**Subject:** [External!] Co-housing Development oppose

Hi there,

My name is Ratana Rosa Shurtz. I live in the yellow house with the white picket fence just 2 house down on the west side from the front entrance to the proposed co-housing development.

I oppose the idea because it will cause traffic congestion. The house style and sizes are very different than the ones already in the neighborhood. That's too many housing units, and too many parking spaces thereby creating more noise and traffic jam.

Please update me on what the final plans will be. If I get to vote, it would be a "No" from me.

Sincerely,  
Rosa Shurtz
