9. Consider a Resolution approving the Joint Resolution with Snohomish County Fire Protection District No. 12 to form a Regional Fire Protecting Authority.

CAO Hirashima reviewed the Resolution which would approve the Work Plan for creation of a Regional Fire Authority and authorize sending it to the voters for the April ballot. The Planning Committee has worked on this effort for over the year. This Work Plan has included setting a levy rate as well as the operational plan. The proposal that they recommended was \$1.45 which would go into effect in 2020. She highlighted one change that the appointment of the pro and con committee would be done through the Fire Board.

10. Consider an Ordinance Amending MMC 3.63.030(3)(b) Low Income Disabled Citizen Discount.

Finance Director Langdon reviewed this item and summarized the City's use of those funds in the time that they were provided. 2019 is the last full year that the City will be

collecting the annexation sales tax. CAO Hirashima discussed the impact that this would have on the city's operations and services.

13. Legislative Priorities

This was briefly reviewed. Council had no comments or questions.

Staff Business

12. Discussion of City Levy Rate in regards to Proposed Regional Fire Authority Formation.

Finance Director Langdon reviewed the City of Marysville 2019 Regular Levy Post RFA Adjustment which showed how the RFA would affect the City's levy rate. She also reviewed Available City Manual Levy Reduction. She summarized that to equalize the City's property tax collections as a result of an RFA formation a levy rate of \$0.75 must be maintained. CAO Hirashima explained that the reason for this discussion was to be transparent with the taxpayers on what the rate would be.

Comments and Questions:

Council President Norton encouraged the Council to try to limit the impact to taxpayers as much as possible, but acknowledged that the City has needs such as public safety that need to be addressed.

Councilmember Toyer asked if \$.30 would be the level which would cover lost annexation dollars. CAO Hirashima indicated that was correct.

Councilmember Vaughan commented that during the RFA process the group had discussed the importance of trying to keep this revenue neutral for the citizens if at all possible; he was disappointed that it didn't work out that way.

Council President Norton solicited Council feedback on the range of numbers they were considering.

- Councilmember Muller recommended they take the RFA out of the question. Even though there is a cost to the citizens for the RFA, it is now its own entity. He suggested mitigating the cost of doing business to the lowest level possible while still maintaining a high level of service. He commented he wants the money to be used for projects to leverage grants and not go into the General Fund. He indicated he was comfortable with the \$.20 range which would generate approximately \$1.6 million.

- Councilmember Toyer agreed that the money should be allocated appropriately to be used as it currently is.
- Councilmember James asked which programs they would cut out if they did less than the \$.30. He spoke in favor of generating enough to replace the lost annexation sales tax revenue.
- Council President Norton spoke in support of \$.30 to try to maintain funding levels where they are at currently. This would provide funding for necessary projects and public safety.

CAO Hirashima commented that the voters would be the ones to ultimately decide this. Mayor Nehring spoke to the importance of balancing the needs of the city with what the citizens are being asked to pay for. He agreed that \$.30 might be that sweet spot in order to fund needed projects and essential public safety.

Council President Norton referred to the explanatory statement and suggested making it clear that the amount per month would be an increase.

There was discussion about the high cost of the election (\$242,000) and the Council's desire that the cost be borne by the Fire District Reserves rather than the City's General Fund. Mayor Nehring indicated it could be put on the agenda for the Fire District Board meeting with a formal request from the Council. CAO Hirashima clarified that the Fire District Reserves were established with help from the City.

Other Mayor's Business:

12. Discussion of City Levy Rate in regards to Proposed Regional Fire Authority Formation.

Director Langdon reviewed this item.

Councilmember Norton commented that the Council has always been very mindful of taxpayers and reluctant to raise taxes unless necessary. She spoke in support of reducing the levy rate to a certain level and not retaining the entire amount. She proposed reducing the amount to \$1.15 which is \$.40 above the \$.75. This would balance sensitivity to the taxpayers while being responsible to provide the services that the citizens need and expect. It would be enough to cover lost sales tax revenue from the annexation credit which will expire next year and provide some additional funds to address public safety needs, public safety building, and obtain grants to get other projects done.

Councilmember King asked if the City received money from the County for the 88th Street improvements. Director Nielsen replied that they did. Some of the funds were used to construct 51st from 84th to 88th. There still are traffic impact fees in the amount of \$2.6 million available, but the total project cost is extremely large.

Councilmember Muller thanked Finance Director Langdon for the information. He asked how they could make the public aware that they could be charging a lot more, but they are actually reducing the current effective rate. CAO Hirashima explained that the City and the Fire District would have an active communication plan where this would be communicated.

Councilmember Stevens spoke highly of how effectively the staff uses the money they have to leverage grant money and get more products done. For this reason he spoke in support of the \$.40.

Councilmember James also spoke in support of the \$.40.

Motion made by Councilmember Muller, seconded by Councilmember Norton, to direct staff to reduce the levy rate of \$1.15. **Motion** passed unanimously.

Chief Smith echoed praise for the public works crews, police officers, firefighters, and paramedics. He also thanked the citizens for driving safely.

Director Langdon also expressed appreciation to staff for their hard work.
