Work Session
May 2, 2016

Call to Order / Pledge of Allegiance

Mayor Nehring called the work session to order at 7:00 p.m. and led those present in the flag salute.

Roll Call

Chief Administrative Officer Hirashima gave the roll call. The following staff and councilmembers were in attendance.

Mayor: Jon Nehring

Council: Steve Muller, Kamille Norton, Jeff Seibert, Jeff Vaughan, and Donna Wright

Absent: Michael Stevens and Rob Toyer

Also Present: Chief Administrative Officer Gloria Hirashima, Finance Director Sandy Langdon, Police Chief Rick Smith, City Attorney Jon Walker, Public Works Director Kevin Nielsen, Community Development Director Dave Koenig, Parks and Recreation Director Jim Ballew, Fire Chief McFalls and Recording Secretary Laurie Hugdahl.

Mayor Nehring commented that Councilmember Stevens had informed them he had a work obligation tonight and requested an excused absence.

Motion made by Councilmember Norton, seconded by Councilmember Muller, to excuse Councilmember Stevens. **Motion** passed unanimously (5-0).

Motion made by Councilmember Muller, seconded by Councilmember Norton, to approve the agenda. **Motion** passed unanimously (5-0).

Committee Reports

Councilmember Wright reported that the **Public Safety Committee** met on April 27. There was a nice annual awards ceremony prior to the meeting where officers were recognized for their work this year. At the meeting they talked about hiring needs and

options. Volunteers have done a great job. Drug houses have been taken care of. Overall the community is a safer place.

Discussion Items

1. Public Safety Tax Option Discussion

Mayor Nehring reported that the County opted to do the 0.2% sales tax. The discussion tonight would be around the Council putting forward a 0.1% measure. CAO Hirashima commented this is something the City has studied in the past as an option for the future given the large public safety improvement needs. This was being considered as a potential tool to address infrastructure needs. The County's proposal was a surprise because it affects the City's ability to move forward. She reviewed the possible uses for the potential sales tax revenue including public safety. Chief Smith discussed the critical public safety infrastructure needs as a result of an aging, a building that is too small, and a dramatic increase in population and service calls. He indicated support for moving this forward to have the voters vote on it.

Council President Norton asked for an estimate of how much the City would take in with the local option. Finance Director Langdon replied that based on 2015 actuals, 85% of the revenue would be about \$750,000.

Councilmember Muller asked if voters could vote yes for both options if they were both on the ballot. Staff indicated they could, in which case it would result in a 0.3% tax. Of that the City would get 40% of the county's 0.2% and 85% of the 0.1%. There was discussion about how the revenue could be leveraged to fund a public safety building.

Councilmember Vaughan discussed neighboring sales tax rates. He commented that if both options passed, the sales tax rate would be 9.4% sales tax. He expressed concern that the unintended consequences of this might be a downturn in sales. He asked what kind of controls would be in place to make sure these funds would be spent only on public safety. Sandy stated that it would go in the General Fund, but the auditors would examine it to make sure they were only used on public safety. She commented that the public safety tax does not apply to motor vehicles. Councilmember Vaughan said he was glad to hear that. He stated he was also glad to hear about the sunset clause. He suggested that another way to fund a project like the jail would be to do a bond which would affect property tax. However, he observed that it seems people are a little more willing to handle a little bit higher sales tax than increases in property tax.

Councilmember Muller pointed out that if times get tough there is a risk related to covering debt service. He asked what stance the City should take on this since it needs to be explained to the public. CAO Hiroshima noted the City could do a fact sheet of the data, but they are not allowed to use city resources to take a stand.

Councilmember Seibert noted that Mill Creek has a 9.8% sales tax rate but people continue to flock there. Bellevue is also maxed out, but they still draw people to come and shop there. He thinks that letting the citizens vote on this is the best way to handle

it. Some of the citizens think that a lot of the retail sales in the City is from out-of-town visitors so it seems a little more palatable.

CAO Hirashima commented that if this is going to be considered next week, staff would need to proceed with a draft for consideration. There appeared to be consensus to have staff move forward.

5. Consider the Nonexclusive Communication Site Sublease/License with the T-Mobile West LLC

Director Nielsen stated this is a sublease for T-Mobile that will go on the Sears Tower on Highway 9. There will be an initial siting fee of \$2,000 and an annual base rent in the amount of \$18,000. The agreement is renewable for two extensions. There is a cost increase of 2.5% COLA on the annual amount due to the City.

Councilmember Seibert asked where they arrived at the dollar amount. Director Nielsen replied that staff calls around to see what the going rate is. There is also a provision for a rate study within the agreement. Councilmember Seibert asked about the agreement with SERS. Director Nielsen replied that isn't in the packet yet.

Councilmember Muller asked if there are many people looking for sites. Director Nielsen replied that the City gets calls all the time for people to go on the towers at 71st and at Highway 9.

6. Consider Adopting the Proposed Job Description for Wastewater Treatment Plant Supervisor, which Captures the Responsibilities, Knowledge, Skills, and Abilities Required to Perform the Duties of this Position and Place the Wastewater Treatment Plant Supervisor at Level M-4 on the Management Classification Grid

DRAFT

Director Nielsen stated that this is providing for a supervisory position out of the union to oversee the Wastewater Treatment Plant and water quality. This is the first supervisor in Public Works that will be out of the union.

7. Consider the Final Plat of Rock Creek North Division 2, Phase 4.

See above.

9. Consider an Ordinance Amending Chapter 6.60 of the Municipal Code and Prohibiting the Discharge of Firearms

City Attorney Walker reviewed the proposed ordinance which would ban the discharge of firearms in the City.

Councilmember Seibert

Councilmember Vaughan asked if this would prohibit the use of firearms within the Qwuloot. Director Walker asked how far out into the estuary the city limits go. Director Ballew replied that the center line of the slough is where the city limits are. Councilmember Vaughan asked if tribal members would have an exclusion. City Attorney Walker replied they would not. Director Ballew commented there will be an effort to educate the Tribes. CAO Hirashima commented she thinks they will be supportive.

Councilmember Norton asked if most of the complaints are concerning people who are on the water or on land. CAO Hirashima replied that water complaints are difficult, but people walking on the trail are the ones who seem to upset the residents the most.

10. Review of Council Procedures

City Attorney Walker stated that the consideration for Council on procedures related to censure and admonitions is the question of if the Council feels there is a need for formal standards of conduct and whether or not there is a need for an ethics board. The current ethics code applies to employees and had disciplinary process to address any misbehavior. Currently the ethics code provides that a willful violation is a misdemeanor. A negligent violation has a maximum penalty of a loss of up to one month's salary and possible cancellation of contracts. He thinks these are things the Council can handle

itself or with the help of an outside investigator if necessary. He commented that ethics boards are sometimes misused or used as political pawns.

Councilmember Vaughan referred to Council ethics, and asked if it would require a quorum of council members to take some sort of action. He asked for an example scenario. City Attorney Walker replied it would probably take a quorum of members to get anything started. It could be discussed in an Executive Session. If that official objected to the topic being discussed in an Executive Session it would be brought back out to the public session. The Council could decide to have an investigator or a subcommittee or an ad hoc board. There are multiple options that would be available to the Council. Councilmember Vaughan asked if it was his opinion that it would be “cleaner” to not have an ethics board which could complicate things. City Attorney Walker affirmed that. He noted that an ethics board would be able to do some things independent of the Council which could create problems. On the other hand it could provide a different sort of accountability.

Councilmember Seibert noted that in the current council rules it says that any violation of MMC would not be allowed. He noted that the Council had talked about changing the wording of that so that a parking ticket or other minor thing wouldn't be a problem. He suggested including state laws as well. He also asked about the possibility of a convicted felon serving on the Council. City Attorney commented that he sent out an email saying that a convicted felon would forfeit its right to serve on the Council. Regarding the violation of MMC, he thinks the meaning of it relates to crimes convicted in one's official capacity. The fact that malfeasance would cause forfeiture is already covered in state law.

Councilmember Muller asked when the forfeiture would be effective. City Attorney Walker explained that once the judgment sentence is entered by the court the person automatically forfeits their office. If they appeal, they do not get the office back. If it is overturned, they don't get the office back that was forfeited, but they would be eligible to hold office in the future.

Councilmember Norton said she thinks it would be good to have some formality relating to censure or some sort of expression of disapproval. Regarding a board of ethics, she commented that in the unlikely event of having three or four council members colluding on something, it might be difficult to have any sort of accountability. Even though the ethics board would just be advisory, it would enable some sort of accountability. Regarding the makeup of a board, she didn't have a specific opinion. She thinks that layers of accountability in general is a good thing.

Councilmember Vaughan asked Councilmember Norton who would decide who is put on the board. Councilmember Norton thought they could be appointed by the Council. She thought it would be useful to have a standing ethics board rather than just appointing one as needed. This could also be a vehicle for members of the public to contact with any concerns.

DRAFT

Councilmember Vaughan asked Councilmember Wright about her opinion in light of her many years of experience on the Council. Councilmember Wright expressed concern about the makeup of the board. If there is nothing for them to do, they would lose interest. On the other hand, they might not still be around when needed.

Councilmember Seibert commented that some members might actually look for things to investigate. He has heard about ethics boards on other cities that have gotten out of control.

Councilmember Norton noted one of the cities requires the members to be people who have a background in different areas of expertise.

Councilmember Wright asked about having a vice president.

Councilmember Vaughan noted they had also discussed the process for getting things on the agenda. City Attorney Walker asked for direction about how to move forward with that. Finance Director Langdon commented that staff created a form that could be emailed out to the Council which could be filled out. There is also an online form that can be filled out to have an item put on the agenda.

Councilmember Seibert asked if this should just be done at Council meetings instead of having to fill out forms. City Attorney Walker agreed that it could just be done at the meetings.

Mayor Nehring summarized the issues Council would like to discuss further appeared to be: the ethics question, consideration of selection of a vice president, and the process for getting items on the agenda.

City Attorney Walker stated that Council Rules currently state that if the Mayor and President are both absent, the Council could just appoint someone for that meeting. There was consensus to leave that as it is.

Regarding the agenda matter, Councilmember Seibert recommended having both a form and the ability to raise a matter at a Council meeting. It was noted that the rules currently state that there is a form so there isn't really a need to change the process. Councilmember Vaughan wondered why anyone would use the form if the matter would have to have a vote at the meeting anyway. Councilmember Seibert reviewed some history of items being added to the agenda frivolously and thought that this was developed as a way to curb that. There was consensus to leave this as it is in the rules.

Councilmember Norton asked if there was an interest in a process for handling censure. She expressed support for having a process in place. Councilmember Seibert said he wasn't opposed to having the process there if needed, but expressed concern about it causing conflict. Councilmember Vaughan discussed possible scenarios. He thinks it could go both ways. He suggested having it in the rules as an option or a tool. City Attorney Walker indicated he could draft something to that effect. He suggested he could require a super majority in order to take action. Councilmember Vaughan spoke in

support of that. Councilmember Seibert asked City Attorney Walker to also set some options for levels at which this would be applicable. City Attorney Walker stated he could bring something back to the first work session in June. He asked for any direction on the ethics board issue.

Councilmember Muller recommended a formal process of how an ethics board could be appointed if needed. Councilmember Vaughan said it would be helpful to talk about how someone could bring something forward if there is an issue as well as a process for how to form a board, but not having a standing board. He stressed that his desire would be that the board would be an option, but not a required process. Councilmember Seibert asked about having outside legal advice for an ethics board. City Attorney Walker recommended that the City Attorney would serve that role unless there is a conflict of interest. He explained that his personal duty is to the City as an organization. City Attorney Walker indicated he would bring back some language related to the censure procedures and the ethics complaint process.

Councilmember Vaughan asked how this came about. Director Ballew explained that once hunting season started Parks received a lot of calls and complaints about the issue. Staff brought it forward in response to those citizen concerns.

Councilmember Muller asked if signage would be put up out there. Director Ballew replied that it would. Councilmember Muller asked if staff would send a letter to

homeowners letting them know about this change. Director Ballew replied that they would. CAO Hirashima pointed out that the intention previously was that there was a no hunting provision. This just clears up the language.

Council President Norton asked about the reason for banning all discharge as opposed to just banning hunting. City Attorney Walker replied that the more specific you make it the harder it is to prove. Council President Norton asked if this applies to air soft guns or BB guns. City Attorney Walker explained it does not because there is a specific definition of firearms.

Councilmember Vaughan commented that this has been going on in the area for decades. The nature of the area has changed because of the nature of the dike. Councilmember Vaughan asked if there have been any accidents or damage. Staff replied that there have not, but the neighbors were uncomfortable with the activity. Director Ballew commented that there is a safety issue with shooting out there. Councilmember Vaughan asked whose property the estuary is. Director Ballew stated it is owned by the Tribes, but the dike area around it is owned by the City of Marysville or private land owners. Councilmember Vaughan asked if there is some way to treat the estuary area differently. City Attorney Walker commented that they can't make the estuary a city park, but they could designate it a no hunting area even though this would make enforcement more difficult. Councilmember Vaughan asked how this would be enforced when police don't have a boat. Chief Smith commented that they do have the ability to wait for people to come back to shore. City Attorney Walker thought that simply signing the rules would have a dramatic effect. Councilmember Vaughan expressed concern about treating the whole city the same way just to address this area. Director Ballew commented that the City has put up many signs, but they frequently get shot down. He noted that the Tribes also do not want hunting to take place out there.

Councilmember Muller acknowledged that people used to hunt out there, but noted that things have changed since the density is greater now. He agrees that this is a public safety issue and should be on the books for the whole city. It doesn't stop someone from protecting themselves or the right to bear arms.

Councilmember Seibert explained that staff thought this was on the books already. This is just clarifying the original intention. Councilmember Vaughan expressed concern about the impact on other areas in the City. City Attorney Walker reviewed the current language and explained that the way it is written would make enforcement difficult.

Council President Norton asked if shooting in a public space is already illegal. City Attorney Walker replied it is not. The areas owned by the Tribes also would not be public spaces.

Motion made by Councilmember Stevens, seconded by Councilmember Muller, to adopt Ordinance No. 3021. **Motion** failed (4-2) with Councilmembers Vaughan, Seibert, Toyer, and Norton voting against the motion and Councilmembers Stevens and Muller voting in support of the motion.

12. Consider a Resolution of the City Council of the City of Marysville, Washington, Providing for the Submission to the Voters of the City at the August 2, 2016, Primary Election, of a Proposition Authorizing a Sales and Use Tax at the Rate of One-Tenth of One Percent Pursuant to RCW 82.14.450 to be used for Criminal Justice Purposes

CAO Hirashima stated that Snohomish County approved their Public Safety tax measure to be placed on the August ballot at 0.2% This Ordinance specifically identifies criminal justice purposes. They did not include fire. City Attorney Walker clarified that this resolution would just place the proposition on the ballot.

Councilmember Toyer asked about the projected revenue for the City of Marysville. Sandy Langdon replied it would be \$750,000 per year.

Councilmember Muller asked about voter education. Mayor Nehring commented that they can educate the public on the meaning of a ballot measure; they just can't take a stand on it one way or another. City Attorney Walker clarified that the Council could take a stand as long as it is advertised and done in an open public meeting. CAO Hirashima commented they could put out a fact sheet and have information on the website like they did with the TBD Board.

Councilmember Vaughan noted that the TBD Board was different because it spelled out what the problem was and why additional funding was needed. He commented that they don't have similar data related to this. He expressed concern from a strategy standpoint about having both on the ballot at the same time.

Councilmember Seibert explained the benefit from his perspective of having this on the ballot at the same time as the county's measure.

Councilmember Muller asked how they could get out of this if they wanted to. City Attorney Walker thought it could be repealed, but he wasn't sure if it had to be done by Council or the voters. Councilmember Muller asked about creating a project plan for this. CAO Hirashima replied that they could do that once the Council approves the Resolution if the voters approve it. She noted there can be a review process.

Councilmember Vaughan stated he would be more likely to support this if there was a built-in sunset and specific projects that it would be used for.

Councilmember Seibert asked about the timeline for getting something on the ballot at the same time as the county. Finance Director Langdon replied it is Friday. Councilmember Seibert asked if they could change their mind once they filed. Staff did not think so. Councilmember Seibert agreed that further diligence needs to be done, but he thinks that can be done between now and the election. He stated he would not want to miss the opportunity to get this on at the same time as the County's measure.

Councilmember Toyer said he would be more comfortable with specific projects.

Council President Norton asked how much it would cost to get it on the ballot. Finance Director Langdon replied it would be \$18-35,000. Council President Norton also had similar reservations about the vagueness of the wording. She would like to see more specifics about what the money is going toward. As far as strategy, it is difficult to know the best way to go. She commented on impacts to other groups in the community.

Councilmember Vaughan asked about potentially running this at a later election. Finance Director Langdon noted they could put it on any of the upcoming elections.

Councilmember Muller spoke in support of doing this now and putting together a nice package for the public to support. He thinks it is worth putting it out there. He has confidence that the Council will do what is best for the City.

City Attorney Walker explained they could put together a project list as long as at least one-third of the revenue goes to criminal justice purposes.

Mayor Nehring commented on major funding needs that the City has (Fire Department, jail, and waterfront development) and noted that at some point they will have to send something to the voters in order to accomplish all that they need to do.

Councilmember Vaughan stated he completely understands the need and that those projects are major priorities. He stated that the Council is behind those projects, but he is concerned that running both of these at the same time will ultimately work against what they are trying to do. He agreed with Councilmember Muller that the Council will do the right thing, but he doesn't want to create a perception that is incorrect about the Council. Additionally, if the County measure passes, the City would still receive some significant revenue.

CAO Hirashima commented that the measure creates some uncertainty going forward in terms of timing. It is not known what impact the County's measure will have on the City's options. Staff feels that a sales tax option is potentially more attractive than looking at multiple property tax and bonding measures. She stated there is likely going to be some combination of councilmatic and a voted bond in order to support the City's growth over the next 30 years.

Council President Norton commented that in general people have a desire for increased law enforcement.

Chief Smith commented that Marysville does more with less than anyplace else in the state. The City's growth needs to be addressed. He agreed that the Council has to make a difficult decision, but noted that the service Marysville provides is greater than any other city around. As for a strategy, the County has good information available out there.

Motion made by Councilmember Muller, seconded by Councilmember Stevens, to adopt Resolution No. 2395. **Motion** passed (4-2) with Councilmembers Vaughan and Toyer voting against the motion.

5.46.070 Insurance required.

Except as otherwise provided in this chapter, the applicant is required to obtain and present evidence of comprehensive liability insurance naming the city of Marysville, its officials, officers, employees and agents as additional insured for use of streets, public rights-of-way and publicly owned property such

as parks. - (7) The applicant fails to provide proof of insurance;

(Ord. 2901 § 1, 2012).

If the permittee fails to clean up such refuse, the cleanup will be arranged by the city and the costs charged to the permittee.

(2) A special event permit may be issued only after adequate restroom and washroom facilities have been identified and arranged for or obtained by the applicant subject to the Snohomish Health District's review and certification process. (Ord. 2901 § 1, 2012).

5.46.110 Revocation of special event permit.

(1) Any special event permit issued pursuant to this chapter is subject to revocation, pursuant to this section.

5.46.130 Expressive activity special event.

When a special event permit is sought for an expressive activity such as a demonstration, rally, or march as defined in this chapter, the following exceptions shall apply:

(2) The insurance requirement of MMC 5.46.070 shall be waived; provided, that the event organizer has filed with the application a verified statement that he or she intends the special event purpose to be First Amendment expression and the cost of obtaining insurance is financially burdensome and would constitute an unreasonable burden on the right of First Amendment expression. The verified statement shall include the name and address of one insurance broker or other source for insurance coverage contacted to determine premium rates for coverage.

(3) Where the special event will require temporary street closures and any one or more of the conditions of subsection (4) of this section are present requiring the city to provide services in the interest of public health, safety, and welfare, the special event coordinator may condition the issuance of the special event permit upon payment of actual, direct costs incurred by the city to a maximum of \$500.00. Any fee schedule adopted by the city shall contain a provision for waiver of, or a sliding scale for payment of, fees for city services, including police costs, on the basis of ability to pay.

(4) The city may deny a special event permit for a demonstration, rally or march if:

(a) The special event will substantially interrupt public transportation or other vehicular and pedestrian traffic in the area of its route;

(b) The special event will cause an irresolvable conflict with construction or development in the public right-of-way or at a public facility;

(c) The special event will block traffic lanes or close streets during peak commuter hours on weekdays between 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m. on streets designated as arterials by the city's public works department.

(e) The concentration of persons, animals, or vehicles will unduly interfere with the movement of police, fire, ambulance, and other emergency vehicles on the streets;

(f) The special event will substantially interfere with another special event for which a permit has already been granted or with the provision of city services in support of other scheduled special events; or

(g) The special event will have significant adverse impact upon residential or business access and traffic circulation in the same general venue.

(5) With regard to the permitting of expressive activity special events where the provisions of this section conflict with the provisions in any other section of this chapter, the provisions of this section shall prevail. (Ord. 2901 § 1, 2012).

5.46.140 Penalties for violation.

(1) Violations of, or failure to comply with, any provision of this chapter shall constitute a civil infraction and any person found to have violated any provision of this chapter is punishable by a monetary penalty of not more than \$250.00 for each such violation. Each day that a violation continues shall constitute a new and separate infraction.

(2) The imposition of a penalty for violation of this chapter shall be in addition to any other penalties provided for in any other ordinances of the city or any other ordinances or laws applicable to the violation.

(3) Any permit fee or penalty which is delinquent or unpaid shall constitute a debt to the city and may be collected by a court proceeding in the same manner as any other debt in like amount, which remedy shall be in addition to all other existing remedies. (Ord. 2901 § 1, 2012).

SUMMARY:

On February 27, 2012, City Council approved Ordinance #2890 which removed the limit on the number of fireworks stands that can be permitted. The City has received four (4) Fireworks Stand Permit Applications from TNT Fireworks for the following locations:

<u>Applicant</u>	<u>Location</u>
Marysville Kiwanis	6610 – 64 th Street NE (Allen Creek Shop Ctr)
Marysville Kiwanis	301 Marysville Mall Way (Albertsons)
Mountain View Assembly of God	9925 State Avenue (Fred Meyer)
Pregnancy Aid of Snohomish County	8713 – 64 th Street NE (Walmart)

Three additional permit applications were received from Jake's Fireworks, Inc., Park Ridge Community Church / Shock N Awe Fireworks, and Western Fireworks for the following locations respectively:

Costco Wholesale Corporation	16616 Twin Lake Avenue (Costco)
Marysville Church of the Nazarene	8240 – 64 th Street NE (Nazarene Church)
BLC Youth Ministries	9315 State Avenue

All applicants meet requirements specified in MMC 9.20. Stand operators are provided with an information sheet on City regulations. These are laminated and to be displayed at each stand. They are also provided with copies for distribution to customers.

The Marysville Fire District inspects each stand and the Fire District distributes permits upon determining a satisfactory inspection.

Staff annually monitors parking at stand locations. There continues to be no apparent problems at the proposed locations.

RECOMMENDED ACTION: Staff recommends that the City Council approve the four firework stand permit applications submitted by TNT Fireworks and approve the one firework stand permit application each submitted by Jake's Fireworks, Inc., Park Ridge Community Church / Shock N Awe Fireworks, and Western Fireworks respectively.

This work will be presented during a one-day design workshop in Marysville. The city will coordinate with stakeholders to ensure a level of input and direction. The workshop will focus on discussing preliminary design options and visiting the site.

Following the workshop, we will make revisions to the preferred option and develop design, fabrication and installation details. Signage work will include typography studies, sign layouts, colors and materials. Detailed interpretive panel content outlines will be developed including identification of possible images, source and cost. Draft technical specifications will be submitted for review.

Landscape work will include bench and fence product selection and refinement of the planting palette. We will develop 30% plans showing preliminary site furnishing and sign locations and details using the topographic survey provided by the city.

Technical specifications and cost estimates will be updated for signage and site design components. Wayfinding and interpretive panel text and layouts will be finalized, images will be purchased and final digital artwork will be submitted for proofing before submitting to the fabricator.

These documents will be submitted as pdfs for owner review at 60%, 90% and 100% completion. Meetings to discuss each submittal will be held via GoToMeeting.

INTERLOCAL COOPERATION AGREEMENT
BY AND AMONG SNOHOMISH COUNTY, THE CITY OF MARYSVILLE AND
SNOHOMISH COUNTY FIRE PROTECTION DISTRICT NO. 12
FOR THE HOUSING OF A MOBILE COMMAND VEHICLE

THIS AGREEMENT (the "Agreement") is entered into by and among Snohomish County, a political subdivision of the State of Washington (the "County"), the City of Marysville, a municipal corporation of the State of Washington (the "City"), and Snohomish County Fire Protection District No. 12 (the "Fire District"), as of this 25th day of March, 2013.

RECITALS

WHEREAS, the two command vehicles (collectively, the "Vans" and, individually, a "Van") will serve as a regional resource for homeland security for the UASI region (Pierce County, King County, Snohomish County, and the Cities of Seattle and Bellevue), as well as for Washington State Region One (comprised of Island, San Juan, Skagit, Snohomish, and Whatcom counties); and

WHEREAS, it is in the best interests of the region's first responders and the citizens they serve that the Vans be housed in two different and strategically convenient locations so that they may be available for use by the federal government, the state, its political subdivisions and municipal corporations as contemplated by RCW 38.52.110(1); and

WHEREAS, the City and the Fire District are located in a strategically convenient location and have offered to house and perform certain activities with respect to one of the Vans on the terms and conditions set forth in this Agreement; and

WHEREAS, each of the County, the City and the Fire District (collectively, the "Parties" and, individually, a "Party") possess the power and authority to respond to major emergencies and disasters, whether natural or man-made, or any other function which would require the use of one or both of the Vans; and

ORIGINAL

WHEREAS, in order to provide the maximum potential benefit from the Van and to render the best possible services in dealing with major emergencies and disasters, and other law enforcement functions for the citizens of the County, the Parties have determined that it is necessary and desirable to cooperate in the manner set forth in this Agreement; and

WHEREAS, Chapter 39.34 RCW authorizes two or more public entities to contract with each other to perform any governmental service, activity or undertaking that each is authorized by law to perform individually; and

WHEREAS, the Parties anticipate that a separate agreement will be negotiated and entered into by and among the primary user agencies within Snohomish County, including the City and the Fire District, to address the use of the Vans by the region's first responders (the "Use Agreement"); and

WHEREAS, pursuant to this Agreement, the City and the Fire District will receive consideration in the form of the Van's proximate location in the event it is needed for dispatch within their jurisdictions pursuant to the Use Agreement;

NOW, THEREFORE, in consideration of the mutual covenants, conditions and promises contained herein, the Parties agree as follows:

1. Term. This Agreement shall be effective as of the latter of (i) the date the Van is delivered to the City and Fire District for housing, as provided in Section 4 hereof, or (ii) the date of the posting of this Agreement on the County's website as required by RCW 39.34.040. This term of this Agreement shall end on the date three (3) years after the effective date of this Agreement, unless terminated by the Parties pursuant to either Section 9(a) or Section 9(b) hereof or unless terminated by mutual agreement of the Parties. This Agreement may be renewed, at the discretion of the Parties, for successive one (1) year terms, PROVIDED, HOWEVER, that such renewals shall be evidenced by a written amendment in accordance with Section 11 and, PROVIDED, FURTHER, that the cumulative duration of the initial term of the Agreement and all renewals thereto shall not exceed twenty (20) years.

2. Ownership. The Van and all equipment incident to the Van, including radio communications equipment, shall be owned by the County.

3. Insurance.

Each party shall maintain its own insurance and/or self-insurance for its liabilities from damage to property and/or injuries to persons arising out of its activities associated with this Agreement as it deems reasonably appropriate and prudent. The maintenance or lack of insurance and/or self insurance shall not limit the liability of the indemnifying part to the indemnified party(s).

4. Housing. Upon delivery by the County, one Van shall be housed by the City and the Fire District at the City/Fire District facility known as Fire Station 61 (the "Fire Station"). Except when removed from the Fire Station for maintenance as provided in Section 5 hereof or

for dispatch as provided in the Use Agreement, the Van shall be housed inside a fully-enclosed and secured facility at the Fire Station. No compensation shall be paid to the City or the Fire District pursuant to this Agreement for the housing of the Van.

5. Maintenance; Checklist; Records. The Fire District shall provide the daily or routine activities enumerated in the checklist attached hereto as Exhibit A and incorporated herein by this reference (the "Checklist"), with the frequency indicated in the Checklist, on the Van which they house at the Fire Station, PROVIDED, HOWEVER, that the City and the Fire District will not be required to perform Checklist activities on the Van during any 24-hour period during which the Van has been dispatched pursuant to the Use Agreement and is not on site at the Fire Station. Regular maintenance and extraordinary maintenance for the Van shall be provided by the County.

The City and the Fire District shall maintain records of their daily or routine activities with respect to the Van in the form of the Checklist. The County may, at reasonable times, inspect the Checklist and all other books and records of the City and Fire District relating to their performance pursuant to this Agreement. The City and Fire District shall each keep all records required by this Agreement for audit purposes for seven (7) years after termination of this Agreement, PROVIDED, HOWEVER, that the City and Fire District shall surrender their records concerning the Van to the County upon its request if this Agreement is terminated.

6. Direction and Control. The City and Fire District agree that they will perform the housing and other services specified under this Agreement as independent contractors and not as agents, employees, or servants of the County. The Parties agree that the employees of the City and Fire District are not entitled to any benefits or rights enjoyed by employees of the County. The City and Fire District specifically have the right to direct and control their own activities in providing the agreed services in accordance with the specifications set out in this Agreement. The County shall have the right only to ensure performance. Nothing in this Agreement shall be construed to render the Parties partners or joint venturers.

7. Hold Harmless and Indemnification. Each party shall protect, defend, indemnify and save harmless the other party, its officers, officials, employees and agents while acting within the scope of their employment as such, from any and all suits, costs, claims, actions, losses, penalties, judgments, and/or awards of damages, of whatsoever kind arising out of, or in connection with, or incident to this Agreement caused by or resulting from each party's own negligent acts or omissions. Each party agrees that it is fully responsible for the acts and omissions of its own subcontractors, their employees and agents, acting within the scope of their employment as such, as it is for the acts and omissions of its own employees and agents. Each party agrees that its obligations under this provision extend to any claim, demand, and/or cause of action brought by or on behalf of any of its employees, or agents. The foregoing indemnity is specifically and expressly intended to constitute a waiver of each party's immunity under Washington's Industrial Insurance act, RCW Title 51, as respects the other party only, and only to the extent necessary to provide the indemnified party with a full and complete indemnity of claims made by the indemnitor's employees. The parties acknowledge that these provisions were specifically negotiated and agreed upon by them.

With respect to a party's obligations to hold harmless, indemnify and defend provided for herein, but only as such obligations relate to claims, actions or suits filed against the other parties, each party further agrees to waive its immunity under the Industrial Insurance Act, Title 51 RCW, for any injury or death suffered by its employees caused by or arising out of its acts, errors or omissions in the performance of this Agreement. This waiver is mutually negotiated by the Parties.

A party's obligations hereunder shall include, but are not limited to investigating, adjusting, and defending all claims alleging loss from action, error, omission or breach of any common law, statutory or other delegated duty by it, its employees, agents, or subcontractors.

8. Dispute Resolution. In the event differences between the Parties should arise over the terms and conditions or the performance of this Agreement, the Parties shall use their best efforts to resolve those differences on an informal basis. If those differences cannot be resolved informally, the matter shall be referred for mediation to a mediator mutually selected by the Parties. If mediation is not successful, either of the Parties may institute legal action for specific performance of this Agreement or for damages. The prevailing party in any legal action shall be entitled to a reasonable attorneys' fee and court costs.

9. Termination.

(a) Termination for Breach. If either the City or the Fire District breaches any of its obligations hereunder, and fails to cure the same within five (5) days of written notice to do so by the County, the County may terminate this Agreement. If the County breaches any of its obligations hereunder, and fails to cure the same within five (5) days of written notice to do so by both the City and the Fire District, the City and the Fire District, acting together, may terminate this Agreement.

(b) Termination for Convenience or Otherwise. The City and the Fire District, acting together, or the County, acting alone, may terminate this Agreement upon thirty (30) days' written notice to the other Parties for any reason other than stated in subparagraph (a) above.

(c) Return of Van on Termination. Upon the expiration or termination of this Agreement, the Van and all associated equipment and records shall be returned or delivered to the custody of the County. That return shall be accomplished promptly at a time and in a manner, then agreed to by the Parties, that will assure the continued availability of the Van for the uses and purposes for which it was acquired.

(d) Other Rights Not Affected. Termination shall not affect the rights of the Parties under any other section or paragraph herein.

10. Notices. All notices and other communications shall be in writing and shall be sufficiently given and shall be deemed given on the date on which the same has been mailed by certified mail, return receipt requested, postage prepaid, addressed as follows:

16. Conflicts Between Attachments and Text. Should any conflicts exist between any attached exhibit or schedule and the text of this Agreement, the text shall prevail.

17. Severability. Should any clause, phrase, sentence or paragraph of this Agreement be declared invalid or void, the remaining provisions of this Agreement shall remain in full force and effect.

18. Liability; No Third Party Beneficiaries. No liability shall attach to any of the Parties by reason of entering into this Agreement except as expressly provided herein. None of the Parties to this Agreement assume any duty to any third party.

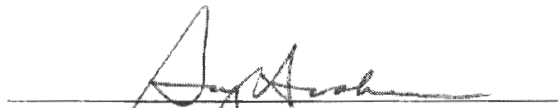

19. Complete Agreement. This Agreement constitutes the entire understanding of the Parties on the subjects hereof. Any written or verbal agreements not set forth herein or incorporated herein by reference are expressly excluded.

20. Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

21. Ratification. Acts taken in conformity with this Agreement but prior to its execution are hereby ratified and confirmed.

22. Website Posting. Upon execution, executed original signature pages of this Agreement shall be returned to the Clerk of the Snohomish County Council, who shall cause a fully executed original of this Agreement to be posted on the County website pursuant to RCW 39.34.040. CITY OF MARYSVILLE AGENDA BILL

EXECUTIVE SUMMARY FOR ACTION

CITY COUNCIL MEETING DATE: June 13, 2016

AGENDA ITEM: AN ORDINANCE OF THE CITY OF MARYSVILLE, WASHINGTON, AMENDING MARYSVILLE MUNICIPAL CODE (MMC) SECTION 6.24.050 DEFINING PUBLIC NUISANCES; PROVIDING FOR SEVERABILITY AND EFFECTIVE DATE.	
PREPARED BY: Jon Walker / Dave Koenig	DIRECTOR APPROVAL:
DEPARTMENT: Legal / Community Development	
ATTACHMENTS: Proposed Ordinance	
BUDGET CODE:	AMOUNT:
SUMMARY:	

The attached ordinance has been prepared after the June 6, 2016 City Council discussion. As discussed the Community Development Department has been getting complaints about materials in back yards which neighbors can see from their property and are considered by those neighbors as undesirable. A PowerPoint presentation showed examples of yards which complaints have been received from adjacent property owners.

The current Marysville Municipal Code does not require cleanup of the front yard, side yard, rear yard or vacant lot if the materials are screened from public view from the adjacent frontage street or streets. “Screened from public view” is defined in MMC 4.02.020(8): “‘Screened from public view’ means sight-obscuring fencing and/or landscaping is installed around the area or objects.”

Five subsections of MMC 6.24.050 permit certain conditions so long as the condition is “screened from public view” from the adjacent frontage street or streets:

(6) any and all junk, trash, litter, garbage, boxes, bottles, or cans; any and all unused animal pens or cages, including any type of insect enclosures; and any and all discarded lumber, salvaged materials, or other similar materials, except for such materials being used for an immediate construction project on said premises

(8) Broken or discarded furniture, furnishings, appliances, household equipment and other similar items

(12) Nonoperational or unused automobiles or parts thereof, or other articles of personal property which are discarded or left in a state of partial construction or repair for longer than 30 days

(13) Vegetation exceeding 12 inches in height (exclusive of plants and flowers within a flower bed, shrubbery and trees)

(20) open storage.

The proposed ordinance addresses only subsection (6). Accordingly, if the Council adopts this ordinance, enforcement for the conditions identified in the other subsections would not change.

If a backyard is fenced so that the materials stored there are not visible from the street, it is not a public nuisance under the current code and the owner is not required to clean-up the yard. The change to subsection (6) would require that the materials identified in that subsection (junk, trash, litter, garbage, etc.) be stored in a manner that is not visible from an adjacent property, including buildings on the adjacent property. Thus, if a neighbor could see junk and trash in a neighboring yard from a second story window, it would be a public nuisance, but if that same neighbor could see the junk and trash only by climbing a ladder it would not be a public nuisance.

RECOMMENDED ACTION:

It is recommended that City Council authorize the Mayor to sign the Ordinance amending Marysville Municipal Code (MMC) Section 6.24.050(6) defining public nuisances.

CITY OF MARYSVILLE AGENDA BILL

EXECUTIVE SUMMARY FOR ACTION

CITY COUNCIL MEETING DATE: June 13, 2016

AGENDA ITEM: Ordinance adopting amendments to the Marysville Municipal Code related to the production, processing, and distribution of marijuana	
PREPARED BY: Chris Holland, Planning Manager	DIRECTOR APPROVAL:
DEPARTMENT: Community Development	
ATTACHMENTS: <ol style="list-style-type: none"> 1. PC Recommendation, including: <ul style="list-style-type: none"> . Exhibit A – Recommended Amendments . Exhibit B – PC Public Hearing DRAFT Minutes 05.24.16 2. PC Workshop Minutes 05.10.16 3. Public Comments from Robert Pearce, dated 05.24.16 4. Adopting Ordinance 	
BUDGET CODE:	AMOUNT:
SUMMARY:	

The Washington State Liquor and Cannabis Board (WSLCB) are implementing changes to marijuana laws passed during the 2016 Legislative Session. In July 2016 the recreational and medical marijuana regulations will be regulated under the same rules. One of the new rules is related to allowing marijuana cooperatives. [RCW 69.51A.250](#) allows qualifying patients to form a cooperative of up to four (4) qualifying patients to share responsibility for acquiring and supplying resources needed to produce and process marijuana for the medical use of members of the cooperative. This new legislation, which creates marijuana cooperatives, provides a gap in Marysville’s prohibition of allowing marijuana producers, processors and retailers.

Additionally, the WSLCB continue to update definitions related to marijuana, which means that the definitions adopted by City Council under Ordinance No. 2959 on April 28, 2014, are outdated. The Planning Commission has recommended amending the definitions in the MMC to simply reference definitions in the RCW. This will ensure that the City’s definitions remain current.

Lastly, the Planning Commission has recommended amending MMC Section 6.24.050 making it a public nuisance for any residential growing of marijuana, as may be allowed by [RCW 69.51A.210](#), which does not comply with the requirements of [RCW 69.51A.260](#) or any other requirement of State law.

RECOMMENDED ACTION: Affirm the Planning Commission’s recommendation adopting amendments to the Marysville Municipal Code related to the production, processing, and distribution of marijuana.

PUBLIC HEARING**Marijuana regulations****Staff Presentation:**

Planning Manager Holland reviewed the background on I-502 regulations noting that the Planning Commission had recommended to not allow any producers, processors, or retailers within the City of Marysville. The City Council agreed with the recommendation, but also asked the Planning Commission to develop potential regulations in case the legislature changed state law to preempt cities own zoning regulations related to I-502. That hasn't happened, but the Planning Commission did ultimately review and make recommendations to Council if the event that state law preempts local law.

Planning Manager Holland stated that this proposed amendment is in line with Council's recommendation to not allow any producers, processors, or retailers within the City of Marysville. He explained that in July 2016 the State will be marrying recreational and medical marijuana regulations which creates new laws and changes definitions in state law. The proposed amendments would fill in the gaps created by combining the regulations. Staff is proposing an amendment to the public nuisance code, referencing definitions as defined in state law, including new definitions for “marijuana,” “marijuana concentrates,” and “marijuana cooperative,” and amendments to the permitted use matrix showing that marijuana cooperatives are not a permitted use.

Commissioner Hoen asked if there are any medical marijuana outlets in Marysville. Planning Manager Holland replied that there are none that the City is aware of. CD Director Koenig also acknowledged that there are no medical marijuana outlets that are licensed in the city.

Chair Leifer opened the public hearing at 7:13 p.m. and solicited public comment.

EXHIBIT B***DRAFT*****Public Testimony:**

Robert Pearce, 5417 – 80th Avenue NE, Marysville, WA 98270, stated he has been in Marysville almost six years. He believes marijuana impairs good judgment and is a cancer eating away at the moral fiber of the country. He recommended clarification in the proposal that these amendments are solely to align Marysville's code with state code and not proposing any new changes.

Planning Manager Holland responded that the recitals in the ordinance itself would reflect the many negative impacts to the city if producers, processors and retailers are allowed. It would also include the recitals from original ordinance that prohibited producers, processors and retailers. He reminded the Planning Commission that the original ordinance had a significant amount of recitals explaining why marijuana is not a good idea for the Marysville community.

Chair Leifer stated he assumed this particular intent would be included along as well with the other narrative. Planning Manager Holland affirmed that.

Commissioner Hoen asked if tonight's public testimony would go forward with the other documents to the Council. Planning Manager Holland stated it would along with the minutes from this meeting.

Motion made by Commissioner Thetford, seconded by Commissioner Whitaker, to approve the amendments as presented and forward them to Council for their consideration. **Motion** passed unanimously (6-0).

Seeing no further comments, the public hearing was closed at 7:20 p.m.

NEW BUSINESS**Plat and Short Plat Extensions**

Community Development Director Koenig stated that the City was approached by a developer who has a plat in Marysville requesting that the City do a two-year extension for plats and short plats that have had preliminary approval, but have not moved forward to construction. He explained that Snohomish County has approved such an amendment for an option for up to a two-year extension for plats. There are a number of aging plats that were approved in Marysville and would have to be built in 2017. There are also a number of plats that were approved in the County.

He reviewed some statistics related to the number of plats in Marysville. As of the beginning of March there were 1117 lots in some form of process or preliminary platted and not finalized. Of those, 171 are new projects going through the Community Development department right now. The remaining 946 have had preliminary approval and are either under construction or going through civil engineering review or lying dormant. 649 of those lots were approved through the city process, and 297 lots were

EXHIBIT B***DRAFT***

approved in the county. Out of those, there is one plat with 151 lots that will be expiring in June. It does not have the same ownership that it did ten years ago, and they have submitted a pre-application for a new subdivision on those parcels.

Director Koenig stated that staff's proposal is to introduce this to the Planning Commission tonight and then do outreach to the owners of the properties that this would affect. The proposal is to grant up to a two-year extension to plats that meet Marysville standards either as they currently are or through the minor amendment process. The minor amendment process would allow for changes to the plats without going through the formal hearing process. This proposal would benefit projects that are set to expire in 2017. He explained that a lot of this happened because people got things approved in 2007 and then the economic downturn happened. Staff's recommendation is to move forward and get input from the property owners that would be affected by this and then bring it back to the Planning Commission for review and consideration of forwarding to the City Council.

Commissioner Thetford asked if the City would contact the plat owners about the expiration dates and requirements so that they have time to get their extensions in. Director Koenig stated that they would do that as part of the outreach on this process, but most of them are already aware. Planning Manager Holland added that before the legislature extended plats the City did outreach to all those plats.

Commissioner Hoen asked about the reason for the original time limit. Director Koenig stated that the City gets its enabling legislature from the State. He thought the idea was probably to prevent speculative subdivisions. However, he noted that there was recognition by the legislature of the impact of the economic downturn and of the importance of allowing property owners more time to do subdivisions. Planning Manager Holland clarified that projects approved prior to 2014 have seven years to have the plat recorded, and projects approved prior to 2007 would have ten years to have the plat recorded. Any new project that is approved would still be five years with a two-year extension. It would not allow new projects to get to nine years. The intent is to address projects that were approved before and during the economic downturn.

Chair Leifer referred to page 2, paragraph 3 and asked what Chapter 90.58 refers to. Planning Manager Holland replied that is the Subdivision Act (Planning Manager Holland corrected his statement via e-mail to note that Chapter 90.58 RCW is actually the Shoreline Management Act of 1971).

Commissioner Andes noted that a lot of standards have changed in the last ten years, especially related to drainage, and some of the plats might be impacted if they had to go through another review process. Director Koenig responded that it appears that the plats approved in the City would be fine, because the standards really haven't changed, but the ones approved in the County haven't been reviewed. He stated that staff's proposal is to honor what was done ten years ago. Commissioner Andes noted that setbacks for wetlands have changed dramatically in the last ten years. Planning Manager Holland pointed out that the City's regulations for critical areas buffers haven't

EXHIBIT B***DRAFT***

changed in the last ten years, but those that were approved in the County could potentially have more stringent setbacks now that they are in the City. He discussed how the minor amendment process could be used to address changes.

Chair Leifer commended staff for their work and explanation. Director Koenig stated staff would proceed with taking this to the property owners and then come back to the Planning Commission for a review and a public hearing.

Chair Leifer asked about a hearing date for the Lakewood Master Plan. Planning Manager Holland stated that the City is still going through comments, but staff will be bringing back a public hearing for sewer connections. Director Koenig stated that the City received comments from Merle Ash with a couple options related to the road going north-south. Staff is asking for some feedback from Public Works and others on that.

Planning Manager Holland informed the Planning Commission of the very sad news that Steve Lebo's wife had passed away. He noted that Commissioner Smith brought a card for the Commission to sign for him and his family. Chair Leifer expressed his regrets on behalf of the Planning Commission and stated that their sympathies and prayers are with Commissioner Lebo and his family during this difficult time.

NEW BUSINESS

A. Information – Traffic Calming and Rectangular Rapid Flash Beacon (RRFB)

Traffic Engineer Jesse Hannahs responded to the March 22 Planning Commission meeting questions regarding Rectangular Rapid Flashing Beacons (RRFB), Pedestrian

Collisions and Traffic Calming as described in his memo to the Planning Commission dated May 4, 2016.

B. Information – 51st Avenue NE (3-lane vs. 5-lane)

City Engineer Jeff Laycock responded to an earlier Planning Commission request for more information about 51st Avenue NE Corridor – 3-lane versus 5-lane section. He explained that five lanes would be significantly more expensive than three lanes. It could double or even triple the cost due to the proximity of structures to the road, driveways, the need to purchase additional right-of-way, reconstruction costs of 3-lane to 5-lane road, and critical area impacts. Additionally, 51st Avenue NE is planned to be the City's primary north-south bicycle route with dedicated bicycle lanes and adequate sidewalks. Widening to 5-lanes will minimize safety for bicyclists and pedestrians. He noted that the 2015 Transportation Update evaluated the 51st Avenue NE corridor and determined that the 3-lane section has sufficient capacity beyond the planning year identified in the document.

Chair Leifer expressed concern about the impact of the trains on the east-west transportation plans. City Engineer Laycock acknowledged that the trains are an issue, and discussed preferred locations for an undercrossing and an overcrossing. Grove Street is a preferred location for an overcrossing, but it comes at a pretty significant cost of about \$22 million. Chair Leifer commented that the cost for that one crossing is almost half of the cost of the 51st corridor from the airport to 1st Avenue.

Chair Leifer noted that Highway 9 started being an unlimited access freeway and is becoming a calmed down corridor where people will be driving about 35 mph for the most part. He agrees with the idea of getting east-west mobility for traffic to go across the valley, but he questions whether a lot of the people that want to go south towards Lynnwood or Seattle will head toward Highway 9. He thinks they will want to get onto the freeway but traffic is all backed up going that direction because of the railroad problem. It's not going to be effective without several crossings from Grove to Smokey Point. He commented that the fact all these projects cost money and have drawbacks is a given. He stated the question really should be what ultimately is going to be the best system to transport people out of town via I-5, either south or north. He said he didn't think the east-west enhancement program is going to solve the problems because of issues with Highway 9 and issues crossing the tracks.

Mr. Laycock commented that a lot of money is being provided for at-grade rail crossings so he thinks the chances of getting funding for those larger overcrossing projects like Grove are good. Staff has evaluated 88th Street every way they can, but there are many constrictions. Traffic Engineer Jesse Hannahs reviewed the three planned locations providing east-west connectivity. City Engineer Laycock continued to explain that the City needs to focus on completion of north-south improvements and direct attention to the improvements on WSDOT highways. These projects include: completion of State Avenue from 100th to 116th, completion of intersection capacity projects at State Avenue & 88th Street NE and State Avenue and 116th Street NE intersections. Improvements in the form of new ramps at SR 529, a SPUI at 116th, 88th Street NE and 156th Street NE

will facilitate improved access to and from I-5. SR 9 access and recent improvements include over \$300 M in investment through Snohomish County. This includes the new roundabout at SR 531, 84th Street NE, and widening from SR 92 to Soper Hill Road. City will continue to work with WSDOT on improvements to SR 9 to accommodate future traffic projections.

Commissioner Andes asked why a crossing at 1st hadn't been considered. Staff explained that it had been studied, but there were some issues with plans to redevelop that area.

Chair Leifer summarized that the likelihood of any substantial improvements over the railroad other than possibly Grove is very unlikely. Jesse Hannahs agreed that Grove was the most feasible and cost-effective. All of the other locations had significant costs and impacts. Chair Leifer recalled state plans to build an interchange up and over the railroad on his family's property when he was a child that never materialized. He commented this is the type of solution that is needed in about three places between Grove and 136th, if crossing over the railroad from State Avenue to I-5 is going to be an adequate solution.

Commissioner Andes asked if the City is planning on doing a flyover over the freeway as well. Mr. Laycock replied he has looked at that, but for now it is not an option.

C. Code Amendment – Marijuana Regulations

Planning Manager Chris Holland explained that marijuana regulations continue to change. In July the medical and recreational marijuana regulations will be regulated under I-502. As a result, amendments were recommended to the public nuisance code, definitions to simply reference as defined in state law, including new definitions for "marijuana," "marijuana concentrates," and "marijuana cooperative" and amendments to the permitted use matrix showing that marijuana cooperatives are not a permitted use.

Planning Manager Holland indicated that he would bring this back for a public hearing in June and then, if approved, it would go to Council in July.

OLD BUSINESS

A. Lakewood Neighborhood Master Plan & Design Regulations

Planning Manager Holland made a PowerPoint presentation on the Lakewood Neighborhood Master Plan and Design Regulations. He discussed the purpose, the assets of the area, land capacity statistics, and zoning. He explained the Lakewood Vision focuses on three major topics: transportation improvements, utility infrastructure, and Urban Design Guidelines. Details about the following transportation improvements were also discussed:

- 172nd Street NE Improvements

- 169th Street NE Connection – from new roundabout at 172nd Street NE and 23rd Avenue NE to 27th Avenue NE
- Intersection at 172nd Street NE and 27th Avenue NE
- 156th Street NE Interchange
- 172nd Improvements – 19th Avenue NE to 27th Avenue NE
- 172nd Improvements – 16th Drive NE to 19th Avenue NE
- 172nd Improvements – 13th Avenue NE to 16th Drive NE
- 172nd Improvements – 11th Avenue NE to 13th Avenue NE
- Neighborhood Roadway Network – 174th Street NE, 176th Street NE, 23rd/25th Avenue NE, 19th Avenue NE, 27th Avenue SE, 23rd Avenue NE, 19th Avenue NE/169th Street NE, 25th/27th Avenue NE, 156th Street NE and Interchange, 156th Street NE Multiuse Connection to Centennial Trail, Twin Lakes Avenue, 156th /Twin Lakes Avenue
- Neighborhood Roadway Network – new road section with bike lanes (Option 1 with LID and Option 2 without LID)

Planning Manager Holland explained that many of the improvement projects are eligible for credits towards traffic impact fees, including engineering and construction. These include: 19th Avenue NE/169th Place NE, 23rd Avenue NE, 25th/27th Avenue NE, 27th Avenue Extension, 27th Avenue NE, 156th Street NE Interchange, 156th Street and 27th Avenue NE, 156th Street NE, 172nd Street NE and 19th Avenue NE, and 172nd Street NE. Also included in the Plan are proposed bicycle and pedestrian networks. He then reviewed the proposed utilities improvements within the Lakewood Neighborhood for sewer, water, and stormwater, explaining the limitations of each.

The Urban Design Guidelines build upon existing design standards outlined in the MMC. They require pedestrian and bicycle connections. There are guidelines for properties facing parks, trails and open space. The guidelines provide for “Lakewood Community Overlay” areas encouraging adaptive reuse of existing buildings over time to maintain a rural crossroad character. It requires buildings to orient to the human-scale local streets, provides for Pedestrian-Oriented Public Areas Designations, high quality common open space with new multi-family development, and comfortable pedestrian routes that connect Lakewood-wide “active transportation” network. Commercial buildings will be required to provide a well-defined streetscape, have pedestrian-oriented facades, weather protection over building entries, pedestrian sidewalks required between parking lots and storefronts. Smaller building elements would be required near the entry of large buildings in order to maintain human scale. It also requires detail elements such as decorative use of windows and change in materials. The emphasis is to build on existing character and to have active ground floors on specific street segments.

Planning Manager Holland summarized that the Draft Plan and Design Guidelines were released in April for public review and comment. No public comments have been received, but staff is expecting some back soon. Comments from city staff will be incorporated. The Department of Commerce has this for 60-day review until June. The Plan and presentations can be accessed on the city website. A Planning Commission

hearing will be held on June 14th or June 28. The City Council will hold a workshop and meeting on this in July.

Chair Leifer asked if the zoning in the area is pretty much where it ought to be. Planning Manager Holland stated yes, but there is a concern that the mixed use seems to be getting more multi-family only instead of true mixed uses. However, this acts as a transition area from General Commercial near the freeway to the multi-family/mixed use. The densities are pretty high and complement what is already out there. Chair Leifer asked if the zone changes would be automatically incorporated or if they would have to go through the Comp Plan amendment process. Planning Manager Holland replied that a change in land use doesn't seem to be warranted at this time. What is being discussed is consistent with what was adopted in the 2015 update. If any changes to land use are desired those would best be done in the annual update.

Commission Hoen asked about Arlington's plans to expand 172nd between the Wal-Mart and the airport. Planning Manager Holland replied that the state has been collecting impact fees and has a plan for that. He wasn't sure of the details. Commissioner Hoen commented that it wasn't consistent with what is going to happen on the other side of the freeway. Planning Manager Holland noted that the City of Arlington had approached the City about utilizing what Marysville has put together for this area.

Community Development Director Koenig thanked Planning Manager Holland for his work on this. He also noted that Brandon Whitaker was appointed to the Planning Commission last night by the City Council. He reviewed his background and experience.

2.80.010 Declaration of policy.

High moral and ethical standards among public officials and public employees are essential to gain and maintain the confidence of the public because such confidence is essential to the conduct of free government. They are agents of the people and hold their positions for the benefit of the people. The proper operation of democratic government requires of public officials and employees that they be independent and impartial when establishing policy and that their positions never be used for personal gain. A code of ethical conduct is necessary for the guidance of public officials where conflicts do occur as well as to prevent conflicts of interest. (Ord. 770 § 1, 1972).

2.80.020 Use of public property.

No official or employee shall request or permit the use of city owned vehicles, equipment, materials or property for personal convenience or profit, except when such services are available to the public generally or are provided as city policy for the use of such official or employee in the conduct of official business. (Ord. 770 § 2(a), 1972).

2.80.030 Obligations to citizens.

No official or employee shall grant, nor shall any citizen attempt to obtain, any special consideration, treatment or advantage beyond that which is available to every other citizen. (Ord. 770 § 2(b), 1972).

2.80.040 Code of ethics.

The purpose of the code of ethics is to assist city officials and employees to establish guidelines to govern their own conduct. The code is also intended to help develop traditions of responsible public service. No official or employee shall engage in any act which is in conflict with the performance of his official duties. An official or employee shall be deemed to have conflict of interest if he:

- (1) Receives or has any financial interest in any sale to or by the city of any service or property when such financial interest was received with the prior knowledge that the city intended to purchase such property or obtain such service;
- (2) Accepts or seeks for others any service, information or thing of value on more favorable terms than those granted to the public generally, from any person, firm or corporation having dealings with the city, except such service, information or thing of value may be accepted in an amount not in excess of \$50.00 from a single source per calendar year so long as it could not be reasonably expected that such service, information or thing of value would influence the vote, action, or judgment of the officer or employee, or be considered a reward for action or inaction. The value of gifts given to an official's or employee's family member or guest shall be attributed to the official or employee for the purpose of determining whether the limit has been exceeded, unless an independent business, family or social relationship exists between the donor and the family member or guest;
- (3) Accepts any gift or favor from any person, firm or corporation having any dealings with the city if he knows or has reason to know that it was intended to obtain special consideration;
- (4) Influences the selection of or the conduct of business with a corporation, person or firm having business with the city if he personally or through household relatives has financial interest in or with the corporation, person or firm;
- (5) Is an employee, officer, partner, director or consultant of any corporation, firm or person having business with the city, unless he has disclosed such relationship as provided by this chapter;
- (6) Engages in or accepts private employment or renders services for private industry when such employment or service is incompatible with the proper discharge of his official duties or would impair his independence of judgment or action in the performance of his official duties;
- (7) Appears in behalf of a private interest before any regulatory governmental agency, or represents a private interest in any action or proceeding against the interest of the city in any litigation to which the city is a party, unless he has a personal interest and this personal interest has been disclosed to the regulatory governmental agency. A city

councilman may appear before regulatory governmental agencies on behalf of constituents in the course of his duties as a representative of the electorate or in the performance of public or civic obligations; however, no official or employee shall accept a retainer or compensation that is contingent upon a specific action by a city agency;

(8) Directly or indirectly possess a substantial or controlling interest in any business entity which conducts business or contracts with the city, or in the sale of real estate, materials, supplies or services to the city, without disclosing such interest as provided by this chapter. An interest is not a substantial interest if such interest does not exceed one-tenth of one percent of the outstanding securities of the business concern; or, if the interest is an unincorporated business concern, one percent of the net worth of such concern; or the financial interest of a corporation, person or firm does not exceed five percent of the net worth of the employee and his household relatives;

(9) As a city councilman has a financial or other private interest in any legislation or other matters coming before the council and fails to disclose such an interest on the records of the city council. This provision shall not apply if the city councilman disqualifies himself from voting by stating the nature and extent of such interest. Any other official or employee who has a financial or other private interest, and who participates in discussion with or gives an official opinion to the city council and fails to disclose on the records of the city council the nature and extent of such interest is in violation of this chapter;

(10) Violates any ordinance or resolution of the city, or the laws or ordinance of another city, or the laws of the state, or the laws of the United States, in a manner that affects, interrupts, or interferes with the performance of his or her official duties or where the violation was committed in the official's or employee's official capacity;

(11) Violates the confidentiality of his position;

(12) Makes any false statement or representation of any public record or document in a willful disregard of the truth of such statement or representation. (Ord. 2623 § 1, 2006; Ord. 808 § 1, 1973; Ord. 770 § 3, 1972).

2.80.045 Confidentiality.

The city imposes the duty of every city employee, city advisor, and city council member to maintain his confidence on any city business or information pertaining to the city of which he has knowledge regardless whether that knowledge is gained in his or her normal work; provided, however, this confidence shall not apply to matters of public record as defined by Initiative 276 and subsequent amendments thereto, nor to matters which are necessary to relate or converse about in the performance of the official duties of that city employee, advisor and/or council member. One does not maintain his confidence as used herein by speaking, writing or uttering in any manner to persons who are not at the time of such speaking, writing or uttering in the employ of, advisor to, or council member of the city. (Ord. 808 § 2, 1973).

2.80.050 Penalties.

Any person willfully violating this chapter is guilty of a misdemeanor and is subject to the civil penalties provided herein for the negligent violation of this chapter.

An employee of the city found guilty of a negligent violation of this chapter is subject to civil penalties up to and including termination from employment and/or loss of pay not to exceed one month's salary.

Any elected official found guilty of a negligent violation of this chapter is subject to a civil penalty of loss of pay not to exceed one month's salary. In addition to the sanctions for aiding, abetting, seeking or requesting a violation of this chapter, any person or organization which willfully attempts to secure preferential treatment in its dealings with the city by offering any valuable gifts, whether in the form of services, loan, thing or promise, or any other form to any city official or employee, shall have its current contracts with the city canceled and shall not be able to bid on any other city contracts for a period of two years. (Ord. 770 § 4, 1972).

2.80.060 Board of ethics – Organization.

~~(1) The city council may create~~ ~~There is created~~ a board of ethics by resolution. Such resolution may provide for a board to perform its duties in regard to a specific matter or may appoint a board for a set term during which it will discharge its duties. ~~Any board so created will be~~ composed of three members, one to be appointed by the mayor, one to be appointed by two-thirds vote of the city council, and the third, who shall be chairman, to be appointed by the other two members. The terms of the board members shall be three years as determined by the city council. ~~The first three members shall be appointed for one-, two- and three-year terms, respectively. The chairman shall have a three-year term. The terms of the other two are to be determined by lot. No member of the board of ethics shall simultaneously hold any city office, elected or appointed, nor shall he be an employee of the city.~~ Any member of the board of ethics may be removed for just cause by a two-thirds vote of the city council, after written charges have been served on such member and a public hearing has been held by the city council. (Ord. 929 § 2, 1977).

Upon request of a city official or employee, the board shall render advisory opinions, in writing, concerning questions of ethics, conflicts of interest and the applicability of this chapter. Written copies of such opinions shall be released only when the board deems it to be in the public interest. Upon release, copies shall be~~

(c) Upon its own motion, the board may investigate any suspected or alleged violation of this chapter and, if it deems it necessary, shall conduct a hearing and issue findings as provided below; provided, however, no such hearing shall be conducted unless the accused is first served with written copy of the allegations against him.

(d) The board shall keep such records as may be necessary for the proper administration of this chapter. (Ord. 929 § 3, 1977).

2.80.080 Board of ethics – Meetings.

The board shall meet as frequently as it deems necessary. A majority of the board shall constitute a quorum. Meetings shall be open or closed to the public at the discretion of the board and as allowed under the Washington State Open Meetings Act. (Ord. 929 § 4, 1977).

2.80.090 Board of ethics – Hearings and investigations.

In the course of an investigation, the board may determine that it is necessary to conduct a hearing. If the investigation involves accusations against an officer or employee, such hearings shall be closed to the public unless such officer or employee requests that it be a public hearing. The board may administer oaths in connection with any matter under inquiry ~~and any witness appearing before the board shall testify under oath~~. Any witness in a proceeding before the board shall have the right to be represented by counsel. ~~A person accused shall have the right to call witnesses and cross-examine witnesses at any hearing concerning the accusations against him or her. The board shall generally follow the procedures in chapter 34.05 RCW for adjudicative hearings, but ~~no~~ no~~ informality in any proceedings or hearings, or in the manner of taking testimony before the board, shall invalidate any decision or findings made, approved or confirmed by the board. At the conclusion of each investigation, the board shall render written findings of fact and recommendations. Copies of the same shall be delivered to the party who was the subject of the investigation, the mayor and the city council. (Ord. 929 § 5, 1977).

CITY OF MARYSVILLE
Marysville, Washington

RESOLUTION NO. _____

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MARYSVILLE,
WASHINGTON, RELATED TO PROCEDURES FOR THE CONDUCT OF
BUSINESS AT COUNCIL MEETINGS, AND REPEALING RESOLUTION NO. 2342.**

WHEREAS, RCW 35A.12.120 gives the City Council the power to establish rules of conduct for their meetings; and

WHEREAS, a comprehensive procedure for Council Meetings will provide the most expedient means of conducting Council Meetings; and

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARYSVILLE AS FOLLOWS.

The following shall be the rules of conduct for all regular and special meetings of the Marysville City Council.

- I) **General:** These rules constitute the official rules for the conduct of business by Marysville City Council. For all points of order which are not covered by these rules, the chair of the meeting shall decide unless the majority of the Council disagrees, in which case the Council shall be guided by *Robert's Rules of Order Newly Revised*.
- A) **Censure.** Councilmembers must deport themselves in a manner that protects the institutional integrity of the Marysville City Council, its proceedings, and its reputation and instills public confidence in the Council's decision making process.
- 1) Any City Councilmember may bring a motion for a censure hearing if he or she has evidence that forms a reasonable basis to believe that another Councilmember has acted in a manner that demonstrates contempt for the institution of the City Council or discredits the City Council. The motion must cite specific facts forming the basis for the belief and may be in writing. The Mayor shall not vote on a motion for a censure hearing.
 - 2) If such motion receives a second and is approved by a majority of Councilmembers present, a hearing will be held at the next regular Council meeting or at such other regular or special Council meeting as the Council decides. The accused member shall be afforded sufficient time to defend against the accusation.
 - 3) The hearing will be held in executive session unless the accused Councilmember requests that the hearing be public. The Council shall determine the rules to govern the hearing, but will provide the accused Councilmember the right to present and

rebut evidence. At the conclusion of the hearing the Council will reconvene in open session.

4) If the evidence presented at the hearing showed that the Councilmember acted in a manner that demonstrated contempt for the City Council or brought discredit on the City, any Councilmember may move that a resolution of censure be prepared. At least five Councilmembers must vote in favor of the motion to prepare a resolution of censure or the motion fails. Alternatively, if the evidence showed that the Councilmember did not act in a manner deserving of censure, any Councilmember may move to exonerate the accused Councilmember following the hearing. A motion to exonerate may be approved by a majority of Councilmembers present. The Mayor shall not vote on a motion to prepare a resolution of censure or a motion to exonerate.

5) If the Council votes to prepare a resolution of censure, such a resolution will be prepared reciting the facts that support the censure of the Councilmember. The accused Councilmember will be directed to appear at a future Council meeting at which meeting the resolution will be considered. At least five Councilmembers must vote in favor of a resolution of censure or the resolution fails. If the resolution is approved, it shall be read publicly, and the Councilmember shall not make any statement in support of, or in opposition thereto, or in mitigation thereof. The resolution of censure shall be read at the time it is scheduled whether or not the Councilmember appears as required.

II) **Organization:**

- A) **Swearing in of New Councilmembers.** Newly elected Councilmembers shall be sworn in as provided by state law.
- B) **Mayor Pro Tem.** The Council shall elect a Mayor Pro Tem for a term of two years. In the temporary absence of the Mayor, the Mayor Pro Tem shall perform the duties and responsibilities of the Mayor. In the event the Mayor Pro Tem is unable for any reason to serve the entire term, a new Mayor Pro Tem shall be elected at the next Regular Meeting. If both the Mayor and the Mayor Pro Tem are absent from a meeting, one of the Councilmembers will be appointed by motion to preside over the meeting. The Mayor Pro Tem may also be known and referred to as the "Council President".
- C) **Quorum.** At all Council Meetings, a majority of the Council (four members) shall constitute a quorum for the transaction of business, but a lesser number may recess or adjourn.
- D) **Attendance and Excused Absences.**
 - 1) **Councilmembers.** RCW 35A.12.060 provides that a Councilmember shall forfeit his or her office by failing to attend three consecutive Regular Meetings of the Council without being excused by the Council. Members of the Council may be so excused by complying with this section. The member shall contact the Mayor; or, if the Mayor is not available, the Chief Administrative Officer, or City Clerk, who shall convey the

message to the Mayor. Following roll call, the presiding officer shall inform the Council of the member's absence and state the reason for such absence and shall entertain a motion to excuse.

The Council may give consideration to approval of an extended absence for matters that are beyond the reasonable control of the Councilmember such as for a serious illness, by entertaining a motion to excuse.

- 2) City Clerk. The Clerk or other authorized person shall attend all Council Meetings to serve as clerk and to keep a record of the proceedings. If the Clerk and the Deputy Clerk are absent from any Council Meeting, then the Mayor shall ask the Chief Administrative Officer to appoint a member of the staff to act as Clerk for that meeting.

E) Decorum.

- 1) Right to Eject. While the Council is in session, both the members and the public must preserve order and decorum, and shall neither, by conversation or otherwise, delay or interrupt the meeting or the peace of the Council, nor disrupt any member while speaking or refuse to obey the orders of the Presiding Officer. Any person making personal, impertinent, or slanderous remarks, or who becomes boisterous while addressing the Council, shall be asked to leave by the Presiding Officer and shall be escorted from the Council Chambers.
- 2) Hearings. Whenever the Council is conducting a public hearing on a quasi-judicial matter, such hearings must not only be fair, but must be free from even the appearance of unfairness. Therefore, in their consideration of such matters Council members shall:
 - (a) Avoid any ex parte contact with the individual or property owner whose rights are under consideration;
 - (b) Avoid any public or private statements in advance of a scheduled hearing that would suggest that the Councilmember has decided the issue before the hearing.
- 3) Ex parte Communication. Consistent with RCW 42 .36.060, if any Councilmember has had ex parte communications with opponents or proponents with respect to a quasi-judicial matter, that Council member must disassociate him/herself from the proceedings, unless:
 - (a) That Council member places on the record the substance of any written or oral ex parte communications concerning of the action; and
 - (b) The Presiding Officer makes a public announcement providing for an opportunity for any party to rebut the substance of the ex parte communication.
- 4) Conflict of Interest. Councilmembers that disassociate themselves from participating in a public hearing due to the application of the Appearance of Fairness Doctrine or a conflict of interest, shall leave the Council Chambers.

F) Voting.

- 1) Method. Unless otherwise provided for by statute, ordinance, or resolution, all votes shall be taken by voice; except that at the request of any Councilmember or the Mayor, a roll call vote shall be taken by the Mayor.
- 2) Tie Vote. In case of a tie vote on any proposal, the proposal shall be considered lost. This shall not prevent the Mayor from breaking a tie vote as provided by law.
- 3) General. Each Councilmember shall vote on all questions put to the Council, unless a conflict of interest or an appearance of fairness question under state law is present. Unless a member of the Council states that he or she is abstaining, his or her silence shall be recorded as an affirmative vote.
- 4) Reconsideration. Any Council member who was absent from a meeting or any Councilmember who voted on the prevailing side of a motion may move for reconsideration of a matter when all Councilmembers are present.

G) Adjournment. Regular Council meetings (including any executive sessions) shall adjourn at or before 11:00 p.m.; except the time may be extended to a later time certain upon approval of a motion by a Councilmember.

III) **Officers:**

A) Presiding Officers. The Mayor, or in his or her absence the Mayor Pro Tem, shall be the Presiding Officer of the Council. In the absence of both the Mayor and the Mayor Pro Tem, the Council shall appoint one of the members of the Council to act as a temporary Presiding Officer.

B) Presiding Officer's Duties. It shall be the duty of the Presiding Officer to:

- 1) Call the meeting to order.
- 2) Keep the meeting to its order of business.
- 3) Control discussion in an orderly manner by:
 - (a) Giving every Councilmember who wishes an opportunity to speak when recognized by the Chair;
 - (b) Permitting citizen comments at the appropriate times; and
 - (c) Requiring all speakers to speak to the question and to observe the rules of order.
- 4) Decide all questions of order, subject to the provisions of Section I above.

IV) **Committee Appointments:** With the Mayor Pro Tem acting as the lead, the Council shall make appointments of Councilmembers to all standing committees.

V) **Council Meetings:**

- A) **Open to Public.** All Council Meetings shall comply with the requirements of the Open Meetings Act (RCW 42.30). All Meetings of the Council shall be open to the public. The City shall comply with the provisions of law regarding notice of public meetings.
- B) **Type of Meetings.**
- 1) **Regular Meetings.** The Council shall hold their Regular Meetings on the first, second, third and fourth Mondays of the month between 7:00 p.m. and 11:00 p.m. Should any Monday fall on a legal holiday, all regular meetings shall be held at the same hour and place on the next working day. Effective January 4, 2012 the third workshop meeting of each month has been suspended until further action by the City Council.
 - 2) **Workshops.** The Council shall hold workshop meetings on the first and third Monday of each month commencing at 7:00 p.m. Workshop meetings shall adjourn not later than 9:30 p.m. unless extended by motion of a City Councilmember. Except with the vote of a majority of Council, no public comment shall be received at such workshops. If there is no business for which a workshop is needed, the workshop meeting may be canceled. The Council may also hold workshops which shall be scheduled as a special meeting on such dates that work best with the schedules of the Mayor and a majority of the Council. These meetings will be in formal meetings for the purpose of more prolonged discussion of issues and topics selected by the Council, Mayor or Chief Administrative Officer. Workshops may be held jointly with advisory Boards and Commissions to the Council or with other public entities.
 - 3) **Special Meetings.** Special Meetings may be called by the Mayor by communication via an e-mail with response required to each member of the Council at least twenty-four hours before the time specified for the proposed meeting. If no response is received, the City will make reasonable attempts to contact the Councilmember by a phone call to the Councilmember's residence. Proper notice shall also be given to the news media. Special Meetings shall also be called by the Mayor upon the written request of any four members of the Council. The notice of such Special Meetings shall state the subjects to be considered, and no final action shall be taken on any subject other than those specified in the notice. Where reasonable attempts have been made to give all Councilmembers notice of a special meeting, as provided above, such meeting may be held so long as a quorum is present for such meeting.
- C) **Executive Sessions.**
- 1) **General.** The Council may hold Executive Sessions from which the public may be excluded, for the purposes set forth in RCW 42.30.110. Before convening an Executive Session, the Presiding Officer or designee shall announce the general purpose of the session, the anticipated time when the session will be concluded and whether action will be taken on any item. Should the session require more time, a public announcement shall be made that the session is being extended.

- 2) Confidentiality. Councilmembers shall keep confidential all written materials and verbal information provided to them during Executive Sessions. Confidentiality also includes information provided to Councilmembers outside of Executive Sessions when the information is considered to be exempt from disclosure by State law or when it is subject to the attorney-client privilege.
 - 3) Ex parte Contact. If the Council, after Executive Session, has provided direction to City staff on proposed terms and conditions for City business, all contacts with any other party should be done by the designated City staff representative handling the issue. Councilmembers should obtain the permission of the Mayor prior to discussing the information with anyone other than other Councilmembers, the City Attorney or City staff designated by the Mayor. Any Councilmember having any such contact or discussion needs to make full disclosure to the Mayor and/or Council in a timely manner.
- D) Meeting Place. Regular Council Meetings will be held at the City Hall at 1049 State Avenue. Workshops and Special Meetings will usually be held at the same location, but may be held at other appropriate locations, with proper notice.
- E) Council Agenda.
- 1) Order of Business. No Legislative item shall be voted upon which is not on the agenda as approved by the Council at the meeting. The order of business for each Regular Meeting shall be ordinarily as follows unless modified by motion of Council:
 - (a) Call to Order
 - (b) Invocation/Pledge of Allegiance
 - (c) Roll Call
 - (d) Committee Report
 - (e) Presentations
 - (f) Audience Participation
 - (g) Approval of Minutes
 - (h) Consent Agenda
 - (i) Review Bids
 - (j) Public Hearings
 - (k) New Business
 - (l) Legal
 - (m) Mayor's Business
 - (n) Staff Business
 - (o) Call on Councilmembers
 - (p) Adjournment
 - (q) Executive Session
 - (r) Reconvene
 - (s) Adjournment

- 2) Placement of Matters on Agenda by Councilmembers. A Councilmember may propose to place a topic on an upcoming City Council Agenda in the form of a motion. A Councilmember may also fill out a Request Form if he or she wishes to have the subject placed on the Agenda for the making of a motion. The filling out of a Request Form will be used only to let the other Councilmembers know that a motion will be made to place the matter on an upcoming Agenda. If the motion receives a second, then a vote is taken. If the motion passes the Councilmember may then provide to the City Clerk (or designee) whatever information is pertinent to the subject. Such information will be included in the materials for the upcoming meeting. City staff may also provide information that would be useful to the Council in their deliberations. At times it may be necessary where an issue is complex to inform the Council that more time may be needed to prepare staff materials or that there may be some unanticipated costs in producing relevant information to the Council.
- 3) Consent Agenda. Matters shall be placed on the Consent Agenda which: (a) have been previously discussed by the Council, or (b) based on the information delivered to members of the Council by the administration, can be reviewed by a Councilmember without further explanation, or (c) are so routine or technical in nature that passage is likely. The motion to adopt Consent Items shall be non-debatable and have the effect of moving to adopt all items. Prior to entertaining a motion to adopt the Consent Agenda the Mayor shall inquire whether there are any members of the audience who want to comment on any matter which is on the Consent Agenda. Any member of the Council shall have the right to remove any item. Therefore, under the item "Approve the Agenda Contents and Order," the Mayor shall inquire if any Councilmembers wish an item to be withdrawn from the Consent Agenda. If any matter is withdrawn, the Mayor shall place the item following the consent agenda for deliberation and possible action.

VI) **Public Testimony and Comments:**

A) Oral and Written Comments.

- 1) General. The Council shall not take public comments at the Regular Meeting except for testimony given at a Public Hearing; provided that any person may speak under "Citizen Comments on items not on the Agenda" and on items on the agenda for which no public comment is planned for no more than three minutes. The three-minute limit may be extended by consensus of the Mayor and majority of the Council. If there is an item on the agenda on which a citizen wishes to comment, the citizen should ask during the "Citizen Comments on items not on the Agenda" period if the Council will allow comment on a particular item. The Mayor will decide, with the concurrence of Council, whether comment will be allowed, and if so, it will be taken after the Staff presentation, but before Council action on that item.
- 2) Identification of Speakers. Persons testifying or providing comments shall identify themselves for the record as to name, address, and organization.

- 3) Time Limitations. Individuals will be allowed three (3) uninterrupted minutes to speak. Providing that all individuals are allowed to speak at the hearing, if time permits another three (3) minutes may be allowed for added comment. At the discretion of the Mayor, with the concurrence of Council, additional time for receipt of oral and written testimony may be allowed. The Clerk or Mayor shall be the timekeeper.

In cases where a representative is speaking on behalf of a group of persons who are present at the meeting, at the discretion of the Mayor, giving consideration to the issue at hand and the time available and with the concurrence of Council, part or all of the three minutes that each person in the group would have had to speak may be allocated to the representative of the group.

At a quasi-judicial hearing, the burden of proof generally lies with the applicant or appellant of the action before the Council. During the public testimony portion of the hearing, the applicant and the applicant's advisors will have the opportunity for rebuttal to opposing testimony.

- 4) Quasi-Judicial Items. A quasi-judicial action is an action of the Council which determines the legal rights, duties, or privileges of specific individuals or properties, such as rezones or plat approvals.

The order of business for a quasi-judicial hearing shall generally be as follows:

- (a) Appearance of Fairness Query
- (b) Swearing in
- (c) Staff presentation
- (d) Board or Commission recommendation
- (e) Applicant 's statement
- (f) Council's questions of Staff, Commission, and Applicant
- (g) Citizen 's testimony
- (h) Rebuttal by Applicant
- (i) Public testimony closed
- (j) Council deliberation
- (k) Council action

- 5) Written Comments. Written materials may be submitted to the Council at the Regular Meeting at which an issue is to be considered, however the Council may not be able to consider such written comments at that time. Written materials may also be filed with the City Clerk for Council consideration up to and including at the Regular Meeting.

- VII) **Periodic Review**: It is the intent of the City Council that council procedures be periodically reviewed as needed, but no less than every two years. Therefore, Council procedures shall be reviewed in the month of January of every even numbered year, and may be amended at any other time that the Council shall choose.

- VIII) **Effect/Waiver of Rules:** These rules of procedure are adopted for the sole benefit of the members of the Council and the Mayor to assist in the orderly conduct of Council business. These rules of procedure do not grant any right or privileges to specific members of the public. Failure of the City Council to adhere to these rules shall not result in any liability to the City, its officers, agents, and employees, nor shall failure to adhere to these rules result in invalidation of any Council act. The City Council may, by a majority vote, determine to temporarily waive or suspend any of the provisions herein.
- IX) **Repealer:** All prior practices, policies, rules or resolutions of the Council which are inconsistent with this resolution are hereby REPEALED. Resolution No. 2342 is hereby REPEALED for the reason that it is replaced by this resolution.
