BEFORE THE HEARING EXAMINER
OF THE CITY OF MARYSVILLE

IN REGARDS TO THE BUSINESS
LICENSE APPLICATION OF
LAVENDER MASSAGE 1, LLC

File No.: PA23-022

**DECLARATION OF DONALD
CASTANARES**

I, Donald Castanares, declare as follows:

1. I am over the age of eighteen, am competent to testify as to the matters below, and make this declaration based on personal knowledge.

2. I am the Crime & Intelligence Analyst of the City of Marysville. I have served in this capacity since October 8, 2008.

3. As part of my role, I conduct research into business license applications that involve certain industries, including applications for massage parlors.

4. Upon learning about the license application for Lavender Massage 1, LLC, I researched the information that was provided in the business license application. I discovered that the phone number provided in that application, 425-535-1711, was associated with numerous online advertisements for prostitution.

5. From my research, the number 425-535-1711 is a cell phone number, as seen in **Exhibit A**.

6. Many of the advertisements associated with the number 425-535-1711 were posted on “skipthegames.com”, a website that hosts prostitution ads. The website offers instructions to

1 advertisers of how to post prostitution ads (via a link that states “how do I become an escort,”),
2 which in turn provides a number of options of services that the advertiser is willing to perform.
3 Attached as **Exhibit B** are screenshots from skipthegames.com that show this link and a number
4 of the available options an advertiser can check. Attached as **Exhibit C** are the instructions that
5 skipthegames.com provides regarding how to post an advertisement. Attached as **Exhibit D** are
6 various terms that skipthegames.com provides to advertisers to use in their ads.

7
8 7. Based on my research, 239 advertisements using the number 425-535-1711 were posted on
9 skipthegames.com between July 20, 2022 and April 7, 2023.

10 8. Attached as **Exhibit E** is a list of online advertisements using the number 425-535-1711
11 that were posted between January 17, 2023 and April 7, 2023.

12 9. Upon learning that the applicant was also associated with the phone number 425-589-2016,
13 I researched this number. I found that there were two ads posted on skipthegames.com associated
14 with this number. A list of these ads is provided in **Exhibit F**. A full screenshot of both ads are
15 provided in **Exhibit G**.

16
17 10. From my research, the number 425-589-2016 is a cell phone number, as seen in **Exhibit**
18 **H**.

19 11. Attached as **Exhibit I** are additional documents that I compiled in my investigation in this
20 matter.

21 I declare under penalty of perjury under the laws of the State of Washington and the United
22 States that the foregoing is true and correct.

23 DATED this 26th day of January, 2024 at Marysville, Washington.

10. Give clients information about the activities you enjoy. Firstly, you can tell clients whether you are willing to drink alcohol or smoke with them during an encounter. Sometimes, this is important to a client, as he sees it as a way to socially interact with you. Otherwise, while it is legally questionable to indicate which intimate activities you are willing to participate in, it's acceptable to indulge a client's curiosity by telling him the intimacies you are interested in indulging in with others. Options that you may select range from breast relief to kissing and full vaginal intercourse to the porn star experience (PSE). You can choose one, two or all of them — it's your choice. Keep in mind that the more you select, the more you will be able to match up with client preferences when search results are filtered.

How to post your first ASP ad at Skipthegames.com

February 11, 2015 | For escorts

Posting an ASP ad on Skipthegames.com is a simple, self-explanatory process, but tips can make any experience much easier. Much like the sites you are familiar with, Skipthegames.com has a pre-established method of entering your information and publishing your ad. Once you get the system down, it's an extremely quick and painless task to post multiple ads in order to promote your business to thousands of very determined potential customers.

1. Click the big red button in the top right corner of the site or follow [this link to the first step of creating your ad](#).

2. Choose geographic areas for your posting. The very first task is to determine which region you want to place your ad in. For many escorts living or working in a specific city, this is simple. However, if you don't live or work in the city listed, you may wonder which region best applies to you. With up to 5 regions to post to at once, it's easy to choose not only your regular city, but also the ones nearby. If your cities are not listed, please ask for a location to be added to the dropdown menu by sending your request to support@skipthegames.com. Keep in mind that the locations are not where you live, but where you can work.

The screenshot shows the 'Create your ad' page on Skipthegames.com. At the top, the logo 'Skipthegames.com' and the tagline 'Skip the games. Get satisfaction.' are visible. Below the logo is a navigation bar with 'SKIPTHEGAMES.COM' and a link to 'CREATE YOUR AD'. The main heading is 'Create your ad'. A note says 'First time here? Your account will be created along with your first ad.' The first step is '1. Where would you like to post your ad?'. There are two dropdown menus: 'State/province:' with 'Please Select' and 'City:'. To the right, there are input fields for 'Your email' and 'Password', and a blue 'Log In' button. Below the button, it says 'By clicking "Log In" you agree to our Terms of Service' and there is a link for 'Forgot your password?'.

3. Choose a category for your ad. If you're an escort, the most obvious choices from the drop-down

3. Choose a category for your ad. If you're an escort, the most obvious choices from the drop-down menu will be "Female Escort," "Male Escort for Men," "TS Escort" or "Male Escort for Women". Notice that you can place an extra ad in the *Domination and Fetish* section, if only for the purpose of measuring the response. (Who knows, maybe you are going to be more successful in a [fetish niche](#) than in plain vanilla.) If you are an escort who provides massages, you might want to post an ad in the "Massage or Massage Studio" category, especially if it's one of your specialties. Additionally, many clients enjoy an escort who can perform a stellar strip tease, so posting in the "Stripper or Stripper Club" category might earn you some business, too. Other categories for ads are "Phone or Website (cam)" and "Adult Job Posting," but they may not refer directly to your escorting business. Remember that you can post as many ads in as many categories as you want – and see which one generates the most inquiries. There is only one caveat here: Miscategorized

ads get culled.

4. Create an irresistible title for your ad. This is information you are required to fill in as you create your ad. But, even more important than it being required by the system, it draws attention to your posting and sets the tone for what clients can expect from you. Before you post your ad, check out what others are using for their titles – **and do something completely different**. It can explain a little bit about you, describe your appearance or share details about your outlook. It should be creative and informative. A good title should grab a reader’s attention and encourage him to learn more about you. Stay away from vulgar or direct language that discusses specific sexual acts or body parts. Keeping your title classy and PG-rated demonstrates that you’re an upscale escort, worth your fee, instead of a much trashier option. If you are unique (which you are), let the title be unique. If everyone uses fancy characters, then you will be just like everyone else if you use them.

The image shows a screenshot of a web form titled "Must-have info". It contains three main sections, each with a "Required" label in a red box:

- Title of your post:** A text input field with the placeholder text "Your irresistible title goes here". Below the field is a link that says "Need ad writing advice? [it!](#)".
- Age:** A dropdown menu currently showing "19 - 99".
- Your location:** A text input field with the placeholder text "Where do you work?". Below the field is a note: "Broad description of either your incall area, or the area where you usually meet for outcalls."

5. Fill in the basics. Skipthegames.com includes some other “must-have” information that you have to include with your ad. Use drop down menus to complete the details. Enter your age, specify the area you plan to deliver services in (this might be the general neighborhood where your incall is or how far you might travel for outcalls), and the genders you are willing to book encounters with (male, female and/or couples). These details may be used to filter your ad from others, so it’s imperative you take ample time to input accurate answers for this information.
-

6. Write the body of your posting. Although details about your physical description and the service areas you provide outcalls to are pretty significant, the body portion of your post is where you can spread your wings and describe your offer in as many words as you can handle. This information could include details about your hobbies, your outlook on escorting, your general interests or anything else that clues clients in about who you are. Use verbiage that reveals your sarcastic nature, sense of humor or amazing intellect. This is the space that allows you to step out of the box and show, beyond specifications and drop-down options, why a client should contact you. Use it to highlight what sets you apart from other escorts in your area. For example, if your specialty is the Girlfriend Experience (GFE), give details about how an encounter might play out or what a client can expect, suggesting that your performance in the role is the best available.

7. Upload photos for your ad. You are allowed up to 12 images. To upload photos, click on “Browse.” A pop-up window should appear giving you access to files on your computer. Click through until you locate the appropriate locations that contain your desired images, and select them one at a time, each time you choose “Browse.” (It’s not possible at this time to do a bulk upload for images.) As your images appear, you have the option of choosing a favorite, that will appear first and foremost with your ad. A favorite is represented by a yellow star. If you don’t like the one indicated with the star, cancel the option as a favorite and choose another one.

8. Supply service details. This portion of your ad should give a client specific information about the dirty details of booking an encounter. Firstly, you need to give the client a general idea about the region where you work. He needs to know where you are willing to go to see clients and the general whereabouts your incall is located — or both. Clients like to book escorts that are convenient to them, so they need to know this information ahead of time to avoid wasting both his and your time. Another bit you should deliver details about is your basic working schedule. Some escorts are willing to book encounters at all hours of the day or night, 24 hours per day/seven days per week. If that describes you, select this option. However, if you adhere to a different schedule, indicate as such by using the dropdown menus to give details about the hours you are willing to meet for bookings. Another significant portion of this area of your ad is the rate you charge for your companionship. There are varying time options provide for you to choose from and you can indicate how much you charge for each/any of them. You may also select the option that lets clients know you are willing to meet for extended sessions. Finally, payment methods should be addressed in this section. You may choose from several ways to pay, including credit card or cash. If you accept all of them, you may opt in for the entire bunch.

9. Provide a physical description. This section is a fairly self-explanatory portion of the ad that allows clients to get a better idea of what you look like, based on pre-determined criteria. Items included are your race, hair color, measurements, personal grooming habits, breast size, piercings, tattoos, weight and height. Each of these categories give several options for you to choose from to describe yourself. On some options, you may choose more than one descriptor. Other times, try to select the one that best fits you. Filling in these items helps a client picture your appearance and gives him a better idea if you fit his desired specifications.

11. Be aware of privacy issues that are taken care of by Skipthegames.com. Before you post your ad, you may select the option to allow your information to be shared by search results delivered by Google. Your details can be included in findings that will allow potential clients to find your listing faster than if they had to seek you out on a particular dating site. Your profile can be found based on your name or telephone number, giving you optimum exposure. If you choose not to participate in this option, your profile is only viewable by users of SkiptheGames.com. Additionally, you can choose to include a legal disclaimer that will appear at the bottom of your ad each time it's viewed. This disclaimer informs readers that you are paid for your companionship and your rates are not dependent on any intimate activities that you might choose to engage in with clients. It also indicates that any intimacies are the result of mutual consent between you and clients and have nothing to do with the professional agreement made about your services.

12. Indicate how you want to be contacted. You may receive email replies through the site.

Skipthegames.com will keep track of your replies, indicating which ad they were in direct response to, which helps you track how effective your marketing on the site is. You may choose the option to hide your email address, so clients don't know what it is until you personally provide it to them. Additionally, you can provide a phone number for clients to reach you on. Before readers are allowed access to your number, they have to fill in a code. This deters abuse from search engines or computer robots (for the purpose of spamming).
