**July 6, 2015**

**7:00 p.m.**

**City Hall**

**Call to Order**

**Pledge of Allegiance**

**Roll Call**

**Approval of the Agenda**

**Committee Reports**

**Presentations**

- A. 2015 Comprehensive Plan Update Briefing
- DRAFT 2015 Comprehensive Plan & SEPA Addendum

**Discussion Items**

**Approval of Minutes** *(Written Comment Only Accepted from Audience.)*

1. Consider the June 1, 2015 City Council Work Session Minutes
2. Consider the June 8, 2015 City Council Meeting Minutes

**Consent**

3. Consider the June 19, 2015 Payroll in the Amount of \$1,053,646.56; Paid by Check Numbers 28976 through 29026
4. Consider the June 17, 2015 Claims in the Amount of \$1,124,491.95; Paid by Check Numbers 100738 through 100902 with Check Number 88540 Voided
5. Consider the June 24, 2015 Claims in the Amount of \$2,192,816.57; Paid by Check Numbers 100903 through 101100 with Check Numbers 100567 and 100570 Voided

**Review Bids**

**Public Hearings**

**New Business**

6. Consider Accepting the 88<sup>th</sup> Street NE and 55<sup>th</sup> Avenue NE Intersection Improvements Project, Starting the 45-Day Lien Filing Period for Project Closeout.
7. Consider the Professional Services Agreement with Gray & Osborne, Inc. in an Amount Not to Exceed \$249,950.00
8. Consider to Purchase Property for Public Roads from the Snohomish County PUD, Subject to Reimbursement from the Developer for Acquisition Cost

***Work Sessions are for City Council study and orientation – Public Input will be received at the July 13, 2015 City Council meeting.***

**Marysville City Council Work Session****July 6, 2015****7:00 p.m.****City Hall**

9. Consider the Interlocal Agreement with the City of Snohomish for Outdoor Video Services
10. Consider the Professional Services Agreement with Blue Marble Environmental LLC in the amount of \$51,853.00
11. Consider the Supplement 2 to the City's agreement with HDR Engineering, Inc.
12. Consider an **Ordinance** Amending MMC 14.07.090 Establishing Procedures for Water and Sewer Latecomer Reimbursement Contracts; Providing for Severability; and Effective Date

**Legal****Mayor's Business**

13. Consider the Salary Commission Appointments: Joel Faber and Shelly Ganje
14. Consider the Planning Commission Appointment

**Staff Business****Call on Councilmembers****Executive Session**

- A. Litigation
- B. Personnel
- C. Real Estate

**Adjourn**

**Special Accommodations:** The City of Marysville strives to provide accessible meetings for people with disabilities. Please contact the City Clerk's office at (360) 363-8000 or 1-800-833-6384 (Voice Relay), 1-800-833-6388 (TDD Relay) two days prior to the meeting date if any special accommodations are needed for this meeting.

**CITY OF MARYSVILLE**  
**EXECUTIVE SUMMARY FOR ACTION**

**CITY COUNCIL MEETING DATE: July 6, 2015**

AGENDA ITEM: 2015 Comprehensive Plan Update Briefing	AGENDA SECTION: Presentations	
PREPARED BY: Angela Gemmer, Associate Planner	APPROVED BY:	
ATTACHMENTS: 1. Transportation Element – Presentation 2. 2015 Comprehensive Plan – Presentation		
	MAYOR	CAO
BUDGET CODE:	AMOUNT:	

**DESCRIPTION:**

Each Washington city and county is required by State law to periodically review and, revise its comprehensive plan and development regulations to ensure compliance with Chapter 36.70A RCW Growth Management. The entire Comprehensive Plan must be reviewed to see if changes are needed every eight years (major update). Cities within Snohomish County are required to complete their major update in 2015.

The focus of the Comprehensive Plan Update includes, but is not limited to, amendments to maps, figures and text to reflect current conditions and projected conditions/needs within the following elements of the Comprehensive Plan: 1 Introduction, 2 Vision – Marysville: Past, Present and Future, 3 Public Participation, 4 Land Use, 5 Housing, 6 Environmental, 7 Economic Development, 8 Transportation, 9 Parks and Recreation, 10 Utilities, 11 Public Facilities and Services, 12 Capital Facilities Plan, and 13 Glossary, and also concurrently rezoning of certain split-zoned and citizen identified properties.

The Comprehensive Plan and associated documents are located in the following link:  
[DRAFT 2015 Comprehensive Plan & SEPA Addendum.](#)

**RECOMMENDED ACTION:**

No Action required. Council briefing and PowerPoint presentations of 2015 Comprehensive Plan Update. Action is proposed to be taken at the July 27, 2015 Council Meeting

**COUNCIL ACTION:**

---

# CITY OF MARYSVILLE

## 2015 Transportation Element

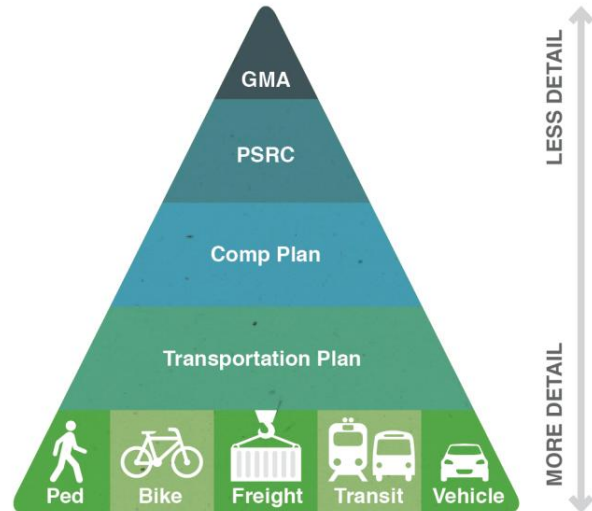

---

Presented by  
**transpogroup**   
WHAT TRANSPORTATION CAN BE.

## Transportation Element Objectives

- Support overall Comprehensive Plan and City vision
- Meet requirements of the Growth Management Act (GMA) and Vision 2040
- Refine pedestrian and bicycle system improvements
- Integrate and prioritize transportation improvements serving all modes
- Review and update transportation policies
- Revisit level of service standards/concurrency program
- Update transportation funding analyses and strategies

## Land Use Growth – 2014 to 2035

### Incorporates Subarea Plan Updates

- Downtown Master Plan
- Lakewood Subarea Plan
- Others

### City/UGA Total

- New employees – 20,500 (4.0% growth)
- New households – 15,300 (2.0% growth)

### Highest Growth Districts

- Employees: North Marysville, Arlington
- Households: Southeast Marysville

### Changes in forecasts since 2008 Element

#### Households

City annual growth  
reduced from  
**2.3% to 2.0%**

Much  
less growth  
in Lake Stevens

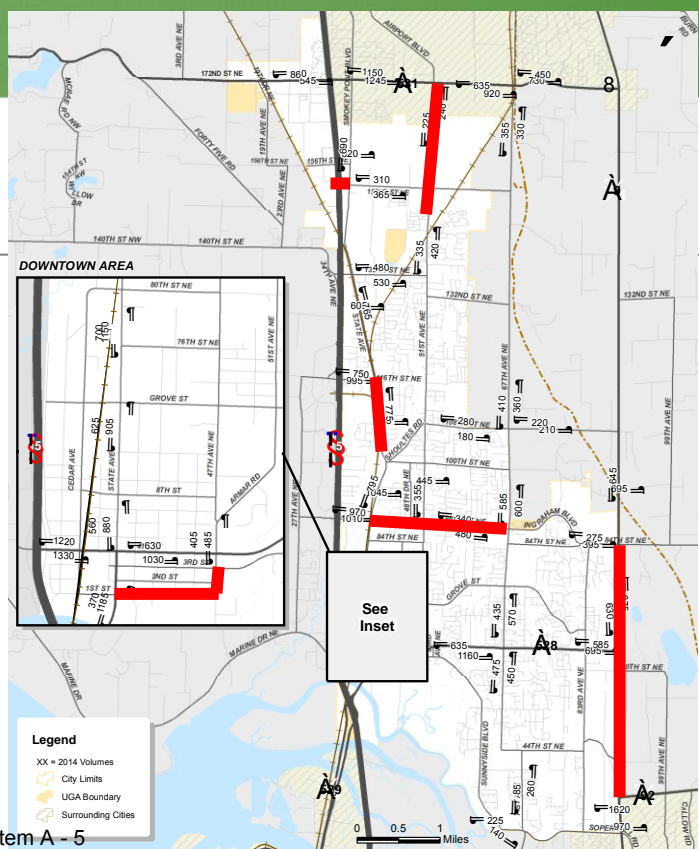

#### Employees

**15,700  
more jobs**  
(Marysville, Arlington,  
Lake Stevens, and  
County)

**More  
concentrated**  
in designated urban  
areas

## Analysis Focus Areas

- SR 9 Widening
- 88th Street NE Widening
- I-5/156th Street NE Interchange
- 51st Avenue NE (and 67th Avenue NE)
- State Avenue Widening
- Downtown Bypass
- **Pedestrian System Network**
- **Bicycle System Network**

Item A - 5

# System Plans

- Highway and Streets
- Pedestrian System
- Bicycle System

## Planning Commission

- Presented April 28, 2015
- Comments/questions documented
- Follow-up analysis
- Addressed comments, updated Transportation Element
- Staff briefed the Commission on the FINAL Draft of the Transportation Element on June 9, 2015
- Public Hearing, June 30, 2015

### Comments from Planning Commission

Comment/Question	Response
State / 128th – Question about timing issues and shift changes at nearby employment	(Addressed at meeting) signal to be rebuilt as part of widening of State, which will reduce issues of shift changes
88/State – Cemetery impacts – project still needed; What about changing southbound curb lane to Right-turn only	Transportation Element includes Project #2008 to improve this intersection. The specific improvements are yet to be finalized, given the balance of cemetery impacts and needed capacity improvements. The problem with converting the SB curb lane is you reduce capacity for SB through movements, which competes directly with NB left-turns for green time. In other words, queues for the heavy NB left-turn traffic volumes will get worse if you convert the SB curb lane.
67th Avenue – why not have it be a key 5 lane north south arterial	(Addressed at meeting) Staff response – grade is an issue, and 51st is the key local north-south, and is more central
156th I/C – would be good so local traffic can use I-5 instead of State which is congested. Also maybe add context of State Widening will reduce congestion so traffic could use 156th IC instead of 116th	Discussed in Section 3.2.3 Plan Framework. WSDOT discourages short local trips on I-5.
Downtown Bypass – more definition of the RABs? – Also reduce traffic at 4th/state intersection	Based on the forecasted volumes, single lane roundabouts along 47th Ave NE (3rd St and 1st St) would be acceptable. See Section 3.2.2 for discussion.
116th/State – train crossing and signal timing – split phasing E/W – PC recommended going counterclockwise EB, NB, WB, SB – issue is NB left turn queues; also RR preemption is in place	Transportation Element includes Project #1028 to improve this intersection. Also, City staff was going to look at possible simple signal timing improvements.
SR 528 (83-87) – why not widened? The rest is.	(Addressed at meeting) Staff response – high cost, large fill, limited comments after Walmart made their improvements
More discussion on rail crossings	Discussed in Section 4.1.4 Rail Crossings. Includes discussion on strategy.
Signage from I-5 to Marysville – Everett has “4 Exits”	(Addressed at meeting) The City can work with WSDOT to increase the number of signs, consistent with WSDOT sign policies.
51st – why not a major 5 lanes all the way from 172nd to SR 528?	(Addressed at meeting) Staff response – The corridors of I-5, State Street/Smokey Point, and SR 9 are meant to be the longer distance, high volume routes. Also, widening 51st near the south end would impact a considerable number of residential

# 2015 Comprehensive Plan Update

## City Council Briefing

# What is a Comprehensive Plan and Why Is It Being Updated?

- ❖ A Comprehensive Plan is a document adopted pursuant to the Growth Management Act (GMA), Chapter 36.70A RCW, which provides land use designations, and goals and policies regarding land use, housing, the environment, capital facilities (water, sewer, stormwater), transportation, and utilities.
- ❖ GMA requirement. Foundation of local planning and land use regulations.
- ❖ Cities must periodically review. Major update required every 8 years.
- ❖ City must designate an urban growth area(s) (UGA) where urban growth should occur.
- ❖ Sufficient areas and densities designated to permit the urban growth that is projected to occur in the city for the next 20 year period.
- ❖ The 20 year period covered by the current update is 2015 to 2035.

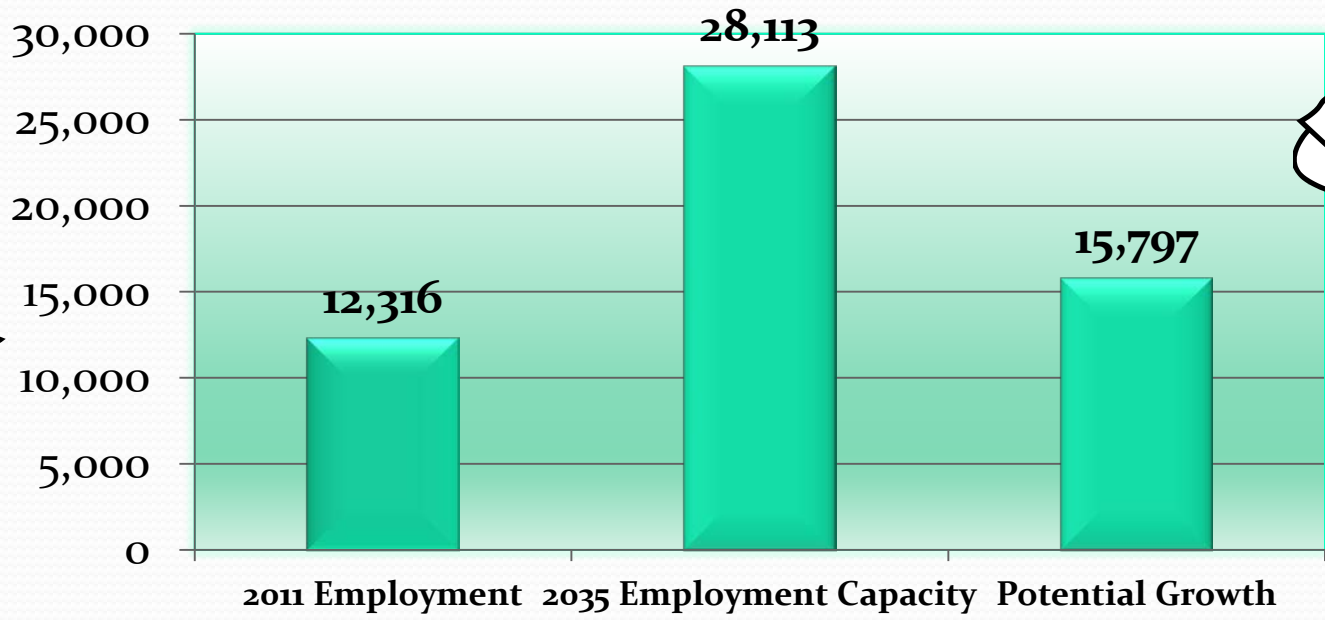

# Current Population and 2035 Potential Population

2013 UGA population is 62,309 people. City needs to accommodate a 2035 UGA population of 87,798 (i.e. 25,000 people or 41% population growth); however, this is only 7,367 more people in 2035 than were previously planned for by 2025.

# Current Employment and 2035 Potential Employment

2011 UGA employment estimate is 12,316 workers. City needs to accommodate 2035 employment of 28,113 people. The Smokey Point Master Plan area, which is slated as the City's major employment center, has capacity to accommodate 10,000 jobs (about 63% of growth in employment capacity). Other likely job growth areas are Lakewood and Sunnyside-Whiskey Ridge.

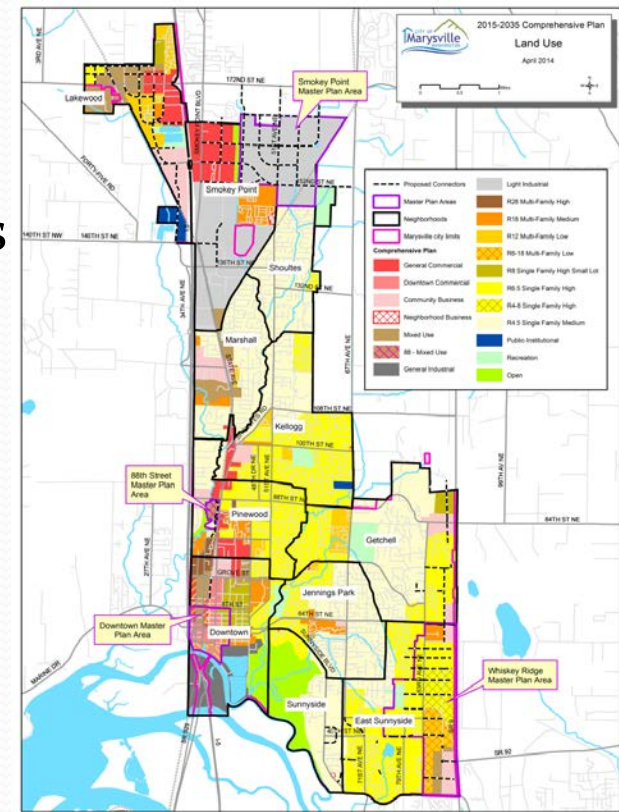

# 1.0 Introduction, 2.0 Vision, and 3.0 Public Participation

- **1.0 Introduction** Amendments are limited to a brief description of the 2015 update and references to the most recent version of plans which have been adopted such as the Water and Sewer Comprehensive Plans.
- **2.0 Vision – Marysville: Past, Present and Future** – Amendments consist of updates to reflect expansion of, and major changes within, the City from 2005 to 2015.
- **3.0 Public Participation** – Amendments consist of a new section which outlines the general public participation process for Comprehensive Plan amendments and a description of the public participation process for the current update.

# 4.0 Land Use Element - Amendments

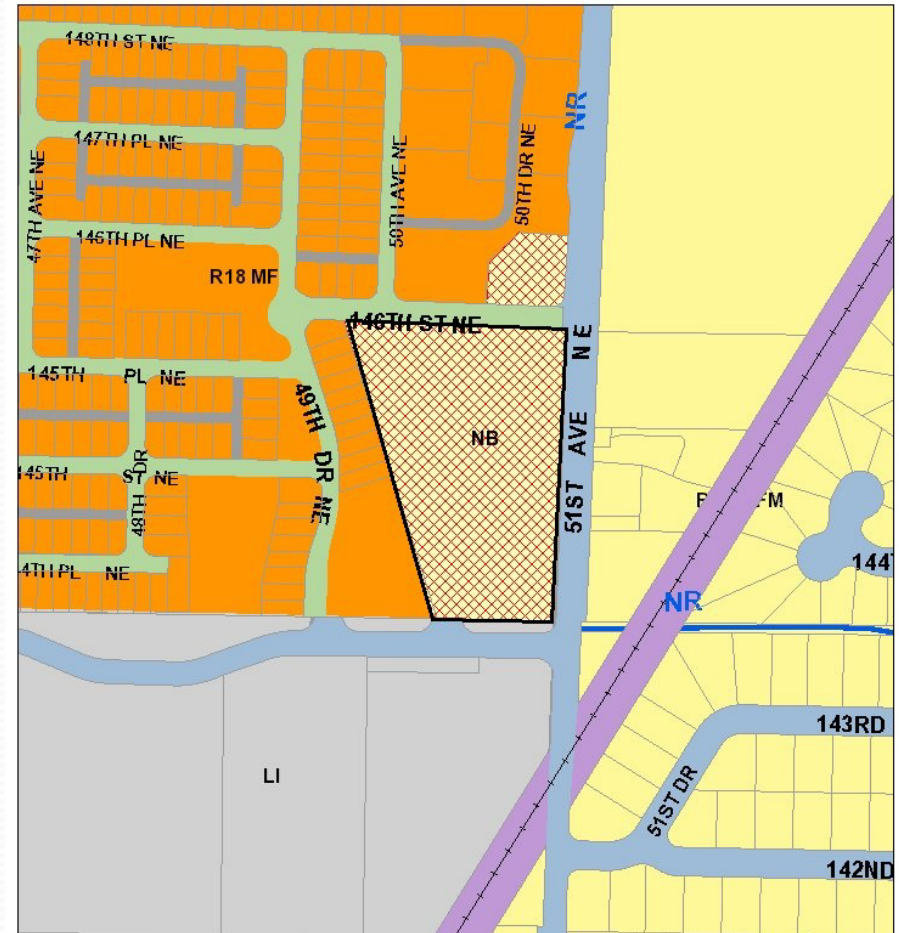

- **4.0 Land Use Element** – Establishes City’s character, quality and pattern for land uses. Amendments include:
  - Updating population and employment information to be consistent with PSRC’s Vision 2040 Regional Growth Strategy;
  - Updating maps and information on anticipated transportation, infrastructure, parks projects and amenities in each neighborhood;
  - Incorporating changes to State law;
  - No area-wide zoning changes or major policy changes are proposed. Total land to be rezoned is 69.4 acres (less than half a percent of the 13,527 acres of UGA).

# 4.0 Land Use Element – Citizen

## Rezone Request 2

- NW corner of 51<sup>st</sup> Avenue NE & 144<sup>th</sup> Street NE.
- Approx. 5.06 acres.
- Presently zoned Neighborhood Business.
- Request rezone to R-18 or R-28.
- Recommendation: rezone to R-18.

# 4.0 Land Use Element – Citizen

## Rezone Request 4

- 4321- 4407 84<sup>th</sup> Street NE
- East of State Avenue along north side of 84<sup>th</sup> Street NE.
- 3.5 acres (3 parcels).
- Presently zoned R-6.5 Single Family, High Density.
- Request rezone to R-18 or R-28.
- Recommendation: rezone to R-12.
- Surrounded by multi-family on west & part of north and single family zoning along rest of north and east.

# 4.0 Land Use Element – Citizen

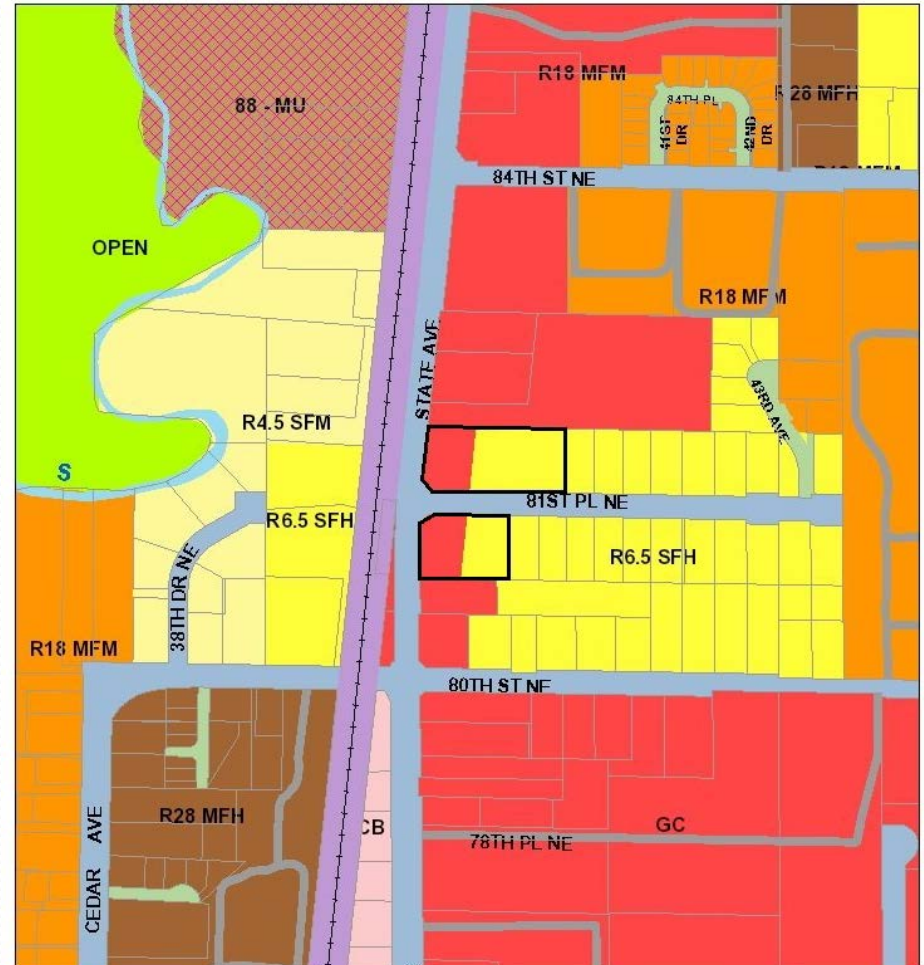

## Rezone Request 5

- 3824 88<sup>th</sup> Street NE
- Southwest corner of 88<sup>th</sup> Street NE and State Avenue/BNSF railroad.
- 23.18 acres (4 parcels)
- Bordered by single family to south and stream corridor to west.
- Presently zoned 88-MU (Mixed Use).
- Request rezone to R-28 Multi-family, High Density.
- Recommendation: retain 88-MU.

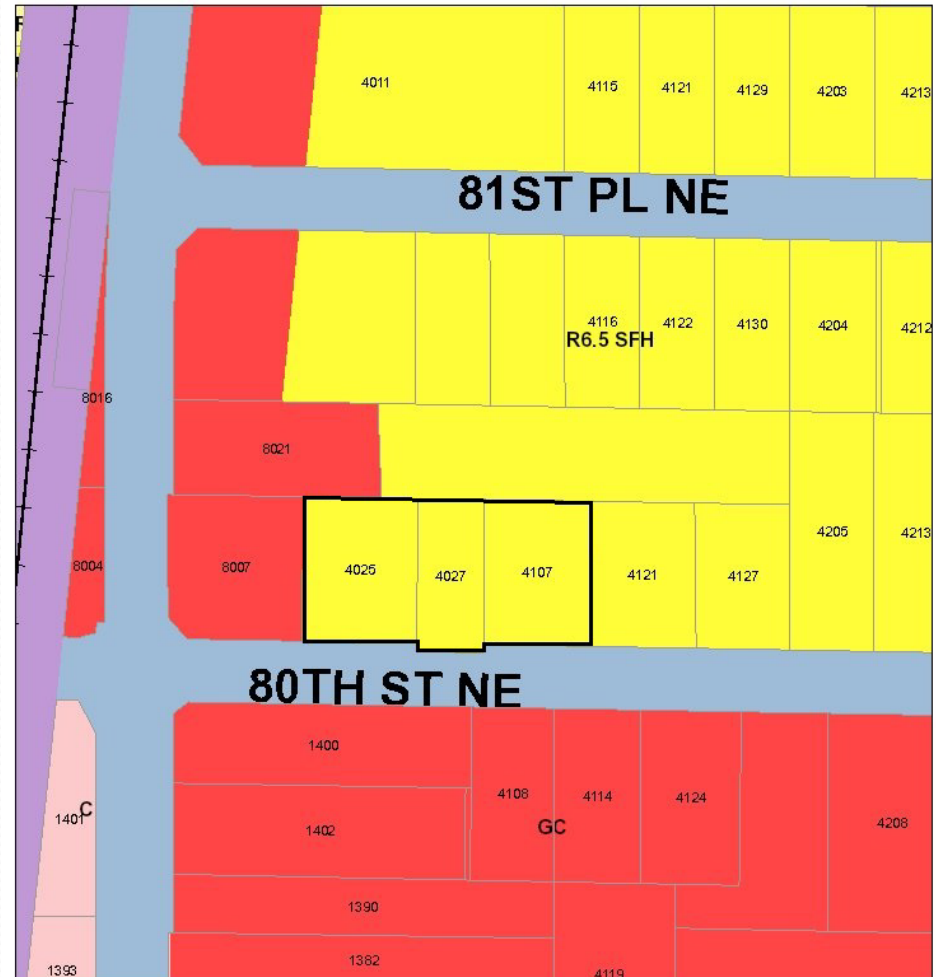

# 4.0 Land Use Element – Staff-Initiated Rezone 1

- 4011 81<sup>st</sup> Place NE.
- 2.24 acres (2 parcels).
- East side of State Avenue along 81<sup>st</sup> Place NE.
- Split-zoned with approx. 0.91 acres General Commercial (GC) and 1.33 acres R-6.5 Single Family, High Density.
- Entire north parcel church.
- Entire south parcel church annex/ assembly building.
- Recommendation: rezone both parcels to be entirely General Commercial.

# 4.0 Land Use Element – Staff-Initiated Rezone 2

- 4025, 4027 & 4107 80<sup>th</sup> Street
- East of State Avenue along north side of 80<sup>th</sup> Street NE.
- 0.89 acres (3 parcels)
- 4025 80<sup>th</sup> Street NE – automotive repair shop and professional offices.
- 4027 80<sup>th</sup> Street NE and 4107 80<sup>th</sup> Street NE – professional offices.
- Recommendation rezone from R-6.5 to General Commercial.

# 4.0 Land Use Element – Staff-Initiated Rezone 3

- 9417 State Avenue
- East side of State Avenue and north of 94<sup>th</sup> Street NE.
- 0.45 acres
- Split-zoned with approx. 0.24 acres zoned Community Business and 0.21 acres zoned R-6.5 Single Family, High Density.
- Developed with former bank/pharmacy.
- Recommendation: rezone entire parcel to Community Business.

# 5.0 Housing Element

- **5.0 Housing Element** – Provides an inventory and analysis of existing household characteristics, housing stock and characteristics, projected housing needs, and goals and policies. Update incorporates the Housing Profile prepared by the Alliance for Housing Affordability that includes an updated:
  - Analysis of existing household characteristics and housing stock;
  - Housing inventory; and
  - Analysis of housing affordability.

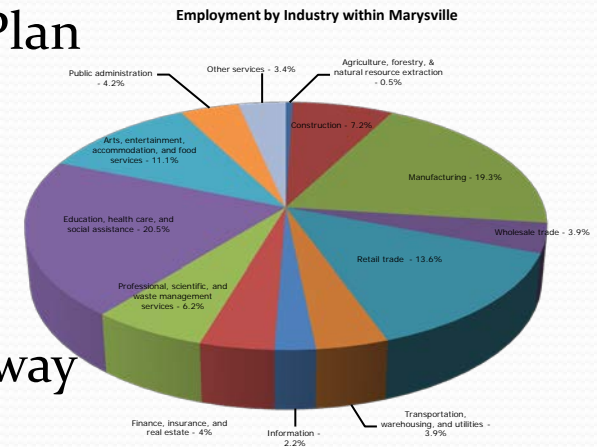

# 6.0 Environmental Element – Amendments

- **6.0 Environmental Element -** Foundation for the City's CAO, SMP, and other regulations. Amendments consist of incorporating strategies and policies that pertain to climate change.
- The climate change strategies and policies build off of City Council Resolution 2286.
- Maps also updated and minor text changes.

# 7.0 Economic Development Element – Amendments

- **7.0 Economic Development Element** – Analyzes City’s economy and “formulates... policies to move the community towards its goals.” Updates include:
  - Current employment estimates and 2035 targets;
  - Annexations, adoption of Smokey Point Master Plan and pursuit of Manufacturing Industrial Center with Arlington;
  - Completion of infrastructure projects and identification of infrastructure projects that facilitate development;
  - Major developments since 2005 such as the Gateway Shopping Center and Lakewood Crossing;
  - Current employment and wage information; and
  - Agency, entity, etc. name changes.

# 9.0 Parks and Recreation Element

## – Amendments

- **9.0 Parks and Recreation Element** – Direction to Marysville Parks and Recreation Department. Allows continued eligibility for Recreation Conservation Office (RCO) grants. Amendments:
  - Public participation and recreation survey background;
  - Structure of dept., budget, and associated bodies;
  - Inventory of parks and trails that reflect new and annexed parks and trails;
  - Individual park and trail descriptions including amenities, management issues, planned improvements, and capital facility priority score;
  - Supply and needs analysis. Strategies to meet needs;
  - Policies pertaining to open space and critical areas specifically new policies PK-23 through PK-40.

# 10.0 Utilities Element - Amendments

- **10.0 Utilities Element** – Covers infrastructure defined as utilities in the Growth Management Act (GMA): electricity, gas, telecommunications, and cable television. Amendments reflect changes since 2005, and infrastructure improvements through 2035.
- Electricity utility update provided by the Snohomish Public Utility District No. 1 (PUD) and the gas utilities update provided by Puget Sound Energy (PSE).
- Comprehensive background information on their respective utility;
- Utility's goals and objectives;
- A description of how and where the utility operates;
- An overview of regulatory oversight;
- A description of existing facilities, and anticipated infrastructure needs generally and within the City of Marysville; and
- Conservation measures employed by the utility.

# 11.0 Public Facilities and Services Element

## – Amendments

- **11.0 Public Facilities and Services Element** – Police and fire protection and other governmental services are “public services”. Water, storm and sanitary sewer systems, streets and associated improvements are “public facilities.”
- Amendments consist of updating each section to reflect existing facilities and the facility, service, or infrastructure needs that are anticipated and which have been identified within existing plans. Specifically:
- The fire and police protection and library services reflect existing facilities and anticipated future needs;
- Incorporates 2014-2019 school capital facilities plans; 2009 Water Comprehensive Plan; 2011 Sewer Comprehensive Plan; 2009 Surface Water Comprehensive Plan; and
- Solid waste section reflects accounts currently served and anticipated needs for waste collection trucks and sanitation personnel when accounts in CMA are transferred from Waste Management to the City Sanitation Division in 2017.

# 12.0 Capital Facilities Plan and 13.0 Glossary

- **12.0 Capital Facilities Plan** – Amendments to the Capital Facilities Plan reflect the City’s capital construction and purchases for the six year period from 2015 to 2020. This generally includes any structures, improvements, pieces of equipment, or other major assets which are anticipated to be acquired within that timeframe.
- **13.0 Glossary** – Amendments consist of additional definitions pertaining to housing and housing affordability; recreation; and essential public facilities.

# Comprehensive Plan Chronology

- Planning Commission workshops October 14, 2014, November 12, 2014, November 25, 2014, December 9, 2014, January 13, 2015, January 27, 2015, April 14, 2015, April 28, 2015, May 12, 2015, and June 9, 2015.
- SEPA Addendum issued and 60-day Notice of Intent to Adopt Amendments sent to Department of Commerce on May 26, 2015.
- Planning Commission Public Hearing held June 30, 2015.
- City Council briefing July 6, 2015.
- City Council action July 27, 2015.
- Questions?

*DRAFT*COUNCILMINUTES**Regular Meeting***June 1, 2015***Call to Order / Pledge of Allegiance**

Mayor Nehring called the meeting to order at 7:00 p.m. and led those present in the Pledge of Allegiance.

**Roll Call**

Chief Administrative Officer Hirashima gave the roll call. The following staff and councilmembers were in attendance.

**Mayor:** Jon Nehring

**Council:** Steve Muller, Kamille Norton, Jeff Seibert, Michael Stevens, Rob Toyer, and Donna Wright

**Absent:** Jeff Vaughan

**Also Present:** Chief Administrative Officer Gloria Hirashima, Finance Director Sandy Langdon, Police Chief Rick Smith, City Attorney John Walker, Public Works Director Kevin Nielsen, Parks and Recreation Director Jim Ballew, and Recording Secretary Laurie Hugdahl.

**Motion** made by Councilmember Stevens, seconded by Councilmember Muller, to excuse Councilmember Vaughan from the meeting. **Motion** passed unanimously (6-0).

Mayor Nehring expressed appreciation for Councilmember Vaughan chairing the meeting last week.

**Approval of the Agenda**

**Motion** made by Councilmember Muller, seconded by Councilmember Norton, to approve the agenda. **Motion** passed unanimously (6-0).

**Motion** made by Councilmember Muller, seconded by Councilmember Toyer, to waive the normal Council Work Session rules to allow a vote on item number 8. **Motion** passed unanimously (6-0).

**Committee Reports**

None

## **Presentations**

### A. Jail/Public Safety Facility Study

CAO Hirashima introduced consultants Nick Colias, the programmer who developed the needs assessment, and Vern Almon, architect with KMD Architects, and reviewed the background on the Jail/Public Safety Facility Study. The consultants were hired to assess future needs based on growth projections and an assessment of the current facility. Their recommendation is build a new jail either at the current site or a new jail. The costs exceed the City's capacity for funding, but staff considers this an important first step in identifying and evaluating operational needs of the City's facilities. Additional analysis must be performed on current operations and contracting options. CAO Hirashima explained that a lot of stakeholders were included in the analysis to make sure this was looked at in a comprehensive manner.

Nick Colias reviewed the planning assumptions which included a 20-year planning horizon, a 90-day facility, housing of Marysville prisoners only, and renovation of the jail to ACA standards. He explained they developed two planning options:

- Conservative model – recent ADP per capita rate remains unchanged; continued significant reliance on contracted beds
- Aggressive Model - assumes 40% increase in booking rates; longer average length of stay; contract only for medical/special needs prisoners

The Facilities Assessment showed that the facility does not conform to American Correctional Association Standards and has inadequate security, poor functionality, and internal circulation. It is very old, inefficient, and crowded. They are planning for a 37% increase in population over the next 20 years. Mr. Colias summarized that there will be a related need for increased police staff throughout the City.

Vern Almon commented on the need to increase space for police officers as well as prisoners. He reviewed the Alternative B Concept which would renovate and expand existing public safety building. This results in a very crowded facility, but has a very efficient design.

Alternative A to build a new facility on a new piece of property would be about \$48 million plus any land acquisition costs. Alternative B would be about \$39 million plus the cost of another 1.4 acres which would need to be acquired for parking.

Councilmember Muller asked what portion of the costs for Alternative B would be for remodel and for new construction. Mr. Almon did not have that information available, but thought it was about \$10,000 for the police remodel and about \$17,000 for the new construction.

Councilmember Muller asked if a cost benefit analysis had been done on this. Chief Smith explained there are complications due to the length of stay as well as other special needs. There will always be a portion of the jail population that the City will need to send out. The City

will continue to look at the cost-benefit analysis. CAO Hirashima noted that under the current projection they would be building in capacity for the future needs of the City, but until the City needs all the space they would be able to house other cities' inmates. The City needs to evaluate the contract situation.

Mayor Nehring commented that the costs are shocking. He wondered if there were any other options that were less expensive. Mr. Colias replied they could develop other options that would be downsized as well as options that could be phased in over time. He discussed possible scenarios. He noted that another possibility would be for the Council to give the consultants a number to work with. Mayor Nehring asked if there is anything that could be cut out of the internal part of the facility to make it less plush. CAO Hirashima commented that staff realizes they need to go back through and make difficult decisions. Chief Smith added that the staff is going through the process of determining what they really need. This study provides a good footprint and a platform from which to move forward. There was discussion about possible ways this could be phased in. CAO Hirashima thought that the housing design was one thing that staff felt would be beneficial.

Councilmember Wright asked if the first thing they need to do has been identified. CAO Hirashima stated it has not been identified, but she thought it was the housing. Mr. Colias commented on the cost of doing nothing. Mr. Almon noted that the roof shouldn't be replaced unless it was a big renovation or if it is leaking.

Mayor Nehring recommended that the City explore the options and review contracts with other cities. He spoke to the importance of taking care of Marysville's needs regarding inmates before providing services to other cities.

Councilmember Stevens asked if the lot on the north corner of the public safety building belongs to the City. CAO Hirashima replied that it does not. Councilmember Stevens commented on the value of seeing what the return on investment of housing inmates in Marysville over the next twenty years is. Chief Smith thought this was a great question. He agreed that there are many things that the City needs to look at in order to make a decision.

## **Discussion Items**

### **Approval of Minutes (Written Comment Only Accepted from Audience.)**

1. Approval of the May 11, 2015 City Council Special Meeting Minutes
2. Approval of the May 11, 2015 City Council Meeting Minutes

**Consent**

3. Approval of the May 13, 2015 Claims in the Amount of \$924,192.70; Paid by Check Numbers 99982 through 100143 with Check Number 88243 Voided
4. Approval of the May 20, 2015 Claims in the Amount of \$336,230.74; Paid by Check Numbers 100144 through 100300 with Check No. 99974 Voided
5. Approve the May 27, 2015 Claims in the Amount of \$1,827,963.39; Paid by Check Numbers 100301 through 100453 with Check Number 100266 Voided
6. Approval of the May 20, 2015 Payroll in the Amount \$912,950.53; Paid by Check Numbers 28874 through 28921

**Review Bids**

7. Consider the 67th Avenue NE Overlay Project to Lakeside Industries in the Amount of \$519,878.50 Including Washington State Sales Tax and Approve a Management Reserve of \$50,000.00 for a Total Allocation of \$569,878.50

Director Nielsen explained that this is for an overlay project which will be paid for with almost \$500,000 of federal money. Staff is excited to get going on this.

**Public Hearings****Action Item**

8. Consider an Ordinance of the City of Marysville Granting a Franchise to Wavedivision I, LLC to Operate a Cable Television System in City Rights-of-Way

City Attorney Walker explained staff is asking Council for another two-month extension prior to considering a formal contract.

**Motion** made by Councilmember Toyer, seconded by Councilmember Muller, to approve another two-month extension with Wavedivision 1, LLC. **Motion** passed unanimously (6-0).

**New Business**

9. Consider the Application for Marysville Downtown Merchants Association to Conduct a Special Event on July 11, 2015, including the Street Closure of 3rd Street between State Avenue and Union Avenue, as well as Columbia Avenue between 2nd Street and Halfway Down 3rd Street, as Requested by the Applicant

CAO Hirashima stated this is for the annual downtown rods event which has been a successful event in the past.

10. Consider the Professional Services Agreement Supplemental No. 1 for a No Cost Time Extension with HDR Engineering

Director Nielsen stated this is a no cost time extension for the PSA with HDR Engineering. He announced that the IJR should be approved and signed off this week. Staff will be bringing a supplemental agreement for final design so some of the work can be started in 2017 but the bulk of it won't be done until 2019-20.

11. Consider the Wire-Line License for Installation of Communications Cable beneath Tracks from Burlington Northern Santa Fe Railway Company in the Amount of \$15,570.00 including a \$920.00 Fee for Coverage under BNSF's Railroad Protective Liability Insurance

Director Nielsen explained that this would provide wire line under the rail line.

12. Consider the Wire-Line License for Installation of Electrical Conductors beneath Tracks from Burlington Northern Santa Fe Railway Company in the Amount of \$15,570.00 including a \$920.00 Fee for Coverage under BNSF's Railroad Protective Liability Insurance

Director Nielsen explained that this also would provide wire line under the rail line.

13. Consider the Greater Marysville Tulalip Chamber of Commerce Agreement

CAO Hirashima presented the Chamber Services Agreement which would provide for the delivery of the funds to the Chamber as discussed at the last meeting. She asked for Council input on performance measures to be included.

Councilmember Muller said he'd like to see an expansion on the website performance measurements beyond just hits.

Councilmember Toyer asked if the Chamber ever provided a website proposal from Chamber Master. CAO Hirashima replied that the Chamber had shared it at the meeting.

Councilmember Seibert referred to Roman Numeral 5 and recommended striking "per year" since the Council doesn't want this to be an annual occurrence.

## **Legal**

### **Mayor's Business**

- Thanks to Councilmember Vaughan for running the meeting last week.
- Thanks to Councilmember Muller for attending the AWC Large City meeting.
- He invited Council to attend the Volunteer Appreciation Dinner this Wednesday at 5 p.m. at the Baxter Center.
- Healthy Communities Challenge Day will be held on Saturday at 10:00 a.m.

- He announced that the Industrial Tax Incentive Bill finally passed the House and the Senate. Thanks to Council and staff for their persistence on this over the past several years.

### **Staff Business**

Chief Smith:

- The process of going over the Public Safety building was entertaining. One of the constant themes of their conversations was the need to reduce costs for the jail remodel/expansion. It was a good exercise to go through.
- Crime is down. He will discuss this more later.
- Councilmember Muller noted there is some encampment activity near the freeway near Haggen's. Chief Smith stated that police are aware of it and are about to take action.
- New World System is moved back because when they tested the system there was some lagging at extremely high call volume levels.

Sandy Langdon had no comments.

Kevin Nielsen:

- The Freight Mobility Strategic Investment Board was here last Friday. They are the group that Marysville received \$5 million from for the 529/I-5 project.
- Thanks to Adam for managing the jail project.
- The spray park opened and was packed over the weekend. Staff is putting up restricted parking signs and building a new parking lot to accommodate the visitors and businesses in the area.

Gloria Hirashima:

- She commented that the jail discussion is an important one. The costs will need to be figured out. The facility ideas are good ones. Thanks to Adam for managing the consultant contract and to Chief Smith and his department for their input as well.
- She was very excited about the passage of the bill. She commended Mayor Nehring's persistence and work on this. She was very pleased that very little had been changed from the original bill which she drafted.

### **Call on Councilmembers**

Rob Toyer asked about following up on other jail proposals throughout the state. CAO Hirashima said staff would follow up.

Jeff Seibert asked for more information about the City's bonding capability for the jail. It also would be nice to see what the payback would be. For example, what would going to a pod style save the City per year? Chief Smith explained that the pod style would allow the police staffing to be more minimal than they would need under their current layout.

Donna Wright:

- She appreciated the presentation. She agrees this is something they need to figure out and move forward with.
- She has heard complaints about congestion at the post office. Director Nielsen explained this is an ongoing issue.
- She is available to attend the audit entrance meeting.

Michael Stevens:

- Congratulations on the bill.
- The presentation was interesting, but it was too bad the consultants didn't show an option that might work.

Kamille Norton:

- She agreed that it would have been nice to see more options with the presentation, but thought it was interesting anyway.
- She asked if the City currently has to turn away people from the jail. Chief Smith explained that it does happen. CAO Hirashima commented that one of the reasons is the beds that are reserved for other cities. This is one reason why the City might need to reconsider those contracts with other cities in order to make sure that Marysville's needs are met.
- She asked about including educational information about legal and illegal fireworks with utility bills. Chief Smith thought this was a good idea and recommended sending the information that was sent last year plus the flyer that Ms. Gower had provided.

## **Executive Session**

**A. Litigation**

**B. Personnel**

**C. Real Estate**

## **Adjournment**

Seeing no further business Mayor Nehring adjourned the meeting at 8:53 p.m.

Approved this \_\_\_\_\_ day of \_\_\_\_\_, 2015.

COUNCIL*DRAFT*  
MINUTES

**Regular Meeting**  
June 8, 2015

**Call to Order / Pledge of Allegiance**

Mayor Nehring called the meeting to order at 7:00 p.m. Pastor Judi Johnston from Jake's House gave the invocation, and Mayor Nehring led those present in the Pledge of Allegiance.

**Roll Call**

Chief Administrative Officer Hirashima gave the roll call. The following staff and councilmembers were in attendance.

**Mayor:** Jon Nehring

**Council:** Steve Muller, Kamille Norton, Jeff Seibert, Michael Stevens, Rob Toyer, Jeff Vaughan, and Donna Wright

**Absent:** None

**Also Present:** Chief Administrative Officer Gloria Hirashima, Finance Director Sandy Langdon, Police Chief Rick Smith, City Attorney John Walker, Public Works Superintendent Doug Bye, Parks and Recreation Director Jim Ballew, Community/Media Relations Officer Bronlea Mishler, and Recording Secretary Laurie Hugdahl.

**Approval of the Agenda**

**Motion** made by Councilmember Muller, seconded by Councilmember Norton, to approve the agenda. **Motion** passed unanimously (7-0).

**Committee Reports**

None

**Presentations****A. City Website Update**

Bronlea Mishler, Community/Media Relations Officer, gave an update on the upgrades to the city website including a new platform, new home page and interior pages, improved user experience, new color scheme, content update, and data-driven content placement.

Councilmember Toyer asked if the information for updates goes through her. Ms. Mishler explained a lot of it goes through her, but some of the departments do their own work.

Councilmember Muller asked if there is a consistent layout on the new update. Ms. Mishler replied that there is. She commented that a lot of cities and counties across the state use the Civic Plus platform.

Councilmember Vaughan asked about the process for content creation. Ms. Mishler explained that each person has a different level of permissions. Councilmember Vaughan asked if there is any kind of site monitoring in case the site goes down. Ms. Mishler replied that Civic Plus will send a notification if there are any issues. Councilmember Vaughan asked about some of the analytics. Ms. Mishler explained that there were 120,000 unique views in a 15-month period. Of those, 45,000 were by smart phone. 14,000 people have visited by tablet. The average visit time is about three minutes, and 42% of people leave after visiting one page. 87% of the referrals to the website are from Facebook and 11% from Twitter. About 300 people are signed up for email subscriptions. Councilmember Vaughan asked about simplifying the access to Council agendas, packets, and minutes. Ms. Mishler indicated this could be done with the upgrade. Councilmember Vaughan noted it would be nice if all of those documents could all be accessed on the same site and not have to be transferred to a different site. Councilmember Vaughan also asked about having current events listings across all the pages. Ms. Mishler said she could look into that.

**Audience Participation**

None

**Approval of Minutes (Written Comment Only Accepted from Audience.)****1. Approval of the May 11, 2015 City Council Special Meeting Minutes**

**Motion** made by Councilmember Wright, seconded by Councilmember Stevens, to approve the May 11, 2015 City Council Special Meeting Minutes. **Motion** passed unanimously (7-0).

2. Approval of the May 11, 2015 City Council Meeting Minutes

**Motion** made by Councilmember Stevens, seconded by Councilmember Wright, to approve the May 11, 2015 City Council Meeting Minutes. **Motion** passed unanimously (7-0).

### **Consent**

3. Consider Approval of the May 13, 2015 Claims in the Amount of \$924,192.70; Paid by Check Numbers 99982 through 100143 with Check Number 88243 Voided
4. Consider Approval of the May 20, 2015 Claims in the Amount of \$336,230.74; Paid by Check Numbers 100144 through 100300 with Check No. 99974 Voided
5. Consider Approve the May 27, 2015 Claims in the Amount of \$1,827,963.39; Paid by Check Numbers 100301 through 100453 with Check Number 100266 Voided
6. Consider Approval of the May 20, 2015 Payroll in the Amount \$912,950.53; Paid by Check Numbers 28874 through 28921
9. Consider Approving the Application for Marysville Downtown Merchants Association to Conduct a Special Event on July 11, 2015, including the Street Closure of 3rd Street between State Avenue and Union Avenue, as well as Columbia Avenue between 2nd Street and Halfway Down 3rd Street, as Requested by the Applicant
10. Consider Approving the Professional Services Agreement Supplemental No. 1 for a No Cost Time Extension with HDR Engineering
11. Consider Approving the Wire-Line License for Installation of Communications Cable beneath Tracks from Burlington Northern Santa Fe Railway Company in the Amount of \$15,570.00 including a \$920.00 Fee for Coverage Under BNSF's Railroad Protective Liability Insurance
12. Consider Approving the Wire-Line License for Installation of Electrical Conductors beneath Tracks from Burlington Northern Santa Fe Railway Company in the Amount of \$15,570.00 including a \$920.00 Fee for Coverage Under BNSF's Railroad Protective Liability Insurance

**Motion** made by Councilmember Vaughan, seconded by Councilmember Muller, to approve Consent Agenda items 3, 4, 5, 6, 9, 10, 11, and 12. **Motion** passed unanimously (7-0).

**Review Bids**

7. Consider Awarding the 67th Avenue NE Overlay Project to Lakeside Industries in the Amount of \$519,878.50 Including Washington State Sales Tax and Approve a Management Reserve of \$50,000.00 for a Total Allocation of \$569,878.50

**Motion** made by Councilmember Muller, seconded by Councilmember Norton, to authorize the Mayor to sign and execute the contract for the 67th Avenue NE Overlay Project with Lakeside Industries in the Amount of \$519,878.50 Including Washington State Sales Tax and Approve a Management Reserve of \$50,000.00 for a Total Allocation of \$569,878.50. **Motion** passed unanimously (7-0).

**Public Hearings****New Business**

13. Consider the Greater Marysville Tulalip Chamber of Commerce Agreement

CAO Hirashima reviewed changes to the agreement including:

- The name of the president was updated.
- “Per year” was taken out of the payment section.
- Website analytics report benchmarking was added to the Scope of Work.

Councilmember Norton referred to number 5 under Scope of Work and asked if they might want to be more specific about the frequency of meetings. Mayor Nehring commented that he has a standing monthly meeting with the Chair of the Chamber. CAO Hirashima added that the City is represented on the Board of Directors in an *ex officio* slot so she represents the City in that position. Councilmember Muller spoke in support of quarterly updates from the Chamber at Council meetings. Councilmember Vaughan pointed out that the term of the agreement is only from June through September so it’s not really relevant. There was consensus to keep it the way it is.

Councilmember Toyer asked how often the Economic Development Committee meetings occur. Mayor Nehring replied that currently that time slot is taken up with RFA meetings but before that they met every couple months or so.

Councilmember Vaughan commented that if it is the Council’s desire to have more frequent meetings that could be included in the Agreement.

CAO Hirashima thought that the Chamber would be happy to meet regularly with the Council. She noted that she could send a letter to the Chamber letting them know that is the Council’s desire and that they would be invited quarterly to come to Council meetings.

*DRAFT*

**Motion** made by Councilmember Wright, seconded by Councilmember Muller, to authorize the Mayor to sign the Chamber Service Agreement as printed followed by a letter to set up regular meetings. **Motion** passed unanimously (7-0).

Councilmember Vaughan referred to Scope of Work and pointed out it is not likely that there will really be any sort of performance improvements in the website in that short of a time. It would really take at least six months. He thought that the best measure of whether the website is sufficient is whether the directory is accessible and things like that.

He then asked if there has been any kind of quote on the upgrade to the website. CAO Hirashima replied it was \$10,000 from Chamber Master. Councilmember Vaughan asked if there is an employment contract or letter regarding the intern. CAO Hirashima thought that the Chamber had not extended an offer yet because it is contingent on funding. Councilmember Vaughan asked if it would be more appropriate to reimburse the expenses in order to demonstrate that the money is being used in the manner the City is expecting. He would like to see a copy of the hire letter or the employment agreement. He thinks it would make things cleaner in the future. Finally, he referred to the Scope of Work and asked if it would be better to have it focus more on just the City of Marysville instead of the Marysville Tulalip greater area.

Councilmember Seibert asked why the agreement was written for only three months. CAO Hirashima explained it is because the Chamber had indicated all of the scope of work would be completed by then. Also, the Chamber had indicated they would be returning in the fall to request the remainder of the funds.

Councilmember Muller spoke in support of releasing \$10,000 now and \$10,000 upon submittal of an employment contract. Councilmember Wright accepted that as a friendly amendment.

**Motion** passed 5-1 with Councilmember Seibert voting against the motion and Councilmember Toyer abstaining.

14. Consider the Maintenance Agreement for the SR9/84th Street Roundabout with the Washington State Department of Transportation

Parks and Recreation Director Ballew reviewed this item noting the original agreement had two signs and this only has one.

Councilmember Norton asked when this would be installed. Director Ballew replied construction would be starting this week.

Councilmember Seibert asked if a traffic plan has been submitted. Director Ballew noted it would be submitted once the installation is scheduled. Councilmember Seibert recommended getting that submitted as soon as possible.

**Motion** made by Councilmember Seibert, seconded by Councilmember Toyer, to approve the Maintenance Agreement for the SR9/84th Street Roundabout with the Washington State Department of Transportation and authorize the Mayor to sign the agreement.

## Legal

### Mayor's Business

- Thanks everyone for attending and helping with the volunteer appreciation event.
- Sunday service is coming back with Community Transit, and everyone is happy about that. All the routes have been retained as they are.
- Healthy Communities Challenge Day was another great event.
- Bronlea Mishler set up the first social media coffee klatch tonight before the meeting. It was a lot of fun. There were some well thought out questions. The City is looking for new avenues to interact with the public.
- The bill signing for 5761 is this Wednesday. Mayor Nehring asked council members to let him know if they are interested in attending.

### Staff Business

Chief Smith:

- Public Safety Committee will meet in June.
- Great job to Jim Ballew on Challenge Day.
- There was a major arrest at a construction theft ring.
- Crime stats as of May are down in the SODA area by 38% with zero burglaries in that area for either commercial or residential. Also there were no vehicle prowls and no robberies. He commended the City's effort on that. Citywide crime is continuing to trend down under 2014 levels. Burglaries, prowls, and assaults are dramatically down citywide. There has been an increase in graffiti over the last month and a half, but police are actively working on that.
- He went to talk at the Law and Justice Committee Meeting last week and noted that East County and South County are also looking at putting together a regional crime unit because it has been so effective in this area.
- Police are working with the Lakewood Crossing area.
- Mayor Nehring noted that there are a number of things in the jail proposal that the City will be able to use such as the studies on the stability of the building and the engineering. They plan to take the parts that are useful and scale it back to something that is more workable. Chief Smith agreed and added that it will be a good starting point even though the scale of the facility is not what the City needs at this point. Mayor Nehring noted that staff had talked about taking this through a couple committees too as it is being pared back.

Sandy Langdon reported that the entrance audit conference was held last week. The auditors will be focusing on payroll, purchasing, and bid processes. They are scheduled to be done the end of June.

Jon Walker stated he will be bringing a draft ordinance clarifying that people can't possess fireworks in City parks on the 22<sup>nd</sup> of June.

Doug Hyde had no comments.

Jim Ballew:

- It was a great Challenge Day Event. Thanks to Kamille Norton for spending the day with them. They had great attendance, 73 vendors, and really warm weather.
- He commended Mike Robinson for facilitating about 40 volunteers for working with Windermere at the last minute on some beautification efforts throughout the City.
- The spray park is in full swing and hugely attended. One hour parking signage will go up on 6<sup>th</sup> in front of local businesses to address parking challenges the businesses are facing. There will be additional parking on Delta and 5<sup>th</sup> by the end of the month. Councilmember Muller asked if the number of handicapped spots at the park would be increased once the new parking is done. Director Ballew replied that they would.
- Strawberry Festival is coming up. A lot of activities are starting next week.
- Summer activities will be starting soon as school is out.
- Tara Mizell is working on an October 24 event. He commended her on her efforts.

Gloria Hirashima:

- Great job to Parks on all of the summer activities that are kicking off. Jim Ballew gave an excellent presentation to the Chamber highlighting upcoming summer activities.
- There will be a lunchtime learning event for the supervisor management group on Thursday. It will be a debrief of MPHS emergency management activities that occurred last fall. Council is welcome to attend.
- With the upcoming Strawberry Festival there will be monitoring and notice prohibiting public seating on the sidewalks prior to 5 p.m. Friday.
- Staff is getting monthly reports from Premier on the Gold course. They will be coming to the next meeting to give an overview.
- Staff is starting the process of getting fireworks information out to the press within the next week and preparing the public for what's legal and not legal. The police are working on an education citation complaint campaign to address fireworks complaints. Chief Smith explained a written warning system that will be implemented.
- She assured the Council that staff will be bringing the jail issue back through the committees with some ideas on how it could be implemented. She is confident the process will yield a positive result for a facility for the future.

**Call on Councilmembers**

Kamille Norton:

- She is glad to hear about the increased education efforts regarding fireworks.
- Regarding prohibiting setting up the chairs before the parade, she asked if it includes people who show up early and actually sit in the chairs. Jim Ballew commented they could show up at 5:00 on Friday, but not earlier.
- She congratulated Jim Ballew and the Parks Department for a great job on Healthy Communities Challenge Day.

Steve Muller:

- The volunteer appreciation event was awesome.
- The spray park looks really nice and clean. He asked if there are still bathroom issues down there. Jim Ballew commented that there are some in the morning.
- He also likes the written warning approach regarding fireworks.
- 60<sup>th</sup> and Parkside Manor looks good. Sunnyside will look good too when it is done.

Rob Toyer had no comments.

Michael Stevens commented that the Challenge Day fell on the same weekend as the Washington Fire commissioners Conference so he was unable to attend.

Jeff Seibert:

- He asked about the date for paving on Sunnyside. Doug Bye thought it would be in mid-July.
- He asked about a date for the tour of the Spada Lake complex. Doug Bye stated it would be on July 10. They will be meeting at 11:30 at Public works.

Donna Wright stated she will not be at the June 22 Council Meeting because of AWC.

Jeff Vaughan:

- He thanked the Council for the excused absence last week.
- He commended Worth Norton on the backup Wi-Fi and computer power after the power went out.

**Adjournment**

Seeing no further business Mayor Nehring adjourned the meeting at 8:25 p.m.

Approved this \_\_\_\_\_ day of \_\_\_\_\_, 2015.

**CITY OF MARYSVILLE AGENDA BILL**  
**EXECUTIVE SUMMARY FOR ACTION**

**CITY COUNCIL MEETING DATE: July 13, 2015**

<b>AGENDA ITEM:</b> Project Acceptance – 88 <sup>th</sup> St NE and 55 <sup>th</sup> Ave NE Intersection Improvements	
<b>PREPARED BY:</b> Jeff Laycock, Project Manager	<b>DIRECTOR APPROVAL:</b> 
<b>DEPARTMENT:</b> Engineering	
<b>ATTACHMENTS:</b> Notice of Physical Completion Letter, Vicinity Map	
<b>BUDGET CODE:</b> 30500030.563000, R1303 (Roadway Improvements) 40220594.563000, W1401 (Water Main Improvements)	<b>AMOUNT:</b> N/A

**SUMMARY:**

The 88<sup>th</sup> St NE and 55<sup>th</sup> Ave NE Intersection Improvements project included the construction of a signalized intersection with left turn pockets, illumination, sidewalk ramps, roadway widening and paving. The project also included replacing the existing water main within the project limits.

City Council awarded the project to SRV Construction on July 14, 2014 in the amount of \$780,559.64. The project was completed at a cost of \$807,351.22, which was \$26,791.58 or 3.43% above the original bid amount but within management reserve.

The total cost to the City towards construction was \$153,683.48. The remaining construction cost was funded in part by the FY2014 Transportation Improvement Board (TIB) Urban Arterial Program and Snohomish County mitigation fees for 88<sup>th</sup> St NE improvements.

Work performed under this contract was inspected by City staff. The work was found to be physically complete in accordance with the approved plans and specifications. Staff recommends Council's acceptance of the project for closeout.

**RECOMMENDED ACTION:**

Staff recommends that Council authorize the Mayor to accept the 88<sup>th</sup> St NE and 55<sup>th</sup> Ave NE Intersection Improvements project, starting the 45-day lien filing period for project closeout.

SRV Construction, Inc.  
PO Box 481  
Oak Harbor, WA 98277

**Subject: 88<sup>th</sup> St NE and 55<sup>th</sup> Ave NE Intersection Improvements – Notice of Physical Completion**

Dear Mr. Snyder:

In accordance with Section 1-05.11(2) of the Special Provisions, this project was considered physically complete as of Friday, June 12, 2015.

This notification does not constitute completion, or final acceptance by the City per Section 1-05.11(2) of the Contract's General Special Provisions.

Recommendation for Final Acceptance will be sent to the City Council for approval at the first available council meeting pending the above items to close out the project have been completed. This date of final acceptance shall start the forty-five (45) day lien period for the release of your retainage upon receipt of the following.

1. Certificate of Release from the Department of Revenue
2. Certificate of Release from the Employment Security Department
3. Certificate of Release from the Department of L&I
4. Affidavit of Wages Paid (to be submitted by SRV to the City)

As always, it has been a pleasure working with you and the rest of the SRV staff on this project. I look forward to working with you on future projects.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Laycock".

Jeff Laycock, PE  
Project Manager

**CITY OF MARYSVILLE AGENDA BILL**

**EXECUTIVE SUMMARY FOR ACTION**

**CITY COUNCIL MEETING DATE: July 13, 2015**

<b>AGENDA ITEM:</b> Surface Water Comprehensive Plan Update	
<b>PREPARED BY:</b> Kari Chennault <b>DEPARTMENT:</b> Public Works	<b>DIRECTOR APPROVAL:</b> 
<b>ATTACHMENTS:</b> 2 original copies of the Professional Services Agreement	
<b>BUDGET CODE:</b> 40145040.541000.M1519	<b>AMOUNT:</b> \$249,950.00
<b>SUMMARY:</b>	

Attached is a Professional Services Agreement with Gray & Osborne, Inc. to provide consulting services to update the City's Surface Water Comprehensive Plan. The City advertised for qualified consultants to submit proposals. The three most qualified firms, based on staff's review of their proposals, were interviewed and Gray & Osborne, Inc. was selected based on the qualifications and experience they demonstrated.

The City's existing Comprehensive Plan was updated in February 2009 and will be updated again to reflect the changes that have occurred both in the City and the recent re-issuance of the National Pollution Discharge Elimination System Phase II Permit.

<b>RECOMMENDED ACTION:</b> Staff recommends that the City Council members authorize the Mayor to sign and execute the Professional Services Agreement with Gray & Osborne, Inc. in an amount not to exceed \$249,950.
--

**PROFESSIONAL SERVICES AGREEMENT BETWEEN  
CITY OF MARYSVILLE  
AND **Gray & Osborne, Inc.**  
FOR CONSULTANT SERVICES**

**THIS AGREEMENT** (“Agreement”) is made and entered into by and between the City of Marysville, a Washington State municipal corporation (“City”), and **Gray & Osborne, Inc.**, a Washington **Corporation** (“Consultant”).

**NOW, THEREFORE**, in consideration of the terms, conditions, covenants and performances contained herein, the parties hereto agree as follows:

**ARTICLE I. PURPOSE**

The purpose of this Agreement is to provide the City with consultant services regarding **the update to the City’s Surface Water Comprehensive Plan** as described in Article II. The general terms and conditions of the relationship between the City and the Consultant are specified in this Agreement.

**ARTICLE II. SCOPE OF SERVICES**

The Scope of Services is attached hereto as **Exhibit “A”** and incorporated herein by this reference (“Scope of Services”). All services and materials necessary to accomplish the tasks outlined in the Scope of Services shall be provided by the Consultant unless noted otherwise in the Scope of Services or this Agreement. All such services shall be provided in accordance with the standards of the Consultant’s profession.

**ARTICLE III. OBLIGATIONS OF THE CONSULTANT**

**III.1 MINOR CHANGES IN SCOPE.** The Consultant shall accept minor changes, amendments, or revision in the detail of the Scope of Services as may be required by the City when such changes will not have any impact on the service costs or proposed delivery schedule. Extra work, if any, involving substantial changes and/or changes in cost or schedules will be addressed as follows:

**Extra Work.** The City may desire to have the Consultant perform work or render services in connection with each project in addition to or other than work provided for by the expressed intent of the Scope of Services in the scope of services. Such work will be considered as extra work and will be specified in a written supplement to the scope of services, to be signed by both parties, which will set forth the nature and the scope thereof. All proposals for extra work or services shall be prepared by the Consultant at no cost to the City. Work under a supplemental agreement shall not proceed until executed

in writing by the parties.

**III.2 WORK PRODUCT AND DOCUMENTS.** The work product and all documents produced under this Agreement shall be furnished by the Consultant to the City, and upon completion of the work shall become the property of the City, except that the Consultant may retain one copy of the work product and documents for its records. The Consultant will be responsible for the accuracy of the work, even though the work has been accepted by the City.

In the event that the Consultant shall default on this Agreement or in the event that this Agreement shall be terminated prior to its completion as herein provided, all work product of the Consultant, along with a summary of work as of the date of default or termination, shall become the property of the City. Upon request, the Consultant shall tender the work product and summary to the City. Tender of said work product shall be a prerequisite to final payment under this Agreement. The summary of work done shall be prepared at no additional cost to the City.

Consultant will not be held liable for reuse of documents produced under this Agreement or modifications thereof for any purpose other than those authorized under this Agreement without the written authorization of Consultant.

**III.3 TERM.** The term of this Agreement shall commence on **authorization of notice to proceed** and shall terminate at midnight, **July 1, 2016**. The parties may extend the term of this Agreement by written mutual agreement.

**III.4 NONASSIGNABLE.** The services to be provided by the Consultant shall not be assigned or subcontracted without the express written consent of the City.

**III.5 EMPLOYMENT.**

a. The term “employee” or “employees” as used herein shall mean any officers, agents, or employee of the of the Consultant.

b. Any and all employees of the Consultant, while engaged in the performance of any work or services required by the Consultant under this Agreement, shall be considered employees of the Consultant only and not of the City, and any and all claims that may or might arise under the Workman's Compensation Act on behalf of any said employees while so engaged, and any and all claims made by any third party as a consequence of any negligent act or omission on the part of the Consultant or its employees while so engaged in any of the work or services provided herein shall be the sole obligation of the Consultant.

c. Consultant represents, unless otherwise indicated below, that all employees of Consultant that will provide any of the work under this Agreement have not ever been retired from a Washington State retirement system, including but not limited to Teacher (TRS), School District (SERS), Public Employee (PERS), Public Safety (PSERS), law enforcement and fire fighters (LEOFF), Washington State Patrol

(WSPRS), Judicial Retirement System (JRS), or otherwise. *(Please indicate No or Yes below)*

Nil No employees supplying work have ever been retired from a Washington state retirement system.

\_\_\_\_\_ Yes employees supplying work have been retired from a Washington state retirement system.

In the event the Consultant indicates “no”, but an employee in fact was a retiree of a Washington State retirement system, and because of the misrepresentation the City is required to defend a claim by the Washington State retirement system, or to make contributions for or on account of the employee, or reimbursement to the Washington State retirement system for benefits paid, Consultant hereby agrees to save, indemnify, defend and hold City harmless from and against all expenses and costs, including reasonable attorney’s fees incurred in defending the claim of the Washington State retirement system and from all contributions paid or required to be paid, and for all reimbursement required to the Washington State retirement system. In the event Consultant affirms that an employee providing work has ever retired from a Washington State retirement system, said employee shall be identified by Consultant, and such retirees shall provide City with all information required by City to report the employment with Consultant to the Department of Retirement Services of the State of Washington.

### III.6 INDEMNITY.

a. **Indemnification / Hold Harmless.** Consultant shall defend, indemnify and hold the City, its officers, officials, employees and volunteers harmless from any and all claims, injuries, damages, losses or suits including attorney fees, arising out of or resulting from the acts, errors or omissions of the Consultant in performance of this Agreement, except for injuries and damages caused by the sole negligence of the City.

b. Should a court of competent jurisdiction determine that this Agreement is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Consultant and the City, its officers, officials, employees, and volunteers, the Consultant's liability, including the duty and cost to defend, hereunder shall be only to the extent of the Consultant's negligence.

c. The provisions of this section shall survive the expiration or termination of this agreement.

d. For the purposes of the indemnity contained in subpart “A” of this paragraph 3.6, Consultant hereby knowing, intentionally, and voluntarily waives the immunity of the Industrial Insurance Act, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties.

\_\_\_\_\_(initials) \_\_\_\_\_(initials)

### III.7 INSURANCE.

a. **Minimum Limits of Insurance.** The Consultant shall procure, and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work and services hereunder by the Consultant, its agents, representatives, employees or subcontractors. The Consultant shall, before commencing work under this agreement, file with the City certificates of insurance coverage and the policy endorsement to be kept in force continuously during this Agreement, in a form acceptable to the City. Said certificates and policy endorsement shall name the City, its officers, elected officials, agents and/or employees as an additional named insured with respect to all coverages except professional liability insurance and workers' compensation.

b. **Minimum Scope of Insurance - Consultant shall obtain insurance of the types described below:**

- (1). Automobile Liability insurance covering all owned, non-owned, hired and leased vehicles. Coverage shall be written on Insurance Services Office (ISO) form CA 00 01 or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage.
- (2). Commercial General Liability insurance shall be written on ISO occurrence form CG 00 01 and shall cover liability arising from premises, operations, independent contractors and personal injury and advertising injury. The City shall be named as an insured under the Consultant's Commercial General Liability insurance policy with respect to the work performed for the City.
- (3). Workers' Compensation coverage as required by the Industrial Insurance laws of the State of Washington.
- (4). Professional Liability insurance appropriate to the Consultant's profession.

c. **The minimum insurance limits shall be as follows:**

- (1) Comprehensive General Liability. \$1,000,000 combined single limit per occurrence for bodily injury personal injury and property damage; \$2,000,000 general aggregate.

(2) Automobile Liability. \$1,000,000 combined single limit per accident for bodily injury and property damage.

(3) Workers' Compensation. Workers' compensation limits as required by the Workers' Compensation Act of Washington.

(4) Professional Liability/Consultant's Errors and Omissions Liability. \$1,000,000 per claim and \$1,000,000 as an annual aggregate.

d. **Notice of Cancellation.** In the event that the Consultant receives notice (written, electronic or otherwise) that any of the above required insurance coverage is being cancelled and/or terminated, the Consultant shall immediately (within forty-eight (48) hours) provide written notification of such cancellation/termination to the City.

e. **Acceptability of Insurers.** Insurance to be provided by Consultant shall be with a current A.M.Bests rating of no less than A:VII, or if not rated by Bests, with minimum surpluses the equivalent of Bests' VII rating.

f. **Verification of Coverage.** In signing this agreement, the Consultant is acknowledging and representing that required insurance is active and current. Consultant shall furnish the City with original certificates and a copy of the amendatory endorsements, including but not necessarily limited to the additional insured endorsement, evidencing the insurance requirements of the Consultant before commencement of the work. Further, throughout the term of this Agreement, the Consultant shall provide the City with proof of insurance upon request by the City.

g. **Insurance shall be Primary.** The Consultant's insurance coverage shall be primary insurance as respect the City. Any insurance, self-insurance, or insurance pool coverage maintained by the City shall be excess of the Consultant's insurance and shall not contribute with it.

h. **No Limitation.** Consultant's maintenance of insurance as required by this Agreement shall not be construed to limit the liability of the Consultant to the coverage provided by such insurance or otherwise limit the recourse to any remedy available at law or in equity.

i. **Claims-made Basis.** Unless approved by the City all insurance policies shall be written on an "Occurrence" policy as opposed to a "Claims-made" policy. The City may require an extended reporting endorsement on any approved "Claims-made" policy.

j. **Failure to Maintain Insurance** Failure on the part of the Consultant to maintain the insurance as required shall constitute a material breach of contract, upon which the City may, after giving five business days' notice to the Consultant to correct the breach, immediately terminate the contract or, at its discretion, procure or renew such

insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the City on demand, or at the sole discretion of the City, offset against funds due the Consultant from the City.

**III.8 DISCRIMINATION PROHIBITED AND COMPLIANCE WITH EQUAL OPPORTUNITY LEGISLATION.** The Consultant agrees to comply with equal opportunity employment and not to discriminate against client, employee, or applicant for employment or for services because of race, creed, color, religion, national origin, marital status, sex, sexual orientation, age or handicap except for a bona fide occupational qualification with regard, but not limited to, the following: employment upgrading; demotion or transfer; recruitment or any recruitment advertising; layoff or terminations; rates of pay or other forms of compensation; selection for training, rendition of services. The Consultant further agrees to maintain (as appropriate) notices, posted in conspicuous places, setting forth the provisions of this nondiscrimination clause. The Consultant understands and agrees that if it violates this nondiscrimination provision, this Agreement may be terminated by the City, and further that the Consultant will be barred from performing any services for the City now or in the future, unless a showing is made satisfactory to the City that discriminatory practices have been terminated and that recurrence of such action is unlikely.

**III.9 UNFAIR EMPLOYMENT PRACTICES.** During the performance of this Agreement, the Consultant agrees to comply with RCW 49.60.180, prohibiting unfair employment practices.

**III.10 LEGAL RELATIONS.** The Consultant shall comply with all federal, state and local laws and ordinances applicable to work to be done under this Agreement. The Consultant represents that the firm and all employees assigned to work on any City project are in full compliance with the statutes of the State of Washington governing activities to be performed and that all personnel to be assigned to the work required under this Agreement are fully qualified and properly licensed to perform the work to which they will be assigned. This Agreement shall be interpreted and construed in accordance with the laws of Washington. Venue for any litigation commenced relating to this Agreement shall be in Snohomish County Superior Court.

**III.11 INDEPENDENT CONTRACTOR.**

a. The Consultant and the City understand and expressly agree that the Consultant is an independent contractor in the performance of each and every part of this Agreement. The Consultant expressly represents, warrants and agrees that his status as an independent contractor in the performance of the work and services required under this Agreement is consistent with and meets the six-part independent contractor test set forth in RCW 51.08.195 or as hereafter amended. The Consultant, as an independent contractor, assumes the entire responsibility for carrying out and accomplishing the services required under this Agreement. The Consultant shall make no claim of City employment nor shall claim any related employment benefits, social security, and/or retirement benefits.

b. The Consultant shall be solely responsible for paying all taxes, deductions, and assessments, including but not limited to federal income tax, FICA, social security tax, assessments for unemployment and industrial injury, and other deductions from income which may be required by law or assessed against either party as a result of this Agreement. In the event the City is assessed a tax or assessment as a result of this Agreement, the Consultant shall pay the same before it becomes due.

c. The City may, during the term of this Agreement, engage other independent contractors to perform the same or similar work that the Consultant performs hereunder.

d. Prior to commencement of work, the Consultant shall obtain a business license from the City.

**III.12 CONFLICTS OF INTEREST.** The Consultant agrees to and shall notify the City of any potential conflicts of interest in Consultant's client base and shall obtain written permission from the City prior to providing services to third parties where a conflict or potential conflict of interest is apparent. If the City determines in its sole discretion that a conflict is irreconcilable, the City reserves the right to terminate this Agreement.

**III.13 CITY CONFIDENCES.** The Consultant agrees to and will keep in strict confidence, and will not disclose, communicate or advertise to third parties without specific prior written consent from the City in each instance, the confidences of the City or any information regarding the City or services provided to the City.

**III.14 SUBCONTRACTORS/SUBCONSULTANTS.**

a. The Consultant shall is responsible for all work performed by subcontractors/subconsultants pursuant to the terms of this Agreement.

b. The Consultant must verify that any subcontractors/subconsultants they directly hire meet the responsibility criteria for the project. Verification that a subcontractor/subconsultant has proper license and bonding, if required by statute, must be included in the verification process.

c. The Consultant may not substitute or add subcontractors/subconsultants without the written approval of the City.

d. All Subcontractors/Subconsultants shall have the same insurance coverages and limits as set forth in this Agreement and the Consultant shall provide verification of said insurance coverage.

## ARTICLE IV. OBLIGATIONS OF THE CITY

### IV.1 PAYMENTS.

a. The Consultant shall be paid by the City for services rendered under this Agreement as described in the Scope of Services and as provided in this section. In no event shall the compensation paid to Consultant under this Agreement exceed **\$249,950** without the written agreement of the Consultant and the City. Such payment shall be full compensation for work performed and services rendered and for all labor, materials, supplies, equipment and incidentals necessary to complete the work. In the event the City elects to expand the scope of services from that set forth in Exhibit A, the City shall pay Consultant a mutually agreed amount.

b. The Consultant shall submit a monthly invoice to the City for services performed in the previous calendar month in a format acceptable to the Cities. The Consultant shall maintain time and expense records and provide them to the Cities upon request.

c. The City will pay timely submitted and approved invoices received before the 20th of each month within thirty (30) days of receipt.

IV.2 **CITY APPROVAL.** Notwithstanding the Consultant's status as an independent contractor, results of the work performed pursuant to this Agreement must meet the approval of the City, which shall not be unreasonably withheld if work has been completed in compliance with the Scope of Services and City requirements.

IV.3 **MAINTENANCE/INSPECTION OF RECORDS.** The Consultant shall maintain all books, records, documents and other evidence pertaining to the costs and expenses allowable under this Agreement in accordance with generally accepted accounting practices. All such books and records required to be maintained by this Agreement shall be subject to inspection and audit by representatives of the City and/or the Washington State Auditor at all reasonable times, and the Consultant shall afford the proper facilities for such inspection and audit. Representatives of the City and/or the Washington State Auditor may copy such books, accounts and records where necessary to conduct or document an audit. The Consultant shall preserve and make available all such books of account and records for a period of three (3) years after final payment under this Agreement. In the event that any audit or inspection identifies any discrepancy in such financial records, the Consultant shall provide the City with appropriate clarification and/or financial adjustments within thirty (30) calendar days of notification of the discrepancy.

## ARTICLE V. GENERAL

V.1 **NOTICES.** Notices to the City shall be sent to the following address:

**Matthew Eyer**

**City of Marysville Public Works Dept.  
80 Columbia Avenue  
Marysville, WA 98270**

Notices to the Consultant shall be sent to the following address:

**Stacey Clear  
Gray & Osborne, Inc.  
3710 168<sup>th</sup> Street NE, Ste B210  
Arlington, WA 98223**

Receipt of any notice shall be deemed effective three (3) days after deposit of written notice in the U.S. mail with proper postage and address.

V.2 **TERMINATION.** The right is reserved by the City to terminate this Agreement in whole or in part at any time upon ten (10) calendar days' written notice to the Consultant.

If this Agreement is terminated in its entirety by the City for its convenience, the City shall pay the Consultant for satisfactory services performed through the date of termination in accordance with payment provisions of Section VI.1.

V.3 **DISPUTES.** The parties agree that, following reasonable attempts at negotiation and compromise, any unresolved dispute arising under this Agreement may be resolved by a mutually agreed-upon alternative dispute resolution of arbitration or mediation.

V.4 **EXTENT OF AGREEMENT/MODIFICATION.** This Agreement, together with attachments or addenda, represents the entire and integrated Agreement between the parties and supersedes all prior negotiations, representations, or agreements, either written or oral. This Agreement may be amended, modified or added to only by written instrument properly signed by both parties.

V.5 **SEVERABILITY**

a. If a court of competent jurisdiction holds any part, term or provision of this Agreement to be illegal or invalid, in whole or in part, the validity of the remaining provisions shall not be affected, and the parties' rights and obligations shall be construed and enforced as if the Agreement did not contain the particular provision held to be invalid.

b. If any provision of this Agreement is in direct conflict with any statutory provision of the State of Washington, that provision which may conflict shall be deemed inoperative and null and void insofar as it may conflict, and shall be deemed modified to conform to such statutory provision.

V.6 **NONWAIVER.** A waiver by either party hereto of a breach by the other party hereto of any covenant or condition of this Agreement shall not impair the right of the party not in default to avail itself of any subsequent breach thereof. Leniency, delay or failure of either

party to insist upon strict performance of any agreement, covenant or condition of this Agreement, or to exercise any right herein given in any one or more instances, shall not be construed as a waiver or relinquishment of any such agreement, covenant, condition or right.

V.7 **FAIR MEANING.** The terms of this Agreement shall be given their fair meaning and shall not be construed in favor of or against either party hereto because of authorship. This Agreement shall be deemed to have been drafted by both of the parties.

V.8 **GOVERNING LAW.** This Agreement shall be governed by and construed in accordance with the laws of the State of Washington.

V.9 **VENUE.** The venue for any action to enforce or interpret this Agreement shall lie in the Superior Court of Washington for Snohomish County, Washington.

V.10 **COUNTERPARTS.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same Agreement.

V.11 **AUTHORITY TO BIND PARTIES AND ENTER INTO AGREEMENT.** The undersigned represent that they have full authority to enter into this Agreement and to bind the parties for and on behalf of the legal entities set forth below.

DATED this \_\_\_\_\_ day of \_\_\_\_\_, 201\_\_.

CITY OF \_\_\_\_\_

**Gray & Osborne, Inc.**

By \_\_\_\_\_  
Marysville, Mayor

By \_\_\_\_\_  
Printed name/title: \_\_\_\_\_

Approved as to form:

\_\_\_\_\_  
Marysville, City Attorney

## **EXHIBIT A**

### **SCOPE OF SERVICES**

#### **CITY OF MARYSVILLE SURFACE WATER COMPREHENSIVE PLAN UPDATE**

The City of Marysville is seeking professional services to assist with the planning, modeling, development of capital projects, operation and maintenance costs, and financial review of rates and connection charges related to the City's Municipal Separate Stormwater System (MS4). The City of Marysville last adopted its Surface Water Comprehensive Plan in 2009. The City population has grown from approximately 25,000 in 2002 to approximately 63,000 today, primarily through annexations. Some significant portions of this growth have occurred since the completion of the 2009 Surface Water Comprehensive Plan update. Gray & Osborne, Inc. will assist the City of Marysville with the preparation of the Surface Water Comprehensive Plan update. The fee will be based upon the contract amount in this Exhibit A and payable upon the completion of the tasks identified below.

#### **TASK 1 – PROJECT MANAGEMENT**

Provide overall project management and oversight services to include:

1. Procuring sufficient staff resources to dedicate to the project.
2. Preparing and executing subconsultant contracts.
3. Managing and controlling project budget and schedule.
4. Managing and providing monthly progress reports and invoices

#### **TASK 2 – ASSESS EXISTING AVAILABLE DATA AND INFORMATION**

Gray & Osborne will collect and compile existing data including GIS information, as-built plans, and previous surface water model(s).

1. Obtain additional GIS data including stormwater infrastructure newer than 2013 as well as as-built scans newer than "sd379.pdf."
2. If available, the City will provide Gray & Osborne the models from the previous 2009 Plan.
3. Interview operations crews to determine current problem areas in terms of flooding or aging infrastructure, with the end result of a highlighted map to show known problem areas.

4. If necessary, Gray & Osborne is to provide survey, field investigation, and/or analysis of known problem areas. This scope assumes a total of three 40-hour weeks of field survey work.

#### **Deliverables**

- GIS-based map showing known problem areas (to be included in the Plan) based on a marked-up map from Operations crew.
- Chapters 1 (Introduction) and 2 (Service Area Characteristics).
- Survey data (in AutoCAD format)

#### **TASK 3 – IDENTIFY AREAS OF FOCUS**

Gray & Osborne will work with City staff to review known areas of concern and previous CIPs to determine significance. Gray & Osborne will incorporate findings into the 2015 Plan update including the necessity of previous County-defined projects.

1. Meet with City staff to discuss areas of concern for flooding analysis including those areas highlighted by Operations staff.
2. With City staff, identify future development areas of concern to focus on.

#### **TASK 4 – ASSESS CONVEYANCE ISSUES AND EXISTING STORM SYSTEM**

Gray & Osborne will review previous models to determine whether they should be expanded upon or updated. In addition, we will work with City staff to identify any other existing areas of concern.

1. Model areas of concern using the 25-year and 100-year SBUH Type 1A storms and utilize software programs such as WWHM2012, HEC-RAS, XP-Storm, or the hydrologic/hydraulic component of InfoSewer. If the 2009 computer model is not available, the City and Gray & Osborne will determine what level of modeling can be completed in the estimated hours dedicated for the modeling task. If additional modeling is required, an amendment to the agreement will be negotiated.
2. For future areas of development, Gray & Osborne will analyze land use and potential storm flows for fully developed conditions.
3. For both the existing and future areas of concern, propose recommendations on either structural or non-structural means (i.e.,

policies such as LID, maintenance, etc.) to accommodate the selected design storm (the 25-year Type 1A storm event).

4. Provide stormwater base map(s) that will show discharge/outfall locations per Ecology's definition of each. Gray & Osborne will provide this GIS shapefile electronically along with metadata so that it may be included within the City's GIS data.

#### **Deliverables**

- Chapters 3 (Existing Stormwater Drainage System) and 4 (Future Development Areas).
- Stormwater base map(s) showing discharge point locations.
- Newly created GIS files with associated metadata.
- Computer model data files and results.

#### **TASK 5 – ASSESS FUTURE DRAINAGE NEEDS IN THE LAKEWOOD REGION**

Alternatives to addressing runoff in the undeveloped areas of the Lakewood Region include LID facilities, regional facilities, or traditional conveyance systems such as storm drain pipes and grass swales. This task will include modeling the existing stormwater facilities in the Lakewood Region as well as assessing which facilities may be the most appropriate for the Lakewood Region based upon the facilities' general effectiveness and the City's future maintenance needs. The City may wish to disallow LID in this region due to shallow groundwater tables or other issues pertaining to impacts on neighboring areas. Gray & Osborne will review the feasibility of this option, taking into consideration Ecology's general desire to refrain from a blanket LID feasibility approach.

Gray & Osborne will review available historical geotechnical reports for the area. Further investigation by a geotechnical subconsultant (PanGEO, Inc.) could supplement the existing data; however, this would be beyond the scope of this work and would require an amendment to this agreement.

1. Review suitability of LID facilities in general for the Lakewood Region.
2. Review the sizing and potential locations of regional stormwater facilities.
3. Review traditional collection and conveyance systems.

### **Deliverables**

- Chapter 4 (dedicated section of the Future Development Areas Chapter specifically addressing alternatives for the Lakewood Region).
- Computer model data files and results specifically for the Lakewood Region.

### **TASK 6 – FINANCIAL ANALYSIS**

Gray & Osborne will prepare a financial analysis of the current and proposed rates and stormwater connection fee.

1. For proposed solutions derived in Task 4, create detailed cost estimates.
2. With City staff, prioritize projects into a 6-year Capital Improvement Plan.
3. Review and document stormwater connection fee (GFC) analysis based upon the existing and future capital costs associated with the stormwater infrastructure. As part of this analysis, GFCs and rates for other cities will be researched for comparison purposes.
4. Review and document stormwater rates including analysis of support costs including staff necessary for operation and maintenance, engineering support, GIS, and NPDES Phase II components (i.e., water quality monitoring costs, training, education, etc.).
5. Create figures and tables clearly defining locations, costs, and proposed project years for the 6-year CIP.

### **Deliverables**

- Chapters 5 (Capital Improvement Plan) and 6 (Financial Analysis).

### **TASK 7 – PRESENTATION TO PUBLIC WORKS COMMITTEE**

Provide Gray & Osborne staff, presentation materials, and response to questions for public comment and review in support of City staff.

1. Present the Surface Water Comprehensive Plan update to the Public Works Committee. Describe the methodology used to determine the CIPs and explain the justification of the proposed rates and GFCs. Describe the improvements necessary, how they were prioritized, and the funding available for the projects.

### **Deliverables**

- Powerpoint presentation prepared for the Public Works Committee summarizing the draft Plan.
- Supporting documents necessary for presentation to the Public Works Committee.

### **TASK 8 – PREPARE SEPA CHECKLIST**

A non-project SEPA checklist will be prepared and inserted as an appendix to the update.

### **Deliverables**

- SEPA Checklist in an appendix.

### **TASK 9 – PREPARE FINAL SURFACE WATER COMPREHENSIVE PLAN UPDATE**

1. Prepare final version of the update based upon staff, public, and council's comments. Two versions will be provided to the City including the original Microsoft Word/Excel files as well as a bookmarked pdf version.
2. Present the final plan to the City Council.

### **Deliverables**

- Final Surface Water Comprehensive Plan in both hard copy and electronic formats (Microsoft Word/Excel and pdf).
- Modeling files.
- GIS files including but not limited to, files displaying locations of CIPs with associated costs and other pertinent project information.

### **TASK 10 – QUALITY ASSURANCE/QUALITY CONTROL**

Gray & Osborne will hold three quality assurance/quality control (QA/QC) meetings internally to which City staff will be invited. These meetings will be held at the 5, 50, and 90 percent completion levels so as to ensure the goals of this scope of work are being addressed and to ensure that all team members are on track to meet the contracted budget and schedule.

## **PROJECT ASSUMPTIONS REGARDING CITY RESPONSIBILITIES**

This scope of work and the resulting maximum amount payable are based on the following assumptions as required for the development of the project. See also item assumptions noted in the aforementioned tasks. Changes in these assumptions and responsibilities may cause a change in scope of the services being offered and result in a corresponding adjustment of the contract price.

1. This scope of work assumes that the City will provide overall coordination and approval of the project, including timely review of all submittals.
2. This scope of work assumes that the City will provide Gray & Osborne with the previous stormwater models, if available.
3. The City will provide the latest GIS stormwater and land use related files to Gray & Osborne.
4. The City will provide previous related reports such as the North Marysville Master Drainage Plan, the Lakewood Master Plan, or any studies related with Lakewood or new development areas.
5. The City will provide supporting information related to hours provided by maintenance, support staff, etc., for the purpose of analyzing rates and GFCs.

**CITY OF MARYSVILLE AGENDA BILL**

**EXECUTIVE SUMMARY FOR ACTION**

**CITY COUNCIL MEETING DATE: July 13, 2015**

<b>AGENDA ITEM:</b> Property Purchase from PUD	
<b>PREPARED BY:</b> Shawn Smith	<b>DIRECTOR APPROVAL:</b>
<b>DEPARTMENT:</b> Community Development	
<b>ATTACHMENTS:</b> 1. Appraisal and Summary of Sale from PUD 2. Harvest Heights map	
<b>BUDGET CODE:</b> 00100011.561000	<b>AMOUNT:</b> \$4,700.00
<b>SUMMARY:</b>	

The approved project of Harvest Heights is required to make two public road connections across land that is owned by Snohomish County PUD. The roads are 49<sup>th</sup> St. and 50<sup>th</sup> St. and they will provide connections from 83<sup>rd</sup> Avenue to 79<sup>th</sup> and 80<sup>th</sup> Avenues. The PUD has agreed to sell the City the property for public roads. The developer has agreed to reimburse the City for the cost of the right of way. The alternative to the transfer of property is an access easement for the roadway, with PUD continuing ownership of the right of way. This is not as desirable from the City's standpoint from both a legal and maintenance standpoint, so City staff would prefer a right of way acquisition to the City, with reimbursement from the developer for the property.

<p><b>RECOMMENDED ACTION:</b>  <b>AUTHORIZE THE MAYOR TO purchase property for public roads from the Snohomish County PUD, subject to reimbursement from the developer for acquisition costs.</b></p>

Re: Summary Appraisal of 7,040-square-feet of a Marysville Site  
located at 49th Street NE & 81st Avenue NE, Marysville, WA 98270

Dear Mr. Reistad:

In accordance with your request, I have employed all applicable methods of appraisal analysis required of a summary appraisal report format. This appraisal is intended to comply with the Uniform Standards of Professional Appraisal Practice (USPAP) as adopted by the Appraisal Foundation.

The subject property is an undeveloped High Density Single-Family (R-6.5)-zoned parcel. The purpose of this appraisal is to provide an opinion of market value for potential sale. This appraisal should be used for no other purpose without the permission of the client and the appraisers.

The purpose of this appraisal is to estimate the fee simple market value of the subject property using an over-the-fence analysis.

Based upon my investigation and analysis, the Market Value of the fee simple interest in the subject real property as of July 28, 2013, is reasonably represented as:

**FOUR THOUSAND FOUR HUNDRED DOLLARS**

**\$4,400 (R)**

Sincerely,

James B. Price, MAI, SR/WA  
Certified General R.E. Appraiser, WA

**CERTIFICATION**

I certify that, to the best of my knowledge and belief:

1. The statements of fact contained in this report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest with respect to the parties involved.
4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Standards of Professional Appraisal Practice.
8. The reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute.
9. I, James B. Price, MAI, SR/WA have made a personal inspection of the property that is the subject of this report.
10. Zachary W. Burris has provided significant real property appraisal assistance to the persons signing this certification.
11. The use of this report is subject to the requirements of the Appraisal Institute regarding review by its duly authorized representatives.
12. As of the date of this report, James B. Price, MAI, SR/WA, has completed the continuing education program of the Appraisal Institute.
13. I certify that I have acted in an independent capacity and the appraisal assignment is not based on a requested minimum valuation, a specific valuation, or the approval of a loan.
14. The appraisers **have not** performed any appraisal services with regard to the subject property within the three-year period immediately preceding acceptance of this assignment.

## **SUMMARY OF FACTS AND CONCLUSIONS**

### **Subject Property**

The subject property consists of two 3,520-square-foot portions or 7,040 square feet in total of a residential-zoned electric line right of way located one lot west of 83<sup>rd</sup> Avenue Northeast, east of 80th Avenue Northeast, and to the south of 55<sup>th</sup> Place Northeast. The subject property is two 3,520-square-foot portions of a Snohomish PUD power line right of way in an incorporated neighborhood of Marysville, Washington. The parent parcel is approximately at the location where 49<sup>th</sup> Street Northeast (running west and east) would intersect 81<sup>st</sup> Avenue Northeast (running north and south) if both roads were to continue through the subject area.

### **Improvements**

The parent parcel is improved with power line structures. There are no known power line structures on the subject portions of the parent parcel. The portions being appraised are assumed to be vacant as the appraiser did not know the exact location of the subject parcels.

### **Lot Size**

The subject site area is (3,520 x 2) 7,040 square feet or 0.16 acre.

### **Zoning**

The subject property is zoned R-6.5, a City of Marysville zoning designation. The purpose of the R-6.5 zone is high-density single-family residential development. It allows single-family residences at a density of 6.5 dwelling units per acre. Duplexes are permitted outright on 7,200-square-foot lots with a maximum density of eight dwelling units per acre. The major type of new development will be detached single-family residences. The R-6.5 zone is applied to areas that are designated high density single-family on the land use map of the comprehensive plan.

### **Effective Date of the Valuation**

July 28, 2013

### **Date of Inspection**

July 28, 2013

### **Highest and Best Use**

Given the location of this property, its size, surrounding land uses, and current land use trends in the area, the likely highest and best use of the site, would be for a residential use conforming to the current R-6.5 zoning as assemblage with adjacent residential parcels.

**Value Estimate**

Cost Approach	Not Applicable
Income Capitalization Approach	Not Applicable
Sales Comparison Approach	\$4,400 (R)
<b>"As Is" Appraised Value – Fee Simple Estate</b>	<b><u>\$4,400</u></b>

## Summary of sale to City of Marysville

- This is a sale of two portions of one tax parcel, 00590700010601, a PUD fee-owned property that is part of the District's Snohomish-East Marysville 115kV Power Line Corridor.
- Each portion is (approximately) 3,520 square feet in size, total of (approximately) 7,040 square feet combined. Assumed square footage used in appraisal.
- The intended use is for road purposes to connect residential plats on both sides of the District's Snohomish – East Marysville 115kV Power Line Corridor
- The portions have been appraised and the estimated value of the **fee simple estate** (without any encumbrances) of the two combined is \$4,400.00
- The property would be conveyed by Quitclaim Deed, **subject to reservation of a High-Voltage Distribution Easement attached to the Quitclaim Deed as Exhibit A.**
- The reservation of easement restricts the use of the property, thereby diminishing the value of the property by 50% (staff determination).
- The value of the property to be sold is then \$2,200.00 total for both portions.
- The appraisal by Appraisal Group of the Northwest cost \$2,500.
- Total sale price to be paid by City of Marysville is \$4,700.

**CITY OF MARYSVILLE**

**EXECUTIVE SUMMARY FOR ACTION**

**CITY COUNCIL MEETING DATE: July 13, 2015**

<b>AGENDA ITEM:</b> INTERLOCAL AGREEMENT BETWEEN THE CITY OF SNOHOMISH AND THE CITY OF MARYSVILLE FOR OUT DOOR VIDEO SERVICES	AGENDA SECTION:	
<b>PREPARED BY:</b> Jim Ballew	<b>APPROVED BY:</b> J. Ballew	
<b>ATTACHMENTS:</b> Interlocal Agreement		
	MAYOR	CAO
<b>BUDGET CODE:</b>	<b>AMOUNT:</b>	

**DESCRIPTION:**

The City of Snohomish has requested Marysville Parks and Recreation Department’s assistance in offering an outdoor movie series for their citizens based on the success of our program. The City of Snohomish is hosting four free events on city owned property. Marysville Parks and Recreation has agreed to provide equipment and staff to present each film at a cost of \$600.00 per event, payable by the City of Snohomish.

Our City Attorney’s Office has developed an Interlocal Agreement between the City of Snohomish and City of Marysville to clearly define services provided by Marysville Parks and Recreation and identifies responsibilities of each jurisdiction and associated indemnifications.

The events are scheduled for:

1. Friday July 24, 2015
2. Friday, July 31, 2015
3. Friday August 7, 2015
4. Friday August 14, 2015

<b>RECOMMENDED ACTION:</b> Staff recommends the City Council consider authorizing the Mayor to sign the attached Interlocal Agreement between the City of Snohomish and the City of Marysville for Outdoor Video Services.

**INTERLOCAL AGREEMENT BETWEEN  
THE CITY OF SNOHOMISH  
AND THE CITY OF MARYSVILLE  
FOR OUTDOOR VIDEO SERVICES**

This Interlocal Agreement effective July 13, 2015 between the City of Snohomish, a Washington municipal corporation, herein after referred to as "SNOHOMISH" and the City of Marysville, a Washington municipal corporation, herein after referred to as "MARYSVILLE", pursuant to the authority granted by Chapter 39.34 RCW.

**WHEREAS**, SNOHOMISH is the organizer/host jurisdiction of outdoor movie presentations which shall be selected, provided and licensed by City of SNOHOMISH and presented on July 24, July 31, August 7 and August 14, 2015 ; and

**WHEREAS**, Snohomish is the owner of the property where the movie will be shown to the community for free; and

**WHEREAS**, MARYSVILLE has sufficient OUTDOOR VIDEO equipment, staff and vehicles to provide OUTDOOR VIDEO SERVICES for public events within the City of Marysville and for other Cities as well; and

**WHEREAS**, SNOHOMISH desires to utilize the MARYSVILLE'S OUTDOOR VIDEO SERVICES; and

**WHEREAS**, this Agreement between Parties is made pursuant to Chapter 39.34 RCW, the Interlocal Cooperation Act, for MARYSVILLE to provide OUTDOOR VIDEO SERVICES to SNOHOMISH to exercise their powers jointly and thereby maximize their abilities to provide services and facilities that will best fulfill common needs and achieve common goals;

NOW, THEREFORE, in consideration of the terms and conditions contained herein, SNOHOMISH and MARYSVILLE agree as follows:

**1. SCOPE OF SERVICES**

A. MARYSVILLE agrees to provide OUTDOOR VIDEO SERVICES to SNOHOMISH as defined in this Agreement. MARYSVILLE'S performance of said services under this Agreement may be limited by the availability of MARYSVILLE'S personnel and equipment. MARYSVILLE will notify the City of SNOHOMISH at least 48 hours before the event if it is not able to provide personnel and/ or equipment.

1. MARYSVILLE will provide OUTDOOR VIDEO SERVICES to SNOHOMISH.

2. MARYSVILLE will provide the video and audio equipment including movie screen, personnel and vehicles to transport the equipment and personnel to SNOHOMISH. MARYSVILLE personnel will operate the video equipment and vehicles.

#### 4. INDEMNIFICATION AND LIABILITY

##### A. Indemnification:

1. SNOHOMISH will at all times indemnify and hold harmless and defend MARYSVILLE, their elected officials, officers, employees, agents and representatives, from and against any and all lawsuits, damages, costs, charges, expenses, judgments and liabilities, including attorney's fees (including attorney's fees in establishing indemnification), collectively referred to herein as "losses" resulting from, arising out of, or related to one or more claims arising out of negligent acts, errors, or omissions of SNOHOMISH in performance under this agreement.
2. MARYSVILLE will at all times indemnify and hold harmless and defend SNOHOMISH, their elected officials, officers, employees, agents and representatives, from and against any and all lawsuits, damages, costs, charges, expenses, judgments and liabilities, including attorney's fees (including attorney's fees in establishing indemnification), collectively referred to herein as "losses" resulting from, arising out of, or related to one or more claims arising out of negligent acts, errors, or omissions of MARYSVILLE in performance under this agreement.
3. The term "claims" as used herein shall mean all claims, lawsuits, causes of action, and other legal actions and proceedings of whatsoever nature, involving bodily or personal injury or death of any person or damage to any property including, but not limited to, persons employed by MARYSVILLE, SNOHOMISH, or other person and all property owned or claimed by MARYSVILLE, SNOHOMISH, or affiliate of thereof, or any other person; except for those losses or claims for damages solely caused by the negligence or willful misconduct of MARYSVILLE or SNOHOMISH, their elected and appointed officials, officers, employees or agents.

##### B. NOTHING HEREIN SHALL REQUIRE OR BE INTERPRETED TO:

1. Waive any defense arising out of RCW Title 51.
2. Limit or restrict the ability of any City or employee or legal counsel for any City or employee to exercise any right, defense or remedy which a party to a lawsuit may have with respect to claims or third parties, including, but not limited to, any good faith attempts to seek dismissal or legal claims against a party by any proper means allowed under the civil rules in either state or federal court.
3. Cover or require indemnification or payment of any judgment against any individual or Party for intentional or wrongful conduct outside the scope of employment of any individual or for any judgment for punitive damages against any individual or city. Payment of punitive damage awards, fines or sanctions shall be the sole responsibility of the individual against whom said judgment is rendered and/or his or her municipal

## 7. LEGAL RELATIONS

- A. The prevailing Party in any action to enforce any provision of this Agreement or to redress any breach hereof shall be entitled to recover from the other party its costs and reasonable attorney' fees incurred in such action.
- B. The Parties shall comply with all federal, state and local laws and ordinances applicable to work to be done under this agreement. This Agreement shall be interpreted and construed in accordance with the laws of Washington. Venue for any action commenced relating to the interpretation, breach or enforcement of this agreement shall be in Snohomish County Superior Court.
- C. The parties agree that, following reasonable attempts at negotiation and compromise, any unresolved dispute arising under this contract may be resolved by a mutually agreed upon alternative dispute resolution of arbitration or mediation.

## 8. DURATION / TERMINATION / NOTICE / EMERGENCY NOTICE

- A. This Agreement will become effective on the date of affixing the last signature hereto and shall remain in effect for a period of six months, subject to renewal.
- B. Either party may terminate this Agreement, for any reason, upon providing thirty (30) days written notice to the other party, in which case each City shall pay the other City for all services provided up to and including the date of termination.
- C. Notices

- 1. Required notices, with the exception of legal process, shall be given in writing to the following respective addresses:

City of MARYSVILLE:  
6915 Armar Road  
Marysville, WA 98270

City of SNOHOMISH:  
116 Union Avenue  
Snohomish, WA 98290

- 2. Event Cancellation Notice via Phone/Emergency Contact:

The below named individuals are designated as the representatives of the respective parties. The representatives shall be responsible for administration of this Agreement. In the event a representative is changed, the party making the change shall notify the other party.

MARYSVILLE:  
Name: Jim Ballew, Parks Director, Phone Number: 425-754-4021

IN WITNESS WHEREOF, the parties have signed this Agreement, effective on the date indicated below.

## EXECUTIVE SUMMARY FOR ACTION

### CITY COUNCIL MEETING DATE: 7/13/2015

AGENDA ITEM: Professional Services Agreement with Blue Marble Environmental LLC	
PREPARED BY: Karen Latimer, Operations Manager DEPARTMENT: Public Works	DIRECTOR APPROVAL:
ATTACHMENTS: 1. Professional Services Agreement	
BUDGET CODE: 41046290.541000	AMOUNT: \$51,853.00

#### SUMMARY:

Staff is requesting authorization to enter into a two year Professional Services Agreement with Blue Marble Environmental LLC to conduct education and outreach activities for the city's 2015-2017 Waste Reduction and Recycling Outreach Assistance and Education Program (WR&R Program).

Blue Marble Environmental LLC will conduct education and outreach activities designed to monitor and expand recycling programs at businesses, schools and multi-family properties, and increase public access to recycling at strategic locations throughout the city including sidewalks and city parks. Planned program activities are:

- Continue and expand business recycling pilot program
- Conduct final assessment of business recycling pilot program
- Recommend transition strategy from pilot program to permanent program
- Evaluate, coordinate, and expand school recycling programs
- Monitor multi-family program; provide on-site assistance to property managers and owners
- Develop and coordinate public recycling programs including city and privately sponsored recycling containers on city sidewalks and in city parks

City staff applied for a Department of Ecology Coordinated Prevention Grant (CPG) in the amount of \$118,522.67 to support the WR&R Program. However, legislative budget cuts reduced CPG funding by 50%. Snohomish County values the CPG work undertaken by various cities and generously offered to absorb a larger portion of the CPG funding reduction, thereby effectively reducing the impact to cities by about 25% instead of 50%. This means the original City of Marysville eligible grant amount of \$118,522.67 has been reduced to \$88,892. CPG funding is 75% grant with 25% matching funds. The grant will reimburse the city for \$66,669 of the program expenses and the city will pay the remaining \$22,223 as matching funds.

Total WR&R Program expenditures will remain at the original amount of \$118,522.67. Staff requested sufficient funding within the 2015-2016 Solid Waste Division budget to cover the matching grant funds and reduction in CPG funding.

Staff is still waiting for final approval of the state budget. Ecology will do their best to provide the City with a draft CPG agreement before City Council takes action on this request on July 13<sup>th</sup>. It is not likely we will receive an official CPG offer to bring forward to City Council for action during July, so that portion of the WR&R Program will come before City Council for approval in September.

There are key WR&R program elements underway that would be interrupted by a two month hiatus while waiting for an official CPG funding offer from Ecology and subsequent action by City Council. Staff is proposing approval of this PSA so WR&R work can continue with the school district to get school recycling programs evaluated and changes in place before students return to school in September and to continue working on expansion and evaluation of the pilot business recycling program. Solid Waste Division funds are available now and can be used to continue WR&R work until the CPG offer is received. When City Council takes action on the CPG offer we would also bring forward a PSA supplemental agreement for the remaining WR&R work.

**RECOMMENDED ACTION:** Staff recommends that Council Authorize the Mayor to sign and execute a Professional Services Agreement between the City of Marysville and Blue Marble Environmental LLC in the amount of \$51,853.00

**PROFESSIONAL SERVICES AGREEMENT BETWEEN  
CITY OF MARYSVILLE  
AND BLUE MARBLE ENVIRONMENTAL LLC  
FOR CONSULTANT SERVICES**

**THIS AGREEMENT** (“Agreement”) is made and entered into by and between the City of Marysville, a Washington State municipal corporation (“City”), and Blue Marble Environmental LLC, a Washington LLC (“Consultant”).

**NOW, THEREFORE**, in consideration of the terms, conditions, covenants and performances contained herein, the parties hereto agree as follows:

**ARTICLE I. PURPOSE**

The purpose of this Agreement is to provide the City with consultant services regarding Waste Reduction and Recycling Education Assistance and Outreach as described in Article II. The general terms and conditions of the relationship between the City and the Consultant are specified in this Agreement.

**ARTICLE II. SCOPE OF SERVICES**

The Scope of Services is attached hereto as **Exhibit “A”** and incorporated herein by this reference (“Scope of Services”). All services and materials necessary to accomplish the tasks outlined in the Scope of Services shall be provided by the Consultant unless noted otherwise in the Scope of Services or this Agreement. All such services shall be provided in accordance with the standards of the Consultant’s profession.

**ARTICLE III. OBLIGATIONS OF THE CONSULTANT**

**III.1 MINOR CHANGES IN SCOPE.** The Consultant shall accept minor changes, amendments, or revision in the detail of the Scope of Services as may be required by the City when such changes will not have any impact on the service costs or proposed delivery schedule. Extra work, if any, involving substantial changes and/or changes in cost or schedules will be addressed as follows:

**Extra Work.** The City may desire to have the Consultant perform work or render services in connection with each project in addition to or other than work provided for by the expressed intent of the Scope of Services in the scope of services. Such work will be considered as extra work and will be specified in a written supplement to the scope of services, to be signed by both parties, which will set forth the nature and the scope thereof. All proposals for extra work or services shall be prepared by the Consultant at no cost to the City. Work under a supplemental agreement shall not proceed until

executed in writing by the parties.

**III.2 WORK PRODUCT AND DOCUMENTS.** The work product and all documents produced under this Agreement shall be furnished by the Consultant to the City, and upon completion of the work shall become the property of the City, except that the Consultant may retain one copy of the work product and documents for its records. The Consultant will be responsible for the accuracy of the work, even though the work has been accepted by the City.

In the event that the Consultant shall default on this Agreement or in the event that this Agreement shall be terminated prior to its completion as herein provided, all work product of the Consultant, along with a summary of work as of the date of default or termination, shall become the property of the City. Upon request, the Consultant shall tender the work product and summary to the City. Tender of said work product shall be a prerequisite to final payment under this Agreement. The summary of work done shall be prepared at no additional cost to the City.

Consultant will not be held liable for reuse of documents produced under this Agreement or modifications thereof for any purpose other than those authorized under this Agreement without the written authorization of Consultant.

**III.3 TERM.** The term of this Agreement shall commence on July 20, 2015 and shall terminate at midnight, July 31, 2017. The parties may extend the term of this Agreement by written mutual agreement.

**III.4 NONASSIGNABLE.** The services to be provided by the Consultant shall not be assigned or subcontracted without the express written consent of the City.

**III.5 EMPLOYMENT.**

a. The term “employee” or “employees” as used herein shall mean any officers, agents, or employee of the of the Consultant.

b. Any and all employees of the Consultant, while engaged in the performance of any work or services required by the Consultant under this Agreement, shall be considered employees of the Consultant only and not of the City, and any and all claims that may or might arise under the Workman's Compensation Act on behalf of any said employees while so engaged, and any and all claims made by any third party as a consequence of any negligent act or omission on the part of the Consultant or its employees while so engaged in any of the work or services provided herein shall be the sole obligation of the Consultant.

c. Consultant represents, unless otherwise indicated below, that all employees of Consultant that will provide any of the work under this Agreement have not ever been retired from a Washington State retirement system, including but not limited to Teacher (TRS), School District (SERS), Public Employee (PERS), Public Safety (PSERS), law enforcement and fire fighters (LEOFF), Washington State Patrol

(WSPRS), Judicial Retirement System (JRS), or otherwise. *(Please indicate No or Yes below)*

\_\_\_\_\_ No employees supplying work have ever been retired from a Washington state retirement system.

\_\_\_\_\_ Yes employees supplying work have been retired from a Washington state retirement system.

In the event the Consultant indicates “no”, but an employee in fact was a retiree of a Washington State retirement system, and because of the misrepresentation the City is required to defend a claim by the Washington State retirement system, or to make contributions for or on account of the employee, or reimbursement to the Washington State retirement system for benefits paid, Consultant hereby agrees to save, indemnify, defend and hold City harmless from and against all expenses and costs, including reasonable attorney’s fees incurred in defending the claim of the Washington State retirement system and from all contributions paid or required to be paid, and for all reimbursement required to the Washington State retirement system. In the event Consultant affirms that an employee providing work has ever retired from a Washington State retirement system, said employee shall be identified by Consultant, and such retirees shall provide City with all information required by City to report the employment with Consultant to the Department of Retirement Services of the State of Washington.

### III.6 INDEMNITY.

a. **Indemnification / Hold Harmless.** Consultant shall defend, indemnify and hold the City, its officers, officials, em-ployees and volunteers harmless from any and all claims, injuries, damages, losses or suits including attorney fees, arising out of or resulting from the acts, errors or omissions of the Consultant in performance of this Agreement, except for injuries and damages caused by the sole negligence of the City.

b. Should a court of competent jurisdiction determine that this Agreement is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Consultant and the City, its officers, officials, employees, and volunteers, the Consultant's liability, including the duty and cost to defend, hereunder shall be only to the extent of the Consultant's negligence.

c. The provisions of this section shall survive the expiration or termination of this agreement.

d. For the purposes of the indemnity contained in subpart “A” of this paragraph 3.6, Consultant hereby knowing, intentionally, and voluntarily waives the immunity of the Industrial Insurance Act, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties.

\_\_\_\_\_(initials) \_\_\_\_\_(initials)

### III.7 INSURANCE.

a. **Minimum Limits of Insurance.** The Consultant shall procure, and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work and services hereunder by the Consultant, its agents, representatives, employees or subcontractors. The Consultant shall, before commencing work under this agreement, file with the City certificates of insurance coverage and the policy endorsement to be kept in force continuously during this Agreement, in a form acceptable to the City. Said certificates and policy endorsement shall name the City, its officers, elected officials, agents and/or employees as an additional named insured with respect to all coverages except professional liability insurance and workers' compensation.

b. **Minimum Scope of Insurance - Consultant shall obtain insurance of the types described below:**

- (1). Automobile Liability insurance covering all owned, non-owned, hired and leased vehicles. Coverage shall be written on Insurance Services Office (ISO) form CA 00 01 or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage.
- (2). Commercial General Liability insurance shall be written on ISO occurrence form CG 00 01 and shall cover liability arising from premises, operations, independent contractors and personal injury and advertising injury. The City shall be named as an insured under the Consultant's Commercial General Liability insurance policy with respect to the work performed for the City.
- (3). Workers' Compensation coverage as required by the Industrial Insurance laws of the State of Washington.

c. **The minimum insurance limits shall be as follows:**

- (1) Comprehensive General Liability. \$1,000,000 combined single limit per occurrence for bodily injury personal injury and property damage; \$2,000,000 general aggregate.
- (2) Automobile Liability. \$1,000,000 combined single limit per accident for bodily injury and property damage.

(3) Workers' Compensation. Workers' compensation limits as required by the Workers' Compensation Act of Washington.

d. **Notice of Cancellation.** In the event that the Consultant receives notice (written, electronic or otherwise) that any of the above required insurance coverage is being cancelled and/or terminated, the Consultant shall immediately (within forty-eight (48) hours) provide written notification of such cancellation/termination to the City.

e. **Acceptability of Insurers.** Insurance to be provided by Consultant shall be with a current A.M.Bests rating of no less than A:VII, or if not rated by Bests, with minimum surpluses the equivalent of Bests' VII rating.

f. **Verification of Coverage.** In signing this agreement, the Consultant is acknowledging and representing that required insurance is active and current. Consultant shall furnish the City with original certificates and a copy of the amendatory endorsements, including but not necessarily limited to the additional insured endorsement, evidencing the insurance requirements of the Consultant before commencement of the work. Further, throughout the term of this Agreement, the Consultant shall provide the City with proof of insurance upon request by the City.

g. **Insurance shall be Primary.** The Consultant's insurance coverage shall be primary insurance as respect the City. Any insurance, self-insurance, or insurance pool coverage maintained by the City shall be excess of the Consultant's insurance and shall not contribute with it.

h. **No Limitation.** Consultant's maintenance of insurance as required by this Agreement shall not be construed to limit the liability of the Consultant to the coverage provided by such insurance or otherwise limit the recourse to any remedy available at law or in equity.

i. **Claims-made Basis.** Unless approved by the City all insurance policies shall be written on an "Occurrence" policy as opposed to a "Claims-made" policy. The City may require an extended reporting endorsement on any approved "Claims-made" policy.

j. **Failure to Maintain Insurance** Failure on the part of the Consultant to maintain the insurance as required shall constitute a material breach of contract, upon which the City may, after giving five business days' notice to the Consultant to correct the breach, immediately terminate the contract or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the City on demand, or at the sole discretion of the City, offset against funds due the Consultant from the City.

**III.8 DISCRIMINATION PROHIBITED AND COMPLIANCE WITH EQUAL OPPORTUNITY LEGISLATION.** The Consultant agrees to comply with equal opportunity employment and not to discriminate against client, employee, or applicant for employment or for services because of race, creed, color, religion, national origin, marital status, sex, sexual orientation, age or handicap except for a bona fide occupational qualification with regard, but not limited to, the following: employment upgrading; demotion or transfer; recruitment or any recruitment advertising; layoff or terminations; rates of pay or other forms of compensation; selection for training, rendition of services. The Consultant further agrees to maintain (as appropriate) notices, posted in conspicuous places, setting forth the provisions of this nondiscrimination clause. The Consultant understands and agrees that if it violates this nondiscrimination provision, this Agreement may be terminated by the City, and further that the Consultant will be barred from performing any services for the City now or in the future, unless a showing is made satisfactory to the City that discriminatory practices have been terminated and that recurrence of such action is unlikely.

**III.9 UNFAIR EMPLOYMENT PRACTICES.** During the performance of this Agreement, the Consultant agrees to comply with RCW 49.60.180, prohibiting unfair employment practices.

**III.10 LEGAL RELATIONS.** The Consultant shall comply with all federal, state and local laws and ordinances applicable to work to be done under this Agreement. The Consultant represents that the firm and all employees assigned to work on any City project are in full compliance with the statutes of the State of Washington governing activities to be performed and that all personnel to be assigned to the work required under this Agreement are fully qualified and properly licensed to perform the work to which they will be assigned. This Agreement shall be interpreted and construed in accordance with the laws of Washington. Venue for any litigation commenced relating to this Agreement shall be in Snohomish County Superior Court.

**III.11 INDEPENDENT CONTRACTOR.**

a. The Consultant and the City understand and expressly agree that the Consultant is an independent contractor in the performance of each and every part of this Agreement. The Consultant expressly represents, warrants and agrees that his status as an independent contractor in the performance of the work and services required under this Agreement is consistent with and meets the six-part independent contractor test set forth in RCW 51.08.195 or as hereafter amended. The Consultant, as an independent contractor, assumes the entire responsibility for carrying out and accomplishing the services required under this Agreement. The Consultant shall make no claim of City employment nor shall claim any related employment benefits, social security, and/or retirement benefits.

b. The Consultant shall be solely responsible for paying all taxes, deductions, and assessments, including but not limited to federal income tax, FICA, social security tax, assessments for unemployment and industrial injury, and other deductions from income which may be required by law or assessed against either party as a result of this

Agreement. In the event the City is assessed a tax or assessment as a result of this Agreement, the Consultant shall pay the same before it becomes due.

c. The City may, during the term of this Agreement, engage other independent contractors to perform the same or similar work that the Consultant performs hereunder.

d. Prior to commencement of work, the Consultant shall obtain a business license from the City.

**III.12 CONFLICTS OF INTEREST.** The Consultant agrees to and shall notify the City of any potential conflicts of interest in Consultant’s client base and shall obtain written permission from the City prior to providing services to third parties where a conflict or potential conflict of interest is apparent. If the City determines in its sole discretion that a conflict is irreconcilable, the City reserves the right to terminate this Agreement.

**III.13 CITY CONFIDENCES.** The Consultant agrees to and will keep in strict confidence, and will not disclose, communicate or advertise to third parties without specific prior written consent from the City in each instance, the confidences of the City or any information regarding the City or services provided to the City.

**III.14 SUBCONTRACTORS/SUBCONSULTANTS.**

a. The Consultant shall is responsible for all work performed by subcontractors/subconsultants pursuant to the terms of this Agreement.

b. The Consultant must verify that any subcontractors/subconsultants they directly hire meet the responsibility criteria for the project. Verification that a subcontractor/subconsultant has proper license and bonding, if required by statute, must be included in the verification process. The Consultant will use the following Subcontractors/Subconsultants or as set forth in Exhibit \_\_\_\_:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

c. The Consultant may not substitute or add subcontractors/subconsultants without the written approval of the City.

d. All Subcontractors/Subconsultants shall have the same insurance coverages and limits as set forth in this Agreement and the Consultant shall provide verification of said insurance coverage.

## **ARTICLE IV. OBLIGATIONS OF THE CITY**

### **IV.1 PAYMENTS.**

a. The Consultant shall be paid by the City for services rendered under this Agreement as described in the Scope of Services and as provided in this section. In no event shall the compensation paid to Consultant under this Agreement exceed \$51,853.00 without the written agreement of the Consultant and the City. Such payment shall be full compensation for work performed and services rendered and for all labor, materials, supplies, equipment and incidentals necessary to complete the work. In the event the City elects to expand the scope of services from that set forth in Exhibit A, the City shall pay Consultant a mutually agreed amount.

b. The Consultant shall submit a monthly invoice to the City for services performed in the previous calendar month in a format acceptable to the Cities. The Consultant shall maintain time and expense records and provide them to the Cities upon request.

c. The City will pay timely submitted and approved invoices received before the 20th of each month within thirty (30) days of receipt.

**IV.2 CITY APPROVAL.** Notwithstanding the Consultant's status as an independent contractor, results of the work performed pursuant to this Agreement must meet the approval of the City, which shall not be unreasonably withheld if work has been completed in compliance with the Scope of Services and City requirements.

**IV.3 MAINTENANCE/INSPECTION OF RECORDS.** The Consultant shall maintain all books, records, documents and other evidence pertaining to the costs and expenses allowable under this Agreement in accordance with generally accepted accounting practices. All such books and records required to be maintained by this Agreement shall be subject to inspection and audit by representatives of the City and/or the Washington State Auditor at all reasonable times, and the Consultant shall afford the proper facilities for such inspection and audit. Representatives of the City and/or the Washington State Auditor may copy such books, accounts and records where necessary to conduct or document an audit. The Consultant shall preserve and make available all such books of account and records for a period of three (3) years after final payment under this Agreement. In the event that any audit or inspection identifies any discrepancy in such financial records, the Consultant shall provide the City with appropriate clarification and/or financial adjustments within thirty (30) calendar days of notification of the discrepancy.

## **ARTICLE V. GENERAL**

**V.1 NOTICES.** Notices to the City shall be sent to the following address:

**CITY OF MARYSVILLE**

**ATTN: Karen Latimer**  
**80 Columbia Avenue**  
**Marysville, WA 98270**

Notices to the Consultant shall be sent to the following address:

**BLUE MARBLE ENVIRONMENTAL LLC**  
**ATTN: Jack Harris**  
**5419 Greenwood Avenue North**  
**Seattle, WA 98103-6021**

Receipt of any notice shall be deemed effective three (3) days after deposit of written notice in the U.S. mail with proper postage and address.

**V.2 TERMINATION.** The right is reserved by the City to terminate this Agreement in whole or in part at any time upon ten (10) calendar days' written notice to the Consultant.

If this Agreement is terminated in its entirety by the City for its convenience, the City shall pay the Consultant for satisfactory services performed through the date of termination in accordance with payment provisions of Section VI.1.

**V.3 DISPUTES.** The parties agree that, following reasonable attempts at negotiation and compromise, any unresolved dispute arising under this Agreement may be resolved by a mutually agreed-upon alternative dispute resolution of arbitration or mediation.

**V.4 EXTENT OF AGREEMENT/MODIFICATION.** This Agreement, together with attachments or addenda, represents the entire and integrated Agreement between the parties and supersedes all prior negotiations, representations, or agreements, either written or oral. This Agreement may be amended, modified or added to only by written instrument properly signed by both parties.

**V.5 SEVERABILITY**

a. If a court of competent jurisdiction holds any part, term or provision of this Agreement to be illegal or invalid, in whole or in part, the validity of the remaining provisions shall not be affected, and the parties' rights and obligations shall be construed and enforced as if the Agreement did not contain the particular provision held to be invalid.

b. If any provision of this Agreement is in direct conflict with any statutory provision of the State of Washington, that provision which may conflict shall be deemed inoperative and null and void insofar as it may conflict, and shall be deemed modified to conform to such statutory provision.

V.6 **NONWAIVER.** A waiver by either party hereto of a breach by the other party hereto of any covenant or condition of this Agreement shall not impair the right of the party not in default to avail itself of any subsequent breach thereof. Leniency, delay or failure of either party to insist upon strict performance of any agreement, covenant or condition of this Agreement, or to exercise any right herein given in any one or more instances, shall not be construed as a waiver or relinquishment of any such agreement, covenant, condition or right.

V.7 **FAIR MEANING.** The terms of this Agreement shall be given their fair meaning and shall not be construed in favor of or against either party hereto because of authorship. This Agreement shall be deemed to have been drafted by both of the parties.

V.8 **GOVERNING LAW.** This Agreement shall be governed by and construed in accordance with the laws of the State of Washington.

V.9 **VENUE.** The venue for any action to enforce or interpret this Agreement shall lie in the Superior Court of Washington for Snohomish County, Washington.

V.10 **COUNTERPARTS.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same Agreement.

V.11 **AUTHORITY TO BIND PARTIES AND ENTER INTO AGREEMENT.** The undersigned represent that they have full authority to enter into this Agreement and to bind the parties for and on behalf of the legal entities set forth below.

DATED this \_\_\_\_\_ day of \_\_\_\_\_, 2015.

CITY OF MARYSVILLE

BLUE MARBLE ENVIRONMENTAL  
LLC

By \_\_\_\_\_  
Jon Nehring, Mayor

By \_\_\_\_\_  
Jack Harris, President

Approved as to form:

\_\_\_\_\_  
Jon Walker, City Attorney

## **Exhibit A Scope of Services**

### Waste Reduction & Recycling Outreach Assistance and Education Program

This scope of services identifies work to be performed by Blue Marble Environmental LLC for the City of Marysville in 2015, 2016 and 2017. Blue Marble Environmental LLC will assist the City of Marysville in conducting waste reduction & recycling education and outreach assistance activities with businesses and schools. Program activities will include:

- ❑ Continue development and support of City of Marysville business recycling pilot program. Collaborate with the City, Waste Management Northwest, and the Marysville business community to support and expand waste reduction and recycling programs for city businesses.
- ❑ Evaluate, coordinate, and expand school waste reduction and recycling programs for the 2015 – 2016 academic year. Work with the Marysville School District and the City of Marysville to enhance school waste reduction and recycling programs.

#### Payment

Billable hourly rate for Blue Marble Environmental LLC is \$95.

Mileage to be paid at current standard rate established by the Internal Revenue Service (IRS).

**CITY OF MARYSVILLE AGENDA BILL**

**EXECUTIVE SUMMARY FOR ACTION**

**CITY COUNCIL MEETING DATE: July 13, 2015**

<b>AGENDA ITEM:</b> I-5 / SR529 Interchange Expansion Project Supplement 2 to Professional Services Agreement with HDR Engineering	
<b>PREPARED BY:</b> Patrick Gruenhagen, Project Manager	<b>DIRECTOR APPROVAL:</b>
<b>DEPARTMENT:</b> Public Works / Engineering	
<b>ATTACHMENTS:</b> PSA Supplement 2	
<b>BUDGET CODE:</b> 30500030.563000 R1402	<b>AMOUNT:</b> \$
<b>SUMMARY:</b>	

The City contracted with HDR Engineering on February 24, 2014 to assist with preliminary (30%) design, NEPA environmental review, and permitting for its I-5 / SR529 Interchange Expansion Project. In conjunction with preliminary design, the work also involved preparation of an “Interchange Justification Report” (IJR) and associated coordination (through a series of four stakeholder meetings) with WSDOT, the Federal Highway Administration, and others. Public Works staff is happy to report that the year-long IJR process has now drawn to a close, and that WSDOT and FHWA are now poised to issue formal project approval as a result. (a key milestone)

Accordingly, the attached Supplement 2 to the City’s agreement with HDR provides for advancement of the project design package (plans, specifications, estimate) from the 30% completion level to 100% completion. As with the initial phase of work, this next phase will be advanced on a “fast track,” so as to position the project well to transition into construction on a timeline consistent with the expectations of funding partners.

<b>RECOMMENDED ACTION:</b> Staff recommends that Council authorize the Mayor to sign and execute the attached Supplement 2 to the City’s agreement with HDR Engineering, Inc., in the amount of \$_____.

## CITY OF MARYSVILLE AGENDA BILL

### EXECUTIVE SUMMARY FOR ACTION

**CITY COUNCIL MEETING DATE: July 13, 2015**

<b>AGENDA ITEM:</b>	
1. Ordinance revising MMC 14.07.090 establishing requirements for latecomer reimbursement contracts for water and sewer improvements.	
<b>PREPARED BY:</b> Gloria Hirashima, Chief Administrative Officer	<b>DIRECTOR APPROVAL:</b>
<b>DEPARTMENT:</b> Community Development	
<b>ATTACHMENTS:</b>	
<ol style="list-style-type: none"> <li>1. Memo from Keithly, Weed and Graafstra</li> <li>2. Redline ordinance showing revisions to existing municipal code.</li> <li>3. Draft ordinance.</li> </ol>	
<b>BUDGET CODE:</b>	<b>AMOUNT:</b> N/A

**SUMMARY:**

Chapter 35.91 RCW, the Municipal Water and Sewer Facilities Act, authorizes cities to contract with the owners of real property to construct water and sewer facilities, and to provide for reimbursement from the owners of real property who did not contribute to the original cost of construction and who subsequently tap into or use such sewer and water facilities, referred to as “latecomer reimbursement contracts.” In 2013 the Washington State Legislature adopted significant procedural and substantive amendments to chapter 35.91 RCW affecting latecomer reimbursement contracts that became effective July 1, 2014. The most significant of these changes was to take away the city’s discretion to enter into latecomer agreements when requested by a developer.

The municipal code currently addresses latecomer agreements in MMC 14.07.090. This proposed amendment to MMC 14.07.090 will implement the 2013 RCW amendments and provide clear guidance to both city officials and property owners.

**RECOMMENDED ACTION:**

Staff recommends that Council authorize the Mayor to approve the Ordinance amending MMC 14.07.090.

## MEMORANDUM

FROM: Pat Anderson  
 TO: Weed, Graafstra and Benson Municipal Clients  
 RE: 2013 AMENDMENTS TO RCW 35.91 (UTILITY LATECOMER AGREEMENTS)  
 DATE: May xx, 2014

I. Introduction.

Two separate statutes govern latecomer agreements. Chapter 35.72 RCW governs latecomer agreements for street projects,<sup>1</sup> while chapter 35.91 RCW governs utility latecomer agreements. While the procedural and substantive requirements of the two chapters are significantly different, both provide for a municipality to contract with the owners of real property to construct improvements, and upon acceptance and conveyance to the municipality, require owners of other properties who did not contribute to the cost of construction to pay a pro rata share when they seek to develop their properties.

In 2013, the legislature adopted significant amendments to chapter 35.91 RCW, the Municipal Water and Sewer Facilities Act, which changes the procedural and substantive requirements for utility latecomer agreements effective July 1, 2014. While no provision of either statute contains a requirement that municipalities adopt ordinances addressing procedural or substantive requirements for latecomer agreements in their municipal codes, many municipalities have adopted such ordinances. Municipalities that have not adopted ordinances incorporating code provisions addressing the substantive and procedural requirements for

---

<sup>1</sup> Under chapter 35.72 RCW, latecomer agreements are referred to as “assessment reimbursement contracts,” RCW 35.72.040, but they are commonly referred to as “latecomer agreements.”

latecomer agreements should consider adopting such ordinances to provide clear guidance to both city officials and property owners. If required procedures are not followed, property owners ostensibly subject to latecomer agreements who later seek to develop their property may have the latecomer agreements invalidated.<sup>2</sup> Although the 2013 amendments only affected requirements for utility latecomer agreements, a parallel review of code provisions for street project latecomer agreements is appropriate as well.

The amendments to the utility latecomer agreement statute are contained in ESHB 1717 Section 2 (adding a new definition section as RCW 35.91.015) and Section 3 (repealing the prior RCW 35.91.020 and substituting entirely different substantive and procedural requirements). The statutory changes are included at the end of this memo. ESHB 1717 also made significant amendments to SEPA, chapter 43.21C, which are not addressed in this memo. The amendments to SEPA became effective July 28, 2013, while the effective date of the amendments to chapter 35.91 was delayed until July 1, 2014.

Weed, Graafstra and Benson, Inc., has reviewed each of its clients' municipal codes and will provide a city-specific recommendation and assistance in revising municipal codes on request; however, this memorandum is to assist our clients attain a basic understanding in the new legal requirements generally.

## 2. Utility Latecomer Agreements Prior to ESHB 171.

The utility latecomer agreement statute, chapter 35.91 RCW, was short, straightforward and largely devoid of complicated procedural requirements prior to ESHB 1717. It was adopted

---

<sup>2</sup> *Woodcreek Land Limited Partnerships v. City of Puyallup*, 69 Wn.App 1 (1993) is an example of a such a challenge in the context of a street project latecomer agreement, and will be discussed in this memo because some of its principles now will apply to utility latecomer agreements as well under the 2013 amendments.

in 1965, and remained largely unchanged to the present day, except some amendments relating to the authorized term of utility latecomer agreements and potential extensions of the term.

Section 35.91.010 RCW simply declared the purpose (improvement of public health and implementation of development being furthered by adequate water facilities and storm and sanitary storm and sanitary sewer systems) and the short title of the chapter (Municipal Water and Sewer Facilities Act).

Section 35.91.020 RCW contained the heart of the statute in one paragraph in Subsection 1(a), which authorized but did not require municipalities to contract with property owners to construct utility improvements and receive partial reimbursement:

(1)(a) ... the governing body of any city, town, county, water-sewer district, or drainage district, hereinafter referred to as a "municipality" may contract with owners of real estate for the construction of storm, sanitary, or combination sewers, pumping stations, and disposal plants, water mains, hydrants, reservoirs, or appurtenances, hereinafter called "water or sewer facilities," within their boundaries or (except for counties) within ten miles from their corporate limits connecting with the public water or sewerage system to serve the area in which the real estate of such owners is located, and to provide for a period of not to exceed twenty years for the reimbursement of such owners and their assigns by any owner of real estate who did not contribute to the original cost of such water or sewer facilities and who subsequently tap onto or use the same of a fair pro rata share of the cost of the construction of said water or sewer facilities, including not only those directly connected thereto, but also users connected to laterals or branches connecting thereto, subject to such reasonable rules and regulations as the governing body of such municipality may provide or contract, and notwithstanding the provisions of any other law.

Subsection 4 of this section provided that the latecomer agreement was not effective as to any property owner who tapped into or connected to the contracted water or sewer improvement prior to the time the latecomer agreement was recorded with the county auditor.

Section 35.91.030 RCW provided for approval and acceptance of the contracted facilities by the municipality, and section 35.91.040 RCW required payment of the latecomer charge prior

to any other property owner being authorized to tap into or use the contracted facilities, and latecomer fees to be paid to the party who constructed the facilities within sixty days of receipt.

In practice, utility latecomer agreements are only appropriate when a property owner needs to construct a water or sanitary or storm sewer improvement for his own development, and the improvement will contain excess capacity that will be available to others. Typically, the requirement for the improvements existed in water, sewer, or surface water regulations that required the specific service for development, would be applied through SEPA and development review, and would be made conditions of development approvals such as preliminary plats or site plan review. For example, a plat might require a pump station or water main that was required for that plat but oversized for the property owner's own development.

The subsequent property owner who takes advantage of the contracted improvements who did not contribute to the original cost in fairness should in fairness pay a pro rata share of the cost. While there are several ways to determine that, probably the most common has been to determine the total capacity created by the contracted improvement in equivalent residential units (ERUs), and divide the total cost by the total ERUs created (or added), resulting in a per ERU latecomer fee, payable only if and when a property owner seeks to tap into or use the contracted improvement.

The utility latecomer statute provided no requirement for notice to other property owners or for a hearing prior to approval of the latecomer agreement. Recording of the latecomer agreement itself provided notice to potentially affected property owners. Unlike street project latecomer agreements, there is no issue as to the reimbursement assessment area, which might affect the decision to enter into a latecomer agreement for a street project, since the latecomer fee is only assessed to a property owner who actually connects or taps into the contracted

improvement, rather than anyone who develops in an approved assessment reimbursement area. Likewise, the amount of the latecomer fee (fair pro rata share) is typically a fairly straightforward mathematical computation of dividing cost by capacity created rather than a more LID-like assessment of “benefit” to particular properties to calculate pro rata shares for a street project latecomer agreement.

### 3. Street Project Latecomer Agreements.

In order to understand the most significant change to utility latecomer agreements from the ESHB 1717, it is helpful to contrast what the street project latecomer statute, chapter 35.72 RCW, has provided since the 1980s, and to understand how the requirements of that statute have been interpreted by the appellate court.

Section 35.72.010 RCW authorizes municipalities to contract with the owners of real property for the construction of street projects that the owners elect to install “as a result of ordinances that require the projects as prerequisite to further property development.” The judicial interpretation of the quoted phrase has been critically important for street project latecomer agreements. Simply assume, however, that this means some ordinance existing at the time of the development application must require the construction of the street project as a condition of property development in order for the street project latecomer agreement to be valid and binding on property owners who subsequently develop their property. There had been no similar requirement for utility latecomer agreements prior to ESHB 1717.

Section 35.72.020, 35.72.030 and 35.72.040 are where the differences between street project latecomer agreements and utility latecomer agreements start to become apparent. Unlike the utility latecomer agreement trigger of “tapping into or using” the utility improvement, the street project latecomer agreement is triggered by seeking to develop property within the

“assessment reimbursement areas” and being determined to have a reimbursement share based on the “benefit” to the property owner.

Because of the requirement for determination of an “assessment reimbursement area” and calculation of the latecomer fee on the basis of a specific “benefit” to identified properties, the procedural requirements are considerably more complex. Section 35.72.040 RCW specifies the required procedures. The municipality must first formulate an “assessment benefit area” based on determining which parcels adjacent to the improvements would require similar street improvements upon development. Then the municipality must notify property owners within the proposed reimbursement assessment area of the proposed boundaries and assessments, with certain additional information on rights and options, by certified mail. Any property owner may request a hearing on the boundaries or assessments within twenty days, and a hearing must be held before the legislative body on notice to all affected property owners. The legislative body’s “ruling” is determinative and final. The judicial interpretation of “ruling” is also quite important for street project latecomer agreements, as it has been interpreted as an ordinance confirming the assessment reimbursement area and the pro rata shares. Finally, the reimbursement contract (latecomer agreement) is recorded and become binding on owners of record within the assessment area when they seek to develop their property.

Those familiar with Local Improvement Districts will immediately see the parallels to LIDs, and appreciate the complications these provisions introduce to street project latecomer agreements. However, these provisions have existed since the 1980s, and so should be familiar to city officials who deal with street project latecomer agreements.

4. Judicial Interpretation of the Street Project Latecomer Agreement.

The interpretation of the street project latecomer statute was before the Court of Appeals in *Woodcreek Land Limited Partnerships v City of Puyallup* in 1993. The holding of this case has not been affected by any subsequent court decision. Understanding the requirements for street project latecomer agreements as interpreted in *Woodcreek* is important because ESHB 1717 brings the requirements for utility latecomer agreements closer to street project latecomer agreements in at least one major respect, that the utility improvements are required “as a result of ordinances that require the projects as prerequisite to further property development.”

Puyallup constructed a project to widen South Meridian Street in 1988. It had no ordinance specifically requiring improvements to South Meridian as a prerequisite to further development in any identified area adjacent to South Meridian. It did not contract with any property owner to construct the street improvements. Instead, Puyallup attempted to condition development approvals on participating in the cost of the street improvements through agreements with the property owners seeking development approvals. It did not formulate the reimbursement assessment area until six months after the improvements had been constructed. It adopted an ordinance establishing the reimbursement assessment area and assessments, gave notice of the reimbursement assessment area and assessments, held a hearing, and adopted a subsequent ordinance “confirming” the assessments. No contracts were ever finalized or executed. The property owners challenged the ordinances establishing and confirming the assessments for failure to comply with chapter 35.72 RCW.

The Court of Appeals had no trouble deciding that the Puyallup had violated chapter 35.72 RCW, because it concluded the fundamental requirement that the street improvements be constructed “as a result of ordinances that require the projects as prerequisite to further property

development” had not been met. It is unclear what ordinances Puyallup advanced to meet the “constructed as a result of ordinances that require the projects” requirement, if any, other than its substantive authority under SEPA to condition projects to mitigate significant impacts.

The Court of Appeals was looking for some existing ordinance, any existing ordinance, that required the widening of South Meridian Street as a prerequisite to further development. Puyallup apparently conceded that there was no such specific ordinance requiring the widening of South Meridian Street as a prerequisite of further development. This is not surprising. Most cities would be hard-pressed to identify an existing ordinance requiring some street project as a prerequisite to further development at some specific location.

This conclusion by the Court was sufficient to determine the outcome of the case, but the Court went on to announce its view of other requirements, including the requirement for the legislative authority’s “ruling” and the sequencing of eleven required “steps” under the street project latecomer agreement statute. Although the statute does not address requirements for the “ruling” of the legislative authority, according to the *Woodcreek* court, the “ruling” after the hearing, if one is requested, is the adoption of an ordinance that is the final determination of the assessment reimbursement area and the pro rata shares of reimbursable costs. Although the statute does not specify the form of the determination of the preliminary reimbursement area and assessments, the Court also refers to this as being by adoption of an ordinance as well.

The Court finally lays out its view of the eleven step process for sequencing street project latecomer agreements. Right or wrong, this has been the law since 1993, and each city may wish to review its own procedures against the *Woodcreek* requirements, which are also included at the end of this memo.

5. Changes to Utility Latecomer Agreements in ESHB 1717.

ESHB Section 2 adds a definition section to chapter 35.91, which previously lacked any definitions. None of the definitions (latecomer fee, municipality, and water or sewer facilities) is startling.

Section 3, however, replaces the existing Subsection 35.91.020(1)(a) in its entirety. The new requirements can be summarized:

- (1) At the owner's request, a municipality *must* contract with the owner of real estate for water or sewer facilities the owner elects to install solely at the owner's expense. The municipality no longer has any discretion whether or not to contract with the property owner if all of the requirements are met.
- (2) The owner must submit a request for a latecomer agreement prior to approval of the water or sewer facility by the municipality.
- (3) The owner may only request a latecomer agreement in "locations" where the municipality's ordinances require the facilities be constructed or improved "as a prerequisite to further development." This requirement appears to have been brought over verbatim from chapter 35.72 RCW governing street project latecomer agreements.
- (4) The facilities must be within the corporate limits or within ten miles of the corporate limits.
- (5) The latecomer agreement must have a minimum term of 20 years.
- (6) The latecomer agreement must be recorded, and must contain conditions required by the municipality in accordance with its adopted policies and standards.
- (7) The owner must request a comprehensive plan approval (amendment?) for the facility if required.
- (8) Connection of the facility to the municipal system must be conditioned upon inspection and approval by the municipality, transfer to the municipality without cost, compliance with the owner's obligations under the latecomer agreement, provision of security for completion of the facility, payment of the municipality's costs associated with the facility, and verification of all contracts and costs related to the facility.

There are other procedural and substantive requirements, but these are the significant amendments. Under the ESHB 1717 amendments, if an owner requests a utility latecomer agreement, and the required conditions are met, entering a latecomer agreement is mandatory rather than discretionary. Because of the requirement that the municipality's ordinances require

the facilities be constructed as a prerequisite to further development, the property owner's choice is really to construct the facilities at its sole expense or forego development. If the property owner elects to install facilities the municipality has required be constructed as a prerequisite to development, then the property owner is entitled to a latecomer agreement if he requests it.

The nature of the "ordinances" establishing the "locations where facilities must be constructed or improved as a prerequisite to further development" is the most significant question arising from ESHB 1717. These ordinances probably will be uncodified ordinances adopted after updates to comprehensive plans and water, sewer and storm functional plans, which will identify the new facility construction and improvements for development in specific locations. This is supported by the title of ESHB 1717 ("AN act Relating to incentivizing up-front environmental planning, review and infrastructure actions..."). These ordinances are much more likely to be ordinances establishing the general locations where water and sewer facilities must be constructed or improved for future development in some planning subarea or other identified location. The large unanswered question from ESHB 1717 is how specific the location must be identified; *Woodcreek* suggests it should be very specific, but if it is based on comprehensive planning, it may be that a very high level conceptual description of the required improvements and locations will be sufficient.

Comprehensive plan land use and utility chapters and water and sewer comprehensive plans should be reviewed, required facility construction or improvement identified, and ordinances adopted specifically requiring such facilities as a prerequisite of further development in the locations to be served by the identified facilities. A parallel review of the transportation chapter of comprehensive plans should be made and ordinances adopted requiring construction or improvement of identified transportation facilities as a prerequisite to further development

adjacent to the identified transportation facilities. These ordinances will clearly meet the statutory requirement under *Woodcreek*, and will allow municipalities to contract with developers to construct the facilities and receive partial reimbursement.

With the repeal of the prior authority for discretionary latecomer agreements with property owners, where no ordinance other than utility standards required such facilities, it appears there is no longer any authority to enter a latecomer agreement with, for example, a plat developer who constructs an oversized pump station or water main, which was probably the most common circumstances in which utility latecomer agreements were historically used.

What is clear from *Woodcreek*, although it is in the context of street project latecomer agreements, is that when the statute says there must be an ordinance requiring construction of some project as a prerequisite to further development, then there must be some existing ordinance requiring the project prior to the time the development application is filed. This is the first requirement for a valid and binding latecomer agreement under *Woodcreek*. As the new requirement for utility latecomer agreements of an ordinance requiring specific utility facilities in specific locations “as a prerequisite to further development” is virtually identical to the language in the street project latecomer agreement statute, it is nearly certain that it will be interpreted in the same way. SEPA substantive authority is not enough to be that ordinance, and general water and sewer standards ordinances for development approval will not be enough, since they are not specific to a “location.” Only as this new statute is tested in practice will the answers likely start to become known.

What is certain that ESHB 1717 will require amendment of local ordinances addressing utility latecomer agreements, and will require changes in practices of those jurisdictions without

local code provisions. Our office will be in touch with each of you to discuss whether you wish for us to help draft an amending ordinance to bring your code into compliance with the new law.

RCW 35.91.015

## Definitions. (*Effective July 1, 2014.*)

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Latecomer fee" means a charge collected by a municipality, whether separately stated or as part of a connection fee for providing access to a municipal system, against a real property owner who connects to or uses a water or sewer facility subject to a contract created under RCW [35.91.020](#).

(2) "Municipality" means the governing body of any county, city, town, or drainage district.

(3) "Water or sewer facilities" means storm, sanitary, or combination sewers, pumping stations, and disposal plants, water mains, hydrants, reservoirs, or appurtenances.

[2013 c 243 § 2.]

RCW 35.91.020

## Contracts with owners of real estate for water or sewer facilities — Requirements — Financing — Reimbursement of costs. (*Effective July 1, 2014.*)

(1)(a) At the owner's request, a municipality must contract with the owner of real estate for the construction or improvement of water or sewer facilities that the owner elects to install solely at the owner's expense. The owner must submit a request for a contract to the municipality prior to approval of the water or sewer facility by the municipality. The owner's request may only require a contract under this subsection (1)(a) in locations where a municipality's ordinances require the facilities to be improved or constructed as a prerequisite to further property development. Water or sewer facilities improved or constructed in accordance with this subsection (1)(a) must be located within the municipality's corporate limits or, except as provided otherwise by this subsection (1)(a), within ten miles of the municipality's corporate limits. Water or sewer facilities improved or constructed in accordance with this subsection (1)(a) may not be located outside of the county that is party to the contract. The contract must be filed and recorded with the county auditor and must contain conditions required by the municipality in accordance with its adopted policies and standards. Unless the municipality provides written notice to the owner of its intent to request a comprehensive plan approval, the owner must request a comprehensive plan approval for a water or sewer facility, if required, and connection of the

water or sewer facility to the municipal system must be conditioned upon:

(i) Construction of the water or sewer facility according to plans and specifications approved by the municipality;

(ii) Inspection and approval of the water or sewer facility by the municipality;

(iii) Transfer to the municipality of the water or sewer facility, without cost to the municipality, upon acceptance by the municipality of the water or sewer facility;

(iv) Full compliance with the owner's obligations under the contract and with the municipality's rules and regulations;

(v) Provision of sufficient security to the municipality to ensure completion of the water or sewer facility and other performance under the contract;

(vi) Payment by the owner to the municipality of all of the municipality's costs associated with the water or sewer facility including, but not limited to, engineering, legal, and administrative costs; and

(vii) Verification and approval of all contracts and costs related to the water or sewer facility.

(b) If authorized by ordinance or contract, a municipality may participate in financing water or sewer facilities development projects authorized and improved or constructed in accordance with (a) of this subsection. Unless otherwise provided by ordinance or contract, municipalities that participate in the financing of water or sewer facilities improved or constructed in accordance with (a) of this subsection:

(i) Have the same rights to reimbursement as owners of real estate who make contributions as authorized under this section; and

(ii) Are entitled to a pro rata share of the reimbursement based on the respective contribution of the owner and the municipality.

(2) A contract entered into under this section must also provide, in accordance with the requirements of this section, for the pro rata reimbursement to the owner or the owner's assigns for twenty years, or for a longer period if extended in accordance with subsection (4) of this section. The reimbursements must be: (a) Within the period of time that the contract is effective; (b) for a portion of the costs of the water or sewer facilities improved or constructed in accordance with the contract; and (c) from latecomer fees received by the municipality from property owners who subsequently connect to or use the water or sewer facilities, but who did not contribute to the original cost of the facilities.

(3) Except as provided otherwise by this section, a municipality seeking reimbursement from an owner of real estate under this section is limited to the dollar amount authorized in accordance with subsection (7) of this section. This does not prevent the municipality from collecting amounts for services or infrastructure that are additional expenditures not subject to the ordinance, contract, or agreement, nor does it prevent the collection of fees that are

reasonable and proportionate to the total expenses incurred by the municipality in complying with this section.

(4)(a) The contract may provide for an extension of the twenty-year reimbursement period for a time not to exceed the duration of any moratorium, phasing ordinance, concurrency designation, or other governmental action that prevents making applications for, or the approval of, any new development within the benefit area for a period of six months or more.

(b) Upon the extension of the reimbursement period pursuant to (a) of this subsection, the contract must specify the duration of the contract extension and must be filed and recorded with the county auditor. Property owners who are subject to the reimbursement obligations under subsection (1) of this section shall be notified by the contracting municipality of the extension filed under this subsection.

(5) The requirement for a municipality to contract with an owner of real estate for the construction or improvement of water or sewer facilities under this section is only applicable if the facilities are consistent with all applicable comprehensive plans and development regulations of the municipalities through which the facilities will be constructed or will serve.

(6) Each contract must include a provision requiring that every two years from the date the contract is executed a property owner entitled to reimbursement under this section provide the municipality with information regarding the current contract name, address, and telephone number of the person, company, or partnership that originally entered into the contract. If the property owner fails to comply with the notification requirements of this subsection within sixty days of the specified time, then the contracting municipality may collect any reimbursement funds owed to the property owner under the contract. The funds collected under this subsection must be deposited in the capital fund of the municipality.

(7) To the extent it may require in the performance of the contract, the municipality may install the water or sewer facilities in and along the county streets in the area to be served as hereinabove provided, subject to reasonable requirements as to the manner of occupancy of the streets as the county may by resolution provide. The provisions of the contract may not be effective as to any owner of real estate not a party thereto unless the contract has been recorded in the office of the county auditor of the county in which the real estate of the owner is located prior to the time the owner taps into or connects to the water or sewer facilities.

(8) Within one hundred twenty days of the completion of a water or sewer facility, the owners of the real estate must submit the total cost of the water or sewer facility to the applicable municipality. This information must be used by the municipality as the basis for determining reimbursements by future users who benefit from the water or sewer facility, but who did not contribute to the original cost of the water or sewer facility.

(9) Nothing in this section is intended to create a private right of action for damages against a municipality for failing to comply with the requirements of this section. A municipality, its officials, employees, or agents may not be held liable for failure to collect a latecomer fee unless the failure was willful or intentional. Failure of a municipality to comply

with the requirements of this section does not relieve a municipality of any future requirement to comply with this section.

[2013 c 243 § 3. Prior: 2009 c 344 § 1; 2009 c 230 § 1; 2006 c 88 § 2; 1999 c 153 § 38; 1981 c 313 § 11; 1967 c 113 § 1; 1965 c 7 §35.91.020 ; prior: 1959 c 261 § 2.]

Excerpt from *Woodcreek land Limited Partnerships v City of Puyallup*:

We conclude that the appropriate sequence is as follows:

(1) The owner of property has property that it wishes to develop, but a prerequisite of that development is an ordinance requiring the construction or improvement of street projects. RCW 35.72.010.

(2) The owner elects to install those required projects, and it proposes to the city, town or county [hereinafter city] that an assessment reimbursement contract be created. RCW 35.72.010.

(3) The city may agree to a contract in which the owner can be reimbursed for a portion of the costs of the projects by other property owners. RCW 35.72.020.

(4) The contract between the city and the owner constructing the projects must identify the other properties within the assessment reimbursement area that would be liable to assessment, and must include the reimbursement shares of those other properties. RCW 35.72.020(1) and (2).

(5) The city determines the reimbursement share by selecting a method of cost apportionment based on the benefit of the projects to the other property owners. RCW 35.72.030.

(6) The city formulates the assessment reimbursement area based on a selection of parcels adjacent to the projects that will require similar street improvements upon development. RCW 35.72.040(1). After making a preliminary determination of the boundaries of those parcels, the city must notify the record owners of those parcels, by certified mail, of the **[847 P.2d 506]** proposed assessment area, the assessment share, and the owners' rights and options. RCW 35.72.040(2). If any owner requests a public hearing within twenty days of the notice, the city must conduct a public hearing, notice of which must be given to all affected owners. RCW 35.72.040(2).

(7) After conducting the public hearing, if requested, the city adopts an ordinance that is the final determination of the assessment reimbursement area and the pro rata shares of reimbursable costs. RCW 35.72.040(2).

(8) The city and the owner constructing the projects then finalize and execute the assessment reimbursement contract and include the assessment reimbursement area and pro rata share of reimbursement determined by the city. RCW 35.72.040(3).

(9) The assessment reimbursement contract must be recorded in the appropriate county auditor's office within thirty days of its execution. RCW 35.72.040(3).

(10) Once the assessment reimbursement contract is recorded, its provisions for reimbursement are binding on owners of record within the reimbursement assessment area who were not parties to the contract. RCW 35.72.040(4).

(11) If an owner subsequently develops his or her property within the reimbursement assessment area within fifteen years, and is not required to install similar street projects because the projects were already installed under the contract, then the city can require that that owner reimburse the owner who initially constructed the project, pursuant to the reimbursement share determined previously under RCW 35.72.030. RCW 35.72.020(4).

As explained above, the City did not comply with the first step of this process because it did not have an ordinance in effect requiring improvements "as a prerequisite to further property development." RCW 35.72.010.

#### 14.07.090 Recovery contracts.

~~At the option of the city council, any party having constructed a public water or sewer line at its own cost, extending over 200 feet from the nearest mainline, may be allowed to enter into a recovery contract with the city providing for partial reimbursement to such party, or its assigns, for the costs of such construction, including the costs of engineering and design work, and all costs of labor and materials reasonably incurred for the length of the improvements. Such contracts shall be governed by the following provisions:~~

~~(1) Within 30 days after a utility line is accepted by the city and a bill of sale/warranty is filed with respect to the same, the proponent of the recovery contract shall submit a request for the same, using a form supplied by the city, together with supporting documentation showing all costs incurred in the project.~~

~~(2) An assessment area shall be formulated based upon a determination by the city as to which parcels of real estate will be directly benefited by the same.~~

(1) When an owner of real estate is required by MMC 14.01.050, 14.01.055, 14.03.250, 14.03.300, 14.03.310, 14.07.080, or any other ordinance, to improve or construct water or sewer facilities as a prerequisite to further property development, the provisions of chapter 35.91 RCW shall apply. The owner must submit a written request on a form provided by the city for a contract to recover the cost of the improvement or construction of water or sewer facilities prior to the approval of the water or sewer facility by the city. If an owner does not timely submit a written request, the city is not obligated to enter into a contract with the owner for the recovery of latecomer fees.

(a) Within one hundred twenty (120) days of completion of the water or sewer facility and its acceptance by the city, the owner of real estate must submit the total cost of the water or sewer facility to the City in a form acceptable to the City. This information will be used by the City to determine reimbursements by future users who will benefit from the water or sewer facility, but who did not contribute to the original cost of the water or sewer facility.

(2) The city will determine the parcels which will directly benefit from the improvements and include those parcels in the assessment area.

(3) The reimbursement share of all property owners in the assessment area shall be the pro rata share of the total cost of the project, less any contributions paid by the city. Each reimbursement share shall be determined by the city using a method of cost apportionment which is based upon the benefit received by each property

from the project. This will generally be prorated on a front-footage basis, but the City may utilize another method of cost apportionment provided that the method assesses properties on a pro rata basis. The owner seeking a recovery contract shall not be reimbursed for the share of benefits which are allocated to its property. ~~There shall be no reimbursement to the proponent for the share of the benefits which are allocated to its property.~~

(4) A preliminary determination of area boundaries and assessments, along with a description of the property owner's rights and options, shall be forwarded by certified and first class mail to the property owners of record within the proposed assessment area. A property owner within the assessment area may request a hearing before the city council. Such request must be in writing and specify the relief sought. The request must be filed with the city clerk, the city attorney, and director of public works ~~If any property owner requests a hearing in writing~~ within 20 days of the mailing of the preliminary determination. After receiving a timely request for a hearing, notice shall be given to all property owners in the assessment area of the date, time, and location of the hearing. ~~a hearing shall be held before the city council, notice of which shall be given to all affected property owners.~~ The city council's ruling shall be determinative and final.

(5) The contract, upon approval by the city council, shall be recorded in the records of with the Snohomish County auditor within 30 days of such approval. The recorded contract shall constitute a lien against all real property within the assessment area which did not contribute to the original cost of the utility project.

(6) If, within a period of 15-20 years from the date the contract was recorded (or such other period provided for in the contract), any property within the assessment area applies for connection to the utility line, the lien for payment of the property's proportionate share shall become immediately due and payable to the city as a condition of receiving connection approval.

(7) All assessments collected by the city pursuant to a recovery contract, less the city's administrative charge, shall be paid to the original proponent, its personal representative, successors or assigns within 30 days after receipt by the city. The city's administrative charge for each collection is set forth in MMC 14.07.005.

~~(8) At the termination of the 15-year recovery period the lien shall continue, but all collections thereafter shall be for the benefit of the city and shall be deposited in the city's utility fund.~~

~~(98)~~ Nothing in this section, nor any provision in a recovery contract, shall be construed as establishing the city as a public utility in areas not already connected to the city's utility system, nor shall this section, or any recovery contract, be construed as establishing express or implied rights for any property owner to connect to

the city's utility system without first qualifying for such connection by compliance with all applicable city codes and ordinances.

(9) In all cases, the city engineer shall determine the size and depth of water and sewer mains connected to the city utility system and the need to any pumps, lift stations, or other appurtenances. The determination shall be consistent with the city's comprehensive plan and the long-range objectives for the water and sewer utility.

Where the city engineer determines that a property owner/developer of residential property is required to install a water main with a diameter in excess of eight inches or a sewer main with a diameter in excess of 10 inches, and if the purpose of such oversizing is to provide for future extension of the main to adjacent properties within the utility service area, and not merely to meet the needs of the property responsible for constructing the main, then the property owner will be entitled to reimbursement under MMC 14.07.080.

**CITY OF MARYSVILLE**  
**Marysville, Washington**  
**ORDINANCE NO. \_\_\_\_\_**

**AN ORDINANCE OF THE CITY OF MARYSVILLE, WASHINGTON, AMENDING MMC 14.07.090 ESTABLISHING PROCEDURES FOR WATER AND SEWER LATECOMER REIMBURSEMENT CONTRACTS; PROVIDING FOR SEVERABILITY; AND EFFECTIVE DATE.**

WHEREAS, chapter 35.91 RCW, the Municipal Water and Sewer Facilities Act, authorizes cities to contract with the owners of real property to construct water and sewer facilities, and to provide for reimbursement from the owners of real property who did not contribute to the original cost of construction and who subsequently tap into or use such sewer and water facilities, referred to as "latecomer reimbursement contracts," and

WHEREAS, in 2013 the Washington State Legislature adopted significant procedural and substantive amendments to chapter 35.91 RCW affecting latecomer reimbursement contracts that became effective July 1, 2014; and

WHEREAS, adoption of city regulations to implement the 2013 amendments will provide clear guidance to both city officials and property owners; and

WHEREAS, the City desires to update and revise MMC 14.07.090 to be consistent with the amendments to chapter 35.91RCW.

**NOW THEREFORE, the City Council of the City of Marysville, Washington do ordain as follows:**

**Section 1.** MMC 14.07.090 is hereby amended as set forth in Exhibit "A."

**Section 2. Severability.** If any section, subsection, sentence, clause, phrase or word of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality thereof shall not affect the validity or constitutionality of any other section, subsection, sentence, clause, phrase or word of this ordinance.

**Section 3. Effective Date.** This ordinance shall become effective five days after the date of its publication by summary.

PASSED by the City Council and APPROVED by the Mayor this \_\_\_\_\_ day of \_\_\_\_\_, 2015.

**CITY OF MARYSVILLE**

**EXECUTIVE SUMMARY FOR ACTION**

**CITY COUNCIL MEETING DATE: July 13, 2015**

<b>AGENDA ITEM:</b> Appointments to the Salary Commission	<b>AGENDA SECTION:</b>  Mayor's Business	
<b>PREPARED BY:</b> April O'Brien, Deputy City Clerk	<b>AGENDA NUMBER:</b>	
<b>ATTACHMENTS:</b> Appointment Forms	<b>APPROVED BY:</b>	
	MAYOR	CAO
<b>BUDGET CODE:</b>	<b>AMOUNT:</b>	

Summary:

Mayor Nehring is requesting the appointment of Shelly Ganje and Joel Faber to the Salary Commission, serving until June 23, 2018.

<b>RECOMMENDED ACTION:</b> Mayor Nehring recommends the City Council confirm the appointment of Shelly Ganje and Joel Faber to the Salary Commission.
<b>COUNCIL ACTION:</b>

**Office of the Mayor**  
**Jon Nehring**  
1049 State Avenue  
Marysville, WA 98020  
Phone: 360-363-8000  
Fax: 360-651-5033  
marysvillewa.gov

**APPOINTMENT**

I, Jon Nehring, duly elected and acting Mayor of the City of Marysville, do hereby appoint Shelly Ganje as a member of the SALARY COMMISSION of the City of Marysville, pursuant to the provisions of the Marysville Municipal Code 2.51; dated this 13<sup>th</sup> day of July, 2015.

---

M A Y O R

I do swear and affirm I will perform the duties assigned to me as a member of the SALARY COMMISSION of the City of Marysville in the manner required by law.

Dated this 13<sup>th</sup> day of July, 2015

---

SHELLY GANJE

This term of appointment expires the 23<sup>rd</sup> day of June, 2018.

**Office of the Mayor**  
**Jon Nehring**
