Dear Mr. Holland,

Your department issued Technical Review 1 comments for PA 23025 on January 4, 2024, and updated them with revised Traffic Engineering comments on January 9, 2024. We understand that we have 180 days to return revised materials to the City, which would give us a deadline of July 7, 2024. Our team has been working to resolve these comments since, but the quantity of comments and impact to the site layout have slowed the process, and we will not be able to complete revisions by the deadline. We would like to request a 180-day extension as permitted by Marysville Municipal Code 22G.010.205 to extend the deadline to January 3, 2025 to allow additional time to revise plans and respond to the comments.

Please feel free to contact me with any questions at 425.778.8500.

Thank you,

A handwritten signature in blue ink, appearing to read 'C. Chevy Chase'.
