board of Appeals shall be final on the date that it is reduced to writing and sent to the appellant, subject to the right of the appellant to file an appeal to the Snohomish County Superior Court within fifteen (15) days thereafter.

16.04.037 Section 502, Definitions, amended – Story.

Section 502 of the International Building Code is amended at that paragraph entitled "Story" by adding the following paragraph:

If any portion of a basement or usable under-floor space in a group R occupancy consisting of five (5) units including townhomes, or more is used or intended to be used for human habitation or assemblage of person for any purpose, such basement or usable space shall be considered a story.

~~**16.04.040 Washington State Energy Code—Nonresidential Energy Code**~~ and Ventilation and Indoor Air Quality Code adopted:

~~The Washington State Energy Code, including the Nonresidential Energy Code Chapter 51-11 WAC, and the Ventilation and Indoor Air Quality Code, Chapter 51-13 WAC, are each adopted and incorporated into and made a part of this chapter by reference. (Ord. 2740 § 1, 2008; Ord. 2708 § 1, 2007; Ord. 2523 § 1, 2004; Ord. 2062 § 3, 1996).~~

16.04.045 Sections ~~108~~ 109 and ~~108.2~~ 109.2 amended – IBC and IRC Fee Table 1-A and Table A-J-A adopted by reference.

The schedule of fees adopted in Table 1-A titled "Building Permit Fees" and Table A-J-A titled "Grading Plan Review Fees and Grading Permit Fees" are hereby adopted.

**TABLE 1-A INTERNATIONAL BUILDING AND RESIDENTIAL CODES
Table 1-A – Building Permit Fees**

The fees for building permits are per Table No. 1-A of the 2006 <u>2009</u> IBC/IRC, as adopted by the city council, and are based on the valuation of the work being performed.	
Total Valuation	Fee
\$1.00 to \$500.00	\$. 50.00 <u>50.00</u>
\$501.00 to \$2,000.00	\$30.00 <u>\$50.00</u> for the first \$500.00 plus \$3.05 for each additional \$100.00, or fraction thereof, to and including \$2,000.00

\$2,001.00 to \$25,000.00	\$69.25 for the first \$2,000.00 plus \$14.00 for each additional \$1,000.00, or fraction thereof, to and including \$25,000.00
\$25,001.00 to \$50,000.00	\$391.25 for the first \$25,000.00 plus \$10.10 for each additional \$1,000.00, or fraction thereof, to and including \$50,000.00
\$50,001.00 to \$100,000.00	\$643.75 for the first \$50,000.00 plus \$7.00 for each additional \$1,000.00, or fraction thereof, to and including \$100,000.00
\$100,001.00 to \$500,000.00	\$993.75 for the first \$100,000.00 plus \$5.60 for each additional \$1,000.00, or fraction thereof, to and including \$500,000.00
\$500,001.00 to \$1,000,000.00	\$3,233.75 for the first \$500,000.00 plus \$4.75 for each additional \$1,000.00, or fraction thereof, to and including \$1,000,000.00
\$1,000,000.00 and up	\$5,680.75 for the first \$1,000,000.00 plus \$3.65 for each additional \$1,000.00, or fraction thereof

1. A. Plan review fees (paid at the time of submitting plans) equal to 65% of the building permit fees.
- B. Reinspection fees for called inspections when access is not provided or work is not ready: \$75.00 under IBC/IRC Sections ~~108~~ 109.
- C. Revision fees for additional plan review or inspections when the work authorized by permit changes: \$75.00 per Table 1-A under IBC/IRC Sections ~~108~~ 109 (minimum charge – one hour).
- D. Inspections for which no fee is specifically indicated (minimum charge – one hour): \$75.00 per hour.*
2. Building valuation shall be based on the building valuation data sheet contained within each year's May issue of the "Building Safety Journal" magazine published by the International Code Council (ICC) including "The Cost Modifier of 1.09," on file with the city building official.
3. Decks, carports (open on three sides), ramps, unheated sunrooms, cover porches and stairs are assessed at \$15.00 per square foot per submittal.
4. Unfinished basements (no heat, insulation and/or sheetrock) are assessed at \$40.00 per square foot.
5. Single-wide mobile homes \$200.00, double-wide \$300.00 for permit base fee.
6. State Building Code Council surcharge fee: \$4.50 per building permit, plus \$2.00 each dwelling unit.
7. For miscellaneous applications, plan reviews and permits including expired applications and permits for which no fee is specified: Fee will be at a rate of \$75.00 per hour with a minimum fee of one hour at \$75.00.*

*Or the total hourly cost to the jurisdiction, whichever is the greatest. This cost shall include supervision, overhead, equipment, hourly wages and fringe benefits of the employees involved.

**TABLE A-J-A INTERNATIONAL BUILDING CODE 2006 2009
GRADING PLAN REVIEW FEES**

50 cubic yards (38.2 m ³) or less, when located in a designated critical area	\$100.00
51 to 100 cubic yards (40m ³ to 76.5 m ³)	\$120.00
101 to 1,000 cubic yards (77.2 m ³ to 764.6 m ³)	\$160.00
1,001 to 10,000 cubic yards (765.3 m ³ to 7,645.5 m ³)	\$200.00
10,001 to 100,000 cubic yards (7,646.3 m ³ to 76,455 m ³) – \$300.00 for the first 10,000 cubic yards (7,645.5 m ³) plus \$40.00 for each additional 10,000 cubic yards (7,645.5 m ³) or fraction thereof.	
100,001 to 200,000 cubic yards (76,456 m ³ to 152,911 m ³) – \$300.00 for the first 100,000 cubic yards (76,455 m ³), plus \$60.00 for each additional 10,000 cubic yards (7,645.5 m ³) or fraction thereof.	
200,001 cubic yards (152,912 m ³) or more – \$500.00 for the first 200,000 cubic yards (152,911 m ³), plus \$100.00 for each additional 10,000 cubic yards (7,645.5 m ³) or fraction thereof.	

Other Fees:	
1. Additional plan review required by changes, additions or revisions to approved plans (minimum charge – one hour):	\$75.00 per hour.
2. Clearing plan review as specified under MMC <u>19.28.020</u> :	\$75.00 per hour.*

Or the total hourly cost to the jurisdiction, whichever is the greatest. This cost shall include supervision, overhead, equipment, hourly wages and fringe benefits of the employees involved. For miscellaneous applications, plan reviews and permits including expired applications and permits for which no fee is specified: Fee will be at a rate of \$75.00 per hour with a minimum fee of one hour at \$75.00.

GRADING PERMIT FEES

Base permit fee	\$100.00
50 cubic yards (38.2 m ³) or less, when located in a designated critical area	\$120.00
51 to 100 cubic yards (40 m ³ to 76.5 m ³)	\$160.00
101 to 1,000 cubic yards (77.2 m ³ to 764.6 m ³) – \$200.00 for the first 100 cubic yards (76.5 m ³) plus \$20.00 for each additional 100 cubic yards (76.5 m ³) or fraction thereof.	
1,001 to 10,000 cubic yards (765.3 m ³ to 7,645.5 m ³) – \$300.00 for the first 1,000 cubic yards (764.6 m ³), plus \$40.00 for each additional 1,000 cubic yards (764.6 m ³) or fraction thereof.	
10,001 to 100,000 cubic yards (7,646.3 m ³ to 76,455 m ³) – \$500.00 for the first 10,000 cubic yards (7,645.5 m ³), plus \$60.00 for each additional 10,000 cubic yards (7,645.5 m ³) or fraction thereof.	
100,001 cubic yards (76,456 m ³) or more – \$500.00 for the first 100,000 cubic yards (76,455 m ³), plus \$80.00 for each additional 10,000 cubic yards (7,645.5 m ³) or fraction thereof.	
Other Inspections and Fees:	
1. Inspections outside of normal business hours (minimum charge – one hour)	\$75.00 per hour*
2. Re-inspection fees assessed under provisions of IBC Section 108.8	\$75.00 per hour*
3. Inspections for which no fee is specifically indicated (minimum charge – one hour)	\$75.00 per hour*
4. Clearing permit fees as specified under MMC <u>19.28.020</u> or	\$75.00 per hour*

*Or the total hourly cost to the jurisdiction, whichever is the greatest. This cost shall include supervision, overhead, equipment, hourly wages and fringe benefits of the employees involved.

For miscellaneous applications, plan reviews and permits including expired applications and permits for which no fee is specified: Fee will be at a rate of \$75.00 per hour with a minimum fee of one hour at \$75.00.*

16.04.050 Section ~~108.2~~ 109.2 amended – Plan review fees and refunds.

Section 108.2 of the International Residential Code is amended to read as follows:

1. When a plan or other data are required to be submitted by Section ~~108.2~~ 109.2, a plan review fee shall be paid at the time of submitting plans and specifications for review. Except as provided below, said plan review fee shall be 65 percent (65%) of the building permit fee as shown in 2006 ~~2009~~ IBC-IRC Table 1-A Building Permit Fees. A plan may be established as a "basic" plan, to be used multiple times within a subdivision. "Basic" plan review fees are 35 percent (35%) of the building permit fee for each subsequent permit

application utilizing an established plan. No structural modifications or increases in square footage are allowed on a basic plan. If additional engineering review is required due to lot conditions, a new plan must be submitted for review.

2. Sections ~~108.5~~ 109 and ~~108.6~~ 109.6 amended – Refunds. The building official may authorize refunding of not more than 70 percent (70%) of the plan review or permit fee paid when no review or work has been done. The building official shall not authorize refunding of any fee paid except on written application filed by the original permittee not later than 90 days after the date of the fee payment.

16.04.060 Section 903.2.1 amended – Sprinkler systems – Group A Occupancies.

Section 903.2.1 of the International Building Code as enacted by the city and previously amended is hereby repealed and a new Section 903.2.1 is enacted to be added to the building code reading as follows:

Marysville Municipal Code Section 903.2.1 Group A Occupancies. An automatic sprinkler system shall be installed in all Group A Occupancies, other than those rooms used by the occupants for the consumption of alcoholic beverages, that have 8,000 square feet or more of floor area.

16.04.070 Section ~~903.2.2~~ 903.2.3 amended – Fire-extinguishing systems – Group E Occupancies.

Section 903.2.2 of the International Building Code as enacted by the city and previously amended is hereby repealed and a new Section ~~903.2.2~~ 903.2.3 is enacted to be added to the building code reading as follows:

Section ~~903.2.2~~ 903.2.3 General. An automatic fire-extinguishing system shall be installed in all newly constructed buildings classified as Group E Occupancy.

16.04.080 Section ~~903.2.3~~ 903.2.4 amended – Sprinkler systems – Group F Occupancies.

Section 903.2.3 of the International Building Code as enacted by the city and previously amended is hereby repealed and a new Section 903.2.3 is enacted to be added to the building code reading as follows:

Section ~~903.2.3~~ 903.2.4.1 Group F occupancies. An automatic fire sprinkler system shall be installed in Group F occupancies over 2,500 square feet in area that use equipment, machinery or appliances that generate finely divided combustible waste or that use finely divided combustible materials. All other Group F occupancies that have 8,000 square feet or more of floor area shall be provided with an automatic fire sprinkler system.

16.04.090 Section ~~903.2.4~~ 903.2.5 amended – Fire-extinguishing systems – Group H Occupancies.

Section ~~903.2.4~~ 903.2.5 of the International Building Code as enacted by the city and previously amended is hereby repealed and a new Section ~~903.2.4~~ 903.2.5 is enacted to be added to the building code reading as follows:

Section ~~903.2.4~~ 903.2.5 General. An automatic fire-extinguishing system shall be installed in all Group H Divisions.

16.04.100 Section ~~903.2.6~~ 903.2.7 amended – Sprinkler systems – Group M and B Occupancies.

Section 903.2.6 903.2.7 of the International Building Code as enacted by the city and previously amended is hereby repealed and a new Section 903.2.6 is enacted to be added to the building code reading as follows:

Section 903.2.6 903.2.7 Group M and B Occupancies. An automatic sprinkler system shall be installed in rooms classed as Group M Occupancies where the floor area is 8,000 square feet or more. The area of mezzanines shall be included in determining the areas where sprinklers are required.

16.04.110 Section ~~903.2.7~~ 903.2.8 amended – Sprinkler systems – Group R Occupancies.

Section 903.2.7 of the International Building Code as enacted by the city and previously amended is hereby repealed and a new Section ~~903.2.7~~ 903.2.8 is enacted to be added to the building code reading as follows:

Section 903.2.7 Group R Occupancies. An automatic sprinkler system shall be installed throughout every apartment house three (3) or more stories in height or containing five (5) or more dwelling units, townhomes and every congregate residence three (3) or more stories in height or having an occupant load of five (5) or more, and every hotel three or more stories in height or containing five (5) or more guest rooms and a residential occupancy three (3) or more stories in height. Residential or quick-response standard sprinklers shall be used in the dwelling units and guest room portions of the building.

16.04.120 Section ~~903.2.8~~ 903.2.9 added – Sprinkler systems – Group S Occupancies.

A new Section 903.2.8 903.2.9 is hereby enacted and added to the International Building Code as previously enacted and amended by the city reading as follows:

Section 903.2.8 903.2.9 Group S Occupancies. An automatic sprinkler system shall be installed throughout all Group S occupancies that have 8,000 square feet or more of floor area.

Section 903.2.8.1. 903.2.9 In all Group S-1 mini-storage occupancies.

Section 903.2.8.2. 903.2.9 Repair garages where the use of open flame or welding is conducted with a fire area exceeding 3,000 square feet.

16.04.130 Section 903.2.14 added – Fire barriers.

A new Section 903.2.14 is hereby enacted and added to the International Building Code as previously enacted and amended by the city reading as follows:

Section 903.2.14. For the purposes of Section 903, fire barriers shall not define separate buildings.

16.04.140 Section ~~1018.2~~ 1021 amended – Number of exits.

Section ~~1018.2~~ 1021.2 of the International Building Code is amended in part to read as follows:

(a) Number of Exits. Every building or usable portion thereof shall have at least one (1) exit, and shall have not less than two (2) exits where required by Table No. ~~1018.2-~~ 1021.2

In all occupancies, floors, balconies and mezzanines above the main story having an occupant load of more than ten (10) shall have not less than two (2) exits.

Each mezzanine used for storage purposes, if greater than 2,000 square feet or more than 60 feet in any dimension, shall have not less than two (2) stairways to an adjacent floor.

All remaining portions of Section ~~1018-~~ 1021 shall remain unamended.

16.04.160 Requirements for moved buildings.

The term "moved building" shall mean any structure designed for human occupancy that is moved horizontally or vertically for 10 feet or more when either the original site or its new site is located within the city of Marysville; it does not mean factory-built housing which is being moved into the city directly from the factory, or mobile/manufactured homes. In addition to all requirements of the International Building and Residential Codes, the following provisions shall apply to moved buildings:

(1) Before any building shall be moved into or within the city of Marysville, a moving permit shall be obtained from the city building official. The fee for said permit shall be the minimum building permit fee specified in the International Building and Residential Codes, plus the state surcharge. The application for the moving permit shall state the proposed moving date, the proposed moving route and the location of the new site for the building. A moving permit shall be issued only upon approval by both the building official and the street superintendent;

(2) No building shall be moved to or stored upon any site in the city of Marysville which is not a location approved in a moving permit issued by the city;

(3) Within 10 days after a building is moved to a new site in the city of Marysville, the owner shall apply for a building permit to place it on a permanent foundation and to bring it into compliance with the International Building and Residential Codes;

(4) Within 180 days after a building is moved to a new site within the city of Marysville, it shall be brought into full compliance with all applicable city codes and be ready for final approval by the building official. In hardship cases involving unforeseen circumstances, the building official shall be authorized to extend this time period for up to 60 additional days.

16.04.170 Requirements for Solar Photovoltaic Power Systems.

Solar power systems shall be installed in accordance with MMC 9.04.0605, the International Building Code and NFPA 70. Permit fees will be based from project valuation and Table 1-A Building Permit Fees.

Section 2. Marysville Municipal Code Chapter 16.08 entitled "PLUMBING CODE" is amended to read as follows:

**Chapter 16.08
PLUMBING CODE**

Sections:

16.08.010 Adoption.

- 16.08.015 Subsequent amendments.
- 16.08.075 Table 1-A adopted – Schedule of fees and refunds.
- 16.08.080 Section 20.14 amended – Board of plumber appeals.
- 16.08.120 Section 20.17 added – Appendices.
- 16.08.130 Water conservation performance standards.
- ~~16.08.140~~ Pressure regulating valves.

Prior legislation: Ords. 507, 556, and 621.

16.08.010 Adoption.

A certain document, not less than one copy of which is on file in the office of the building official of the city of Marysville, being marked and designated as the "Uniform Plumbing Code, ~~2006~~ 2009 Edition," published by the International Code Council, and appendices thereto, are adopted as the plumbing code of the city of Marysville for regulating the installation, removal, alteration or repair of plumbing and drainage systems and fixtures and water heating and treating equipment. Each and every one of the regulations, provisions, conditions and terms of the code are incorporated and made a part of this chapter as if fully set forth in this chapter.

16.08.015 Subsequent amendments.

All amendments or supplements to the Uniform Plumbing Code which are hereinafter adopted by the International Code Council and by the state of Washington as a part of the State Building Code, Chapters 51-56 and 51-57 WAC, shall become a part of this code in all respects insofar as it is applied and enforced within the jurisdictional boundaries of the city of Marysville.

16.08.075 Table 1-A adopted – Schedule of fees and refunds.

The schedule of fees specified in Table 1-A entitled "Plumbing Permit Fees" is hereby adopted.

Section 103.4.5 amended – Refunds.

The building official may authorize refunding of not more than ~~80~~ 70 percent of the plan review or permit fee paid when no review or work has been done. The building official shall not authorize refunding of any fee paid except on written application filed by the original permittee not later than 90 days after the date of the fee payment.

**Table 1-A Uniform Plumbing Code ~~2006~~ 2009
UPC Table 1-A – Plumbing Permit Fees**

Permit Issuance

- | | |
|---|-----------------------------------|
| 1. For issuing each permit | \$30.00 <u>\$50.00</u> |
| 2. For issuing each supplemental permit | \$30.00 |

Unit Fee Schedule (in addition to items 1 and 2 above)

- | | |
|---|----------|
| 1. For each plumbing fixture on one trap or a set of fixtures on one trap (including water, drainage piping and backflow protection therefor) | \$15.00 |
| 2. For each grinder pump | \$150.00 |
| 3. Rainwater systems – per drain (inside building) | \$15.00 |
| 4.* Water service connection: water line from meter to house or structure | \$50.00 |

	Approval required from Health/Snohomish County
5. For each private sewage disposal system	
6. For each water heater and/or vent	\$15.00
7. For each gas piping system of one to five outlets	\$15.00
8. For each additional gas piping system outlet, per outlet	\$15.00
9. For each industrial waste pretreatment interceptor including its trap and vent, except kitchen-type grease interceptors functioning as fixture traps	\$15.00
10. For each installation, alteration or repair of water piping and or water treating equipment, each	\$15.00
11. For each repair or alteration of drainage or vent piping, each fixture	\$15.00
12. For each lawn sprinkler system on any one meter including backflow protection devices therefor	\$15.00
13. For atmospheric-type vacuum breakers not included in Item 12:	
to 5	\$10.00
over 5, each	\$10.00
14. For each backflow protective device other than atmospheric-type vacuum breakers:	
2 inch (51 mm) diameter and smaller	\$10.00
over 2 inch (51 mm) diameter	\$10.00
15. For each graywater system	\$15.00
16. For initial installation and testing for a reclaimed water system	\$15.00
17. For each annual cross-connection testing of a reclaimed water system (excluding initial test)	\$15.00
18. For each medical gas piping system serving one to five inlet(s)/outlet(s) for a specific gas	\$25.00
19. For each additional medical gas inlet(s)/outlet(s)	\$25.00
20. For each fire sprinkler system including \$0.50 per head	\$50.00
21. For each industrial waste pretreatment grease interceptor including its trap and vent, and inspections	\$30.00

Other Inspections and Fees:

1. Inspections outside of normal business hours	\$75.00
2. Reinspection fee under Section 103.5.6	\$75.00
3. Inspections for which no fee is specifically indicated	\$75.00
4. Additional plan review required by changes, additions or revisions to approved plans (minimum charge – one hour)	\$75.00
5. Jurisdiction may issue permit fees from project valuation and/or the hourly cost to cover employee inspection time, whichever is greatest.	
6. Typical plan review fees for plumbing work shall be equal to 25% of the total permit fee as set forth in Table 1-A and Section 103.4.	
7. For miscellaneous applications, plan reviews and permits including expired applications and permits for which no fee is specified: Fee will be at a rate of \$75.00 per hour with a minimum fee of one hour at \$75.00 or the total hourly cost to the jurisdiction, whichever is greatest. This cost shall include supervision, overhead, equipment, hourly wage and fringe benefits of the employees	

involved.

*Put on building application for plumbing if new construction or connecting to city sewer and water.

16.08.080 Section 20.14 amended – Board of plumber appeals.

Appeals from any ruling made under this chapter may be made to the building code board of appeals. Procedural rules concerning appeals shall be as provided in the building code.

16.08.120 Section 20.17 added – Appendices.

There is added to the administration chapter of the Uniform Plumbing Code a new Section 20.17, which shall read as follows:

20.17 Appendices. All ~~The following~~ appendices A, B, D, I, L of the ~~2006~~ 2009 Edition of the Uniform Plumbing Code are incorporated by reference and made a part of this chapter.

16.08.130 Water conservation performance standards.

Water conservation performance standards specified in RCW 19.27.170 are now included in the body of the Uniform Plumbing Code.

~~**16.08.140 Pressure regulating valves.**~~

~~Where static water service pressure exceeds 80 pounds per square inch, a pressure-regulating valve shall be installed and maintained in the consumer's piping between the meter and the first point of water use, and set at not more than 50 pounds per square inch when measured at the highest fixture in the structure served. This requirement may be waived if the consumer presents evidence satisfactory to the city that excessive pressure has been considered in the design of water using devices and that no water will be wasted as a result of high pressure operation. (Ord. 2740 § 2, 2008; Ord. 2708 § 2, 2007; Ord. 2523 § 2, 2004; Ord. 1807 § 2, 1990).~~

Section 3. Marysville Municipal Code Chapter 16.10 is amended to be entitled "WASHINGTON STATE ENERGY CODE"~~ENERGY EFFICIENCY AND CONSERVATION STANDARDS~~ is amended to read as follows:

**Chapter 16.10
WASHINGTON STATE ENERGY CODE ~~ENERGY EFFICIENCY AND
CONSERVATION STANDARDS~~**

Sections:

16.10.030 Washington State Energy Code adopted.

~~16.10.040 Violations Penalties.~~

16.10.030 Washington State Energy Code adopted.

Pursuant to RCW 19.27A.020, The Washington State Energy Code, (WAC Chapters 51-11 or as amended), ~~51-12 and 51-13 WAC~~, is adopted and incorporated into and made a part of this chapter by reference. Said code shall apply to all heated residential and nonresidential construction. (Ord. 1948 § 11, 1993; Ord. 1762 § 2, 1990).

~~16.10.040 Violations—Penalties:~~

~~It is unlawful for any person, firm or corporation to erect or construct any building, or remodel or rehabilitate any existing building or structure in the city, or allow the same to be done, contrary to or in violation of any of the provisions of this chapter. Violations of this chapter are misdemeanors and shall be punished pursuant to MMC ~~1.01.080~~. (Ord. 1762 § 2, 1990).~~

Section 4. Marysville Municipal Code Chapter 16.28 entitled "MECHANICAL CODE" is amended to read as follows:

**Chapter 16.28
MECHANICAL CODE**

Sections:

- 16.28.010 Adoption by reference.
- 16.28.015 Fee schedule adopted and refunds.
- 16.28.020 Subsequent amendments.
- 16.28.035 Solid-fuel-burning appliances.
- 16.28.040 Penalty for violation.
- 16.28.045 Appeals.

16.28.010 Adoption by reference.

A certain document, not less than one copy of which is filed in the office of the building official of the city of Marysville, being marked and designated as the "International Mechanical Code, ~~2006~~ 2009 Edition," and Appendix Chapter A thereto, published by the International Code Council, and the "International Fuel Gas Code, ~~2006~~ 2009 Edition," is adopted as the mechanical code of the city of Marysville for regulating the installation and maintenance of heating, ventilating, cooling and refrigeration systems, providing for the issuance of permits and the collection of fees therefor, and providing penalties for the violation thereof. Each and all of the regulations, provisions, penalties, conditions and terms of said code are incorporated and made a part of this chapter as if fully set forth herein.

16.28.015 Fee schedule adopted and refunds.

Sections 106.5.2 and ~~2006~~ 2009 IMC Table 1-A of the International Mechanical Code, "Mechanical Permit Fees," is hereby adopted.

Section 106.5 Fee funds amended – Refunds:

The building official may authorize refunding of not more than ~~80~~ 70 percent of the plan review or permit fee paid when no review or work has been done. The building official shall not authorize refunding of any fee paid except on written application filed by the original permittee not later than 90 days after the date of the fee payment.

**~~2006~~ 2009 IMC INTERNATIONAL MECHANICAL CODE
TABLE 1-A MECHANICAL PERMIT FEES**

Permit Issuance and Heaters

- | | |
|---|---------------------------|
| 1. For the issuance of each mechanical permit | \$30.00
<u>\$50.00</u> |
| 2. For issuing each supplemental permit for which the original permit has not expired, been canceled or finalized | \$15.00
<u>\$30.00</u> |

Unit Fee Schedule

(Note: The following do not include permit-issuing fee.)

1. Furnaces

For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance up to and including 100,000 Btu/h (29.3 kW)	\$20.00
For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance over 100,000 Btu/h (29.3 kW)	\$20.00
For the installation or relocation of each floor furnace, including vent	\$20.00
For the installation or relocation of each suspended heater, recessed wall heater or floor-mounted unit heater	\$20.00

2. Appliance Vents

For the installation, relocation or replacement of each appliance vent installed and not included in an appliance permit	\$20.00
--	---------

3. Repairs or Additions

For the repair of, alteration of, or addition to each heating appliance, refrigeration unit, cooling unit, absorption unit, or each heating, cooling, absorption or evaporative cooling system, including installation of controls regulated by the Mechanical Code	\$20.00
---	---------

4. Boilers, Compressors and Absorption Systems

For the installation or relocation of each boiler or compressor to and including 3 horsepower (10.6 kW), or each absorption system to and including 100,000 Btu/h (29.3 kW)	\$20.00
For the installation or relocation of each boiler or compressor over 3 horsepower (10.6 kW) to and including 15 horsepower (52.7 kW), or each absorption system over 100,000 Btu/h (29.3 kW) to and including 500,000 Btu/h (146.6 kW)	\$30.00
For the installation or relocation of each boiler or compressor over 15 horsepower (52.7 kW) to and including 30 horsepower (105.5 kW), or each absorption system over 500,000 Btu/h (146.6 kW) to and including 1,000,000 Btu/h (293.1 kW)	\$40.00
For the installation or relocation of each boiler or compressor over 30 horsepower (105.5 kW) to and including 50 horsepower (176 kW), or each absorption system over 1,000,000 Btu/h (293.1 kW) to and including 1,750,000 Btu/h (512.9 kW)	\$60.00
For the installation or relocation of each boiler or compressor over 50 horsepower (176 kW), or each absorption system over 1,750,000 Btu/h (512.9 kW)	\$99.00

5. Air Handlers

For each air-handling unit to and including 10,000 cubic feet per minute (cfm) (4,719 L/s), including ducts attached thereto	\$20.00
--	---------

Note: This fee does not apply to an air-handling unit which is a portion of a factory-assembled appliance, cooling unit, evaporative cooler, or absorption unit for which a permit is required elsewhere in the Mechanical Code.

For each air-handling unit over 10,000 cfm (4,719 L/s)	\$20.00
--	---------

6. Evaporative Coolers

For each evaporative cooler other than portable type	\$20.00
--	---------

7. Ventilation and Exhaust

For each ventilation fan connected to a single duct	\$20.00
For each ventilation system which is not a portion of any heating or air-conditioning system authorized by a permit	\$20.00
For the installation of each hood which is served by mechanical exhaust, including the ducts for such hood	\$20.00

8. Incinerators

For the installation or relocation of each domestic-type incinerator	\$20.00
For the installation or relocation of each commercial or industrial-type incinerator	\$16.00

9. Miscellaneous

For each appliance or piece of equipment regulated by the Mechanical Code but not classed in other appliance categories, or for which no other fee is listed in the table, i.e., fire/smoke dampers	\$20.00
<u>For each additional supply or return air diffuser</u>	
When Chapter 13 is applicable, permit fees for fuel gas piping shall be:	<u>\$10.00</u>
Gas Piping System	
For each gas piping system of one to four outlets	\$20.00
For each additional outlet exceeding four, each	\$10.00
When Chapter 14 is applicable, permit fees for process piping shall be as follows:	
For each hazardous process piping system (HPP) of one to four outlets	\$10.00
For each hazardous process piping system of five or more outlets, per outlet	\$10.00
For each nonhazardous process piping system (NPP) of one to four outlets	\$10.00
For each nonhazardous piping system of five or more outlets, per outlet	\$10.00

Other Inspections and Fees

1. Inspections outside of normal business hours, per hour (minimum charge – two hours) \$75.00*
2. Reinspection fees assessed under provisions of Section 106.5.2, per inspection \$75.00*
3. Inspections for which no fee is specifically indicated, per hour (minimum charge – one-half hour) \$75.00*
4. Additional plan review required by changes, additions or revisions to plans or to plans for which an initial review has been completed (minimum charge – one-half hour) \$75.00*
5. Jurisdiction may issue permit fees from project valuation and/or the hourly cost to cover employee inspection time, whichever is greatest.
6. Typical plan review fees for mechanical work shall be equal to 25% of the total permit fee as set forth in Table 1-A and 106.5.2.
7. For miscellaneous applications, plan reviews and permits including expired applications and permits for which no fee is specified: Fee will be at a rate of \$75.00 per hour with a minimum fee of one hour at \$75.00.

*Or the total hourly cost to the jurisdiction, whichever is the greatest. This cost shall include supervision, overhead, equipment, hourly wages and fringe benefits of the employees involved.

16.28.020 Subsequent amendments.

All amendments or supplements to the International Mechanical Code or the Appendix Chapter A thereto, hereinafter adopted, by the International Code Council shall become a part of the code in all respects insofar as it is applied and enforced within the jurisdictional boundaries of the city of Marysville.

16.28.035 Solid-fuel-burning appliances.

No used solid-fuel-burning appliances shall be installed in new or existing buildings unless such device is United States Environmental Protection Agency certified, including pellet stoves.

16.28.040 Penalty for violation.

Any person willfully violating or failing to comply with any of the provisions of this chapter shall, upon conviction, be punished according to the provisions set forth in MMC 1.01.080.

16.28.045 Appeals.

Appeals from any ruling made under this chapter may be made to the building code board of appeals. Procedural rules concerning appeals shall be as provided in the building code.

Section 5. Severability. If any section, subsection, sentence, clause, phrase or word of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality thereof shall not affect the validity or constitutionality of any other section, subsection, sentence, clause, phrase or word of this ordinance.

Section 6. Effective Date. This ordinance shall become effective five days after the date of its publication by summary.

CITY OF MARYSVILLE AGENDA BILL
EXECUTIVE SUMMARY FOR ACTION

CITY COUNCIL MEETING DATE: 10/24/2011

AGENDA ITEM: Resolution Accepting Gift from Marysville Little League for Rudy Wright Field Repairs	
PREPARED BY: Jim Ballew DEPARTMENT: Parks and Recreation	DIRECTOR APPROVAL:
ATTACHMENTS: Resolution	
BUDGET CODE:	AMOUNT: \$1,987.56

SUMMARY:

The playground apparatus located at Rudy Wright Field has been closed due to vandalism of the structure. Marysville Little League has provided funds to purchase replacement components that will allow the city to re-open once installed by Parks personnel. Marysville Little League has donated \$1,987.56 to acquire the necessary replacement equipment.

The supporting Resolution accepts the gift of funds subject to conditions.

RECOMMENDED ACTION: Staff recommends that Council Authorize the Mayor to sign the Resolution Accepting the Gift of \$1,987.56 from Marysville Little League subject to conditions.

CITY OF MARYSVILLE
Marysville, Washington

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF MARYSVILLE FOR THE
ACCEPTANCE OF A GIFT SUBJECT TO CONDITIONS.

WHEREAS, Marysville Little League has made a gift of one thousand nineteen hundred eighty-seven dollars and fifty six cents dollars (\$1,987.56) towards the Marysville Parks Department facilities repair budget; and

WHEREAS, said gift was provided by the Marysville Little League for the purpose of making repairs to the playground system located at Rudy Wright Field and to be utilized in purchasing replacement equipment vandalized which required closure of the play area; and

WHEREAS, the City Council does have the ultimate authority for acceptance and use of said contributions consistent with the donor's intent.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARYSVILLE AS FOLLOWS:

The City of Marysville hereby gratefully accepts the gift from Marysville Little League subject to the conditions under which such gift was donated.

PASSED by the City Council and APPROVED by the Mayor this ____ day of _____, 2011.

CITIES OF SNOHOMISH COUNTY

2011-2012 State Legislative Agenda

This Legislative Agenda, which reflects input from the Cities of Snohomish County, expresses a collective position on key items that are expected to arise in the form of legislation, budget decisions, or policy decisions in the upcoming Session of the Legislature.

Aerospace Industry

- Support the Washington Aerospace Partnership and other stakeholder groups in developing a unified strategy (e.g., training & education, research & development, Office of Aerospace and Defense, unemployment insurance tax, worker's compensation, transportation infrastructure) to ensure that Washington State remains the leading location in the world for aerospace. Led by The Boeing Company, the aerospace industry within Snohomish County employs as many as 45,000 people, while one out of every three to six Washington State jobs is supported either directly or indirectly by the aerospace industry.

Economic Development

- Support "tax-increment financing (TIF)", which is a tool used by most other states to foster economic and community development to allow cities to proactively implement their Comprehensive Plans and to ensure local, regional and national competitiveness.
- Support additional financial resources for Local Revitalization Financing (LRF) program and Local Infrastructure Finance Tool (LIFT) to allow those cities who currently qualify to participate.

Local Transportation and Capital Facilities

- Support legislation such as a transportation revenue package that ensures local distribution and local funding options to provide cities sustainable and adequate funding for vital infrastructure investments that is capable of promoting economic growth and prosperity to the cities of Snohomish County.
- Fully fund Public Works Trust Fund (PWTF) and Transportation Improvement Board (TIB) programs to provide cities funding for infrastructure and economic development purposes; no additional diversion or 'sweeping' of capital accounts such as the Public Works Trust Fund.
- Support investment in key transportation corridors such as U.S. 2, SR-9, and I-5, which are critical to the quality of life and the movement of people and goods throughout Snohomish County.

Growth Management Act

- Reform of annexation statutes and those dealing with the role of cities, counties and special purpose districts in urban areas to include: require joint planning in unincorporated urban growth areas; removing referendum from annexation process; limiting the authority of boundary review boards; and legislation that allows counties the ability to levy a utility tax, if it is restricted to unincorporated areas and there are accommodations for the needs of cities, in those areas, such as annexation financing assistance.

Unfunded Mandates and Preemption of Local Authority

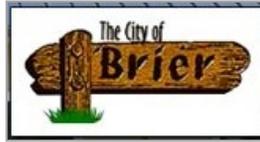

- Strongly oppose any legislation that: imposes an "unfunded mandate" without additional funding to support these programs; attempts to erode local revenue or tax authority such as local state-shared revenues that are critical to the financial health of cities; and pre-empts local authority over any policy or operational matter traditionally and historically vested with local government.
