5.46.010 Definitions.

(1) "Special events" include any event which is to be conducted on public property or on a public right-of-way; and, also, any event held on private property which would have a direct significant impact on traffic congestion; or traffic flow to and from the event over public streets or rights-of-way; or which would significantly impact the need for city-provided emergency services such as police, fire or medical aid. It is presumed that any event on private property which involves an open invitation to the public to attend or events where the attendance is by private invitation of 100 or more people are each presumed to be an event that will have a direct significant impact on the public streets, rights-of-way or emergency services. Special events might include, but not be limited to, fun runs, roadway foot races, fundraising walks, auctions, bikeathons, parades, carnivals, shows or exhibitions, filming/movie events, circuses, block parties, markets, sporting events and fairs. (Ord. 2099 § 1, 1996).

5.46.020 Permit required.

(Ord. 2099 § 3, 1996).

(2) The applicant is required to contract with the Marysville police department and public works department to employ police officers for security and traffic control as determined by the departmental analysis.

(3) Cost of city services, i.e., police, public works employees, etc. for special events will be estimated prior to the event. NOW, THEREFORE, in consideration of covenants, conditions, performances and promises hereinafter contained, the parties hereto agree as follows:

1.0 TASK FORCE CONTINUATION, TERM, AND PURPOSE

- 1.1 The countywide multi-jurisdictional task force, composed of law enforcement, prosecutor, and support personnel, known as the Snohomish Regional Drug Task Force (hereinafter "Task Force") was created pursuant to the Interlocal Agreement Among Participating Jurisdictions dated January 18, 1988. The Task Force has operated on a continuous basis since that time under a series of interlocal agreements, the most recent effective from July 1, 2006, through June 30, 2007. This agreement shall serve to continue the operation of the Task Force.
- 1.2 The effective date of this agreement shall be from July 1, 2007, through June 30, 2008, unless earlier terminated or modified as provided in this agreement.
- 1.3 The purpose of the Task Force shall be to formally structure and jointly coordinate selected law enforcement activities, resources, and functions in order to disrupt illegal drug trafficking systems and to remove traffickers through a cooperative program of investigation, prosecution, and asset forfeiture.
- 1.4 The Task Force agrees to perform the statement of work indicated in the Task Force Abstract set forth in the application for funding between CTED and Snohomish County. Therefore each participating jurisdiction adopts the following Task Force goals:
 - Continue to attack the demand and supply sides of narcotics trafficking.
 - Continue enforcement efforts directed toward mid and upper level dealers.

- Continue to assist smaller agencies within Snohomish County with narcotics enforcement within their towns and cities.
 - Continue to provide narcotics enforcement training to smaller jurisdictions throughout Snohomish County.
- 1.5 The Task Force shall continue to follow a management system for the shared coordination and direction of personnel as well as financial, equipment and technical resources as stated in this agreement.
- 1.6 The Task Force shall continue to implement operations, including:
- a. Development of intelligence
 - b. Target identification
 - c. Investigation
 - d. Arrest of Suspects
 - e. Successful prosecution of offenders, and
 - f. Asset forfeiture/disposition
- 1.7 The Task Force shall evaluate and report on Task Force performance to CTED as required in the Grant Contract.

2.0 ORGANIZATION

2.1 The Task Force shall be organized as shown below:

TASK FORCE ORGANIZATION CHART

- 2.2 The Task Force Executive Board shall be comprised of the Snohomish County Prosecuting Attorney, the Snohomish County Sheriff, the Everett Police Chief, the Everett City Prosecutor, and one (1) chief of police from the remaining Participating Jurisdictions chosen by the chiefs of police of the remaining Participating Jurisdictions. The Snohomish County Sheriff shall serve as Chair of the Executive Board. The Task Force Executive Board may adopt bylaws providing for appointment of alternates to attend Executive Board meetings in the absence of members. At such meetings the alternate shall have the same rights as the appointing member. Any action taken by the Task Force Executive Board under this agreement shall be based on a majority vote.
- 2.3 All law enforcement personnel assigned to the Task Force shall be directed in their Task Force duties by the Snohomish County Sheriff's Office (SCSO) through the Task Force Commander. The Task Force Commander will be an employee of Snohomish County for all purposes and, if not a regular SCSO deputy, will hold a special commission for that purpose.
- 2.4 Exhibit "A", incorporated herein by this reference, sets forth the personnel and related equipment and supplies currently assigned to the Task Force by each Participating Jurisdiction. Nothing in this agreement shall restrict the ability of the Snohomish County Prosecuting Attorney, Snohomish County Sheriff, Everett Police Chief, or chief law enforcement officer of any Participating Jurisdiction to reassign personnel and related equipment and supplies now or later assigned to the Task Force.

3.0 FINANCING

- 3.1 Exhibit “B” sets forth the Task Force operating budget and is incorporated herein by reference. Participating Jurisdictions in the aggregate agree to provide funds that will allow for at least a one-third match of the funds awarded under the Grant Contract.
- 3.2 Exhibit “C” sets forth the Local Match breakdown for the period from July 1, 2007, to June 30, 2008, and is incorporated herein by reference. Although State and/or Federal Grant funds may vary from the amount initially requested, each Participating Jurisdiction agrees to provide funding that is no less than the amount indicated in Exhibit “C”, and to pay its funding share to Snohomish County as administrator of Task Force funds promptly upon request.
- 3.3 As required by the Grant Contract, each Participating Jurisdiction agrees the funding it contributes shall be provided in addition to that currently appropriated to narcotics enforcement activities and that no Task Force activity will supplant or replace any existing narcotic enforcement activities.
- 3.4 Except as modified by section 5.3 below, all revenues collected or generated by or for the Task Force shall be forwarded to the Snohomish County Treasurer and placed in a designated special account for the purpose of supporting Task Force operations, and all real or personal property of the Task Force will be held in Snohomish County’s name for the benefit of the Task Force.
- 3.5 Upon termination of the Task Force, all funds remaining in said special account shall be disbursed pro rata to the then-current Participating Jurisdictions in proportion to the percentage of their most recent financial participation as indicated in Exhibit “C”.

4.0 GENERAL ADMINISTRATION

- 4.1 Snohomish County agrees to provide CTED with the necessary documentation to receive grant funds.
- 4.2 By executing this agreement, each Participating Jurisdiction agrees to make any certified assurances required by the Grant Contract that are within its particular control, and agrees to make all its records related to the Task Force available for inspection consistent with the Grant Contract.
- 4.3 All Task Force contracts and agreements executed on behalf of Participating Jurisdictions under this agreement must first be approved on motion of the Task Force Executive Board. By executing this agreement, each Participating Jurisdiction agrees that, for the purpose of administering the assets and resources available to the Task Force, Snohomish County is hereby granted the authority to execute on behalf of the Participating Jurisdictions all agreements and contracts signed as approved by the Task Force Executive Board, by and through its Chair, including but not limited to all contracts for professional services. Agreements and contracts executed in this manner shall have the same legal effect as if they were executed by each Participating Jurisdiction. No such agreement or contract may impose or waive liability with respect to a Participating Jurisdiction in a manner that is inconsistent with the hold harmless provision in section 10.0 of this agreement.
- 4.4 Any dispute arising under this agreement will be forwarded to the Task Force Executive Board for arbitration. The determination made by the Executive Board shall be final and conclusive as between the parties. This provision shall not apply to issues of indemnity and liability

governed by the hold harmless provision in section 10.0 of this agreement.

5.0 ASSET FORFEITURE

- 5.1 The Participating Jurisdictions shall refer all potential asset forfeitures initiated or investigated by officers assigned to the Task Force during the pendency of this agreement to the Task Force for disposition at the discretion of the Task Force Executive Board or prosecuting authority (Prosecuting Attorney or United States Attorney). Any such referred asset forfeiture that is pursued in state court will be prosecuted in the name of Snohomish County on behalf of the Task Force and its Participating Jurisdictions.
- 5.2 The Task Force Commander, under the direction of the Task Force Executive Board, shall manage the acquisition and disposition of assets seized or forfeited as a result of this agreement in compliance with law and Task Force Procedures.
- 5.3 A portion of the net monetary proceeds of each asset forfeiture made by the Task Force shall be distributed to the involved investigating agencies commensurate with their participation as determined by prior agreement between the Task Force Commander and said agencies, or in the absence of such agreement, by the Task Force Executive Board, prior to dedication of the remaining proceeds to the Task Force as specified in section 3.4. As long as the personnel, equipment, and related supply assignments stated in Exhibit "A" remain unchanged, distributions to Snohomish County and the City of Everett under this subparagraph shall be 40 percent each of the net monetary proceeds remaining after distributions under this subparagraph to Participating Jurisdictions other than Snohomish County and the City of Everett. If assignments change

from those stated in Exhibit “A”, the Task Force Executive Board may modify the relative percentage allocations to Snohomish County and the City of Everett on a case-by-case or permanent basis. For purposes of this subparagraph, the term “net monetary proceeds” means cash proceeds realized from property forfeited during the term of this agreement that is not retained for use by the Task Force after deducting all costs and expenses incurred in its acquisition, including but not limited to the cost of satisfying any bona fide security interest to which the property may be subject at the time of seizure, the cost of sale in the case of sold property (including reasonable fees or commissions paid to independent selling agencies), amounts paid to satisfy a landlord’s claim for damages, and the amount of proceeds (typically ten percent) payable to the State of Washington under RCW 69.50.505(9) or similar law.

- 5.4 Any Participating Jurisdiction receiving a distribution of assets forfeited under RCW 69.50.505 shall use such assets in accordance with RCW 69.50.505(10), which limits use to the expansion and improvement of controlled substances related law enforcement activity and prohibits use to supplant preexisting funding sources.
- 5.5 Upon termination of the Task Force, the Task Force Executive Board shall dispose of the Task Force’s interest in assets seized or forfeited as a result of this agreement in accordance with applicable federal, state and county requirements, and shall distribute proceeds in accordance with sections 5.3 and 3.5.

6.0 ACQUISITION AND USE OF EQUIPMENT

- 6.1 In the event that any equipment is acquired with grant funds, the Participating Jurisdictions agree that the Task Force will use that

equipment only for specified law enforcement purposes for the term of the grant.

6.2 Upon termination of the Task force, any equipment provided by Participating Jurisdictions will be returned to those respective jurisdictions.

6.3 Upon termination of the Task Force, the Task Force Executive Board shall dispose of all acquired equipment in accordance with applicable federal, state and county requirements, and shall distribute proceeds in accordance with section 3.5.

7.0 MODIFICATION

7.1 Participating Jurisdictions hereto reserve the right to amend this agreement in the future from time to time as may be mutually agreed upon. No such amendment shall be effective unless written and signed by all then-contributing jurisdictions with the same formality as this agreement.

8.0 NONDISCRIMINATION PROVISION

8.1 There shall be no discrimination against any employee who is paid by the grant funds or against any applicant for such employment because of race, color, religion, handicap, marital status, political affiliation, sex, age, or national origin. This provision shall include, but not be limited to the following: employment, upgrading, demotion, transfer, recruitment, advertising, lay-off or termination, rates of pay or other forms of compensation, and selection for training.

9.0 TERMINATION OF AGREEMENT

9.1 Notwithstanding any provisions of this agreement, any party may withdraw from the agreement as it pertains to them by providing written notice of such withdrawal to all other parties, specifying the effective

date thereof at least thirty (30) days prior to such date. A withdrawing party may take with it any equipment it has loaned or donated to the Task Force, and shall be entitled to distributions under section 5.3 of this agreement with respect to asset forfeitures initiated before the effective date of withdrawal.

- 9.2 If there is a reduction in funds by the source of those funds, and if such funds are the basis of this agreement, Snohomish County may unilaterally terminate all or part of the agreement, or may reduce its scope of work and budget.

10.0 HOLD HARMLESS

- 10.1 Each party hereto agrees to save, indemnify, defend and hold the other parties harmless from any allegations, complaints, or claims of wrongful and/or negligent acts or omissions, by said party and/or its officers, agents, or employees to the fullest extent allowed by law. In the case of allegations, complaints, or claims against more than one party, any damages allowed shall be levied in proportion to the percentage of fault attributable to each party, and each party shall have the right to seek contribution from each of the other parties in proportion to the percentage of fault attributable to each of the other parties. Moreover, the parties agree to cooperate and jointly defend any such matter to the extent allowed by law. An agency that has withdrawn assumes no responsibility for the actions of the remaining members arising after the date of withdrawal, but shall remain liable for claims of loss or liability arising prior to the effective date of withdrawal.

- 10.2 The Tulalip Tribes waives sovereign immunity to suit by any party to interpret or enforce the terms of this Agreement. The parties agree that in enforcing obligations under this Agreement, a party seeking payment

from the Tulalip Tribes shall look first to the proceeds of any insurance procured by the Tribes for this purpose. EXECUTIVE SUMMARY FOR ACTION

CITY COUNCIL MEETING DATE: June 25th, 2007

AGENDA ITEM: Authorizing the Mayor to sign Service Agreement with M3 Technology Group	AGENDA SECTION: Consent	
PREPARED BY: Worth Norton, Information Services Manager	AGENDA NUMBER:	
ATTACHMENTS 1. Professional Services Agreement 2. Exhibit A: M3 Technology Group Statement of Work	APPROVED BY:	
	MAYOR 	CAO 
BUDGET CODE: 50300090 549000	AMOUNT: \$12,750.00	

As we knew prior to the migration from GroupWise to Outlook/Exchange... Microsoft does not offer any software for the migration of the old GroupWise email, contacts and calendars to the new system. In order to move the old data to the new system, we are required to purchase third party software. The only company that currently makes software that is compatible with both of the versions of servers we are using is Quest.

Due to the Information Services department being short staffed for the first five months of the year and the complexity, risk and liability involved, it has been determined that the best course of action is to have Quest Software's consultants manage their software during the migration. City staff will still be handling the Microsoft Exchange Server installation and the workstation migrations.

Of the additional cost of the migration, part will be covered by the existing migration expenses approved by Council, part by the Fire Department, and the balance will come from the Information Services budget. We have spoken with Darryl Neuhoff and the Fire Department is willing to pay for their portion of this cost... therefore the City will be responsible for approximately \$ 12,750.00 of the total (\$18,750.00). Broken down... this works out to approximately \$59.00 per email account.

RECOMMENDED ACTION: City staff recommends that the City Council authorizes the Mayor to sign the attached Professional Services Agreement and Statement of Work from M3 Technology Group.
COUNCIL ACTION:

The proposed Six-Year Transportation Improvement Program for the years 2008 – 2013, once implemented, will advance the City’s ongoing efforts to improve the efficiency and safety of the roadway system. Key infrastructure improvements include reconstructing State Avenue from 136th to 152nd Street NE and the development of Ingraham Boulevard.

In addition to City revenues, the Transportation Program also relies on grants and support from other agencies. In the year 2008, over \$4 million is estimated to originate from state and federal transportation grants. Public Works staff will continue to aggressively pursue grant funding for many projects within the Program.

The attached information is submitted for Council review and consideration. Staff is available to answer questions.

<p>RECOMMENDED ACTION: The Public Works Department recommends City Council to conduct a public hearing regarding the Six-Year Transportation Improvement Plan (2008-2013) and based on staff presentation, public testimony, and Council deliberations approve a resolution adopting a Six-Year Transportation Improvement Plan (2008-2013) for the City of Marysville.</p>

Reports

Librarian, Maggie Buckholz: Marysville Library has had many staff changes. Krista Werle has transferred to the service center. Beginning Monday we will have a temporary assistant managing Kristen Piepho. She is currently a children's librarian in Mukilteo. We will be posting a permanent position to replace Krista.

Jan Erdman has retired. She has worked here since the early 1980's. She has come back as a volunteer. Jan's position is currently posted.

Sandy Sherman - Sandy has been here for 18 years. She is the staff member that established our volunteer program. She has taken a job with the chamber of commerce managing their volunteer program.

We have recently received a site license to do public performances of movies. The first show was Inconvenient Truth shown on Earth day. We had some minor equipment challenges.

Our new teen librarian, Laura Tillman, will visit us next month. Right now they are doing a review of the Harry Potter books in anticipation of the midnight release party for the new book.

We are gearing up for summer reading and are part of the statewide project. The theme is "Get a Clue." The children's program goes through 5th or 6th grade. Even tiny tots can participate if their parents read to them. Last year's opportunity to vote on a favorite zoo animal got positive feedback from parents. This year there are additional activities, which if completed they get to choose a book for themselves and a book to be sent to a parish in Louisiana. Teens and adults will have lottery style prizes. Prizes include an MP3 player that can be used to download books from the library.

We got the last lens for the parking lot lights after backorders and breakage. Tom King saw that it got installed immediately after successful arrival.

New janitors are working out very well. We transferred contract services from city to Sno-Isle. Sno-Isle has more flexibility to look for quality service. The company was concerned about if they could get the work done in the contracted time. They have been able to do the job as contracted and have even noticed and dealt with some of the issues that come without advance notice. They have done some of the long neglected work and our facility is cleaner than it has been.

Maggie is not planning on being in the Strawberry Festival Parade because of staff vacancies and other community events. The Rotary Pumpkin Patch is one of the other events.

The Cinco de Mayo celebration attended by Mike and Lee was another of those events. There were bookmarks and other give aways in Spanish to reach the Spanish speaking population.

North Region Manager, Valerie Stevens: Many libraries are open on Sundays throughout the school year. June 10th was scheduled to be the last day. That has been extended one week because school schedules are extended because of winter weather. Marysville is not effected because we are always open on Sunday.

We have been working on a capital facilities plan to recommend and schedule library needs in the communities. We now have a developed plan. There will be meetings to bring plan to the public for review and feedback. Information on these meetings will be on the website. A recommendation to expand this library and/or to open smaller library in the north Marysville/ Lakewood area is included in the plan. Lake Stevens will have a larger library. That could impact the number of people served by the Marysville library.

Camano storefront library hopefully will open in the next month. It will be at Terrie's Corner in a facility that used to house a women's fitness center. Location is very prominent. The nearby stores are excited to have the library as a neighbor. We are waiting on shelves. It will be small and have about 6 computers. It will be open 5 days a week and a couple of nights. It is funded for three years. At the end of three years the population will need to vote to build a library if they want library service to continue on Camano Island. They have had a large number of people volunteer. They will be forming a library board and had a large number of applicants for that board. That board will have a student representative.

A new service has been added in the neighborhood of Mariner HS after receiving a petition with over 1200 signatures on it requesting library service.

The bookmobile stops there one day a week. The kids are lining up in the rain. Sno-Isle is exploring options for a place to have a pick up point for holds.

City Council, Lee Phillips: The 116th roundabout was just opened in cooperation with the Tribes. The state just passed a bill that allows the city to claim .1% or .2% of sales tax (depending on the size of annexation) for 10 years to facilitate annexations. The city is exploring taking in the UGA all at once. The income from that would provide \$750,000 per year extra for 10 years. This funding could be utilized for anything except capital projects. The goal is for annexation would be 2009. The small annexation plan is on hold while this is evaluated. One of the reasons that this could not happen sooner is the difficulty in hiring police officers.

TV advisory committee - Working of program ideas for the community channel, Channel 21 on Comcast. Channel 26 is TV 3 from the high school. The library uses the TV for advertising. If you use the channel you can log onto the web and send info and then approved advertising goes in that day. This is an improved process. Advertising is limited to public events - no politics, no business, no church services. Church fund raisers would be accepted.

Friends of the Library: The new board is planning some good programs, updating the by-laws, redesigning the Friends brochure, going to have one evening meeting per quarter with the first one being in June.

Old Business:

Gellerson Furniture: Maggie distributed a spreadsheet showing what we have done. The original budget was about 35K. Additional contributions have added to that to make a total of about \$60,000. Sno-Isle contributed about 7K to replace computer chairs. Friends put 5k in last year and 5K this year. The Friends upgraded their booksale area. Rotary gave 5K. We have spent 23K to date. That money has improved the booksale area, the teen area and the CD shelving.

While we have had more money than anticipated it is clear that we will not have enough to do a complete job. The committee has determined some priorities and compromises. High priority goes to the lounge area seating and the loveseats in the children's area. We will compromise by replacing only some of the 60 study chairs at the tables. We think we can do this by arranging similar chairs together in the various areas of the library that have study seating. We do not anticipate that we will be able to purchase furnishings that will be incredibly long wearing. The goal is to furnish the library until the bond is retired in about 7 years. At that time we anticipate that other refurbishing needs will be apparent. We have eliminated the furnishings for the give aways.

Gellerson Art: The art committee has looked at their projected calendar and decided to push it back a little further in order to get better publicity in the schools and colleges. Tom mentioned the "Homegrown" Festival as a good place to have information available.

We would like to have access to a web site to control costs of postage on sending out the RFP. Maggie will check with Sno-Isle to see if they can give us a web-site. She thinks we can at least get a link. Tom Albright will take pictures for the web site showing our building and places that might be possible places for art to be installed will be identified and measured. Margo will help Tom identify places to take pictures. Sue will discuss with someone how to create a web-site Tom Albright suggested that we check with Microsoftlive for a free website.

Some specific dates were established by the committee to be used in the RFP and some minor changes to the proposed RFP were made.

New Business:

The paving out front is probably going to happen in June on Grove Street.

We will not have a meeting in August.

At our September Meeting we will probably have a member of the Sno-Isle Board of Trustees attending.

Next Meeting: June 14, 2007 4:00 p.m.

Meeting adjourned.
