Re: Gamlam Subdivision – Critical Areas Confirmation

Dear Tammy,

After conducting a site visit on April 26, 2023, and reviewing the Critical Area Report, prepared by Wetlands & Wildlife Environmental Consulting, dated February 15, 2023 and updated on April 27, 2023, the City of Marysville concurs with the location and classification of on and off-site Wetland A as a Category II.

If any future analysis results in different determination, future development shall comply with the most recent and/or up to date information.

If you have any questions, related to this determination, please contact me at 360.363.8215, or by e-mail at ahess@marysvillewa.gov.

Thank you,

Amy Hess
