## SUBMITTAL REQUIREMENTS & CHECKLIST

**FINAL LAND DIVISION MAP** - Complete survey prepared by a licensed Washington State land surveyor. Said survey shall include, but not be limited to:

- The name of the subdivision;
- Legal description of the entire parcel to be subdivided;
- Vicinity map;
- The date, north arrow, and appropriate engineering scale as approved by the community development department (e.g., one inch equals 20 feet; one inch equals 30 feet; one inch equals 40 feet; one inch equals 50 feet; one inch equals 60 feet);
- Boundary lines, right-of-way for streets, easements, and property lines of lots and other sites with accurate bearings, dimensions or angles and arcs, and of all curve data;
- Names and right-of-way widths of all streets within the subdivision and immediately adjacent to the subdivision. Street names will be consistent with the names of existing adjacent streets;
- Number of each lot consecutively;
- Reference to private covenants or special plat restrictions, either to be filed separately or on the face of the plat;
- Zoning setback lines, building sites when required by the city;
- Location, dimensions and purpose of any easements (noting if easements are public or private);
- Location and description of monuments and lot corners set and found;
- Primary control points, and datum elevations if applicable, approved by the Public Works department. Descriptions and ties to all control points will be shown with dimensions, angles and bearings;
- Existing structures, all setbacks, and all encroachments;
- Dedications, Acknowledgements, Certificates, and Approvals;
- Parking area, general circulation, landscaping area (when required);
- Proposed use and location of buildings (when required); and
- Other restrictions and requirements as deemed necessary by the City.

**LOT CLOSURE CALCULATIONS** - A compilation prepared by a WA State licensed land surveyor clearly indicating the dimensions of the boundaries and the closures for each lot, parcel, tract and block in a land division which is comprised of a printed computer plot closure or demonstrated mathematical plot closure on all lots, streets, alleys and boundaries.

**TITLE REPORT (SUBDIVISION GUARANTEE / PLAT CERTIFICATE)** – A document prepared by a title insurance company documenting the ownership and title of all interested parties in the development and that lists all encumbrances. This document is needed to verify property ownership and to identify any encumbrances that are recorded on the property's title. Copies of all the encumbrances listed within the certificate or report must be provided. The certificate or report must be dated within 30 days of the date of submittal to the City.

**NARRATIVE** - This document should provide responses to how each of the conditions of preliminary approval have been addressed, describe the site improvements completed, and whether bonding is proposed for uncompleted improvements (including an engineer's estimate of the cost). The city will review the request and determine if bonding will be allowed for any or all of the items.

**COVENANTS, EASEMENTS, & RESTRICTIONS (IF APPLICABLE)** - A written private agreement/document that is binding upon current and future property owners which requires performance, or limits or restricts certain acts, or stipulates certain uses or non-uses of property.

## FINAL REVIEW FEES
