Call to Order

Mayor Nehring called the meeting to order at 7:00 p.m.

Invocation

Chaplain Dan Hazen gave the invocation.

Pledge of Allegiance

Mayor Nehring led the Pledge of Allegiance.

Roll Call

Present:

Mayor: Jon Nehring

Council: Councilmember Peter Condyles, Councilmember Mark James,
Councilmember Tom King, Councilmember Kelly Richards, Councilmember
Steve Muller, Council President Kamille Norton

Absent: Councilmember Michael Stevens

Motion to excuse the absence of Councilmember Stevens moved by Council President Norton seconded by Councilmember Richards.

AYES: ALL

Staff: Information Systems Analyst Mike Davis, IT Director Stephen Doherty, IT Services Supervisor Jeremiah Nyman, Finance Director Crystil Wooldridge, Community Development Director Haylie Miller, Parks & Recreation Director Tara Mizell, Chief Erik Scairpon, Public Works Director Jeff Laycock, Marysville Police Department Chaplain Dan Hazen, Police Dept. Chaplain Dan Hazen, City Attorney Jon Walker, Chief Administrative Officer (CAO) Gloria Hirashima, Public Works Services Manager Skip Knutsen, Senior Planner Amy Hess

Approval of the Agenda

Motion to approve the agenda moved by Councilmember Muller seconded by Councilmember James.

AYES: ALL

Presentations

- A. Proclamation: Declaring October 2022 as Domestic Violence Awareness Month in Marysville

Mayor Nehring read the proclamation declaring October 2022 as Domestic Violence Awareness month.

- B. Project Update: Whiskey Ridge

Director Miller made a presentation regarding the Whiskey Ridge area development. She reviewed maps and photos of various projects and discussed related regulations including design standards.

Councilmember Muller said he knows of at least one developer that built an entire plat as rentals. He asked if the City knows ahead of time if someone intends to use the homes as rentals. Director Miller replied the City doesn't track or treat them differently. Councilmember Muller said he was just interested in knowing the rough percentage of rentals versus owned units. Director Miller indicated she could check with the planners to see if that information was available.

Councilmember King asked if they require the decorative street lighting. Director Laycock replied it is only required in certain areas.

Council President Norton asked if there have been any issues with parking or fire access with the auto courts. Director Miller did not think it was an issue. Director Laycock said he hadn't seen many parking complaints. There is plenty of street parking around the corner. They work closely with fire and garbage to make sure there is adequate access.

Councilmember James noted there is plenty of parking for visitors on the wider streets. He relayed a comment from a neighbor that the project next door was going to be all rental homes. He asked if the City was aware of that. Director Miller wasn't aware of any limitations related to this. She offered to look into it and follow up.

Audience Participation

Ed Engel, spoke on behalf of Snohomish County Transportation Coalition, which is a mobility management coalition that advocates for connecting people and communities

in Snohomish County and beyond with safe, equitable, and accessible transportation. They prioritize considering the mobility needs of people of color, with disabilities, elderly people, low income people, youth, tribes, refugees, and those that speak English as a second language. The unifying factor of these groups is the low access to mobility options and being disproportionately impacted by traffic violence. He spoke in support of Vision Zero and the Safe System approach. He applauded Marysville's efforts to address traffic safety by entering into a partnership with the Washington State Traffic Safety Commission.

Approval of Minutes (Written Comment Only Accepted from Audience.)

1. Approval of the September 6, 2022 Council Work Session Minutes

Councilmember Richards clarified that he was not at the September 6 Executive Session.

Motion to approve the September 6, 2022 Council Work Session Minutes moved by Councilmember King, seconded by Councilmember James.

AYES: ALL

2. Approval of the September 12, 2022 City Council Meeting Minutes

Motion to approve the September 12, 2022 City Council Meeting Minutes moved by Council President Norton, seconded by Councilmember King.

VOTE: Motion carried 4-0

AYES: Councilmember Condyles, Councilmember James, Councilmember King, Council President Norton

ABSTAIN: Councilmember Muller, Councilmember Richards

Consent

3. Approval of the September 7, 2022 Claims in the Amount of \$467,438.02 Paid by EFT Transactions and Check Numbers 15778 through 157907
4. Approval of the September 9, 2022 Payroll in the Amount of \$1,597,396.25 Paid by EFT Transactions and Check Numbers 34131 through 34150
5. Approval of the September 14, 2022 Claims in the Amount of \$1,129,068.01 Paid by EFT Transactions and Check Numbers 157908 through 158009 with Check Number 157841 Voided
6. Approval of the September 21, 2022 Claims in the Amount of \$2,444,822.17 Paid by EFT Transactions and Check Numbers 158010 through 158160 with Check Number 155037 Voided

Motion to approve the Consent Agenda moved by Council President Norton, seconded by Councilmember Muller.

AYES: ALL

Review Bids

Public Hearings

7. Community Development Block Grant Program Year 2021 Consolidated Annual Performance and Evaluation Report (CAPER)

Senior Planner Hess reviewed the CDBG Consolidated Annual Performance and Evaluation Report.

Councilmember King commented that the overlay project for the food bank access road was completed last week.

The public hearing was opened at 7:36 p.m. There were no comments. Seeing no comments, the public hearing was closed at 7:37 p.m.

Motion to approve the Community Development Block Grant Program Year 2021 Consolidated Annual Performance and Evaluation Report (CAPER) and direct staff to provide a summary of, and response to any comments received during the public hearing into the Report, and forward to the U.S. Department of Housing and Urban Development moved by Councilmember Richards seconded by Councilmember King.

AYES: ALL

New Business

8. Consider Approving the Memorandum of Understanding for Waste Data Pilot Project with Rubicon Global, LLC

Director Laycock reviewed the MOU with Rubicon Global who provides a software product that the City wants to pilot for three months at no cost for route management, customer service, and other automation and efficiencies. There will be a cost of \$3,100/month if the City desires to extend the service.

Councilmember Muller asked if there is a franchise fee after the pilot program. Director Laycock confirmed that there is a fee of about \$30,000 a year if they choose to continue. Councilmember Muller referred to push back from unions related to some tracking. Director Laycock replied that the union representatives support moving forward with this pilot. The City plans to negotiate with union representatives next year how technology is used.

Councilmember Richards asked about the cost recovery for this. Director Laycock replied they hope to know more by the end of the pilot project. The intention is to see how it might save money.

Councilmember Richards asked if it is just for garbage and sweeper trucks. Director Laycock said they are looking at using it on sweeper routes, and potentially in other ways like with snow and ice. Public Works Services Manager Skip Knutsen explained what could be included in a future budget request for the software package. He stated it would be about \$27,000 for the garbage trucks and then an additional cost of about \$100 per month per vehicle. One of the aims is to procure the licensing; the units are mobile so they can be moved around and reassigned in the system. Director Laycock added that at the conclusion of the study they want to make sure it is a product that they recommend and that is beneficial.

Motion to authorize the Mayor to approve the Memorandum of Understanding for Waste Data Pilot Project with Rubicon Global, LLC moved by Councilmember Muller seconded by Council President Norton.

AYES: ALL

9. Consider Approving the Project Acceptance for 2022 Citywide Roadway Re-Striping with Specialized Pavement Markings, LLC

Director Laycock reported that they got all the striping done this summer. This will close out the project with Specialized Pavement Markings. The price ultimately came in just under the total contract amount.

Councilmember Muller stated that the work was done very well.

Councilmember King asked if the City will consider purchasing its own striping machine in the future. Director Laycock replied that there will be a potential budget request for that.

Motion to authorize the Mayor to accept the Project Acceptance for 2022 Citywide Roadway Re-Striping with Specialized Pavement Markings, LLC moved by Council President Norton seconded by Councilmember Richards.

AYES: ALL

10. Consider Approving a Resolution Supporting the Tulalip Tribes' Application for Grant Funding through the Reconnecting Communities Pilot Program for Interchanges on Interstate 5

Director Laycock reviewed this resolution which would support the Tulalip Tribes grant application through a new federal program. The City has been working with the Tribes to help look for funds to bridge the funding gap of about \$15 million. The Tribes have requested a letter of support from the City which is included in the packet.

Council President Norton asked for an overview of the improvements that are being looked at. Director Laycock replied they decided on the full project which includes three roundabouts at 4th and four roundabouts at 88th.

Motion to authorize the Mayor to sign and execute Resolution 2522, supporting the Tulalip Tribes' Application for Grant Funding through the Reconnecting Communities Pilot Program for Interchanges on Interstate 5 moved by Councilmember James seconded by Councilmember Muller.

AYES: ALL

11. Consider Approving the Interagency Agreement with Washington Traffic Safety Commission Regarding Participation In and Grant Funding Associated With the Target Zero Task Force

Chief Scairpon reviewed this agreement between the City and the Washington Traffic Safety Commission in support of Target Zero. This agreement allows the City to receive extra money for special enforcements. He pointed out that there is a non-discriminatory clause within the agreement which prohibits any grant recipients or sub-recipients from any discriminatory practices in the commission of carrying out their duties. It also allows the City to receive reimbursement for certain traffic safety devices.

Councilmember Richards asked how this relates to other state regulations. Chief Scairpon reviewed this.

Motion to authorize the Mayor to sign and execute the Interagency Agreement with Washington Traffic Safety Commission Regarding Participation In and Grant Funding Associated with the Target Zero Task Force moved by Councilmember Richards seconded by Councilmember Condyles.

AYES: ALL

12. Consider Approving an Ordinance Amending the 2021-2022 Biennial Budget and Providing for the Establishment of Pay Classifications and Grades or Ranges for in Ordinance No. 3160

Finance Director Wooldridge reviewed this request from Judge Towers regarding an amendment to pay classifications and grades or ranges.

Motion to approve Ordinance 3234, amending the 2021-2022 Biennial Budget and providing for the Establishment of Pay Classifications and Grades or Ranges for in Ordinance No. 3160 moved by Councilmember King seconded by Councilmember Richards.

AYES: ALL

None

Call on Councilmembers and Committee Reports

Councilmember Condyles reported that he rode along with Sgt. Tolbert last Saturday which was interesting but ended up being a really quiet night.

Councilmember James asked if street sweepers are scheduled to go through the new Whiskey Ridge neighborhoods. He received a comment from a resident who hasn't seen one in a couple years. Director Laycock replied that they should be.

Councilmember King:

- He was pleased that the access road to the food bank was overlaid with CDBG funds.
- He attended the presentation featuring Chief Fortney about challenges that law enforcement officials are facing.
- The Strawberry Festival float went to Leavenworth last weekend for the last parade of the year. They just ordered a new float after 25 years.

Councilmember Richards:

- He reported on the September 7 Parks, Culture, and Recreation meeting where they discussed a Strawberry Fields update, upcoming playground replacements, Mother Nature's Window wetland issues, Ebey Waterfront Park updates, and the new pump track public meeting on October 12.
- He commended SRO Wiseman who came out to Pinewood to hang out with the kids.
- He commended the road crews and noted that Shoultes looks great. 152nd is also nice.

Councilmember Muller said he recently returned from the east coast and got some great pictures of waterfront redevelopment in Philadelphia, Lancaster, and Pittsburgh as ideas of what is possible.

Council President Norton reported on the September 22 Public Safety meeting where they reviewed crime statistic numbers, staffing numbers, and new hires.

Adjournment

Motion to adjourn at 8:06 p.m. moved by Councilmember Muller seconded by Councilmember Condyles.

AYES: ALL

The meeting was adjourned at 8:06 p.m.

Presentations

A. Snohomish Health District - Update on Public Health in Snohomish County

Tony Colinas, Asst. Director of Environmental Health, Snohomish Health District, gave an update regarding the Snohomish Health District. He reviewed environmental health statistics (restaurant permits, food inspections, pool inspections, school inspections, septic complaints, and solid waste complaints), vital records customer service statistics for birth and death certificates, and prevention services provided for communicable diseases, maternal/child health, and healthy communities. There is a new health officer, Dr. James Lewis. The Health District will be integrating with Snohomish County and become a department within the county which should result in some efficiencies and be a benefit to citizens. The Health District's website has received 1.2 million web views this year. There will be a new Board of Health once the merger happens in 2023. They are always open to partnering in community outreach events.

Councilmember King asked if they intend to stay in the building they are currently in. Mr. Colinas replied that they do.

Councilmember Richards asked about the purpose of most website visits. Mr. Colinas thought people discovered the website during COVID and just continued to visit.

Councilmember Muller asked about the 2 to 1 ratio of deaths to births. Mr. Colinas thought it has been constant since 2015. He was unsure about the reason.

New Business

1. Consider the Community Business Zone – Interim Regulations Extension

Director Miller discussed this item related to interim regulations for the Community Business zone. The focus of previous discussions has been specifically on the area south of Twin Lakes where staff was receiving inquiries from developers interested in doing multifamily development. The interim ordinance was adopted in May while staff looked into options for the code.

Staff has come to the conclusion that the area south of Twin Lakes would benefit from a form-based code or master plan where the zoning would be more specific regarding what the buildings look like and where they are located. Right now the code requires 100% commercial on the bottom floor with residential on top. Staff spoke with several retail experts in the area and came to the conclusion that all the major retailers are already there. This area would likely benefit from a specialty retailer or neighborhood retail uses with some residential. Staff is considering that this area could have a more strategic use for commercial. The 88th Street Master Plan adopted a few years ago shows commercial on the ground level but allows it to be placed on busy streets or on the corners.

Staff is proposing holding a public hearing on October 24 to extend the interim regulations for another six months while they work through the process with the Planning Commission and implement Council's direction thus far. This may include a

lower amount of units with some flexibility about where the units are placed and where the commercial is placed.

Councilmember Muller asked if they talked about the future freeway access point and future freeway service needs with the retail experts. Director Miller replied that they did mention that the interchange would open up that area to more commercial uses. They talked to five or six different groups that develop all over the region who thought it would be a good place for commercial, but wouldn't develop into the same sort of commercial that is seen north of there. Smaller neighborhood uses, service retail, and local retail would definitely be an option.

2. Consider the Washington State Department of Commerce Local Government Division Growth Management Services – Early Implementation Climate Planning Grant in the Amount of \$80,000.00

Director Miller explained this is a competitive grant the City was awarded for implementation of a Climate Action Plan in the Comprehensive Plan. It is not a required element in this plan, but staff believes it will be in the future. Staff has consulted with an expert in this to explore vulnerability and risk impacts in Marysville especially focusing on vulnerable populations.

Councilmember James asked if the consultant would just be an advisory position. Director Miller affirmed that the study would just give recommendations to the City.

3. Consider the Supplemental Agreement No. 8 with HDR, Inc. on the State Avenue (100th Street NE to 116th Street NE) Corridor Improvement Project in the Amount of \$353,339.73 for a Total Allocation of \$3,573,560.33

Director Laycock reviewed this supplemental agreement for the State Avenue widening project. They are planning to go out to bid later this year.

4. Consider the Purchase Order Authorization with King County Directors Association for the Comeford Playground Replacement in the Amount of \$296,540.00

Director Laycock reviewed this item regarding the Comeford playground replacement. Staff has selected Northwest Playground Equipment for the equipment and is requesting authorization of the purchase.

Council President Norton asked if this is the first location to have the artificial grass. Director Mizell replied that Cedar Fields has this, and it works very well. However, in the future they will make sure there is a clear delineation between gravel areas and the artificial grass. She stated that it is more cost effective in the long run.

Councilmember King asked about a life expectancy for the artificial grass. Director Mizell replied that the surfacing can vary depending on conditioning but they are hearing from neighbors that 10-15 years is the norm.

5. Consider the Purchase Order Authorization with King County Directors Association for the Harborview Playground Replacement in the Amount of \$172,287.54

This is similar to the above item but for Harborview playground replacement.

Councilmember Richards asked if this one would have wood chips. Director Laycock confirmed that it would.

6. Consider the Allocation Agreement for Opioid Settlement

City Attorney Walker reviewed this item. He recommended that the Council authorize the Mayor to sign and execute this agreement so the City can get the money. He recommended checking the box on page 9 regarding the MOU.

7. Consider the Evidence Building Professional Services Agreement with Botesch, Nash & Hall in the Amount of \$325,485.00

CAO Hirashima reviewed this item related to a new outdoor evidence facility for the Police Department. This item is a Professional Services Agreement with Botesch, Nash & Hall to finish the outdoor evidence facility at the site of the former Quilceda Auto yard facility in the amount of \$328,485.

Councilmember James noted that this is on the creek. He asked if anyone has looked at the lahar route in the event that there is volcanic activity from Glacier Peak. CAO Hirashima was not sure. (Councilmember James later reported that he had looked it up, and the flow would not be near this site).

Councilmember Condyles asked if the size would be adequate since it is smaller than they hoped. CAO Hirashima commented that it would be full, but the configuration is better than the existing location. There is another smaller building that could potentially be upgraded if needed in the future or they could build a second bigger building. The site would accommodate this. There could also be an option to build something like a carport.

Councilmember Richards asked about security risks in the area. CAO Hirashima explained they expect to spend additional money on security systems to surveil the property.

8. Consider a Resolution to re-schedule a Public Hearing for November 28, 2022 for Consideration of Vacating Unutilized Portion of Right of Way that was dedicated by the Plat Recorded under AFN 1111391

Director Miller reviewed this item regarding a hearing to consider the vacation of a portion of right-of-way per the plat of Kanikeberg Homesites for November 28. This resolution would set a new date for the hearing.

Mayor's Business

Mayor Nehring said he attended the Premier Martial Arts ribbon cutting which was a great event. The Snohomish County Cites meeting was really good last week.

Staff Business

Director Mizell:

- She gave an update on changes at Ebey Waterfront Park. Last week streets maintenance was able to restripe the parking area which will be used for trail parking. Hydroseeding is done, so it is starting to look greener down there. The two-hour parking signs are on order for the area. Staff is working with Park Mobile to get signage ready and launch the new parking program in the new year. Staff hopes to get the bollards and chains for the grasscrete area installed in November. They are still waiting for the RFP to go out for the dock replacement.
- The rest stop area at Smokey Point was closed for a few days this week so the City is seeing an uptick in activity because of this.
- She thanked the Parks team for getting purple lights for Domestic Violence Awareness up on the bridge. Staff is looking forward to the walk on Thursday at 11:00.

City Attorney Walker stated the need for an executive session for one item regarding purchase of real estate for 10 minutes with no action expected.

CAO Hirashima reported that staff is working on another national community survey. The last one was done in 2016. The goal is to issue it in early November with reports back to the City in January. This is a standardized national community survey issued throughout the country which allows the City to benchmark against last results and also other cities around the country.

Councilmember Richards asked about potentially timing the survey so it's not being conducted around election time. CAO Hirashima indicated they could delay the survey if it is the Council's desire. Council President Norton wondered if there are better responses at different times of the year. CAO Hirashima said they didn't indicate it would be an issue. Council President Norton commented that she wasn't concerned about the timing.

Call on Councilmembers and Committee Reports

Councilmember Condyles said he went on a Public Works facility tour with other councilmembers today which was very interesting.

Councilmember James reported that he also went to the Premier Martial Arts ribbon cutting on Thursday the 29th. It was great to see them opening up. He also noted that the purple lights on the bridge look great.

Councilmember King reported that he also attended the ribbon cutting. He got a tour of the Civic Center campus last week. He was very impressed with the Public Works tour today.

Councilmember Stevens said he was sorry he missed the tour today.

Councilmember Richards had no comments.

Councilmember Muller:

- He commented that the candidate forum last Friday was one of the best he has seen. It was a great opportunity to hear from all the candidates. He thought Mark James did very well.
- He bought his purple shirt for the Domestic Violence Awareness walk on Thursday.
- He thinks the solicitation for the new fire chief will be starting this week.

Councilmember Norton thanked Director Laycock and his crew for showing the Council around today. She expressed appreciation to the people who make those important systems work for the community.

Adjournment/Recess

The meeting went into recess at 7:56 p.m. and reconvened into executive session at 8:02 p.m.

Executive Session

Executive session started at 8:02 for ten minutes for one item related to real estate with no action expected. Executive Session was extended for an additional five minutes.

- A. Litigation
- B. Personnel
- C. Real Estate - one item

Reconvene

The executive session ended and the regular meeting reconvened at 8:17 p.m.

Adjournment

Motion to adjourn the meeting moved by Councilmember Richards seconded by Council President Norton.

AYES: ALL

The meeting was adjourned at 8:17 p.m.

CITY COUNCIL AGENDA ITEM REPORT

DATE: October 24, 2022

SUBMITTED BY: Shelli Edwards, Public Works

ITEM TYPE: Bid Award

AGENDA SECTION: **Review Bids**

SUBJECT: Waste Water Treatment Plant (WWTP) Near Term Tertiary Treatment Improvements

SUGGESTED ACTION:

Recommended Motion: I move to authorize the Mayor to sign and execute the WWTP Near Term Tertiary Treatment Improvements project contract with McClure and Sons, Inc. in the amount of \$2,944,094.03 and approve a management reserve of \$294,410.00 for a total allocation of \$3,238,504.03.

SUMMARY:

The WWTP Near Term Tertiary Treatment Improvements project will address increased quantities of daphnia and large algal blooms that occur throughout the lagoon system during the warmer months. Both of these factors result in an overabundance of suspended fine particles in the effluent discharge. This has resulted in poor performance of the sand filter tertiary treatment system and occasional exceedances of the City's wastewater discharge permit limits for total suspended solids. These project improvements will significantly reduce the amount of fine particles and trash entering the sand filter system. Construction will include furnishing and installation of a precast concrete vault, trash rack, straining header, pump, band screen, grating, screening compactor, and electrical and control systems.

This project's bid opening was held on October 13, 2022. The City received 4 bids as shown on the attached bid tabulation. The low bidder was McClure and Sons, Inc. at \$3,067,399.87 for the base bid and \$2,944,094.03 for the bid alternate. The bid alternate is recommended.

References have been checked and found to be satisfactory.

PUBLIC WORKS CONTRACT

THIS PUBLIC WORKS CONTRACT (the “Contract”) is made and entered into as of the date of the last signature below, by and between the City of Marysville, a Washington State municipal corporation (the “City”) and McClure and Sons, Inc., a corporation, organized under the laws of the State of Washington, located and doing business at 15714 Country Club Drive, Mill Creek, WA 98012, (the “Contractor”).

WITNESSETH:

Whereas, the City desires to have certain public work performed as hereinafter set forth, requiring specialized skills and other supportive capabilities; and

Whereas, the Contractor represents that it is qualified and possesses sufficient skills and the necessary capabilities to perform the services set forth in this Contract.

NOW, THEREFORE, in consideration of the terms, conditions, and agreements contained herein, the parties hereto agree as follows:

- 1 **SCOPE OF WORK.** The Contractor agrees to do all work and furnish all labor, tools, materials, equipment, and supplies required to build and construct and to build and construct in a workmanlike manner the work, improvements, and appurtenances in order to accomplish the following project:

WWTP Near Term Tertiary Treatment Improvements

All such work, labor, tools, materials, equipment, and supplies to be procured and furnished in accordance with the following documents (the “Contract Documents”) which are incorporated by reference and are hereby made a part of this Contract:

- This Contract;
- The Call for Bids, Information for Bidders, and Bidder’s Checklist;
- 2021 Washington State Department of Transportation Standard Specifications for Road, Bridge, and Municipal Construction as modified by all amendments thereto as of the date of the Contractor’s bid;
- Special Provisions
- Plans, Drawings, Project and Technical Specifications;
- Addenda (if any)
- Contractor's Proposal/Bid
- Payment Bond and Performance Bond; and
- All provisions required by law whether set forth and reproduced herein or not.

and shall perform any alterations in or additions to the work provided under this Contract and every part thereof.

The Contractor shall provide and bear the expense of all equipment, work, and labor of any sort whatsoever that may be required for the transfer of materials and for constructing and completing the work provided for in this Contract, except as may otherwise be provided in the Contract Documents.

The Contractor shall guarantee said materials and work for a period of one year after completion of this Contract.

- 2 TIME FOR COMPLETION & LIQUIDATED DAMAGES.** Substantial completion shall be achieved within two hundred twenty five (225) working days of the effective date of the Notice to Proceed. If said work is not completed within the time specified, the Contractor agrees to pay the City liquidated damages as provided in Section 1-08.9 of the Standard Specifications.
- 3 COMPENSATION AND METHOD OF PAYMENT.** The lump sum/total itemized amount of the Contract is Two million, nine hundred forty-four thousand, ninety-four dollars and three cents (\$2,944,094.03) including Washington State Sales Tax. The total Project cost includes all costs associated with the Project work, including, but not limited to labor, materials, overhead, and administrative, permit, and regulatory costs, unless otherwise agreed in writing. The Project cost is based on the proposal/bid submitted by the Contractor dated 10/13/2022. The basis for final payment will be the actual amount of work performed according to the Contract Documents and payments, whether partial or final, shall be made as specified therein.
- 4 ATTORNEY FEES.** Should either the City or the Contractor commence any legal action relating to the provisions of this Contract, or the enforcement thereof, the prevailing party shall be awarded judgment for all costs of litigation including, but not limited to, costs, expert witnesses and reasonable attorney fees.
- 5 INDEMNIFICATION.** In addition to any other obligations contained in the Contract Documents,

 1. The Contractor shall defend, indemnify and hold the City, its officers, officials, employees, and volunteers harmless from any and all claims, injuries, damages, losses, or suits including attorney fees, arising out of or in connection with the performance of this Contract, except for injuries and damages caused by the sole negligence of the City.
 2. Should a court of competent jurisdiction determine that this Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the City, its officers, officials, employees, and volunteers, the Contractor's liability hereunder shall be only to the extent of the Contractor's negligence.
 3. The Contractor specifically and expressly waives any immunity that may be granted it under the Washington State Industrial Insurance Act, Title 51 RCW, as

provided in RCW 4.24.115. The indemnification obligation under this Contract shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable to or for any third party under workers compensation acts, disability benefits acts, or other employee benefits acts; provided the Contractor's waiver of immunity by the provisions of this paragraph extends only to claims against the Contractor by the City and does not include, or extend to, any claims by the Contractor's employees directly against Contractor. The obligations of Contractor under this subsection have been mutually negotiated by the parties hereto, and Contractor acknowledges that the City would not enter into this Contract without the waiver thereof of Contractor.

_____ (City initials) _____ (Contractor initials)

- 4. The provisions of this section shall survive the expiration or termination of this Contract with respect to any event occurring prior to such expiration or termination.

6 CONTRACT ADMINISTRATION.

This Contract shall be administered _____ (Contractor Representative) on behalf of the Contractor and by Thadd Zehnder (City Representative) on behalf of the City. Any written notices required by the terms of this Contract shall be served or mailed to the following addresses:

Contractor: _____

City:
City of Marysville
Public Works
Attn: Thadd Zehnder
80 Columbia Ave
Marysville, WA 98270

- 7 **PREVAILING WAGES.** The Contractor shall comply with all state and federal laws relating to the employment of labor and wage rates to be paid.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first hereinabove written.

**PERFORMANCE BOND
to City of Marysville, WA**

Bond No. _____

The City of Marysville, Washington (the "City"), has awarded to McClure and Sons, Inc. (the "Principal"), a contract for the construction of the project designated as WWTP Near Term Tertiary Treatment Improvements, Project No. S2101, in Marysville, Washington (the "Contract"), and said Principal is required to furnish a bond for performance of all obligations under the Contract.

The Principal, and _____ (the "Surety"), a corporation organized under the laws of the State of _____ and licensed to do business in the State of Washington as surety and named in the current list of "Surety Companies Acceptable in Federal Bonds" as published in the Federal Register by the Audit Staff Bureau of Accounts, U.S. Treasury Dept., are jointly and severally held and firmly bound to the City in the sum of _____ U.S. Dollars (\$ _____) Total Contract Amount, subject to the provisions herein.

This statutory performance bond shall become null and void, if and when the Principal, its heirs, executors, administrators, successors, or assigns shall well and faithfully perform all of the Principal's obligations under the Contract and fulfill all terms and conditions of all duly authorized modifications, additions, and changes to said Contract that may hereafter be made, at the time and in the manner specified; and if such performance obligations have not been fulfilled, this bond shall remain in full force and effect.

The Surety for value received agrees that no change, extension of time, alteration, or addition to the terms of the Contract, the specifications accompanying the Contract, or to the work to be performed under the Contract shall in any way, affect its obligation on this bond, and waives notice of any change, extension of time, alteration, or addition to the terms of the Contract or the work performed. The Surety agrees that modifications and changes to the terms and conditions of the Contract that increase the total amount to be paid the Principal shall automatically increase the obligation of the Surety on this bond and notice to the Surety is not required for such increased obligation.

This bond may be executed in two (2) original counterparts and shall be signed by the parties' duly authorized officers. This bond will only be accepted if its accompanied by a fully executed and original power of attorney for the office executing on behalf of the Surety.

**PAYMENT BOND
to City of Marysville, WA**

Bond No. _____

The City of Marysville, Washington (the "City"), has awarded to McClure and Sons, Inc. (the "Principal"), a contract for the construction of the project designated as WWTP Near Term Tertiary Treatment Improvements, Project No. S2101 in Marysville, Washington (the "Contract"), and said Principal is required under the terms of that Contract to furnish a payment bond in accordance with Title 39.08 Revised Code of Washington (RCW) and (where applicable) 60.28 RCW.

The Principal, and _____ (the "Surety"), a corporation organized under the laws of the State of _____ and licensed to do business in the State of Washington as surety and named in the current list of "Surety Companies Acceptable in Federal Bonds" as published in the Federal Register by the Audit Staff Bureau of Accounts, U.S. Treasury Dept., are jointly and severally held and firmly bound to the City in the sum of _____ U.S. Dollars (\$ _____) Total Contract Amount, subject to the provisions herein.

This statutory payment bond shall become null and void, if and when the Principal, its heirs, executors, administrators, successors, or assigns shall pay all persons in accordance with RCW Titles 39.08, 39.12, and 60.28, including all workers, laborers, mechanics, subcontractors, and material suppliers, and all persons who shall supply such contractor or subcontractor with provisions and supplies for the carrying on of such work; and shall pay the taxes, fees, and penalties incurred on the project; and if such payment obligations have not been fulfilled, this bond shall remain in full force and effect.

The Surety for value received agrees that no change, extension of time, alteration, or addition to the terms of the Contract, the specifications accompanying the Contract, or to the work to be performed under the Contract shall in any way, affect its obligation on this bond, and waives notice of any change, extension of time, alteration, or addition to the terms of the Contract or the work performed. The Surety agrees that modifications and changes to the terms and conditions of the Contract that increase the total amount to be paid the Principal shall automatically increase the obligation of the Surety on this bond and notice to the Surety is not required for such increased obligation.

This bond may be executed in two (2) original counterparts and shall be signed by the parties' duly authorized officers. This bond will only be accepted if its accompanied by a fully executed and original power of attorney for the office executing on behalf of the Surety.

**CONTRACTOR'S DECLARATION OF OPTION FOR MANAGEMENT OF
STATUTORY RETAINED PERCENTAGE**

Monies reserved under provisions of Chapter 60.28 RCW, at the option of the Contractor, shall be:

Select one:

- (1) Retained in a fund by the City.** No interest will be earned on the retained percentage amount under this election.

- (2) Deposited in an Interest-Bearing Account.** Deposited by the City in an interest-bearing account in a bank, mutual savings bank, or savings and loan association. Funds may not be withdrawn until sixty (60) days after the completion date of the work and must be in accordance with Chapters 60.28 and 39.12 RCW. Interest on such account will be paid to the Contractor. Fees incurred shall be the responsibility of the Contractor.

If this option is selected, the Contractor must complete the attached "Assignment of Savings or Time Deposit Escrow Retained Percentage Holding Account" form.

- (3) Placed in an Escrow Account Chosen by Contractor.** Placed in escrow with a bank or trust company by the City. When the monies reserved are to be placed in escrow, the City will issue a check representing the sum of the monies reserved payable to the bank or trust company and the Contractor jointly. Such check shall be converted into bonds and securities chosen by the Contractor and approved by the City and the bonds and securities held in escrow. The Contractor is solely responsible for all costs which may accrue from escrow services, brokerage costs, or both, and assumes all risks in connection with the investment of the retained percentages in securities.

If this option is selected, the Contractor must complete two copies of the attached "Retainage Escrow Agreement" form.

- (4) Bond in Lieu of Retainage.** In lieu of the City withholding retainage, the Contractor will submit a Retainage Bond which must be effective until sixty (60) days following the completion date of the work and in accordance with Chapters 60.28 and 39.12 RCW.

If this option is selected, the Contractor must complete the attached "Retainage Bond" form.

Project	WWTP Near Term Tertiary Treatment Improvements (S2101)
Contractor	McClure and Sons, Inc.
Bank	

The Undersigned, McClure and Sons, Inc., hereinafter referred to as the Contractor, and the City of Marysville, hereinafter referred to as the City, have entered into a public works construction contract.

Under the terms of the Contract, and pursuant to Chapter 60.28. RCW, the Contractor and the Public Body have agreed to deposit any and all retainage from the Contract into an interest bearing depository account (the “Retainage Account”) with _____ (the “Bank”), subject to the following instructions:

RETAINAGE ESCROW AGREEMENT AND INSTRUCTIONS

- Escrow Agreement.** The Contractor on a public improvement project for the City exercised its option pursuant to RCW 60.28.011 (1994) to place Retainage in escrow with the Bank. This Agreement constitutes both the escrow agreement between the City and Contractor and instructions to the Bank for handling of the Escrow Account. This Agreement is not effective until (a) the Agreement has been signed by the Contractor, Bank and City and (b) Contractor, Bank and City have entered the appropriate information in Exhibit A.
- Check Issuance, Endorsement, and Deposit.** From time to time, the City will issue a Check payable to the Bank and Contractor jointly. Contractor expressly authorizes and grants the power to the Bank to endorse the check on its behalf, to negotiate the check, collect the funds represented by the Check, and to deposit the funds so collected into the Escrow Account. These powers shall be deemed to be powers coupled with an interest and shall be irrevocable during the term of this escrow.
- Investment of Funds.** Funds and cash balances in the Escrow Account may be invested in Eligible Securities at the direction of the Contractor. For purchase of Eligible Securities, the Bank may follow the last written direction it received from the Contractor, provided such direction provides for investment in Eligible Securities. The Bank shall not invest any funds, cash balances, or proceeds of sale of Eligible Securities in any securities, bonds or accounts that are not Eligible Securities. Eligible Securities purchased pursuant to this Agreement shall be held by the Bank as custodian as part of this escrow. Eligible Securities shall be held in the Bank’s name. Interest on the purchased Eligible Securities, if any, shall be paid to Contractor when, as and if any accrued interest is received by the Bank.
- Eligible Securities.** The following securities are deemed Eligible Securities, and the Bank may invest funds and cash balances in such securities at the direction of Contractor without further approval of the City, provided that any maturity dates are no later than twenty-five (25) calendar days after the Completion Date and provided they are held in a manner and form that allows Bank alone to liquidate the securities as provided for in the Agreement.

- A. Bills, certificates, notes or bonds of the United States;
- B. Other obligations of the United States or its agencies;
- C. Obligations of any corporation wholly owned by the Government of the United States;
- D. Indebtedness of the Federal National Mortgage Association;
- E. Time deposits in commercial banks; and
- F. Mutual funds, pools, or investment trusts, provided the investments of the fund, pool or trust consists solely of securities listed in herein.

Other securities may be deemed Eligible Securities upon the written request of the Contractor and written approval of the City, provided the City has the staff assistance and expertise which will permit it to exercise sound judgment in assessing the security. The City shall consider probable safety, risk to principal, liquidity and any other factor the City deems reasonable to consider. Nothing herein obligates the City to incur any expense or charge to assess the appropriateness of a proposed security. The City has no obligation to consider a proposed security if the City would incur expenses, charges or fees in its assessment of the appropriateness of the security as an investment. If the proposed security has a maturity date, the security must mature on or before the Completion Date. The Contractor expressly acknowledges that any investment in securities involves risks, including, but not limited to, the risks of loss or diminution of principal and failure to realize anticipated or expected appreciation, dividends, interest, or other gain. Contractor expressly waives and releases both City and Bank from any and all liability associated with, or arising out of, these and all market risks.

5. Bank Duties and Responsibilities. Although the Bank will be a joint payee of any Check, the Bank shall only have (a) those duties and responsibilities that a depository bank would have pursuant to Article 4 of the Uniform Commercial Code of the State of Washington for an item deposited to Bank and (b) those duties and responsibilities created by this Agreement. The Bank must not deliver to the Contractor all or any part of the securities or money held by the Bank pursuant to this Agreement (or any proceeds from the sale of such securities, or the negotiation of the City's warrants or checks) except in accordance with written instructions from the City. The City Clerk is authorized to give written instructions and the Finance Director or Treasurer (or its designee) is authorized to give written approval of securities. Written instructions and written approval of securities must be countersigned by the City Attorney. The City may designate different authorized persons from time to time by notifying the Bank in writing of the change, which notice must be countersigned by the City Attorney.

6. Change of Completion Date. Upon written request by the Bank, City shall advise the Bank in writing of any change in the Completion Date. If the changed Completion Date is later than the original Completion Date, the Bank may reinvest any funds on hand, cash balances or proceeds of Eligible Securities with maturities, reverse loads, etc. consistent with the later Completion Date. If the changed Completion Date is earlier than the original Completion Date,

the Bank shall execute such transactions as are commercially reasonable to liquidate Eligible Securities in the Escrow Account no later than twenty-five (25) calendar days after the earlier Completion Date.

7. **Return of Funds to City.** At the City’s sole option and notwithstanding any other provision of this Agreement, the City may direct the Bank in writing to liquidate any and all Eligible Securities held in or for the Escrow Account and to deliver all funds, cash, accrued interest and proceeds in the Escrow Account to the City. Such liquidation shall occur within thirty-five (35) calendar days of receipt of the written direction.

8. **Compensation of Bank.** Contractor shall be solely responsible for, and shall pay separately to the Bank, any and all fees, charges, or commissions of the Bank relating to the Escrow Account. No fees, charges or commissions of any kind may be deducted by the Bank from any property, funds, proceeds or Eligible Securities in the Escrow Account until and unless the City directs the release of the Escrow Account to the Contractor, in which case the Bank is hereby granted a lien upon the property, proceeds or Eligible Securities in the Escrow Account for the entire amount of unpaid Bank fees, costs or charges arising out of or relating to the Escrow Account. Said lien arises and is effective upon the City’s written direction to release the Escrow Account to the Contractor. The City shall not be liable for any fees, charges, expenses or commissions relating to the Escrow Account or any Eligible Securities.

9. **Termination of Escrow By Bank.** Bank may terminate the escrow by giving written notice to the City and Contractor. Within twenty (20) calendar days of the receipt of such notice, the City and Contractor shall jointly appoint a successor escrow holder and instruct Bank to deliver all securities and funds of the Escrow Account to said successor. If Bank is not so notified of the appointment of a successor escrow holder, Bank may return all funds, securities and contents of the Escrow Account to the City.

10. **Definitions**

“*Agreement*” shall mean this document, including exhibit A when completely executed by the City, Contractor and Bank.

“*Bank*” shall mean that national or state chartered bank identified in Exhibit A that holds the escrow.

“*Check*” shall mean a check or warrant payable jointly to the Bank and Contractor, representing accrued Retainage.

“*City*” shall mean the City of Marysville, a municipal corporation of the State of Washington.

“*Completion Date*” shall mean that date occurring immediately after the expiration of the project duration (as defined by the contract for the public improvement), including any agreed extensions thereof. The initial Completion Date can be found in Exhibit A.

“*Contractor*” shall mean the undersigned contractor.

“*Escrow Account*” shall mean the escrow created by this Agreement.

“*Eligible Securities*” are those bonds and securities identified in the paragraph 4 above.

“Retainage” shall mean moneys reserved by the City under the provisions of a public improvement contract.

11. **Miscellaneous.**

A. With the possible exception of any agreement between the Bank and Contractor regarding amount and payment of fees, commissions and charges related to the Escrow Account, this document contains the entire agreement between the Bank, Contractor and the City with respect to this Escrow Account.

B. This Agreement binds the assigns, successors, personal representatives and heirs of the parties hereto. Those persons executing this Agreement represent and warrant they are duly authorized to bind their principals to this Agreement and to execute this Agreement on their behalf.

C. Venue for any dispute arising out of, or related to, this Agreement shall be Snohomish County, Washington.

A. This Agreement shall be executed in triplicate, each of which shall be deemed to be an original.

RETAINAGE BOND

Bond No. _____

KNOW ALL MEN BY THESE PRESENTS, that McClure and Sons, Inc.(Contractor), a corporation organized under the laws of the State of _____, and registered to do business in the State of Washington as a contractor, as Principal, and _____ (Surety), a corporation organized under the laws of the State of _____ and registered to transact business in the in the State of Washington as surety, as Surety, their heirs, executors, administrators, successors, and assigns, are jointly and severally held and bound to the City of Marysville, Washington, hereinafter called "City", and are similarly held and bound unto the beneficiaries of the trust fund created by RCW Chapter 60.28, in the sum of _____ and ___/100's Dollars (\$_____), or five percent (5%) of all monies now or hereafter earned by the Principal in connection with the below-referenced Contract, the payment of which, well and truly to be paid, we bind ourselves, our heirs, executors and successors, jointly and severally, formally by these presents.

THE CONDITIONS OF THE ABOVE OBLIGATION ARE THAT:

WHEREAS, on _____, 2022, the Principal executed a contract (the "Contract") with the City known as:

Project Name: _____

Contract Number: _____

And,

WHEREAS, said Contract and RCW Chapter 60.28 require the City to withhold from the Principal the sum of five percent (5%) from monies earned by the Principal during the progress of the construction, hereinafter referred to as "earned retained funds"; and

WHEREAS, the Principal has requested that the City accept a retainage bond and release earned retained funds to the Principal, as allowed under RCW Chapter. 60.28;

NOW, THEREFORE, the condition of this obligation is such that the Surety is held and bound to the City to indemnify, defend, and hold the City harmless from any and all loss, costs or damages that the City may sustain by reason of release of said earned retained funds to Principal, then this obligation to be null and void, otherwise to remain in full force and effect.

PROVIDED, HOWEVER, it is expressly understood and agreed that:

1. Any suit or action under this bond must be instituted within the time period provided by applicable law. The bond shall be subject to all claims and liens provided for by law or Contract against the earned retained funds and in the same manner and priority as set forth for retained percentages in RCW Ch. 60.28 and the Contract.

2. The Surety hereby consents to and waives notice of any extension in the time for performance of the Contract, assignment of obligations under the Contract, or Contract alteration, termination, amendment or change order. This expressly includes, but is not limited to, consent to and waiver of any notice with respect to increases in the Contract price by change

order. Upon any such Contract price increase, the amount of this bond automatically increases by an amount equal to five percent (5%) of the Contract price increase.

3. Until written release of this obligation by the City, this bond may not be terminated or canceled by the Principal or Surety for any reason. Any extension of time for the Principal's performance on the Contract, assignment of obligations under the Contract, or Contract alteration, amendment or change order shall not release the Surety from its obligation under this bond.

4. RCW Ch. 60.28 authorizes the City to substitute a retainage bond in lieu of earned retained funds and the Surety hereby waives any defense that this bond is void or otherwise not authorized by law.

5. Any claim or suit against the City to foreclose the liens provided for by RCW Chapter 60.28 shall be effective against the Principal and Surety and any judgment under RCW Chapter. 60.28 against the City shall be conclusive against the Principal and the Surety.

6. The laws of the State of Washington shall apply to the determination of the rights and obligations of the parties hereunder. Venue for any dispute or claim hereunder shall be the state courts of Washington in Snohomish County, Washington.

The City Attorney may, in his or her discretion, waive conditions of the bond as appropriate.

The bond must be duly executed by the contractor and a surety that is (1) authorized to do business as a surety in the State of Washington and (2) rated at least "A" or better and with a numerical rating of no less than seven (7) by A.M. Best Company. The bond must be accompanied by a fully executed Power of Attorney appointing the signer for the surety as the surety's attorney-in-fact.

PART 4 - PREVAILING WAGE RATES

Washington State Prevailing Wage Rates are available for Look up at <https://fortress.wa.gov/lni/wagelookup/prvWagelookup.aspx>.

County: Snohomish County Publication Date: Sept. 29, 2022

The prevailing wage rates in Snohomish County are determined by the bid due date for a public works project (the bid due date as shown in the Call for Bids) and these rates apply to that project until it is completed, unless the contract award date is six months or more after the bid due date. In this case the award date would determine the rates to be paid. The bid due date is the date that General Contractor bids for the project are due to the Awarding Agency. All sub-contractors use this same bid due date and award date.

A copy of the prevailing rate rates are available for viewing at the Marysville Public Works Department, 80 Columbia, Marysville, Washington (360-363-8100) or a hard copy can be mailed upon request.

Agenda Bill

CITY COUNCIL AGENDA ITEM REPORT

DATE: October 24, 2022

SUBMITTED BY: Haylie Miller, Community Development

ITEM TYPE: Public Hearing

AGENDA SECTION: Public Hearings

SUBJECT: **Ordinance** to extend the interim regulations established by Ordinance 3216, related to the maximum residential density allowed in the Community Business Zone.

SUGGESTED ACTION: Recommended Motion: I move to adopt Ordinance No. _____, extending the interim regulations adopted by Ordinance 3216 by six (6) months.

SUMMARY:

On May 23, 2022, City Council adopted Ordinance 3216 (Attachment 3), establishing six-month interim development regulations related to the maximum residential density allowed in the Community Business (CB) zone by amending MMC Section 22C.020.080. Under RCW 36.70A.390, a city may adopt interim regulations, provided it holds a hearing on the interim regulation within 60 days of establishing the regulation. A public hearing on the interim regulations was held on July 11, 2022. The Economic Development Committee (EDC) and Staff recommend City Council consider extending the interim regulations adopted in Ordinance 3216 (Attachment 3) by six (6) months. This action would continue to limit residential density to a maximum of 12 units per acre with commercial uses required on the ground floor. During the extended interim regulation timeframe, staff proposes to create a form based code, or pursue a master plan approach for the currently vacant, approximately 100-acre CB zoned areas, south of the Gissberg Twin Lakes Park (Attachment 4).

Staff recommends City Council directs staff to work with the Planning Commission to craft a permanent code to ensure that the area is developed primarily with commercial uses, allowing residential uses secondary to the primary commercial use with residential allowed to be distributed on-site, subject to specific Gross Floor Area Ratio (GFAR) and design requirements, allow for more flexible regulations related to the minimum commercial requirements and to identify a more meaningful placement of commercial spaces within the area. The code change may then be forwarded to the EDC for review, in advance of action by City Council.

MEMORANDUM

TO: City Council

FROM: Haylie Miller, Community Development Director

DATE: October 24, 2022

SUBJECT: Code Amendments for the Community Business (CB) Zone, MMC 22C.020

CC: Gloria Hirashima, Chief Administrative Officer
Chris Holland, Planning Manager
Angela Gemmer, Principal Planner

Recommendation:

The Economic Development Committee and Staff recommends that the City Council consider extending the interim regulations adopted in Ordinance 3216 (Attachment 3) by six months. This action would continue to limited residential to a maximum of 12 units per acre with commercial uses required on the ground floor.

During the extended interim regulation timeframe, staff proposes to create a form based code and/or pursue a master plan approach for the vacant, approximately 100-acre CB zoned area¹, south of the Gissberg Twin Lakes Park herein referred to as Area 1.

Staff recommends that City Council direct staff to work with the Planning Commission to craft a permanent code to ensure that the area is developed with commercial as well as residential uses, allow for more flexible regulations related to the minimum commercial requirements and to identify a more meaningful placement of commercial spaces within the area. The code change may then be forwarded to the EDC and the full City Council for review.

CB Zone Issue - Legislative History:

The following sections provide an overview of the history and legislative actions to date related to this land use issue.

Background:

Neither the County's Buildable Lands Report nor the City's Comprehensive Plan have assigned residential density to the Community Business zone as its primary use was envisioned to be commercial in nature.

¹ See area 1, south of Twin Lakes in Attachment 4.

As summarized in the Land Use Element of the Comprehensive Plan, the commercial areas in Marysville initially were located in the Downtown area and expanded along State Avenue and Smokey Point Boulevard. Improving these areas and increasing the jobs-to-housing ratio in the City are important to Marysville residents. The Community Business designation is one of a series of commercial land use categories identified in the Land Use Element to provide adequate and convenient supply of goods and services for Marysville residents, including workers and the traveling public. The CB zone is intended to furnish space for a wide variety of general retail activities and services, serving a number of neighborhoods.

The Comprehensive Plan further states, the CB zone is intended to serve a larger area than one neighborhood, but remain auxiliary to Marysville's downtown. Activities in this land use would be more automobile-oriented, serving a larger area and, therefore, might require an automobile to reach them. The uses would be such that one might go to an area and be able to run several errands or accomplish several tasks in one or two stops. Activities that might be permitted could be department and large grocery stores, along with other uses that would draw people from many areas, as opposed to just the immediate neighborhood. Some personal services and office uses would also be permitted. The land use is intended for small individual businesses or an integral complex of several firms or businesses serving retail, office, and personal services.

The criteria and standards listed in the Land Use Element for the CB land use designation² are provided below:

i. Criteria and Standards

- **Site Size:** 5 - 20 acres; serving radius: 1 1/2 - 2 mile (15 - 20,000 population)
- **Types of Stores:** department and large grocery stores; other uses that need the support of several neighborhoods rather than a single neighborhood; personal services and offices; individual, small businesses or an integral complex of several firms or businesses serving retail, office, and personal services
- **Access:** Arterial streets
- **Number of Stores:** 15-25, range of gross floor area: 100,000 - 200,000 sq. ft.
- **Implementation:** Some commercial activities that have a repair or light industrial component should be included here, e.g. bike sales and repair, coffee roasting (if in conjunction with a shop), shoe sales and repair, candy sales and manufacture, computer sales and service, dry cleaning plants and retail, jewelry and watch sales and repairs, hardware, appliances, and electrical items sales and service (these could be limited by size, to

² As outlined in section IV.C.II.c.i., of the Land Use Element of the [Comprehensive Plan](#).

differentiate which should be in General Commercial, and which here); as well as other commercial activities such as banks, fabric stores, luggage and leather goods, barber and beauty shops, automotive and boat sales, trade or business schools, hobby, toy and game shops, laundromats, sun tanning salons, second hand stores, pawn shops. Day care I are permitted within existing single family residences. Automotive repair and service is a conditional use. Things which should not be located in this land use are foundries or metal fabrication, flour, feed, and seed processing, go-cart tracks, race tracks, and outdoor storage.

- ii. Identification of Areas: For the general location of commercial land uses. Other land uses may also occupy these areas. For more detailed location information, see the Planning Area maps in Section G of the Land Use Element.

Marysville Municipal Code (MMC) Background:

The primary intent of MMC Section 22C.020.030 (2) Community Business and Community Business – Whiskey Ridge Zones is provided below.

- (a) The purpose of the community business (CB) and community business – Whiskey Ridge (CB-WR) zones is to provide convenience and comparison retail and personal services for local service areas which exceed the daily convenience needs of adjacent neighborhoods but which cannot be served conveniently by larger activity centers, and to provide retail and personal services in locations within activity centers that are not appropriate for extensive outdoor storage or auto-related and industrial uses. These purposes are accomplished by:
 - (i) Providing for limited small-scale offices as well as a wider range of the retail, professional, governmental and personal services than are found in neighborhood business areas;
 - (ii) Allowing for a mix of housing and retail/service uses; provided, that housing is not allowed in the community business – Whiskey Ridge zone; and
 - (iii) Excluding commercial uses with extensive outdoor storage or fabrication and industrial uses.
- (b) Use of this zone is appropriate in community business areas that are designated by the comprehensive plan and are served at the time of development by adequate public sewers, water supply, roads and other needed public facilities and services.

Discussion:

City of Marysville Planning staff have received several inquiries over the last year related to high density residential uses within the CB zone. Some inquires have proposed hundreds of units on parcels zoned CB, with minimal to no commercial uses.

The market is highly conducive to residential uses and many applicants are seeking to develop large multifamily development projects in this zone throughout the City. The developments typically include as minimal commercial uses as possible to address the minimum code requirements. The CB zone currently permits multifamily units; however, all units must be located above a street-level commercial use. Inquiries have included multifamily amenities, such as, ground level parking, leasing offices, recreational facilities, live-work units, etc. The amenities proposed have been for private tenant use rather than traditional commercial uses available to the public.

Proposed Amendment Background:

Planning Commission Review

On April 12, 2022 the Planning Commission held a workshop session to consider several alternatives provided by staff below:

1. Maintain the existing code. The CB zone currently permits multifamily uses above a street-level commercial use at a base density of 12 dwelling units per gross acre with no maximum density, through utilization of Residential Density Incentive provisions.
2. Remove multifamily uses as a permitted use in the CB zone.
3. Reduce the base and maximum multifamily densities in the CB zone.
4. Reduce the maximum height of mixed use buildings in the CB Zone.

The Planning Commission recommended the approach outlined in Alternative 1 above, resulting in no code change. This approach maintains the existing code that requires commercial uses on the first level with an unlimited amount of multifamily units above the first level, subject to the current maximum allowable building height.

Some Planning Commissioners noted that commercial construction is not viable at this time and that residential uses are needed to bridge the housing shortage in Marysville. The Planning Commission further suggested that there be more flexible options on the first level. Examples included, structured parking in place of required commercial uses or to allow a flex type use which would allow the space to be built for commercial uses but occupied by residential until a future date when commercial uses may be more feasible. This concept is currently allowed in Arlington.

Staff recommended that, at the very least, the code be maintained to require 100 percent commercial uses on the first level, with the exception of a limited number of ADA units (as cited in code). Staff cautioned against allowing any further flexibility in the code related to multifamily uses in the CB zone.

The majority of the Planning Commission was in support of Alternative 1 while one commissioner was not, and requested that a conditional use permit or other flexibility measures be implemented to allow for multifamily-only developments in this zone on a case-by-case basis, or on a temporary or permanent basis.

City Council Review

The City Council reviewed the alternatives and the Planning Commission's recommendation during the May 2nd and May 9th City Council meetings, including one additional alternative (Alternative 5). Alternative 5 contemplates rezoning one area or all areas in the CB zone.

The City Council ultimately directed staff to schedule a public hearing on May 23, 2022 to consider Alternative 3 (as referenced above) – to reduce the maximum density in the CB Zone.

On May 23rd, the City Council adopted Ordinance 3216, which established interim development regulations related to the maximum residential density allowed in the Community Business zone by amending MMC Section 22C.020.080. The purpose of the interim regulation is to allow adequate time for the City to effectively analyze and prepare regulations related to multifamily uses in the CB zone. The formal public hearing related to the interim regulations was held on July 15th.

Following the public hearing, staff indicated that the interim regulations set forth in Ordinance 3216 are in effect for six months and automatically expire at the conclusion of that six month period (November 23, 2022). Council adopted the proposed amendment below, requiring a base and max density of 12 units per acre.

The City Council directed Staff to bring this issue to the EDC to review in more detail prior to forwarding to the full council to discuss the design regulations for commercial uses and the options for a permanent code change related to density³.

Economic Development Committee Review:

This item was briefly discussed during the July 25, 2022 Economic Development Committee meeting. The EDC directed staff to speak further with applicants about the issue and investigate if there was an appropriate balance of retail versus multifamily uses in Area 1. Staff met with

³ Examples of various density ranges for projects are provided in Attachment 5.

five retail experts in the region about this vacant CB zoned area. Staff summarized the following key issues with the retail experts during each meeting:

- The current CB zone requires 100 percent commercial uses on the first level with multifamily units on top of the commercial.⁴
- Several applicants have contacted the City about Area 1, asking if the CB zone could allow for all multifamily or substantially less commercial in order for the project to pencil. Many applicants explained that if commercial uses were included in a project, the commercial spaces would likely be vacant and the pro forma assigned zero profit for these units.
- Staff and applicants have noted that the market may not be conducive for ground floor commercial uses in every building located in this approximately 100-acre area. This may mean that this site will be undeveloped for several years.
- Staff pointed out that the City “held out” for over thirty years in order to carry out the job-oriented, industrial vision for the Cascade Industrial Center (CIC). Many applicants over the years requested to do residential uses there and the answer from the City was no. This approach/direction may be needed for the CB zone in order to preserve the commercial areas in Marysville.
- A pre-application has been submitted in May 2022 for a vertical mixed use development with approximately 528 multifamily units through the application of Residential Density Incentives (RDI). Under the interim regulations, the project would yield 293 units at 12 units per acre. There has been no further activity from this developer since they were informed about the adoption of interim regulations.
- Staff was concerned the original vision for this area (which was primarily commercial in nature due to the proximity to I-5 and the future 156th I-5 interchange) was changing into multifamily residential with little commercial components.
- The City Council adopted interim regulations (Ordinance 3216 – Attachment 2) to reduce the amount of multifamily units permitted from no maximum limit down to 12 units per acre.
- There appears to be mixed directions provided by the City Council on whether to leave the zone as-is and let the market decide what develops there versus restricting multifamily uses in order to preserve the commercial nature of the area and encourage dense, multifamily development in other areas of the City.

⁴ Twenty percent of the units, but no more than two total units, may be located on the street level of a commercial use, if conditional use permit approval is obtained and the units are designed exclusively for ADA accessibility.

The following questions/comments/suggestions were provided by the retail experts to staff:

- Where does Marysville want to see dense multifamily, long term?
- Where does Marysville want to see commercial, long term?
- If a reduced amount of commercial is required in Area 1, dense multifamily will likely result in that area.
- Will this area (if dense multifamily is allowed) compete with Downtown?
- Commercial thrives with very good access and good parking. Area 1 (currently) is not as easily accessible as the development to the north where Costco is. It appears to be off the main drag. Most consumers will stop somewhere else on the way to this area. Note: this will likely change when the 156th interchange is constructed and when access is provided to the west, over the BNSF right of way thus increasing AM and PM trips in the area.
- Area 1 cannot compete with big box stores in the area, located north of the site (Costco area) and east of the site (Lowe's, Walmart in Arlington) and south of the site (Outlet mall, other big boxes in Tulalip).
- Local and/or specialty retail would work the best in the area based on its location to other commercial uses.
- A livable, specifically designed community would be ideal here. This area could serve as a north anchor hub in Marysville and cater to the new incoming approximately 20,000 CIC workers.
- Be careful to not compete with the Downtown and Waterfront revitalizations.
- Master planning and/or a form based code approach was suggested by all parties.
- Retail would work best on the corners of residential buildings or along certain arterials. Retail would not work best under all buildings in this large area based on the commercial uses in the surrounding area.

Staff believes this area needs a more specific plan (potentially similar to the City's 88th Street Master Plan) with a more focused vision in order for it to be successful. Staff proposes that the EDC consider recommending that the Council extend the interim regulations to require 12 units per acre for the CB area in the meantime. This will prevent the area from developing with an unlimited amount of residential units with empty commercial units on the ground level. In addition, staff believes there is a benefit to providing a specific plan for this area in order to strategically locate retail uses in meaningful areas along arterial roads, between I-5 and the residential uses and on the corners of the buildings.

This plan could result in *equal or less* commercial overall but would provide a more meaningful community design in that area. Staff believes the area could inadvertently compete with Downtown (if the area allows for a substantial amount of residential units) and would like to spend more time researching the best approach.

Staff recommended to the Economic Development Committee that the interim regulations (allowing up to 12 units per acre) be extended for six months after the expiration date on November 23, 2022. Staff recommended that a permanent code change be drafted to reduce units but allow for more flexible regulations related to the commercial minimums and placement of commercial spaces in the development.

The Economic Development Committee directed staff to forward this issue to the City Council with the recommendation as presented on page 1 of this memo.

CITY OF MARYSVILLE
Marysville, Washington

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MARYSVILLE, WASHINGTON, RENEWING FOR AN ADDITIONAL SIX MONTHS THE INTERIM DEVELOPMENT REGULATIONS ESTABLISHED BY ORDINANCE 3216, WHICH RELATED TO THE MAXIMUM DENSITY: DWELLING UNIT/ACRE IN THE COMMUNITY BUSINESS ZONE AND WHICH AMENDED MMC SECTION 22C.020.080.

WHEREAS, RCW 35A.63.220 provides cities the right to establish and adopt interim development regulations; and

WHEREAS, to promote public health, safety, aesthetics, and welfare, the City of Marysville (the “City”) provides development regulations for the permitting of certain uses within specific zoning districts; and

WHEREAS, the Community Business zone was originally envisioned to be primarily commercial in nature, and neither the County’s Buildable Lands Report nor the City’s Comprehensive Plan assigned residential density to the Community Business zone; and

WHEREAS, multiple-family dwelling units are currently a permitted use within the Community Business zone, subject to certain conditions, including that residential units be located above a street-level commercial use (with the exception for the allowance of two ADA units on the street level, subject to an approved conditional use permit); and

WHEREAS, the market is currently highly conducive to residential uses, and City staff have received several development inquiries related to exclusive multi-family development within the Community Business (CB) zone and inquiries with minimal commercial uses proposed; and

WHEREAS, the development inquiries within the Community Business zone are inconsistent with the original vision for this zone; and

WHEREAS, the Community Business zone is spread throughout different locations of the City, which different locations have undergone differing levels of growth and development over the past several years; and

WHEREAS, the changed market conditions in differing portions of the Community Business zone may warrant a rezone of certain parts of the Community Business zone; and

WHEREAS, on May 23, 2022, the City Council adopted Ordinance 3216, which adopted interim development regulations that established residential density limits in the Community Business zone, by amending MMC 22C.020.080 (which Ordinance 3216 is attached hereto as **Exhibit A**); and

WHEREAS, the City adopted Ordinance 3216 in order to provide it time to consider: (a) the appropriateness of multiple-family dwelling units as a permitted use within the Community Business zone as a whole; (b) potential density requirements on multiple-family dwelling units in the Community Business zone; and (c) a potential rezone of certain portions of the Community Business zone; and

WHEREAS, Ordinance 3216 expires on November 23, 2022; and

WHEREAS, RCW 35A.63.220 authorizes the renewal of interim regulations for an additional six-month period, effective November 23, 2022; and

WHEREAS, the City has determined that renewal of the interim development regulations as adopted by Ordinance 3216 is necessary to allow adequate time for the City to effectively analyze and develop new development regulations sufficient to provide for appropriate permitting of residential land uses in the Community Business zone, and to allow adequate time for the City to consider a potential rezone of certain portions of the Community Business zone; and

WHEREAS, pursuant to RCW 35A.63.220, on October 24, 2022, the City Council conducted a public hearing on the renewal of the interim development regulations as adopted by Ordinance 3216 and took public testimony and considered findings of fact.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MARYSVILLE, WASHINGTON, DO ORDAIN AS FOLLOWS:

Section 1. Findings of Fact. The recitals set forth above are hereby adopted as the City Council's findings of fact in support of the renewal of the interim development regulations adopted by Ordinance 3216.

Section 2. Renewal of Interim Development Regulations; Duration. The interim development regulations adopted by Ordinance 3216 on May 23, 2022, attached hereto as **Exhibit A**, are renewed and shall remain in full force and effect for six (6) months following the effective date of this Ordinance.

Section 3. Severability. If any section, subsection, sentence, clause, phrase, or word of this Ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality thereof shall not affect the validity or constitutionality of any other section, subsection, sentence, clause, phrase, or word of this Ordinance.

Section 4. Correction. Upon approval by the City Attorney, the City Clerk or the code reviser are authorized to make necessary corrections to this Ordinance, including scrivener's errors or clerical mistakes; references to other local, state, or federal laws, rules, or regulations; or numbering or referencing of ordinances or their sections and subsections.

Section 5. Effective Date. This ordinance shall become effective on November 23, 2022.

PASSED by the City Council and APPROVED by the Mayor this _____ day of _____, 20_____.

22C.020.080 Densities and dimensions.

(1) Interpretation of Tables.

(a) Subsection (2) of this section contains general density and dimension standards for the various zones and limitations specific to a particular zone(s). Additional rules and exceptions, and methodology, are set forth in MMC [22C.020.090](#).

(b) The density and dimension table is arranged in a matrix format and is delineated into the commercial, industrial, recreation and public institutional use categories.

(c) Development standards are listed down the left side of the table, and the zones are listed at the top. The matrix cells contain the minimum dimensional requirements of the zone. The parenthetical numbers in the matrix identify specific requirements applicable either to a specific use or zone. If more than one standard appears in a cell, each standard will be subject to any applicable parenthetical footnote set forth in MMC [22C.020.090](#).

CITY OF MARYSVILLE
Marysville, Washington
ORDINANCE NO. 3216

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MARYSVILLE, WASHINGTON, ADOPTING INTERIM DEVELOPMENT REGULATIONS RELATING TO THE MAXIMUM DENSITY: DWELLING UNIT/ACRE IN THE COMMUNITY BUSINESS ZONE BY AMENDING MARYSVILLE MUNICIPAL CODE SECTION 22C.020.080; SETTING FORTH FINDINGS OF FACT IN SUPPORT OF THE INTERIM DEVELOPMENT REGULATIONS; SETTING A PUBLIC HEARING DATE; AND DECLARING AN EMERGENCY.

WHEREAS, the RCW 35A.63.220 provides cities the right to establish and adopt interim development regulations; and

WHEREAS, to promote public health, safety, aesthetics, and welfare, the City of Marysville (the "City") provides development regulations for the permitting of certain uses within specific zoning districts; and

WHEREAS, the Community Business zone was originally envisioned to be primarily commercial in nature, and neither the County's Buildable Lands Report nor the City's Comprehensive Plan assigned residential density to the Community Business zone; and

WHEREAS, multiple-family dwelling units are currently a permitted use within the Community Business zone, subject to certain conditions, including that residential units be located above a street-level commercial use (with the exception for the allowance of two ADA units on the street level, subject to an approved conditional use permit); and

WHEREAS, the market is currently highly conducive to residential uses, and City staff have received development inquiries related to high-density multi-family development within the Community Business (CB) zone and inquiries with minimal commercial uses proposed; and

WHEREAS, establishing a density limit in the Community Business zone would better ensure that future developments in the Community Business zone are consistent with the intended vision for this zone; and

WHEREAS, the City has determined that interim development regulations adopted under the provisions of RCW 35A.63.220 are necessary to prevent new and high density development in the Community Business Zone that are inconsistent with the intent and vision of that zone, and to allow adequate time for the City to effectively analyze and develop new development regulations sufficient to provide for appropriate permitting of residential land uses in the Community Business zone.

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MARYSVILLE,
WASHINGTON, DO ORDAIN AS FOLLOWS:**

Section 1. Findings of Fact. The recitals set forth above are hereby adopted as the City Council's initial findings of fact in support of the interim development regulations adopted herein. The City Council may, in its discretion, adopt additional findings after the public hearing referenced in Section 4 of this Ordinance.

Section 2. Adoption of Interim Zoning Regulations. The City Council hereby adopts the interim development regulations as set forth in **Exhibit A** to this Ordinance, amending MMC 22C.020.080.

Section 3. Effective Duration of Interim Development Regulations. The interim development regulations set forth in this Ordinance shall be in effect for a period of six (6) months from the effective date of this Ordinance and shall automatically expire at the conclusion of that six-month period unless sooner repealed.

Section 4. Public Hearing. The City Council will hold a public hearing at the City Council's regular meeting beginning at 7:00 p.m. on July 11, 2022 in order to take public testimony and to consider adopting further findings of fact.

Section 5. Declaration of Emergency. The City Council hereby declares that an emergency exists necessitating that this Ordinance take effect immediately upon passage by a majority vote plus one of the whole membership of the Council. Without an immediate adoption of the interim development regulations as set forth in **Exhibit A**, applications for high-density residential developments within the Community Business zone could become vested, leading to development that could be incompatible with the codes eventually adopted by the City. Therefore, the interim development regulations as set forth in **Exhibit A** must be adopted as an emergency measure to protect the public health, safety, and welfare, and to prevent the submission of applications for high-density developments within the Community Business zone in an attempt to vest rights for an indefinite period of time. This Ordinance does not affect any existing vested rights.

Section 6. Severability. If any section, subsection, sentence, clause, phrase, or word of this Ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality thereof shall not affect the validity or constitutionality of any other section, subsection, sentence, clause, phrase, or word of this Ordinance.

Section 7. Correction. Upon approval by the City Attorney, the City Clerk or the code reviser are authorized to make necessary corrections to this Ordinance, including scrivener's errors or clerical mistakes; references to other local, state, or federal laws, rules, or regulations; or numbering or referencing of ordinances or their sections and subsections.

Section 8. Effective Date. This Ordinance, as a public emergency ordinance necessary for the protection of the public health, safety, aesthetics and welfare, shall take effect and be in full force immediately upon its passage. Pursuant to *Matson v. Clark County board of Commissioners*, 79 Wn. App. 641, 904 P.2d317 (1995), non-exhaustive

underlying facts necessary to support this emergency declaration are included in the recitals, above, all of which are adopted by reference as findings of fact as if fully set forth herein.

PASSED by the City Council and APPROVED by the Mayor this 23rd day of MAY, 2022.

Density Regulations:

Examples of various densities are provided below to illustrate what types of developments could materialize at different density ranges.

Per MMC 22C.020.080 (2), the base density is 12 units per gross acre with no maximum density, through utilization of Residential Density Incentive provisions. The City Council may consider a lower base density, maximum density, or a density range such as 8 to 10, 10 to 12 or 12 to 18 units per gross acre.

Staff has selected a vacant site in the CB zone, south of Twin Lakes to demonstrate what the proposed density ranges and trip generation would be on a 16.5-acre site in the CB zone.

Figure 1. Example Site, 16.5-acres

Table 1. Example Site (16.5-acres): Residential Density and Traffic Trip¹ Scenarios

Max Density: Units/Acre	Total Units	Trips 7-9 AM 0.4 trips/unit	Trips 4-6 PM 0.51/unit	Average Daily Trips 6.74/day
8	132	53	67	890
10	165	66	84	1,112
12	198	79	101	1,335
14	231	92	118	1,557
16	264	106	135	1,779
18	297	119	151	2002

¹ Traffic trip rates are based on a Multifamily Housing (Low-Rise) rate from the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition (2021).

20	330	132	168	2224
22	363	145	185	2446

For the same site, staff is providing traffic figures associated with a commercial only development scenario for comparison purposes.

Table 2. Example Site (16.5-acres): Shopping Center use and Traffic Trip² Scenarios

Land Use	Total Square Footage	Trips 7-9 AM 0.84 trips/1,000 SF	Trips 4-6 PM 3.40 trips/1,000 SF	Average Daily Trips 37 trips /1,000 SF
Shopping Center	250,000 (covering 1/5 of the example site)	210	850	9,250

The density ranges provided for the Example Site in Table 1 (above) range from 8 to 22 dwelling units per acre. For comparison, multi-family developments in the Lakewood Neighborhood, zoned Mixed Use, have a base and maximum density of 28 dwelling units per acre and have developed to the following densities:

- **The Lodge Phase 1:** 22 du/acre (188 units/8.6 acres)
- **The Lodge Phase 2:** 23 du/acre (160 units/7.1 acres)
- **The Lodge Phase 3 & 4:** 18 du/acre (344 units/19.5 acres)
- **Vintage at Lakewood:** 27 du/acre (197 units/7.3 acres)
- **The Lodge Phase 5:** 22 du/acre (204 units/9.4 acres)
- **Marysville 172 Apartments:** 27 du/acre (474 units/17.4 acres)

Note: the Lodge Phases 1 – 3 and Vintage at Lakewood have been constructed and are occupied. The Lodge Phase 4 is currently under construction. The Lodge Phase 5 & Marysville 172 Apartments are currently under formal land use review.

² Traffic trip rates are based on a Multifamily Housing (Low-Rise) rate from the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition (2021).

Agenda Bill

CITY COUNCIL AGENDA ITEM REPORT

DATE: October 24, 2022

SUBMITTED BY: Genevieve Geddis, Legal

ITEM TYPE: Public Hearing

AGENDA SECTION: Public Hearings

SUBJECT: Agreement to Relinquish Interest in Rucker Building to Snohomish County

SUGGESTED ACTION:

Recommended Motion: I move to approve the relinquishment of the City’s interest in the Rucker Building to Snohomish County, and to authorize the Mayor to sign the Agreement to Relinquish Real Property Interest and associated Quit Claim Deed.

SUMMARY:

The Snohomish Health District is transitioning its public health services to Snohomish County. To effectuate this transition, the County is requesting that the District and participating cities transfer their ownership interests in the Rucker Building (located at 3020 Rucker Avenue, Everett WA 98201) to the County.

Cities that have participated in the District have fractional ownership interests in the Rucker Building. While the participating cities previously agreed to transfer all of their ownership interests to the District in 2017, the County has requested that participating cities quit claim any potential remaining interest they have in the Rucker Building in order to clear title, as well as to relinquish any and all interest in potential future sale proceeds or other rights of reimbursement. The attached agreement will relinquish and convey to the County any interest the City has in the Rucker Building, so that the County can continue to use the Rucker Building to provide health services to residents of Snohomish County.

ATTACHMENTS:

[Agmt to Relinquish Real Property Int 9.26.22.docx](#)

AGREEMENT TO RELINQUISH REAL PROPERTY INTEREST

THIS AGREEMENT TO RELINQUISH REAL PROPERTY INTEREST (this “Agreement”) is made and entered into as of this ____ day of _____, 2022 (the “Effective Date”), by and between the City of Marysville, a municipal corporation of the State of Washington (the “City”), and Snohomish County, a political subdivision of the State of Washington (the “County”).

RECITALS

A. As contemplated in a 1990 memorandum of understanding and a 1990 interlocal agreement, both the City and the County contributed funds to the Snohomish Health District (the “District”). Those funds, along with funds from other cities and towns in Snohomish County, were used by the District to acquire real property commonly known as the Rucker Building, located at 3020 Rucker Avenue, Everett, Washington 98201 (the “Rucker Building”). The District acquired the Rucker Building for purposes of delivering public health service as required under chapter 70.05 and 70.46 RCW.

B. In 1995, the District amended its Charter at Article VII, Section 2, to provide processes by which: (a) the District would repay the County and each city and town that contributed to the purchase of the Rucker Building in the event that the District sold the Rucker Building, and (b) the County would repay each city and town that contributed to the purchase of the Rucker Building in the event that the County assumed sole responsibility for public health in Snohomish County.

C. In 2018, the District entered into a purchase and sale agreement for the sale of the Rucker Building. The District contemplated using the sale proceeds to acquire another, smaller facility with any remaining balance to be used for District purposes consistent with state law. All the cities and towns that contributed to the acquisition of the Rucker Building executed quit claim deeds to the District: (a) for purposes of clearing title and facilitating the sale, and (b) to relinquish any and all interest in the sale proceeds. Ultimately, the sale did not close, and the District remains the fee owner of the Rucker Building.

D. Pursuant to District Board of Health Resolution 22-16, dated May 31, 2022, the District voted unanimously to support the County’s withdrawal from the District. Pursuant to Motion 22-248, the County Council voted to authorize issuance of a notice of intent to withdraw from the District with a withdrawal date of December 31, 2022, with the intent to form a unified County health department. The District and the County are currently working towards the transition of public health services from the District to the County with an effective date of

December 31, 2022. This transition includes the transfer of title in the Rucker Building from the District to the County.

E. Beginning January 1, 2023, the County intends to use the Rucker Building for the operation of a County Health Department and delivery of public health services as required by state law. The County has asked all cities and towns that made contributions toward the purchase of the Rucker Building to relinquish any and all interest in the Rucker Building, including proceeds from any future sale, and the City has agreed to the same.

AGREEMENT

NOW, THEREFORE, in consideration of the respective agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the County and the City agree as follows:

1. RELINQUISHMENT OF INTEREST. The City hereby relinquishes, releases and conveys to the County any and all right, title and interest held by the City in the Rucker Building, including, but not limited to, proceeds from any future sale or other right to reimbursement. In order to more fully effectuate its relinquishment of interest, the City shall executed a quitclaim deed in favor of the County in substantially the form attached to this Agreement as Exhibit A.

2. CONTINUATION OF PUBLIC HEALTH SERVICES. The parties agree and acknowledge that the County's operation of a County Health Department in the Rucker Building comprises a public benefit, and further, that this Agreement ensures the uninterrupted and continuous delivery of public health services in Snohomish County to the direct benefit of the City and its residents. The City's decision to relinquish its rights as described in Section 1 above is in consideration for these benefits and for the costs to be incurred by the County upon the creation of a County Health Department and the transition of uninterrupted public health services thereto.

3. BINDING EFFECT. This Agreement shall be binding on and inure to the benefit of the County, the City, and their respective successors in interest and assigns.

4. COMPLETE AGREEMENT. This Agreement constitutes the entire agreement between the parties regarding the subject matter hereof and supersedes any and all prior oral or written agreements between the parties regarding the subject matter contained herein, including, but not limited to any memorandum of understanding, interlocal agreement, or District Charter Article VIII, Section 2. Any written or verbal agreements that are not set forth herein or incorporated herein by reference are expressly excluded.

5. EXECUTION IN COUNTERPARTS. This Agreement may be executed in counterparts, each of which shall constitute an original and all of which shall constitute one and the same Agreement.

IN WITNESS WHEREOF the parties hereto have executed this Agreement as of the date first above written.

CITY COUNCIL AGENDA ITEM REPORT

DATE: October 24, 2022

SUBMITTED BY: Shelli Edwards, Community Development

ITEM TYPE: Real Estate

AGENDA SECTION: **New Business**

SUBJECT: Maplewood Crossing (PA20-064) – Easement Release

SUGGESTED ACTION:

Recommended Motion: I move to authorize the Mayor to execute the Release of Easement to Keystone Land, LLC for recording with Snohomish County.

SUMMARY: Keystone Land, LLC is currently constructing the plat of Maplewood Crossing at the southeast corner of 44th St. NE & 71st Ave NE. The project site includes a small easement area, recorded in 1957, benefitting the City of Marysville for the purpose of installing and maintaining a water main. The project site lies immediately north of the City’s Sunnyside Well and Reservoir facility. Staff has reviewed as-built record drawings for the water facilities and has not found records of any facilities within the easement area. The City’s Water Operations group has confirmed there are no existing facilities in the easement area. The construction plans for the Sunnyside Reservoir, constructed in 2006, also do not show any water main utilities within the easement area. These plans would need to show a connection to, or abandonment of, any existing water main in the area, and any existing features encountered during construction would have been identified on the record drawings. In consideration of the research described above, staff concludes there are no City utilities in the easement area. The easement is likely a remnant for an intended design which was either never constructed, or has since been removed or abandoned, thus the City no longer needs to maintain this easement. Therefore, City staff recommends the City Council authorize the Mayor to execute and record the Release of Easement to Keystone Land, LLC.

EASEMENT

FILE 3885, Snohomish County, Washington
By Roscoe Moyer
Deputy

613
D
291

THIS INDENTURE, made this 8 day of February, 1957,
by and between ROSCOE MOYER and ALICE MOYER, his wife, First Party,
and the TOWN of MARYSVILLE, Snohomish County, Washington, Second
Party:

WITNESSETH:

That the First Party, does hereby grant, bargain, sell and
convey unto the said Second Party, a right-of-way and easement for
a water line together with the right to construct, maintain and
operate said water line and its necessary appurtenances in, upon,
through and across the following described property in Snohomish
County, Washington:

The West 30 feet of the East 80 feet of the following:
The North 30 feet of the West 686.12 feet of the SW $\frac{1}{2}$
of the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 2, Township 29, North,
Range 5 E.W.M.

Second Party shall have the right to enter upon said property
at such times as may be necessary for the purpose of constructing
repairing or operating said water line or making any connections
therewith without prior legal proceedings and without incurring
any liability therefor. In the event that fences existing in the
above described right-of-way are disturbed or damaged during the
construction or maintenance of said water line, Second Party shall
replace said fences in as good condition as they were immediately
before the property was entered upon.

This conveyance shall be a covenant running with the land, and
shall be binding on First Party and the heirs and assigns of First
Party forever.

Agenda Bill

CITY COUNCIL AGENDA ITEM REPORT

DATE: October 24, 2022

SUBMITTED BY: Shelli Edwards, Public Works

ITEM TYPE: Agreement

AGENDA SECTION: **New Business**

SUBJECT: Amendment No. 1 to WSDOT Maintenance Agreement GMB 1117

SUGGESTED ACTION:

Recommended Motion: I move to authorize the Mayor to sign and execute Amendment No. 1 to the WSDOT Maintenance Agreement number GMB 1117.

SUMMARY:

Washington State Department of Transportation (WSDOT) Maintenance Agreement number GMB 1117 was approved by the City Council on February 10, 2020 and executed by the Mayor and WSDOT effective February 25, 2020. This original Agreement established City obligations and necessary access rights through WSDOT Right of Way (ROW) for maintenance of the stormwater facilities constructed by the Kember’s Court East subdivision and Hunter’s Landing subdivision projects. This original Agreement may be modified by Amendment to include future subdivision development projects.

The Hunter’s Grove subdivision project includes construction of a stormwater facility, inclusive of an outfall pipe extending into WSDOT Highway 9 ROW. The City will assume responsibility of this stormwater facility after construction. This Amendment incorporates the Hunter’s Grove stormwater facility into WSDOT Maintenance Agreement number GMB1117 and provides the City necessary access to WSDOT ROW.

GMB 1117
Amendment No. 1
City of Marysville and Washington State
Department of Transportation
Hunters Grove

This Amendment No. 1 to Agreement GMB 1117 is entered into between the Washington State Department of Transportation, hereinafter “WSDOT,” and the City of Marysville, Washington, hereinafter the “City,” referred to individually as the “Party” and collectively as the “Parties.”

RECITALS

1. The Parties hereto entered into GMB 1117, hereinafter the “Agreement,” on February 25, 2020, in which the City agreed to maintain and repair developer-installed stormwater facilities for Kembers Court East and Hunter’s Landing that discharge into SR 9 limited access right of way. The Parties anticipated that stormwater facilities from nearby developments would be added to the Agreement through the amendment process.
2. A developer will construct houses on the “Hunters Grove” Plat and install new stormwater facilities in one Hunters Grove parcel, Snohomish County tax number 00590700007702, and in the abutting SR 9 limited access right of way. WSDOT has issued Utility Permit SP-NW-2021-008 to the developer to allow installation of stormwater facilities in the SR 9 limited access right of way at MP 18.63, as shown in Exhibit E (SP-NW-2021-008 was signed and issued on June 2, 2022).
3. WSDOT has granted a permanent access break to the City to allow the City to maintain the stormwater facilities from Hunters Grove into the SR 9 limited access right of way.
4. WSDOT and the City have agreed to amend the Agreement to address the addition of the Hunters Grove’ stormwater facilities to the City’s responsibilities.

NOW THEREFORE, pursuant to RCW 47.28.140, the above recitals that are incorporated herein as if fully set forth below, and in consideration of the terms, conditions, covenants and performances contained herein, and the attached Exhibit E that is incorporated and made a part hereof,

IT IS MUTUALLY AGREED AS FOLLOWS:

1. Section 9.1 of the Agreement allows the Agreement to be amended or modified by the mutual, written agreement of the Parties.
2. The Parties agree that Exhibit E is added to the Agreement.

3. Section 1.3 of the Agreement is hereby replaced with the following:

1.3 City Maintenance Responsibilities for Hunters Grove Stormwater Infrastructure

- 1.3.1 The City, at its sole cost and expense, agrees to maintain and repair all stormwater facilities from Hunters Grove located in the SR 9 limited access right of way in good condition, including the 12” stormwater pipe, the side-drain connection with pipes and yard basins, and the rock pad outfall (also referred to as “splash pad”), and to maintain the upstream sump (which is located within the Hunters Grove parcel), as shown in Exhibit E, hereinafter the “Hunters Grove Stormwater Infrastructure.”
- 1.3.2 Water will flow through the 12” stormwater pipe onto the rock pad outfall and then enter a ditch in the SR 9 limited access right of way. If this flow should cause damage to the SR 9 limited access right of way, the City agrees to repair the damage at its sole cost and expense.
- 1.3.3 The City, at its sole cost and expense, agrees it will not allow buildup of debris on the rock pad outfall, and if such buildup does occur the City agrees to remove the debris from the rock pad outfall and from the surrounding SR 9 limited access right of way.
- 1.3.4 The City, at its sole cost and expense, agrees to maintain the upstream sump located within the Hunters Grove parcel, to include cleaning out the upstream sump annually. The sump is on the upstream end of the 12” stormwater pipe. Should the upstream sump fail, the City agrees it will be responsible for any and all damages, clean-up, and restoration of the SR 9 limited access right of way that results from the upstream sump failure.
- 1.3.5 The City, at its sole cost and expense, agrees to provide all materials and labor associated with any modification, replacement, relocation, repairs, and/or any other incidental maintenance costs for the Hunters Grove Stormwater Infrastructure located in the SR 9 limited access right of way.
- 1.3.6 The City shall inspect the Hunters Grove Stormwater Infrastructure at least once per year.
- 1.3.7 The City commits to obtaining a maintenance easement on the Hunters Grove Plat that grants the City an emergency and routine maintenance easement, or, in the alternative, the City commits to taking full ownership of the lot containing the stormwater facilities during the plat process.

4. The Agreement is hereby supplemented with Section 1.4 as follows:

- 1.4 The City’s maintenance responsibilities for the Kembers Court East Stormwater Infrastructure, the Hunter’s Landing Stormwater Infrastructure, and the Hunters Grove

Stormwater Infrastructure are together hereinafter referred to as the “Stormwater Infrastructure.”

- 5. Section 7.1 of the Agreement is hereby amended to designate the Party Representative for WSDOT as follows:

Mark Renshaw
 Superintendent of Area 3 Maintenance
 Washington State Department of Transportation
 709 North Broadway
 Everett, WA 98201
 425.258.8300
RenshaM@wsdot.wa.gov

- 6. All other terms and conditions of the original Agreement shall remain in full force and effect except as modified by this Amendment No. 1.

- 7. Counterpart and Electronic Signature
 This Amendment No. 1 to the Agreement may be signed in multiple counterparts, each of which constitutes an original and all of which taken together constitute one and same agreement. Electronic signatures or signatures transmitted via e-mail in a "PDF" may be used in place of original signatures on this Amendment No. 1. Each Party intends to be bound by its electronic or "PDF" signature on this Amendment No. 1, is aware that the other Parties are relying on its electronic or "PDF" signature, and waives any defenses to the enforcement of this Amendment No. 1 based upon the form of signature.

IN WITNESS WHEREOF, the Parties hereto have executed this Amendment No. 1 to Agreement GMB 1117 as of the Party’s date last signed below.

City of Marysville	Washington State Department of Transportation

Kellie Schwacha
Pacific Ridge-DRH, LLC
17921 Bothell Everett Hwy., Suite 100
Bothell, WA 98012

Subject: SR 9 MP 18.63 to MP 18.63
Installation of Stormwater Discharge Outfall
Utility Permit SP-NW-2021-008

Dear Kellie Schwacha,

Please respond with a confirmation email that you have received this email/letter and the attached utility permit or franchise.

Enclosed is your approved Utility Permit for open trench to install 48ft of 12" stormwater pipe and a 12'Lx7'Wx2'D rockpad outfall. Construction of your utility must begin within one calendar year and be completed within three years of the date of approval shown on the application. Please note that the Traffic Control Plan for work within WSDOT right-of-way, Exhibit 'D', was approved as noted on March 3, 2022 and is valid for six months from that date. The Traffic Control Plan requires 5-day notice be provided to Krissy Kaufman at WSDOT's Construction Traffic Coordination Office:

Krissy Kaufman
Construction Traffic Coordination Office
15700 Dayton Ave. N., NB82-120
P.O. Box 330310
Seattle, WA 98133-9710
206-440-4454
KaufmK@wsdot.wa.gov

Prior to any construction equipment or personnel entering WSDOT right-of-way, a pre-construction conference is required with WSDOT's inspector, Michael Gallop. The utility shall notify Michael Gallop a minimum of 5 working days in advance:

Michael Gallop
NW Local Agency & Development Services Office
15700 Dayton Ave. N., MS 82-240
Seattle, WA 98133-9710

6/2/2022

Contact WSDOT NW Region Radio at (206) 440-4490 five minutes prior to start of all traffic closures and again upon reopening to traffic. A copy of the approved Utility Franchise must be on-site.

Please note, WSDOT invoice account number **JZ1190 GRP02** will continue to be charged for personnel time for inspection activities and attendance to the pre-construction conference.

For your convenience, here is the link to the WSDOT's Standard Specifications of Road, Bridge, and Municipal Construction: <http://www.wsdot.wa.gov/Publications/Manuals/M41-10.htm>

If you have any questions regarding your application, please contact me at 206-440-4130 or PHAMK@wsdot.wa.gov.

Sincerely,

Khoi Pham

Stormwater Discharge General Provisions

This Permit is issued pursuant to the terms of RCW 47.32, RCW 47.44, and WAC 468-34, and amendments thereto.

Exhibit E
GMB 1117
Amd. No. 1
Page 5 of 27

Provisions for the CONSTRUCTION of stormwater discharge facilities (facilities):

1. A copy of this Permit must be on the job site, protected from the elements, at all times during any construction authorized by this Permit.
2. The Utility agrees to pay the reasonable costs of WSDOT for investigating, handling, and granting the Permit, including but not limited to basic overhead charges and for providing an inspector during construction and/or maintenance of the Utility's facilities. Further, the Utility agrees that it shall be responsible for and pay WSDOT's expended direct and indirect costs associated with applicable provisions of the Permit.
 - (a) WSDOT will assign a reimbursable account to the Utility as a means of invoicing the Utility for the costs associated with this Permit.
 - (b) WSDOT will invoice the Utility and the Utility agrees to pay WSDOT within thirty (30) calendar days of the invoice date.
3. Upon approval of this Permit, the Utility shall diligently proceed with the Work and comply with all Stormwater Discharge General and Special provisions herein. Construction of facilities proposed under this Permit shall begin within one (1) year and must be completed within three (3) years from date of WSDOT approval. "Work" under this Permit shall mean construction, operation, and maintenance of the Utility's facilities as authorized herein.
4. Should the Utility breach any of the conditions and requirements of this Permit, or should the Utility fail to proceed with due diligence and in good faith with the Work as authorized by this Permit, WSDOT may cancel or revoke the Permit upon thirty (30) calendar days written notice to the Utility.
5. The Utility shall notify WSDOT representative in special provision 1 of the name, address, and telephone number of its contractor when the Work is going to be performed with other than its own forces. When the Utility uses a contractor, an authorized representative of the Utility shall be present or available at all times unless otherwise agreed to by WSDOT representative. A list of authorized representatives shall be submitted prior to the construction start date. (Authorized representatives are defined as persons having signatory authority for the Utility and or the authority to control the Work as needed for any issues identified by WSDOT.)
6. The Utility agrees to schedule and perform its Work in such a manner as not to delay WSDOT's Maintenance activities or WSDOT's contractor's work when WSDOT has a contractor performing work in the vicinity of the Utility's Work.
7. All contact between WSDOT and the Utility's contractor shall be through the Utility representative. Where the Utility chooses to perform the Work with its own forces, it may elect to appoint one of its own employees engaged in the Work as its representative. The Utility, at its own expense, shall adequately police and supervise all Work performed by itself, its contractor, subcontractor, agent, and/or others, so as not to endanger or injure any person or property.
8. The Utility shall contact the identified WSDOT representative two (2) weeks prior to conducting Work, to determine the location of survey control monuments within the area in which the Utility will be working. In the event any monument or right of way marker will be altered, damaged, or destroyed by the Utility, WSDOT, prior to Utility Work, will reference or reset the monument or right of way marker. During the Work, upon discovery of a monument or right of way marker, the Utility shall cease Work in that area and immediately notify WSDOT of the discovery. WSDOT will coordinate with the Utility to ensure that the monument or right of way marker is recorded or replaced. The Utility agrees to pay all WSDOT costs to perform monument or right of way marker work, as provided in this provision, in accordance with Stormwater Discharge General Provision 2.
9. In the event any milepost, fence, or guardrail is located within the limits of the Utility's Work and will be disturbed during Utility Work, the Utility agrees to carefully remove these highway facilities prior to Utility Work and reset or replace these highway facilities after the Utility Work, to WSDOT's sole satisfaction and at the sole cost of the Utility. The Utility agrees that all highway signs and traffic control devices shall not be removed or disturbed during Utility Work.
10. The Utility agrees that all Work shall be done to the satisfaction of WSDOT. All material and workmanship shall conform to WSDOT's Standard Specifications for Road, Bridge, and Municipal Construction, current edition, and amendments thereto, and shall be subject to WSDOT inspection. All WSDOT acceptance and inspections are solely for the benefit of WSDOT and not for the benefit of the Utility, the Utility's contractor (if any), or any third party. The Utility agrees that it shall pay all WSDOT inspection costs in accordance with Stormwater Discharge General Provision 2.

11. The Utility shall provide proof of insurance coverage prior to performing any Work within state-owned highway right of way, as follows:
 - (a) Commercial General Liability covering the risks of bodily injury (including death), property damage, and personal injury, including coverage for contractual liability, with a limit of not less than \$3 million per occurrence and in the aggregate;
 - (b) Business Automobile Liability (owned, hired, or non-owned) covering the risks of bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of not less than \$2 million per accident;
 - (c) Employers Liability covering the risks of Utility's employees' bodily injury by accident or disease, with limits of not less than \$1 million per accident for bodily injury by accident and \$1 million per employee for bodily injury by disease.

Such insurance policies or related certificates of insurance shall name the Washington State Department of Transportation as an additional insured on all general liability, automobile liability, employers' liability, and excess policies. A forty-five (45) calendar day written notice shall be given to WSDOT prior to termination of or any material change to the policy(ies) as such relate(s) to this Permit or Franchise.

12. If the Utility is a city or county, it has provided verification of insurance coverage to WSDOT by providing proof of its coverage through a Risk Pool or verification that the city or county is self-insured, to comply with the insurance terms and conditions of this Permit or Franchise.
13. The Utility shall comply with the Manual on Uniform Traffic Control Devices for Streets and Highways (Federal Highway Administration) and the State of Washington modifications thereto (chapter 468-95 WAC) while it performs the Work. If WSDOT requires, the Utility shall submit a signing and traffic control plan to WSDOT's representative for approval prior to construction or maintenance Work. No lane closures shall be allowed except as approved by WSDOT's representative. Approvals may cause revision of Special Provisions of this Permit, including hours of operation.
14. This Permit may not be amended or modified without WSDOT's prior review and written approval. Upon completion of the Work, the Utility shall notify WSDOT's representative within ten (10) calendar days for WSDOT's final inspection, and the Utility shall provide the Region Utilities Engineer with detailed as-built drawings within ninety (90) calendar days of Work completion, if the originally approved Permit construction plans have been revised during the course of construction.
15. The Utility shall not excavate or place any obstacle within the state-owned highway right of way in such a manner as to interfere with WSDOT's construction, operation, and maintenance of the state-owned highway right of way or the public's travel thereon without first receiving WSDOT's written authorization.
16. The Utility agrees to maintain, at its sole expense, its facilities authorized by this Permit in a condition satisfactory to WSDOT.
17. The Utility agrees that it is financially responsible to WSDOT for all necessary expenses incurred in inspecting the construction and restoring the highway pavement or related transportation equipment or facilities to a permanent condition suitable for travel as solely determined by WSDOT, as well as financially responsible to WSDOT for trenching work not completed and for compensating WSDOT for the loss of useful pavement life caused by trenching as required by RCW 47.44.020.
18. Upon completion of all Work, the Utility shall immediately remove all rubbish and debris from the state-owned highway right of way, leaving the state-owned highway right of way in a neat, presentable, and safe condition to WSDOT's satisfaction. Any Work-related rubbish and debris clean up, or any necessary slope treatment to restore and/or protect the state-owned right of way, not done within one (1) week of Work completion, unless otherwise agreed to by WSDOT, will be done by WSDOT at the expense of the Utility. The Utility agrees to pay WSDOT's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
19. The Utility shall comply with WSDOT's Highway Runoff Manual (M 31-16) and any revisions thereto, for erosion control and/or to mitigate any erosion occurring as a result of the Work. If the Utility Work performed under this Permit alters, modifies, changes, or interferes in any way with the drainage of the state-owned highway right of way, the Utility shall, at its own expense, make all corrections and/or provisions WSDOT requires to fix and restore the state-owned right of way drainage to its original condition and function prior to the Utility's Work. Should the Utility not make the required drainage restoration, WSDOT reserves the right to make such changes as necessary to restore the original drainage function at the sole cost of the Utility, and the Utility agrees to pay WSDOT's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.

20. The Utility shall be responsible for securing all necessary permits, including but not limited to, federal, state, and local regulatory, tribal, environmental, archeological, and railroad permits and permits from the Washington State Department of Ecology, the Washington State Department of Fish and Wildlife, and/or the U.S. Army Corps of Engineers prior to beginning the Work authorized by this Permit. The Utility shall be responsible for mitigation measures where wetlands have been disturbed and agrees that it is responsible for any fines imposed for noncompliance with the permit(s) conditions or for failure to obtain the required permits. In addition, the Utility, on behalf of itself and its contractors, officers, officials, employees, and agents, agrees to indemnify, hold harmless, and defend, at its sole cost and expense, WSDOT and its officers, officials, employees, and agents from any and all fines, costs, claims, judgments, and/or awards of damages (to regulatory agencies, persons, and/or property), arising out of, or in any way resulting from, the Utility's failure to (1) obtain any required permit for the Utility Work or (2) comply with permit conditions. Further, the Utility shall be responsible for compliance with all federal, state, and local laws, regulations. Utility also agrees to pay any costs incurred by WSDOT, including attorneys fees, pursuant to the provisions of this section in accordance with Stormwater Discharge General Provision 2.
21. For any of the Utility's Work that requires permit coverage under the "CONSTRUCTION STORMWATER GENERAL PERMIT – National Pollutant Discharge Elimination System and State Waste Discharge General Permit for Stormwater Discharges Associated with Construction Activity" (Construction Stormwater General Permit), the Utility shall obtain said permit coverage and shall comply with all requirements of the Construction Stormwater General Permit. Upon WSDOT's request, the Utility shall provide a copy of the Construction Stormwater General Permit. In addition, the Utility, on behalf of itself and its contractors, officers, officials, employees, and agents, agrees to indemnify, hold harmless, and defend, at its sole cost and expense, WSDOT and its officers, officials, employees, and agents from any and all fines, costs, claims, judgments, and/or awards of damages to regulatory agencies, persons, and/or property, arising out of, or in any way resulting from, the Utility's failure to (1) obtain coverage under the Construction Stormwater General Permit for Utility Work or (2) comply with the Construction Stormwater General Permit requirements. Utility also agrees to pay any costs incurred by WSDOT, including attorneys fees, pursuant to the provisions of this section in accordance with Stormwater Discharge General Provision 2.
22. This Permit does not authorize the Utility, or its employees, contractors, or agents, any right to cut, spray, retard, remove, destroy, disfigure, or in any way modify the physical condition of any vegetative material located on the state-owned highway right of way. Should the Utility anticipate that its Work will alter the appearance of the state-owned highway right of way vegetation, the Utility shall notify WSDOT representative listed in special provision 1 to obtain WSDOT's prior written approval of the Utility's proposed work. If WSDOT permits the Utility to modify the state-owned highway right of way vegetation, it agrees that any vegetation cutting and/or trimming activities shall be conducted in such a manner that the state-owned highway right of way vegetation appearance will not be damaged. Should the Utility damage the appearance of the state-owned highway right of way vegetation without WSDOT's prior written approval, the Utility is subject to penalties provided for in RCWs 47.40.070, 47.40.080, and 4.24.630, as applicable. Provisions for Stormwater Discharge OCCUPANCY of state-owned right of way:
23. If WSDOT, at its sole discretion, shall determine that any or all of the Utility's facilities must be modified, removed from, or relocated within the state-owned highway right of way as necessary, incidental, or convenient for the construction, alteration, improvement, repair, relocation, or maintenance of the state highway, or for the safety of the traveling public, the Utility, its successors and assigns, shall, at its sole cost and expense, upon written notice by WSDOT, modify, relocate, or remove any or all of its facilities within or from the state-owned highway right of way as required by WSDOT. The Utility shall perform in a timely manner all facility modifications, relocations, and/or removals as WSDOT directs, to avoid highway project impacts or delays and in such manner as will cause the least disruption of traffic or interference with WSDOT's continued operation and/or maintenance of the highway.
24. Should the Utility fail or refuse to comply with WSDOT's direction, pursuant to Stormwater Discharge General Provision 21, to modify, remove, or relocate any Utility facility, WSDOT may undertake and perform any modification, removal, or relocation of the Utility facility that WSDOT, in its sole discretion, deems necessary. The Utility agrees to pay WSDOT's expended costs and expenses for performing the work, in accordance with Stormwater Discharge General Provision 2.
25. If WSDOT determines in good faith that emergency maintenance work on the Utility's facility is needed to (a) protect any aspect of the state highway right of way or (b) secure the safety of the traveling public due to a failure of the Utility's facility, WSDOT may perform the necessary work without the Utility's prior approval, and the Utility agrees to pay WSDOT's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2. WSDOT will notify the Utility of the emergency work performed as soon as practicable.

26. WSDOT may amend, revoke, or cancel this Permit at any time by giving written notice to the Utility. If the Permit is amended, the Utility will have thirty (30) calendar days to modify the facility as the Permit amendment(s) require. If the facility modifications cannot be made within thirty (30) calendar days, the Utility shall respond to WSDOT, in writing, as to when the facility modifications can be made. If the Permit is revoked or canceled, the Utility shall immediately remove all facilities from the right of way. Any facilities remaining upon the right of way thirty (30) calendar days after written notice of Permit revocation or cancellation may be removed by WSDOT at the expense of the Utility. The Utility agrees to pay WSDOT's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
27. The Utility shall not assign or transfer this Permit without WSDOT's prior written approval. The Utility understands that any assignment or transfer requires the assignee or transferee to have the means to assume all obligations, duties, and liabilities of the terms and conditions of this Permit, and the Utility will advise the assignee or transferee of its obligation to apply for an updated or replacement Permit. If WSDOT does not approve the assignment or transfer, this Permit shall automatically terminate, and the Utility shall be subject to the terms of RCW 47.44.060.
28. The Utility, its successors and assigns, shall indemnify, defend at its sole cost and expense, and hold harmless the State of Washington, its officers and employees, from all claims, demands, damages both to persons and/or property, expenses, regulatory fines, and/or suits that (1) arise out of or are incident to any acts or omissions of the Utility, its agents, contractors, and/or employees, in the use of the state-owned highway right of way as authorized by the terms and conditions of this Permit, or (2) are caused by the breach of any of the terms or conditions of this Permit by the Utility, its successors and assigns, and its contractors, agents, and/or employees. The Utility, its successors and assigns, shall not be required to indemnify, defend, or hold harmless the State of Washington, its officers and/or employees, if the claim, suit, or action for damages both to persons and/or property is caused by the sole acts or omissions of the State of Washington, its officers and/or employees; provided that, if such claims, suits, or actions result from the concurrent negligence of (a) the State of Washington, its officers and/or employees, and (b) the Utility, its successors or assigns, agents, contractors, and/or employees, or involves those actions covered by RCW 4.24.115, the indemnity provisions provided herein shall be valid and enforceable only to the extent of the acts or omissions of the Utility, its successors or assigns, agents, contractors, and/or employees.
29. The Utility agrees that its obligations under this Permit extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents while performing Work under this Permit while located on state-owned highway right of way. For this purpose, the Utility, by MUTUAL NEGOTIATION, hereby waives, with respect to the State of Washington only, any immunity that would otherwise be available to it against such claims under the Industrial Insurance provisions in chapter 51.12 RCW.
30. The Insurance limits in Stormwater Discharge General Provisions 11 and 12 apply to occupancy.
31. The indemnification and waiver provided for in Stormwater Discharge General Provisions 28 and 29 shall survive the termination of this Permit.
32. Any action for damages against the State of Washington, its agents, contractors, and/or employees, arising out of damages to a utility or other facility located on state-owned highway right of way, shall be subject to the provisions and limitations of RCW 47.44.150.
33. This Permit shall not be deemed or held to be an exclusive one and shall not prohibit WSDOT from granting rights of like or other nature to other public or private utilities, nor shall it prevent WSDOT from using any of the state-owned highway right of way or other properties for transportation purposes, or affect WSDOT's right to full supervision and control over all or any part of the state-owned highway right of way or properties, none of which is hereby surrendered.

Permit No. SP-NW-2021-008

Applicable provisions are denoted by (X)

- 1. No Work (for the intent of this Permit, operation or maintenance) provided for herein shall be performed until the Utility is authorized by the following Washington State Department of Transportation (Department) Representative(s):

Name: Michael Gallop Title: WSDOT Inspector Street: 15700 Dayton Ave N, MS 82-240 City: Seattle State: WA Zip: 98133-9710 Phone: 206-440-4913 Cell: 206-940-2736 Email: GallopM@wsdot.wa.gov

- 2. The Department assumes no responsibility or liability in any manner for any effect its highway drainage system may have on the Utility's system.
3. The utility agrees to assume all liability and responsibility, including fines and taxes, for the water quality related to its runoff collection system...
4. The utility agrees to assume all liability and responsibility associated with the design, construction, maintenance, and operation of its Stormwater management and drainage system(s).
5. Construction of all Stormwater management facilities shall be part of the initial construction of the system under this Permit.
6. For major repair or replacement work, as defined in Special Provisions 11, the Utility shall provide Traffic Control Plans, for approval, and FAX the complete attached "Notification of Maintenance" to the identified Department Representative(s) at least fourteen (14) working days...
7. Upon receipt of the Maintenance Notification, the Department will advise the Utility if there are any restricted Work timeframes within the state-owned highway right of way.

- 8. For major Repair. Anytime Work is underway within the right of way, during the non-working hours, equipment and materials shall not be located or stored within the work zone clear zone (WZCZ) area. Minimum WZCZ distances will be measured from the edge of the traveled way (the portion of the roadway intended for the movement of vehicles, exclusive of shoulders and lanes for parking, turning, and storage for turning) and will be determined as follows:

Posted Speed	Distance From Traveled Way (ft)
35 mph or less	10
40 mph	15
45 to 55 mph	20
60 mph or greater	30

Minimum Work Zone Clear Zone Distance

- 9. The Utility agrees that, in the event any construction and/or maintenance of the highway facility becomes necessary within the proximity of the utility installation, it is expressly understood that, upon request from the Department's representative, the Utility will promptly identify and locate by suitable field markings any and all of its underground facilities so that the Department or its contractor can be fully apprised of their precise locations.
- 10. "Routine Maintenance" of the Drainage System shall include cleaning and repair and/or replacement of any minor failures to structure and /or components and repair of any damage to the state-owned right of way caused by the maintenance and operation of the Drainage System. Routine Maintenance will not require notification to the STATE.
- 11. For major repair and/or replacement work, not defined within Routine Maintenance, the Utility shall provide the Department notification of the need for such repairs and/or replacement work. The Utility is responsible to determine the method of repair to the Drainage System and shall restore Department's right of way to current Department maintenance standards, at the sole cost and expense to the Utility. The Department reserves the right to review damages occurring to the state-owned right of way, as a result of failure of the Drainage System, and oversee the restoration.

Traffic Control Plans shall be submitted with the notification, and approved, prior to any major repair and or replacement work is done.
- 12. The Department shall not be responsible for damages to the Drainage System caused by Utility employees or the Utility's contractors working within state-owned right of way. Should the Utility or its contractors damage the Drainage System, it agrees to notify the Department as soon as practical. The Utility and Department will work together in good faith to agree upon the required repairs. The Utility agrees to make such repairs at its sole cost and expense.
- 13. Maintenance access of this facility will be from SR _____, only.

Exhibit E
GMB 1117
Amd. No. 1
Page 10 of 27

- 14. This permit is only for an installation of the new storm sewer facilities that discharge runoff on to WSDOT owned ditch on SR 9, as shown in the utility facility description.
- 15. This permit is assigned to the identified parcel(s) served by the stormwater facility and shall remain appurtenant to the identified parcel(s). Should the identified parcel(s) be inherited, sold, assigned, or transferred in any way, this permit shall run with the land to the extent that the identified parcel(s) remain in compliance with the terms of this permit, unless the permit is revoked, modified, or closed by WSDOT as provided by law or the current Permit Holder requests the cancellation of the permit.

Identified parcel is 00590700007702, 5xxx 89th Ave NE, Marysville, WA 98270.

- 16. Traffic control plans for this permit have been reviewed by the WSDOT Construction Traffic Coordination Office (CTCO) and have been Approved/Approved As Noted, when applicable. The Grantee/Utility shall be required to follow the lane closure hours provided by WSDOT-Reviewed Traffic Control Plan. See Exhibit 'D' for approved Traffic Control Plans. The applicant, or the applicant's contractor, shall contact the following CTCO Engineer five (5) working days prior to traffic control set up for coordination:

Krissy Kaufman
Construction Traffic Coordination Office
15700 Dayton Ave. N., NB82-120
P.O. Box 330310
Seattle, WA 98133-9710
206-440-4454
KaufmK@wsdot.wa.gov

The approved traffic control plan expires on September 3, 2022 and is intended to be renewable through the construction phase of this Utility Permit/Utility Franchise. For traffic control plan renewal or modification, send request to: Michael Gallop 206-440-4913/206-940-2736
GALLOPM@wsdot.wa.gov

- 17. The Utility shall notify the WSDOT representative(s), listed in Exhibit 'F', twenty (20) working days (Monday through Friday excluding any holidays) prior to any scheduled maintenance work to be performed in the state-owned highway right of way.
- 18. No closures will be allowed from noon the day prior to a holiday or holiday weekend through noon the day following a holiday or holiday weekend. It is a holiday weekend when the holiday falls on a Friday, Saturday, Sunday, or Monday.
- 19. The sump on the upstream end of the discharge pipe, located on the parcel associated with this Stormwater discharge permit shall be visually inspected and cleaned out annually. Should the sump on the upstream end of the discharge pipe fail, the permit holder, shall be responsible for the all damages, clean-up, and restoration to state right of way resulting from sump failure. The permit holder has assigned easement for maintenance responsibilities for storm water facilities within the identified parcel to the City of Marysville.

SP-NW-2021-008

- ☒ 20. Installation of the Stormwater Discharge Pipe and Splash Pad shall conform with the Washington State Department of Transportation 2018 Standard Specifications. Specifically, the following sections:
 - For Discharge Pipe installation see Chapter 7 Section 7-08 (3) General Pipe Installations.
 - Discharge Pipe shall meet the requirements of Chapter 9 Section 9-05 Drainage Structures and Culverts.
 - Backfill over Discharge Pipe shall be in accordance with Chapter 7 Section 7-08.3(3) and Chapter 2 Section 2-03(140)C.
 - The rock placed for the splash pad shall meet the requirements of Chapter 9 Section 9-13.4 Rock for Erosion and Scour protection.
- ☒ 21. Excavation shoring shall comply with WAC 296-155, Part N.
- ☒ 22. Stormwater runoff shall be properly detained and treated per the NPDES Permit requirement before Discharge into the Department-owned drainage system.
- ☒ 23. The Utility shall be responsible for maintenance and repair of the side-drain connection, including the pipes and yard basins.
- ☒ 24. No access for construction, or maintenance of discharge pipe, and splash pad shall take place from the lanes or shoulders of SR 9 without an approved traffic control plan. Please provide a traffic control plan for review 14 working days prior to any maintenance activity.
- ☒ 25. The outlet end of the discharge pipe, and splash pad shall be visually inspected, at a minimum annually or as needed to ensure its intended function. Should the outlet end of the pipe produce a build-up of material at the end of the pipe or fill the ditch, the City of Marysville as the designated party responsible for maintenance via Maintenance Agreement GMB 1117 Amendment 01 shall be responsible to remove all excess material from state right of way and restore the Utility's and the Department's stormwater system to its original condition. Should the splash pad become clogged with debris resulting in the ditch filling, the permit holder, the City of Marysville as designated party responsible for maintenance shall be responsible for removing the accumulated debris from state right of way.
- ☒ 26. The designated limited access break at SR 9 MP 18.63 is related to maintenance of the Stormwater discharge facilities at SR 9 MP 18.63. The City of Marysville, as the party designated as responsible for maintenance shall have sole use of the limited access break for the purposes of maintenance of the stormwater discharge facilities located at SR 9 MP 18.63. No other entities related to parcel 00590700007702 such as a Homeowners Association shall have access rights to or from SR 9.
- ☒ 27. The City of Marysville via General Maintenance Agreement GMB 1117 Amendment 01, has agreed to take on maintenance responsibilities associated with the parcel number 00590700007702 SR 9 stormwater discharge outfall at MP 18.63 and is the party designated as responsible for all maintenance activities related to this permit.

28. In the event that during the course of this project an inadvertent discovery of historical/ archeological objects, human remains, or a bone/ bone of uncertain origin is made, the Utility shall immediately cease operations and contact WSDOT Representative Exhibit 'E' and WSDOT Archaeologist:

Name: Jason Cooper
Phone: 206-440-4525
Email: CoopJas@wsdot.wa.gov

Determination of necessary follow-up actions or the ability to continue work shall be at the discretion of the WSDOT.

29. The Utility shall use gravel, select borrow or native material if it is not wet or unsuitable for open trench backfill. The Utility shall not leave excavated material on site.
30. The Utility shall restore the disturbed area(s) as follows:
- Return grades to even with the surrounding areas, ensuring no rutting over 3" deep or low areas that could trap water.
 - Apply 3" of soil amendment to all disturbed areas. Soil amendment is defined as 3 inches of fine compost tilled to a 12-inch depth.
 - Apply 3" of bark or woodchip mulch on top of amended soil.
 - Plant 13- 1 gallon container snowberry (*Symphoricarpos albus*) and 13- 1 gallon container salmonberry (*Rubus spectabilis*), and 13- 1 gallon Nootka rose (*Rosa nutkana*), 3-4 feet apart. Evenly spaced in the disturbed area.
 - Plants shall be installed on the backside of the ditch. Opposite the roadway.
 - Planting must occur between October 1st and March 1st.
 - No plant establishment is required.

ACCESS APPROACH SCHEDULE

No. 5 This approach is to be used for the operation, maintenance and repair of the utility specified. The approach shall not exceed 20 feet in width.
* At such time as SR 528 is constructed, this approach shall be removed.

No. 7 This approach is to be used for the operation of a tree farm or tree farms including the removal of raw forest products therefrom and may not be used for retail marketing. The approach shall not exceed 30 feet in width.

Type C approach is an Off and On approach in legal manner, for special purpose and width to be agreed upon. It may be specified at a point satisfactory to the State at or between designated highway stations.

No. 9. This approach shall be gated and locked when not in use.

No. 21. The privilege of access to areas within the right of way is permitted from outside the right of way to the user designated, solely for use authorized by and subject to the conditions of the Franchise, Permit, or Agreement specified. No Access will be allowed to the traveled highway lanes or ramps.

Type B approach is an off and on approach in legal manner, not to exceed 20 ft width, for use necessary to the normal operation of a farm.

Subject: **Hunters Grove, SR-9 MP18.63**
Outfall Rock Pad Calculation

This memo provides the outfall rock rad calculation for the proposed Hunters Grove stormwater discharge at SR-9, MP18.63. The Washington State Department of Ecology sizing guidelines have been used to size the outfall pad. The stormwater modeling included in the project's Stormwater Site Plan report has estimated the peak 100-year unmitigated flows from the site at 3.77 cfs. The free flow velocity of 3.77 cfs through a 12" smooth-walled pipe at 1.77% is 7.16 ft/sec (see flow calculation summary below). With an 100-year peak discharge velocity at 7.16 ft/sec the minimum outfall pad shall be 12' (L) x 7' (W) x 2'(D) lined with riprap rock. See the sizing details and specifications provided below.

GRAVITY PIPE FLOW (Chezy-Manning)

Plan Sheets/Maps
Page 7 of 9

Discharge Velocity at Design Flow in feet per second (fps)	Required Protection Minimum Dimensions				
	Type	Thickness	Width	Length	Height
0 - 5	Rock lining ⁽¹⁾	1 foot	Diameter +6 feet	8 feet or 4 x diameter, whichever is greater	Crown + 1 foot
5+ - 10	Riprap ⁽²⁾	2 feet	Diameter +6 feet or 3 x diameter, whichever is greater	12 feet or 4 x diameter, whichever is greater	Crown + 1 foot
10+ - 20	Gabion outfall	As required	As required	As required	Crown + 1 foot
20+	Engineered energy dissipater required				

Footnotes:

1. **Rock lining** shall be quarry spalls with gradation as follows:

- Passing 8-inch square sieve: 100%
- Passing 3-inch square sieve: 40 to 60% maximum
- Passing 3/4-inch square sieve: 0 to 10% maximum

2. **Riprap** shall be reasonably well graded with gradation as follows:

- Maximum stone size: 24 inches (nominal diameter)
- Median stone size: 16 inches
- Minimum stone size: 4 inches

Note: Riprap sizing governed by side slopes on outlet channel, assumed to be approximately 3H:1V.

4	15 max.

LEGEND

- (A) Surface treatment to restore existing to match adjacent (seeding, bark, etc.).
- (B) Native material or as directed by WSDOT.
- (C) Bedding material. Bedding material depth over and beneath pipe casing shall be half the diameter of pipe casing or 6 inches, whichever is less.

GENERAL NOTES

1. Trenching and pipe installation shall meet the requirements of WSDOT Standard Specification 7-08.
2. Maximum trench width shall be outside casing pipe width plus 1 foot either side of casing pipe.
3. Compaction shall be method C per Standard Specification Section 2-03.3 (14) C.
4. When connecting to an existing facility under the pavement, pavement restoration may, at the department's discretion, include the full lane width and encroached shoulder.
5. Casing pipes shall extend a minimum of six (6) feet beyond the toe of fill slopes, bottom of ditchline, or outside of curb.

MAINTENANCE WORK ONLY

GMB 1117

This Maintenance Agreement, hereinafter "Agreement," is made and entered into between the Washington State Department of Transportation, hereinafter "WSDOT," and the City of Marysville, Washington, hereinafter the "City," hereinafter collectively referred to as the "Parties" and individually as the "Party."

RECITALS

1. A developer has constructed houses on a parcel, tax number 00590700005400, hereinafter "Kembers Court East or Kember's Court East." Another developer is constructing houses on a parcel located south of Kembers Court East, tax number 00590700006701, hereinafter "Hunter's Landing." Both parcels abut WSDOT State Route 9 (SR 9) limited access right of way, hereinafter "SR 9 limited access right of way."
2. WSDOT has issued a stormwater discharge permit, Utility Permit (UP) 20591, to the developer of Kembers Court East to allow installation of stormwater facilities in the SR 9 limited access right of way at approximately Milepost (MP) 18.81, as shown on Exhibit A (P. 1 of 2). WSDOT will issue UP 20591 Addendum #01 to the developer superseding UP 20591. *See* Exhibit B. WSDOT will grant a permanent access break to the City to allow the City to maintain the stormwater facilities from Kembers Court East into the SR 9 limited access right of way.
3. The City recorded an easement for maintenance on the Kember's Court East Plat. Tract 989, which includes a portion of the stormwater facilities, is subject to an easement that grants the City an emergency and routine maintenance easement. Tract 990 contains an easement to the City for ingress, egress and maintenance of the stormwater facility on Tract 989.
4. WSDOT has issued a stormwater discharge permit, S1-19-12, to the developer of Hunter's Landing to allow installation of stormwater facilities in the SR 9 limited access right of way at approximately MP 18.71, as shown on Exhibit C (P. 1 of 2). *See* Exhibit D. The Hunter's Landing plat is not yet complete. However, the City commits to obtaining a maintenance easement on the Hunter's Landing Plat with the same rights as those granted to the City on the Kember's Court East Plat, or, in the alternative, the City commits to taking full ownership of the lot containing the stormwater facilities during the plat process. WSDOT will grant a permanent access break to the City to allow the City to maintain the stormwater facilities from Hunter's Landing into the SR 9 limited access right of way.
5. The City agrees, at its sole cost and expense, to maintain stormwater outfalls, pipes, catch basins, trash racks and energy dissipation devices in the SR 9 limited access right of way from Kembers Court East and from Hunter's Landing. The City also agrees, at its sole

cost and expense, to maintain the upstream sump in Kembers Court East and to maintain the upstream sump in Hunter's Landing.

6. The City agrees, as part of its maintenance responsibilities for the stormwater facilities from Kembers Court East and Hunter's Landing, that it will protect the SR 9 limited access right of way from damage and/or debris impacts at the City's sole cost and expense.

NOW, THEREFORE, pursuant to RCW 47.28.140, the above recitals that are incorporated herein as if fully set forth below, and in consideration of the terms, conditions, covenants and performances contained herein, and the attached Exhibit A, Exhibit B, Exhibit C and Exhibit D which are incorporated and made a part hereof.

IT IS MUTUALLY AGREED AS FOLLOWS:

1. CITY MAINTENANCE RESPONSIBILITIES

1.1 City Maintenance Responsibilities for Kembers Court East Stormwater Infrastructure

- 1.1.1 The City, at its sole cost and expense, agrees to maintain and repair all stormwater facilities from Kembers Court East located in the SR 9 limited access right of way in good condition, including the stormwater discharge pipe and the splash pad, and to maintain the upstream sump (which is located within the Kembers Court East parcel), as shown approximately on Exhibit A (P. 2 of 2), hereinafter the "Kembers Court East Stormwater Infrastructure."
- 1.1.2 The splash pad is located in the existing SR 9 limited access right of way ditch. The City, at its sole cost and expense, agrees it will not allow buildup of debris on the splash pad, and if such buildup does occur the City agrees to remove the debris from the splash pad and from the surrounding SR 9 limited access right of way.
- 1.1.3 The City, at its sole cost and expense, agrees to maintain the upstream sump located within the Kembers Court East parcel. The sump is on the upstream end of the discharge pipe. Should the upstream sump fail, the City agrees it will be responsible for any and all damages, clean-up and restoration to the SR 9 limited access right of way that results from the upstream sump failure.
- 1.1.4 The City, at its sole cost and expense, agrees to provide all materials and labor associated with any modification, replacement, relocation, repairs, and/or any other incidental maintenance costs for the Kembers Court East Stormwater Infrastructure located in the SR 9 limited access right of way.

- 1.1.5 The City shall inspect the Kembers Court East Stormwater Infrastructure at least once per year.

1.2 City Maintenance Responsibilities for Hunter's Landing Stormwater Infrastructure

- 1.2.1 The City, at its sole cost and expense, agrees to maintain and repair all stormwater facilities from Hunter's Landing located in the SR 9 limited access right of way in good condition, including the side-drain connection (which consists of a 12" storm drain pipe and a catch basin), the rock pad outfall, and to maintain the upstream sump (which is located within the Hunter's Landing parcel), as shown approximately on Exhibit C (P. 2 of 2), hereinafter the "Hunter's Landing Stormwater Infrastructure."

- 1.2.2 Water will flow through the 12" storm drain pipe onto the rock pad outfall and then enter the existing ditch in the SR 9 limited access right of way. The City, at its sole cost and expense, agrees it will not allow buildup of debris on the rock pad outfall, and if such buildup does occur the City agrees to remove the debris from the rock pad outfall and from the surrounding SR 9 limited access right of way. The City's maintenance and repair responsibility includes the 12" storm drain pipe and catch basin.

- 1.2.3 The City, at its sole cost and expense, agrees to maintain the upstream sump located within the Hunter's Landing parcel. The sump is on the upstream end of the discharge pipe. Should the upstream sump fail, the City agrees it will be responsible for any and all damages, clean-up and restoration to the SR 9 limited access right of way that results from the upstream sump failure.

- 1.2.4 The City, at its sole cost and expense, agrees to provide all materials and labor associated with any modification, replacement, relocation, repairs, and/or any other incidental maintenance costs for the Hunter's Landing Stormwater Infrastructure located in the SR 9 limited access right of way.

- 1.2.5 The City shall inspect the Hunter's Landing Stormwater Infrastructure at least once per year.

- 1.3 The City's maintenance responsibilities for the Kembers Court East Stormwater Infrastructure and the City's maintenance responsibilities for the Hunter's Landing Stormwater Infrastructure are together hereinafter referred to as the "Stormwater Infrastructure."

2. TRAFFIC CONTROL

- 2.1 If it is likely that the City's work authorized under this agreement shall conflict with, impede or disrupt the SR 9 limited access right of way's construction, operation and/or maintenance, or endanger the safety of the traveling public, the City shall submit traffic

control plans to the WSDOT Construction Traffic Control Operations Manager for the Northwest Region, for review and approval fourteen (14) working days prior to the start of the City's work. If WSDOT rejects the traffic control plans, WSDOT shall work cooperatively with the City to develop acceptable plans.

- 2.2 The City agrees that all traffic control for work on the Stormwater Infrastructure within the SR 9 limited access right of way shall be in compliance with the Manual on Uniform Traffic Control Devices (MUTCD) and/or WSDOT's Work Zone Traffic Control Guideline, M 54-44.

3. DEFICIENT MAINTENANCE

- 3.1 In the event the City does not perform necessary maintenance and/or repair of the Stormwater Infrastructure, WSDOT shall notify the City of the deficiency in writing. The City agrees to correct the noted deficiency within thirty (30) calendar days of receipt of notice. If the City cannot, with due diligence, correct a deficiency within a period of thirty (30) calendar days from receipt of WSDOT's written notice, the City may make a written request of WSDOT for an extension of time, and WSDOT shall respond in writing and either grant an extension or deny the request. WSDOT shall not, without good cause, deny such request.
- 3.2 In the event the City does not correct a deficiency within thirty (30) calendar days of receipt of WSDOT's notice, or within the WSDOT-approved extension of time, if any, WSDOT, in its sole discretion, may perform the needed work to correct the deficiency. Such work may be accomplished by use of WSDOT personnel or a contractor, and if such work is performed to correct the deficiency, the City agrees to pay WSDOT for its actual direct and related indirect costs in accordance with Section 6.

4. EMERGENCY MAINTENANCE

- 4.1 In the event of an emergency affecting the Stormwater Infrastructure, the City shall immediately perform emergency maintenance and/or repair to rectify the problem.
- 4.2 In the event WSDOT identifies a problem with the Stormwater Infrastructure that warrants emergency maintenance and/or repair, WSDOT shall notify the City and request that the City address the problem. The City agrees to perform the requested emergency maintenance and/or repair as soon as practicable.
- 4.3 If the City is not available to perform the emergency maintenance and/or repair work to address the WSDOT-identified problem, WSDOT reserves the right to perform the work. Such emergency work may be accomplished by use of WSDOT personnel or a contractor and shall be at the expense of the City, and the City agrees to reimburse WSDOT for the actual direct and related indirect costs in accordance with Section 6.

5. DAMAGE TO RIGHT OF WAY

5.1 The City shall not damage the SR 9 limited access right of way as it performs work on the Stormwater Infrastructure. If the City does damage the SR 9 limited access right of way the City agrees to be directly responsible to WSDOT for the cost of reasonable repairs; provided that, prior to either the City or WSDOT commencing such repairs, the Parties shall meet and confer regarding the nature and scope of repairs needed and shall allocate responsibility for the work.

6. PAYMENT

6.1 In the event WSDOT or its authorized contractor performs any maintenance and/or repair work pursuant to this Agreement, WSDOT shall invoice the City for the actual direct and related indirect costs associated with the work performed. Upon receipt of a detailed, itemized invoice from WSDOT, the City shall make payment within sixty (60) calendar days. All sums due from the City to WSDOT and not paid within sixty (60) calendar days of the date of invoice shall bear interest at the rate of twelve percent (12%) per annum, or the highest rate of interest allowable by law, whichever is greater; provided that, if the highest rate allowable by law is less than twelve percent (12%), interest charged hereunder shall not exceed that amount. Interest shall be calculated from the date of invoice. If the City objects to all or any portion of an invoice it shall notify WSDOT within twenty (20) calendar days from the date of receipt and shall pay only that portion of the invoice not in dispute. WSDOT and the City shall immediately make every effort to settle the disputed portion, and if necessary utilize dispute resolution as provided for in Section 9 of this Agreement. No interest shall be due on any portion of an invoice the City is determined not to owe following settlement between the parties or completion of resolution of dispute resolution process.

7. PARTY REPRESENTATIVES

7.1 Unless otherwise provided herein, all notifications and contact made pursuant to this Agreement shall reference GMB 1117 and be directed to the Party representative or designated representative, as follows:

City of Marysville	Washington State Department of Transportation
Brooke Ensor NPDES Coordinator City of Marysville 1049 State Avenue Marysville, WA 98270 Phone: (360) 363-8288 BEnsor@marysvillewa.gov	John Tellesbo Superintendent of Area 3 Maintenance Washington State Department of Transportation 709 North Broadway Everett, WA 98201 Phone: (425) 258-8300 TELLESJ@wsdot.wa.gov

7.2 A Party may designate an alternative representative by notifying the other Party in writing.

8. RIGHT OF ENTRY

8.1 WSDOT hereby grants to the City and its authorized agents, contractors, subcontractors, and employees, a right of entry into the SR 9 limited access right of way for the purpose of performing work authorized pursuant to this Agreement.

8.2 The City hereby grants to WSDOT and its authorized agents, contractors, subcontractors, and employees, a right of entry into City property and/or City right of way for the purpose of performing work authorized pursuant to this Agreement.

9. GENERAL PROVISIONS

9.1 Amendment: This Agreement may be amended or modified only by the mutual agreement of the Parties. Such amendments or modifications shall not be binding unless they are in writing and signed by persons authorized to bind each of the Parties.

9.2 Start of Work: The City agrees that its maintenance and repair obligations for the Stormwater Infrastructure shall start as soon as this Agreement is executed and the Stormwater Infrastructure is installed.

9.3 Term of Agreement: Unless otherwise provided herein, the term of this Agreement shall commence as of the execution of this Agreement. The terms of this Agreement shall remain in effect unless otherwise amended or terminated.

9.4 Termination: Either Party may terminate this Agreement with thirty (30) calendar days prior written notice to the other Party, indicating the reason for the termination. Upon termination of this Agreement, the City shall at its sole cost and expense remove the stormwater facilities from the SR 9 limited access right of way and restore the highway to the condition prior to construction of the stormwater facilities. In the event the City fails to remove the stormwater facilities from the highway WSDOT may remove the stormwater facilities and invoice the City for the cost thereof in accordance with Section 6. Any termination of this Agreement shall not prejudice any rights or obligations accrued to WSDOT or to the City prior to termination.

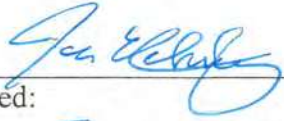

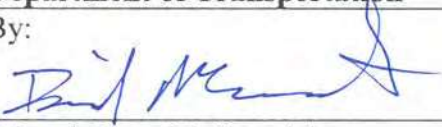

9.5 Indemnification/Waiver/Legal Relations:

9.5.1 The City shall protect, defend, indemnify, and hold harmless WSDOT, its officers, officials, employees, authorized agents, and/or contractors, while acting within the scope of their employment as such, from any and all costs, claims, judgments, and/or awards of damages (both to persons and/or property), arising out of, or in any way resulting from, the City's obligations to be performed pursuant to the provisions of this Agreement. The City shall not be required to

indemnify, defend, or hold harmless WSDOT if the claim, suit, or action for injuries, death, or damages (both to persons and/or property) is caused by the sole negligence of WSDOT. Where such claims, suits, or actions result from concurrent negligence of both Parties, the indemnity provisions provided herein shall be valid and enforceable only to the extent of each Party's own negligence.

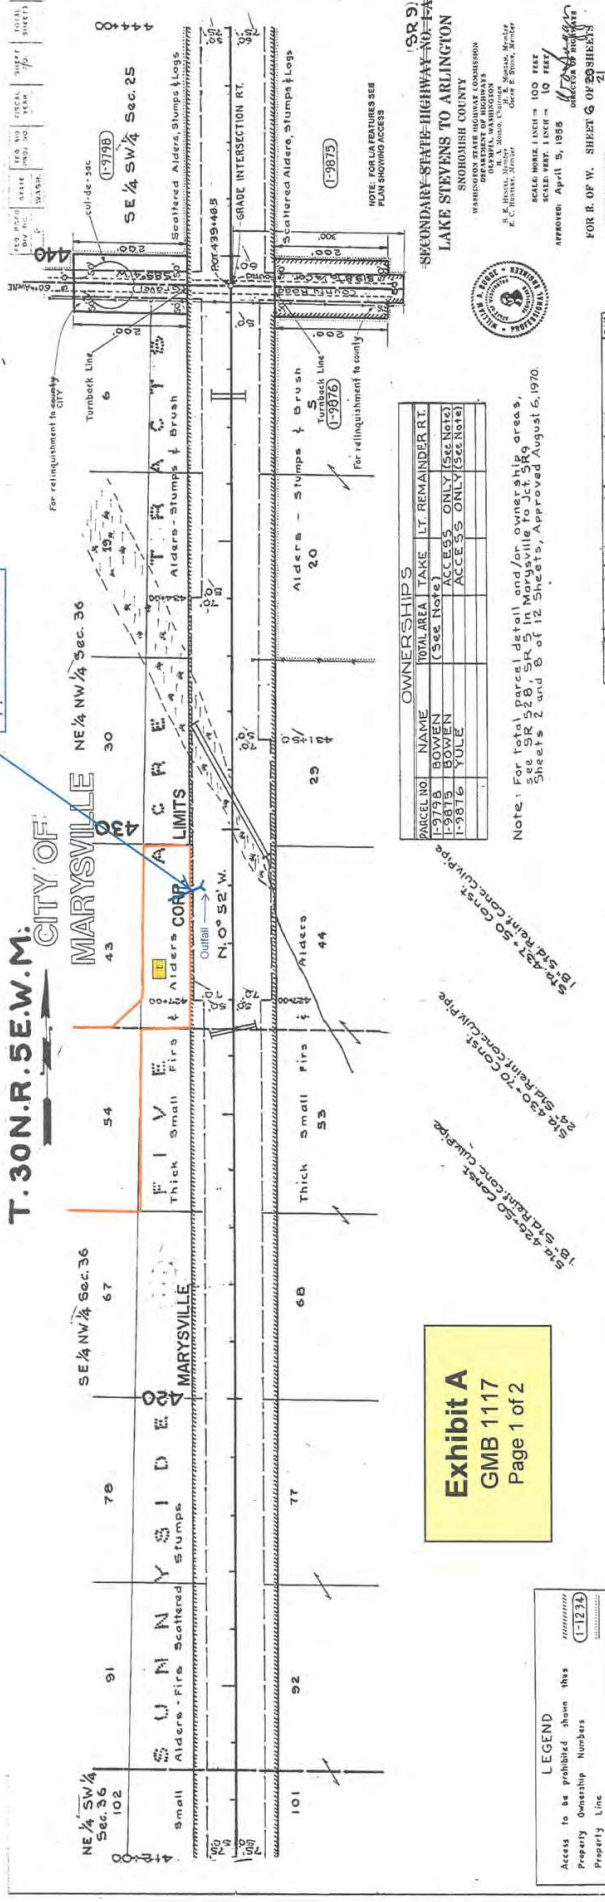

- 9.5.2 The City agrees that its obligations under this section extend to any claim, demand and/or cause of action brought by, or on behalf of, any of its employees or agents while performing maintenance and/or repair of the Stormwater Infrastructure located on the SR 9 limited access right of way. For this purpose, the City, by mutual negotiation, hereby waives with respect to WSDOT only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions in chapter 51.12 RCW.
- 9.5.3 This indemnification and/or waiver shall survive termination of this Agreement.
- 9.6 Disputes: In the event that a dispute arises under this Agreement, it shall be resolved as follows: WSDOT and the City shall review the applicable facts, terms, statutes, and rules affecting the dispute to resolve the matter in good faith and as expeditiously as possible. If the Parties cannot reach a resolution, WSDOT and the City shall each appoint a member to a disputes board, and these two members shall select a third board member not affiliated with either Party. The three-member board shall conduct a dispute resolution hearing that shall be informal and unrecorded. An attempt at such dispute resolution in compliance with aforesaid process shall be a prerequisite to the filing of any litigation concerning the dispute. The Parties shall equally share in the cost of the third disputes board member; however, each Party shall be responsible for its own costs and fees.
- 9.7 Venue: In the event that either Party deems it necessary to institute legal action or proceedings to enforce any right or obligation under this Agreement, the Parties agree that any such action or proceedings shall be brought in Thurston County Superior Court. Further, the Parties agree that each shall be solely responsible for payment of its own attorney's fees, witness fees, and costs.
- 9.8 Severability: Should any section, term or provision of this Agreement be determined to be invalid, the remainder of this Agreement shall not be affected and the same shall continue in full force and effect.
- 9.9 Calendar Day: Calendar day means any day on the calendar including Saturday, Sunday or a legal local, state, or federal holiday.
- 9.10 Working Day: Working day means any day other than Saturday, Sunday, or a legal local, state, or federal holiday.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the Party's date last signed below.

Bellevue, WA 98006

Subject: **SR 9, MP 18.81**
Addendum #01 UP 20591

Dear Mr. Bruggman:

Utility Permit No. 20591 was issued to LGI Homes on October 9, 2018. On March 8, 2019 you on behalf of LGI Homes for the Kember Court East development notified Joan Oestreich, WSDOT of a need for WSDOT to provide an easement to the City of Marysville over WSDOT State Route 9 limited access right of way so that the City of Marysville could maintain the stormwater discharge facilities outfalling to SR 9 at MP 18.81. Both LGI Homes and the City of Marysville were then subsequently notified that WSDOT does not grant easements in regards to permitted utilities within state rights of way.

On April 4, 2019 the City of Marysville provided letter to WSDOT requesting a General Maintenance Agreement between WSDOT and the City of Marysville to maintain stormwater infrastructure discharging to SR 9 from plats within the City of Marysville. GMB 1117 gives the city permission to address both routine and emergency maintenance related to the outfall at SR 9 MP 18.81 originating from the Kember Court East development. The City's letter requesting the maintenance agreement also let WSDOT know that the parcel number referenced in UP 20591 was incorrect. Addendum 01 is being issued to revise the parcel reference to which this permit is assigned, and to name the City of Marysville as the designated party responsible for maintenance of the facilities related to the stormwater discharge outfall to SR 9 at MP 18.81.

Please note Utility Permit 20591 Addendum #01 supersedes, Utility Permit 20591.

JA 0103 LGI Homes reimbursable account will be billed for costs related to the following: A portion of the charges related to completion of the City of Marysville General Maintenance Agreement with WSDOT, and all costs incurred by WSDOT for preparation, and execution of UP 20591 including the revised Limited Access break naming the City of Marysville as party designated as responsible for maintenance of the outfall at SR 9 MP 18.81. Once all costs related to these items have been billed, and WSDOT has received all moneys owed, JA 0103 will be closed.

Addendum No. 01 (revised permit documents labeled Addendum 01)The Application, and Exhibit "A" Special Provisions, are amended as follows:

“Application”

The Exhibit section of the application page has been revised to reflect “Exhibit “A” pages 1-4. Number of pages has changed as a result of revisions and additions to special provisions.

“Exhibit A” Special Provisions

Special Provision #35 was revised to reflect the correct parcel number, and address for Kember Court East.

Original Special Provision #16 was revised to include language that states that the City of Marysville has maintenance responsibilities for storm water facilities on the subject parcel through easement.

Original Special Provision #17 was revised to modify language to include “City of Marysville as designated party responsible for maintenance via GMB 1117”.

Original Special Provision # 20 was revised to require maintenance activities taking place from SR 9 to have an approved traffic control plan. Added language requiring traffic control submittal 14 working days prior to any maintenance activities.

New Special Provision # 21 was added naming the City of Marysville via General Maintenance Agreement GMB 1117 as party designated as responsible for all maintenance activities related to UP 20571.

New Special Provision #22 tying limited access rights to the City of Marysville and maintenance of stormwater discharge facilities.

Please acknowledge receipt of UF 20591 Addendum #01 via return e-mail. Once WSDOT has confirmation that LGI Homes has received this addendum, the addendum is considered executed, and City of Marysville will then be responsible for all emergency and routine maintenance associated with this permit.

If you have any questions regarding this Addendum, please contact Joan Oestreich at (206) 440-4132.

Sincerely,

Maria Mayrhofer

Stormwater Discharge General Provisions

This Permit is issued pursuant to the terms of RCW 47.32, RCW 47.44, and WAC 468-34, and amendments thereto.

Provisions for the CONSTRUCTION of stormwater discharge facilities (facilities):

1. A copy of this Permit must be on the job site, protected from the elements, at all times during any construction authorized by this Permit.
2. The Utility agrees to pay the reasonable costs of the Department for investigating, handling, and granting the Permit, including but not limited to basic overhead charges and for providing an inspector during construction and/or maintenance of the Utility's facilities. Further, the Utility agrees that it shall be responsible for and pay the Department's expended direct and indirect costs associated with applicable provisions of the Permit.
 - (a) The Department will assign a reimbursable account to the Utility as a means of invoicing the Utility for the costs associated with this Permit.
 - (b) The Department will invoice the Utility and the Utility agrees to pay the Department within thirty (30) calendar days of the invoice date.
3. Upon approval of this Permit, the Utility shall diligently proceed with the Work and comply with all Stormwater Discharge General and Special provisions herein. Construction of facilities proposed under this Permit shall begin within one (1) year and must be completed within three (3) years from date of Department approval. "Work" under this Permit shall mean construction, operation, and maintenance of the Utility's facilities as authorized herein.
4. Should the Utility breach any of the conditions and requirements of this Permit, or should the Utility fail to proceed with due diligence and in good faith with the Work as authorized by this Permit, the Department may cancel or revoke the Permit upon thirty (30) calendar days written notice to the Utility.
5. The Utility shall notify the Department representative in special provision 1 of the name, address, and telephone number of its contractor when the Work is going to be performed with other than its own forces. When the Utility uses a contractor, an authorized representative of the Utility shall be present or available at all times unless otherwise agreed to by the Department representative. A list of authorized representatives shall be submitted prior to the construction start date. (Authorized representatives are defined as persons having signatory authority for the Utility and or the authority to control the Work as needed for any issues identified by the Department.)
6. The Utility agrees to schedule and perform its Work in such a manner as not to delay the Department's Maintenance activities or the Department's contractor's work when the Department has a contractor performing work in the vicinity of the Utility's Work.
7. All contact between the Department and the Utility's contractor shall be through the Utility representative. Where the Utility chooses to perform the Work with its own forces, it may elect to appoint one of its own employees engaged in the Work as its representative. The Utility, at its own expense, shall adequately police and supervise all Work performed by itself, its contractor, subcontractor, agent, and/or others, so as not to endanger or injure any person or property.
8. The Utility shall contact the identified Department representative two (2) weeks prior to conducting Work, to determine the location of survey control monuments within the area in which the Utility will be working. In the event any monument or right of way marker will be altered, damaged, or destroyed by the Utility, the Department, prior to Utility Work, will reference or reset the monument or right of way marker. During the Work, upon discovery of a monument or right of way marker, the Utility shall cease Work in that area and immediately notify the Department of the discovery. The Department will coordinate with the Utility to ensure that the monument or right of way marker is recorded or replaced. The Utility agrees to pay all Department costs to perform monument or right of way marker work, as provided in this provision, in accordance with Stormwater Discharge General Provision 2.

9. In the event any milepost, fence, or guardrail is located within the limits of the Utility's Work and will be disturbed during Utility Work, the Utility agrees to carefully remove these highway facilities prior to Utility Work and reset or replace these highway facilities after the Utility Work, to the Department's sole satisfaction and at the sole cost of the Utility. The Utility agrees that all highway signs and traffic control devices shall not be removed or disturbed during Utility Work.
10. The Utility agrees that all Work shall be done to the satisfaction of the Department. All material and workmanship shall conform to the Department's Standard Specifications for Road, Bridge, and Municipal Construction, current edition, and amendments thereto, and shall be subject to Department inspection. All Department acceptance and inspections are solely for the benefit of the Department and not for the benefit of the Utility, the Utility's contractor (if any), or any third party. The Utility agrees that it shall pay all Department inspection costs in accordance with Stormwater Discharge General Provision 2.
11. The Utility shall provide proof of insurance coverage prior to performing any Work within state-owned highway right of way, as follows:
 - (a) Commercial General Liability covering the risks of bodily injury (including death), property damage, and personal injury, including coverage for contractual liability, with a limit of not less than \$3 million per occurrence and in the aggregate;
 - (b) Business Automobile Liability (owned, hired, or non-owned) covering the risks of bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of not less than \$1 million per accident; and
 - (c) Employers Liability covering the risks of Utility's employees' bodily injury by accident or disease, with limits of not less than \$1 million per accident for bodily injury by accident and \$1 million per employee for bodily injury by disease.

Such insurance policies or related certificates of insurance shall name the Washington State Department of Transportation as an additional insured on all general liability, automobile liability, employers' liability, and excess policies. A forty-five (45) calendar day written notice shall be given to the Department prior to termination of or any material change to the policy(ies) as such relate(s) to this Permit.

12. If the Utility is a city or county, it shall provide verification of insurance coverage at a minimum in the amounts and types identified in Section 11 to the Department by submitting proof of its coverage through a Risk Pool or verification that the city or county is selfinsured, to comply with the Section 11 insurance terms and conditions of this Permit. If allowable under its coverage, the city or county shall name the Washington State Department of Transportation as an additional insured for the coverage required by this section.
13. The Utility shall comply with the Manual on Uniform Traffic Control Devices for Streets and Highways (Federal Highway Administration) and the State of Washington modifications thereto (chapter 468-95 WAC) while it performs the Work. If the Department requires, the Utility shall submit a signing and traffic control plan to the Department's representative for approval prior to construction or maintenance Work. No lane closures shall be allowed except as approved by the Department's representative. Approvals may cause revision of Special Provisions of this Permit, including hours of operation.
14. This Permit may not be amended or modified without the Department's prior review and written approval. Upon completion of the Work, the Utility shall notify the Department's representative within ten (10) calendar days for the Department's final inspection, and the Utility shall provide the Region Utilities Engineer with detailed as-built drawings within ninety (90) calendar days of Work completion, if the originally approved Permit construction plans have been revised during the course of construction.
15. The Utility shall not excavate or place any obstacle within the state-owned highway right of way in such a manner as to interfere with the Department's construction, operation, and maintenance of the state-owned highway right of way or the public's travel thereon without first receiving the Department's written authorization.
16. The Utility agrees to maintain, at its sole expense, its facilities authorized by this Permit in a condition satisfactory to the Department.

17. The Utility agrees that it is financially responsible to the Department for all necessary expenses incurred in inspecting the construction and restoring the highway pavement or related transportation equipment or facilities to a permanent condition suitable for travel as solely determined by the Department, as well as financially responsible to the Department for trenching work not completed and for compensating the Department for the loss of useful pavement life caused by trenching as required by RCW 47.44.020.
18. Upon completion of all Work, the Utility shall immediately remove all rubbish and debris from the state-owned highway right of way, leaving the state-owned highway right of way in a neat, presentable, and safe condition to the Department's satisfaction. Any Work-related rubbish and debris clean up, or any necessary slope treatment to restore and/or protect the state-owned right of way, not done within one (1) week of Work completion, unless otherwise agreed to by the Department, will be done by the Department at the expense of the Utility. The Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
19. The Utility shall comply with the Department's Temporary Erosion and Sediment Control Manual (M 3103.01) and any revisions thereto, for erosion control and/or to mitigate any erosion occurring as a result of the Work. If the Utility Work performed under this Permit alters, modifies, changes, or interferes in any way with the drainage of the state-owned highway right of way, the Utility shall, at its own expense, make all corrections and/or provisions the Department requires to fix and restore the state-owned right of way drainage to its original condition and function prior to the Utility's Work. Any flows from the Utility shall not exceed the flows discharging to WSDOT drainage prior to the new work. Any flows discharged to state-owned highway right of way shall meet the requirements for quantity and water quality according to the current version Highway Runoff Manual (M 31-16). Should the Utility not make the required drainage restoration, the Department reserves the right to make such changes as necessary to restore the original drainage function at the sole cost of the Utility, and the Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
20. The Utility shall be responsible for securing all necessary permits, including but not limited to, federal, state, and local regulatory, tribal, environmental, archeological, and railroad permits and permits from the Washington State Department of Ecology, the Washington State Department of Fish and Wildlife, and/or the U.S. Army Corps of Engineers prior to beginning the Work authorized by this Permit. The Utility shall be responsible for mitigation measures where wetlands have been disturbed and agrees that it is responsible for any fines imposed for noncompliance with the permit(s) conditions or for failure to obtain the required permits. In addition, the Utility, on behalf of itself and its contractors, officers, officials, employees, and agents, agrees to indemnify, hold harmless, and defend, at its sole cost and expense, the Department and its officers, officials, employees, and agents from any and all fines, costs, claims, judgments, and/or awards of damages (to regulatory agencies, persons, and/or property), arising out of, or in any way resulting from, the Utility's failure to (1) obtain any required permit for the Utility Work or (2) comply with permit conditions. Further, the Utility shall be responsible for compliance with all federal, state, and local laws, regulations. Utility also agrees to pay any costs incurred by the Department, including attorneys fees, pursuant to the provisions of this section in accordance with Stormwater Discharge General Provision 2.
21. For any of the Utility's Work that requires permit coverage under the "CONSTRUCTION STORMWATER GENERAL PERMIT – National Pollutant Discharge Elimination System and State Waste Discharge General Permit for Stormwater Discharges Associated with Construction Activity" (Construction Stormwater General Permit), the Utility shall obtain said permit coverage and shall comply with all requirements of the Construction Stormwater General Permit. Upon the Department's request, the Utility shall provide a copy of the Construction Stormwater General Permit. In addition, the Utility, on behalf of itself and its contractors, officers, officials, employees, and agents, agrees to indemnify, hold harmless, and defend, at its sole cost and expense, the Department and its officers, officials, employees, and agents from any and all fines, costs, claims, judgments, and/or awards of damages to regulatory agencies, persons, and/or property, arising out of, or in any way resulting from, the Utility's failure to (1) obtain coverage under the Construction Stormwater General Permit for Utility Work or (2) comply with the Construction Stormwater General Permit requirements. Utility also agrees to pay any costs incurred by the Department, including attorneys fees, pursuant to the provisions of this section in accordance with Stormwater Discharge General Provision 2.

22. This Permit does not authorize the Utility, or its employees, contractors, or agents, any right to cut, spray, retard, remove, destroy, disfigure, or in any way modify the physical condition of any vegetative material located on the state-owned highway right of way. Should the Utility anticipate that its Work will alter the appearance of the state-owned highway right of way vegetation, the Utility shall notify the Department representative listed in special provision 1 to obtain the Department's prior written approval of the Utility's proposed work. If the Department permits the Utility to modify the state-owned highway right of way vegetation, it agrees that any vegetation cutting and/or trimming activities shall be conducted in such a manner that the state-owned highway right of way vegetation appearance will not be damaged. Should the Utility damage the appearance of the state-owned highway right of way vegetation without the Department's prior written approval, the Utility is subject to penalties provided for in RCWs 47.40.070, 47.40.080, and 4.24.630, as applicable.

Provisions for Stormwater Discharge OCCUPANCY of state-owned right of way:

23. If the Department, at its sole discretion, shall determine that any or all of the Utility's facilities must be modified, removed from, or relocated within the state-owned highway right of way as necessary, incidental, or convenient for the construction, alteration, improvement, repair, relocation, or maintenance of the state highway, or for the safety of the traveling public, the Utility, its successors and assigns, shall, at its sole cost and expense, upon written notice by the Department, modify, relocate, or remove any or all of its facilities within or from the state-owned highway right of way as required by the Department. The Utility shall perform in a timely manner all facility modifications, relocations, and/or removals as the Department directs, to avoid highway project impacts or delays and in such manner as will cause the least disruption of traffic or interference with the Department's continued operation and/or maintenance of the highway.
24. Should the Utility fail or refuse to comply with the Department's direction, pursuant to Stormwater Discharge General Provision 23, to modify, remove, or relocate any Utility facility, the Department may undertake and perform any modification, removal, or relocation of the Utility facility that the Department, in its sole discretion, deems necessary. The Utility agrees to pay the Department's expended costs and expenses for performing the work, in accordance with Stormwater Discharge General Provision 2.
25. If the Department determines in good faith that emergency maintenance work on the Utility's facility is needed to (a) protect any aspect of the state highway right of way or (b) secure the safety of the traveling public due to a failure of the Utility's facility, the Department may perform the necessary work without the Utility's prior approval, and the Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2. The Department will notify the Utility of the emergency work performed as soon as practicable.
26. The Department may amend, revoke, or cancel this Permit at any time by giving written notice to the Utility. If the Permit is amended, the Utility will have thirty (30) calendar days to modify the facility as the Permit amendment(s) require. If the facility modifications cannot be made within thirty (30) calendar days, the Utility shall respond to the Department, in writing, as to when the facility modifications can be made. If the Permit is revoked or canceled, the Utility shall immediately remove all facilities from the right of way. Any facilities remaining upon the right of way thirty (30) calendar days after written notice of Permit revocation or cancellation may be removed by the Department at the expense of the Utility. The Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
27. The Utility shall not assign or transfer this Permit without the Department's prior written approval. The Utility understands that any assignment or transfer requires the assignee or transferee to have the means to assume all obligations, duties, and liabilities of the terms and conditions of this Permit, and the Utility will advise the assignee or transferee of its obligation to apply for an updated or replacement Permit. If the Department does not approve the assignment or transfer, this Permit shall automatically terminate, and the Utility shall be subject to the terms of RCW 47.44.060.

28. The Utility, its successors and assigns, shall indemnify, defend at its sole cost and expense, and hold harmless the State of Washington, its officers and employees, from all claims, demands, damages both to persons and/or property, expenses, regulatory fines, and/or suits that (1) arise out of or are incident to any acts or omissions of the Utility, its agents, contractors, and/or employees, in the use of the state-owned highway right of way as authorized by the terms and conditions of this Permit, or (2) are caused by the breach of any of the terms or conditions of this Permit by the Utility, its successors and assigns, and its contractors, agents, and/or employees. The Utility, its successors and assigns, shall not be required to indemnify, defend, or hold harmless the State of Washington, its officers and/or employees, if the claim, suit, or action for damages both to persons and/or property is caused by the sole acts or omissions of the State of Washington, its officers and/or employees; provided that, if such claims, suits, or actions result from the concurrent negligence of (a) the State of Washington, its officers and/or employees, and (b) the Utility, its successors or assigns, agents, contractors, and/or employees, or involves those actions covered by RCW 4.24.115, the indemnity provisions provided herein shall be valid and enforceable only to the extent of the acts or omissions of the Utility, its successors or assigns, agents, contractors, and/or employees.
29. The Utility agrees that its obligations under this Permit extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents while performing Work under this Permit while located on state-owned highway right of way. For this purpose, the Utility, by MUTUAL NEGOTIATION, hereby waives, with respect to the State of Washington only, any immunity that would otherwise be available to it against such claims under the Industrial Insurance provisions in chapter 51.12 RCW.
30. The Insurance requirements in Stormwater Discharge General Provisions 11 and 12 shall also apply to the Utility's occupancy of the state-owned highway right of way.
31. The indemnification and waiver provided for in Stormwater Discharge General Provisions 28 and 29 shall survive the termination of this Permit.
32. Any action for damages against the State of Washington, its agents, contractors, and/or employees, arising out of damages to a utility or other facility located on state-owned highway right of way, shall be subject to the provisions and limitations of RCW 47.44.150.
33. This Permit shall not be deemed or held to be an exclusive one and shall not prohibit the Department from granting rights of like or other nature to other public or private utilities, nor shall it prevent the Department from using any of the state-owned highway right of way or other properties for transportation purposes, or affect the Department's right to full supervision and control over all or any part of the state-owned highway right of way or properties, none of which is hereby surrendered.

2. The Department assumes no responsibility or liability in any manner for any effect its highway drainage system may have on the Utility's system.
3. The utility agrees to assume all liability and responsibility, including fines and taxes, for the water quality related to its runoff collection system and for any damages caused by increased flows (that portion of the total rate of flow that is in excess of the natural rate of surface runoff in the undeveloped state) and pollutants discharged. Further, the Utility agrees to accept the liability for the augmented flows added to the Department's system (such as downstream flooding, manhole overflows or any other instance resulting from those added flows)
4. The utility agrees to assume all liability and responsibility associated with the design, construction, maintenance, and operation of its Stormwater management and drainage system(s).
5. Construction of all Stormwater management facilities shall be part of the initial construction of the system under this Permit.
6. For major repair or replacement work, as defined in Special Provisions 11, the Utility shall provide Traffic Control Plans, for approval, and ~~provide~~ the complete attached "Notification of Maintenance" to the identified Department Representative(s) at least fourteen (14) working days (Monday through Friday excluding any holidays), in advance of commencing Work on state-owned highway right of way. **E-mail Notification to oestejk@wsdot.wa.gov**
7. Upon receipt of the Maintenance Notification, the Department will advise the Utility if there are any restricted Work timeframes within the state-owned highway right of way. No Work shall be allowed on Saturday, Sunday, or holidays, without prior approval by the Department. In addition, the Utility shall be off the highway by noon the day prior to a holiday unless authorized by the Department. If a holiday falls on a Saturday, the preceding Friday is counted as the holiday, and the Utility shall be off the highway by noon Thursday. When the Holiday falls on a Monday the Utility shall be off the right of way at noon on the preceding Friday. Nothing in this section shall limit the authority of the Department to further restrict work within state-owned highway right of way at the Department's discretion. The hours of closure are subject to change if, required by the Department.

- 8. For major Repair. Anytime Work is underway within the right of way, during the non-working hours, equipment and materials shall not be located or stored within the work zone clear zone (WZCZ) area. Minimum WZCZ distances will be measured from the edge of the traveled way (the portion of the roadway intended for the movement of vehicles, exclusive of shoulders and lanes for parking, turning, and storage for turning) and will be determined as follows:

Posted Speed	Distance From Traveled Way (ft)
35 mph or less	10
40 mph	15
45 to 55 mph	20
60 mph or greater	30

Minimum Work Zone Clear Zone Distance

- 9. The Utility agrees that, in the event any construction and/or maintenance of the highway facility becomes necessary within the proximity of the utility installation, it is expressly understood that, upon request from the Department’s representative, the Utility will promptly identify and locate by suitable field markings any and all of its underground facilities so that the Department or its contractor can be fully apprised of their precise locations.
- 10. “Routine Maintenance” of the Drainage System shall include cleaning and repair and/or replacement of any minor failures to structure and /or components and repair of any damage to the state-owned right of way caused by the maintenance and operation of the Drainage System. Routine Maintenance will not require notification to the STATE.
- 11. For major repair and/or replacement work, not defined within Routine Maintenance, the Utility shall provide the Department notification of the need for such repairs and/or replacement work. The Utility is responsible to determine the method of repair to the Drainage System and shall restore Department’s right of way to current Department maintenance standards, at the sole cost and expense to the Utility. The Department reserves the right to review damages occurring to the state-owned right of way, as a result of failure of the Drainage System, and oversee the restoration.

Traffic Control Plans shall be submitted with the notification, and approved, prior to any major repair and or replacement work is done.
- 12. The Department shall not be responsible for damages to the Drainage System caused by Utility employees or the Utility’s contractors working within state-owned right of way. Should the Utility or its contractors damage the Drainage System, it agrees to notify the Department as soon as practical. The Utility and Department will work together in good faith to agree upon the required repairs. The Utility agrees to make such repairs at its sole cost and expense.
- 13. Maintenance access of this facility will be from SR _____, only.

14. This permit supersedes in full Utility Permit 20327.
15. This permit is assigned to the identified parcel(s) served by the storm water facility, and shall remain appurtenant to the identified parcel(s). Should the identified parcel(s) be inherited, sold, assigned, or transferred in any way, this permit shall run with the land to the extent that the identified parcel(s) remain in compliance with the terms of this permit, unless the permit is revoked, modified, or closed by the Department as provided by law or the current Permit Holder requests the cancellation of the permit.
Identified parcel is 00590700005400, 5505 87th Ave NE, Maryville, WA 98270 also known as Kember Court East.
16. The sump on the upstream end of the discharge pipe, located on the parcel associated with this stormwater discharge permit shall be visually inspected, and cleaned out annually. Should the sump on the upstream end of the discharge pipe fail, the permit holder, shall be responsible for the all damages, clean-up, and restoration to state right of way resulting from sump failure. **The permit holder has assigned easement for maintenance responsibilities for storm water facilities within the identified parcel to the City of Marysville.**
17. The outlet end of the discharge pipe, and splash pad shall be visually inspected, at a minimum annually or as needed to ensure its intended function. Should the outlet end of the pipe produce a build-up of material at the end of the pipe or fill the ditch, the **City of Marysville as the designated party responsible for maintenance via Maintenance Agreement GMB 1117** shall be responsible to remove all excess material from state right of way, and restore the Utility's and the Department's stormwater system to its original condition. Should the splash pad become clogged with debris resulting in the ditch filling, the permit holder, **the City of Marysville as designated party responsible for maintenance** shall be responsible for removing the accumulated debris from state right of way.
18. Installation of the Stormwater Discharge Pipe and Splash Pad shall conform with the WSDOT 2018 Standard Specifications. Specifically the following sections:
- For Discharge Pipe installation see Chapter 7 Section 7-08 (3) General Pipe Installations.
 - Discharge Pipe shall meet the requirements of Chapter 9 Section 9-05 Drainage Structures and Culverts.
 - Backfill over Discharge Pipe shall be in accordance with Chapter 7 Section 7-08.3(3) and Chapter 2 Section 2-03(140)C.
 - The rock placed for the splash pad shall meet the requirements of Chapter 9 Section 9-13.4 Rock for Erosion and Scour protection
19. Restoration to be completed by LGI Homes after installation of discharge pipe shall consist of matching existing adjacent roadside treatment (seeding bark etc.). Full

roadside restoration including bushes/trees in the vicinity of MP 18.81 shall be completed per UTB 1540 Vegetation Mitigation Agreement.

- ☒ 20. No access for construction, or maintenance of discharge pipe, and splash pad shall take place from the lanes or shoulders of SR 9 without an approved traffic control plan. Please provide a traffic control plan for review 14 working days prior to any maintenance activity.
- ☒ 21. The City of Marysville via General Maintenance Agreement GMB 1117, has agreed to take on maintenance responsibilities associated with the Kember Court East parcel number 00590700005400 SR 9 stormwater discharge outfall at MP 18.81 and is the party designated as responsible for all maintenance activities related to this permit.
- ☒ 22. The designated limited access break at SR 9 MP 18.81 is related to maintenance of the stormwater discharge facilities at SR 9 MP 18.81. The City of Marysville, as the party designated as responsible for maintenance shall have sole use of the limited access break for the purposes of maintenance of the stormwater discharge facilities located at SR 9 MP 18.81. No other entities related to parcel 00590700005400 such as a Homeowners Association shall have access rights to or from SR 9.

Subject: SR 9 MP 18.71 to MP 18.71
Installation of Storm Drain System
Utility Permit S1-19-12

Dear Cindy Jackson,

Enclosed is your approved Utility Permit for installing 63 LF of 12" storm drain pipe and rock pad outfall. Construction of your utility must begin within one calendar year and be completed within three years of the date of approval shown on the application. Please note that the Traffic Control Plan for work within WSDOT right-of-way, Exhibit 'D', was approved as noted on May 30, 2019 and is valid for four months from that date. The Traffic Control Plan requires 5-day notice be provided to Ken Seguin at WSDOT's Construction Traffic Coordination Office:

Ken Seguin
Construction Traffic Coordination Office
15700 Dayton Ave. N., NB82-120
P.O. Box 330310
Seattle, WA 98133-9710
206-440-4470
BIGJ@wsdot.wa.gov

Prior to any construction equipment or personnel entering WSDOT right-of-way, a pre-construction conference is required with WSDOT's inspector, Michael Gallop. The utility shall notify Michael Gallop a minimum of 5 working days in advance:

Michael Gallop
NW Local Agency & Development Services Office
15700 Dayton Ave. N., MS 82-240
Seattle, WA 98133-9710
206-440-4913/206-940-2736
GALLOPM@wsdot.wa.gov

Contact WSDOT NW Region Radio at (206) 440-4490 five minutes prior to start of all traffic closures and again upon reopening to traffic. A copy of the approved Utility Permit must be on-site.

Pacific Ridge-DRH, LLC
S1-19-12

6/13/2019

Please note, WSDOT invoice account number **MT0595 GRP 01 WO0101 CS1700Y** will continue to be charged for personnel time for inspection activities and attendance to the pre-construction conference.

For your convenience, here is the link to the WSDOT's Standard Specifications of Road, Bridge, and Municipal Construction: <http://www.wsdot.wa.gov/Publications/Manuals/M41-10.htm>

If you have any questions regarding your application, please contact me at 206-440-4130 or PHAMK@wsdot.wa.gov.

Sincerely,

Khoi Pham

Stormwater Discharge General Provisions

This Permit is issued pursuant to the terms of RCW 47.32, RCW 47.44, and WAC 468-34, and amendments thereto.

Provisions for the CONSTRUCTION of stormwater discharge facilities (facilities):

1. A copy of this Permit must be on the job site, protected from the elements, at all times during any construction authorized by this Permit.
2. The Utility agrees to pay the reasonable costs of the Department for investigating, handling, and granting the Permit, including but not limited to basic overhead charges and for providing an inspector during construction and/or maintenance of the Utility's facilities. Further, the Utility agrees that it shall be responsible for and pay the Department's expended direct and indirect costs associated with applicable provisions of the Permit.
 - (a) The Department will assign a reimbursable account to the Utility as a means of invoicing the Utility for the costs associated with this Permit.
 - (b) The Department will invoice the Utility and the Utility agrees to pay the Department within thirty (30) calendar days of the invoice date.
3. Upon approval of this Permit, the Utility shall diligently proceed with the Work and comply with all Stormwater Discharge General and Special provisions herein. Construction of facilities proposed under this Permit shall begin within one (1) year and must be completed within three (3) years from date of Department approval. "Work" under this Permit shall mean construction, operation, and maintenance of the Utility's facilities as authorized herein.
4. Should the Utility breach any of the conditions and requirements of this Permit, or should the Utility fail to proceed with due diligence and in good faith with the Work as authorized by this Permit, the Department may cancel or revoke the Permit upon thirty (30) calendar days written notice to the Utility.
5. The Utility shall notify the Department representative in special provision 1 of the name, address, and telephone number of its contractor when the Work is going to be performed with other than its own forces. When the Utility uses a contractor, an authorized representative of the Utility shall be present or available at all times unless otherwise agreed to by the Department representative. A list of authorized representatives shall be submitted prior to the construction start date. (Authorized representatives are defined as persons having signatory authority for the Utility and or the authority to control the Work as needed for any issues identified by the Department.)
6. The Utility agrees to schedule and perform its Work in such a manner as not to delay the Department's Maintenance activities or the Department's contractor's work when the Department has a contractor performing work in the vicinity of the Utility's Work.
7. All contact between the Department and the Utility's contractor shall be through the Utility representative. Where the Utility chooses to perform the Work with its own forces, it may elect to appoint one of its own employees engaged in the Work as its representative. The Utility, at its own expense, shall adequately police and supervise all Work performed by itself, its contractor, subcontractor, agent, and/or others, so as not to endanger or injure any person or property.
8. The Utility shall contact the identified Department representative two (2) weeks prior to conducting Work, to determine the location of survey control monuments within the area in which the Utility will be working. In the event any monument or right of way marker will be altered, damaged, or destroyed by the Utility, the Department, prior to Utility Work, will reference or reset the monument or right of way marker. During the Work, upon discovery of a monument or right of way marker, the Utility shall cease Work in that area and immediately notify the Department of the discovery. The Department will coordinate with the Utility to ensure that the monument or right of way marker is recorded or replaced. The Utility agrees to pay all Department costs to perform monument or right of way marker work, as provided in this provision, in accordance with Stormwater Discharge General Provision 2.

9. In the event any milepost, fence, or guardrail is located within the limits of the Utility's Work and will be disturbed during Utility Work, the Utility agrees to carefully remove these highway facilities prior to Utility Work and reset or replace these highway facilities after the Utility Work, to the Department's sole satisfaction and at the sole cost of the Utility. The Utility agrees that all highway signs and traffic control devices shall not be removed or disturbed during Utility Work.
10. The Utility agrees that all Work shall be done to the satisfaction of the Department. All material and workmanship shall conform to the Department's Standard Specifications for Road, Bridge, and Municipal Construction, current edition, and amendments thereto, and shall be subject to Department inspection. All Department acceptance and inspections are solely for the benefit of the Department and not for the benefit of the Utility, the Utility's contractor (if any), or any third party. The Utility agrees that it shall pay all Department inspection costs in accordance with Stormwater Discharge General Provision 2.
11. The Utility shall provide proof of insurance coverage prior to performing any Work within state-owned highway right of way, as follows:
 - (a) Commercial General Liability covering the risks of bodily injury (including death), property damage, and personal injury, including coverage for contractual liability, with a limit of not less than \$3 million per occurrence and in the aggregate;
 - (b) Business Automobile Liability (owned, hired, or non-owned) covering the risks of bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of not less than \$1 million per accident; and
 - (c) Employers Liability covering the risks of Utility's employees' bodily injury by accident or disease, with limits of not less than \$1 million per accident for bodily injury by accident and \$1 million per employee for bodily injury by disease.

Such insurance policies or related certificates of insurance shall name the Washington State Department of Transportation as an additional insured on all general liability, automobile liability, employers' liability, and excess policies. A forty-five (45) calendar day written notice shall be given to the Department prior to termination of or any material change to the policy(ies) as such relate(s) to this Permit.

12. If the Utility is a city or county, it shall provide verification of insurance coverage at a minimum in the amounts and types identified in Section 11 to the Department by submitting proof of its coverage through a Risk Pool or verification that the city or county is selfinsured, to comply with the Section 11 insurance terms and conditions of this Permit. If allowable under its coverage, the city or county shall name the Washington State Department of Transportation as an additional insured for the coverage required by this section.
13. The Utility shall comply with the Manual on Uniform Traffic Control Devices for Streets and Highways (Federal Highway Administration) and the State of Washington modifications thereto (chapter 468-95 WAC) while it performs the Work. If the Department requires, the Utility shall submit a signing and traffic control plan to the Department's representative for approval prior to construction or maintenance Work. No lane closures shall be allowed except as approved by the Department's representative. Approvals may cause revision of Special Provisions of this Permit, including hours of operation.
14. This Permit may not be amended or modified without the Department's prior review and written approval. Upon completion of the Work, the Utility shall notify the Department's representative within ten (10) calendar days for the Department's final inspection, and the Utility shall provide the Region Utilities Engineer with detailed as-built drawings within ninety (90) calendar days of Work completion, if the originally approved Permit construction plans have been revised during the course of construction.
15. The Utility shall not excavate or place any obstacle within the state-owned highway right of way in such a manner as to interfere with the Department's construction, operation, and maintenance of the state-owned highway right of way or the public's travel thereon without first receiving the Department's written authorization.
16. The Utility agrees to maintain, at its sole expense, its facilities authorized by this Permit in a condition satisfactory to the Department.

17. The Utility agrees that it is financially responsible to the Department for all necessary expenses incurred in inspecting the construction and restoring the highway pavement or related transportation equipment or facilities to a permanent condition suitable for travel as solely determined by the Department, as well as financially responsible to the Department for trenching work not completed and for compensating the Department for the loss of useful pavement life caused by trenching as required by RCW 47.44.020.
18. Upon completion of all Work, the Utility shall immediately remove all rubbish and debris from the state-owned highway right of way, leaving the state-owned highway right of way in a neat, presentable, and safe condition to the Department's satisfaction. Any Work-related rubbish and debris clean up, or any necessary slope treatment to restore and/or protect the state-owned right of way, not done within one (1) week of Work completion, unless otherwise agreed to by the Department, will be done by the Department at the expense of the Utility. The Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
19. The Utility shall comply with the Department's Temporary Erosion and Sediment Control Manual (M 3103.01) and any revisions thereto, for erosion control and/or to mitigate any erosion occurring as a result of the Work. If the Utility Work performed under this Permit alters, modifies, changes, or interferes in any way with the drainage of the state-owned highway right of way, the Utility shall, at its own expense, make all corrections and/or provisions the Department requires to fix and restore the state-owned right of way drainage to its original condition and function prior to the Utility's Work. Any flows from the Utility shall not exceed the flows discharging to WSDOT drainage prior to the new work. Any flows discharged to state-owned highway right of way shall meet the requirements for quantity and water quality according to the current version Highway Runoff Manual (M 31-16). Should the Utility not make the required drainage restoration, the Department reserves the right to make such changes as necessary to restore the original drainage function at the sole cost of the Utility, and the Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
20. The Utility shall be responsible for securing all necessary permits, including but not limited to, federal, state, and local regulatory, tribal, environmental, archeological, and railroad permits and permits from the Washington State Department of Ecology, the Washington State Department of Fish and Wildlife, and/or the U.S. Army Corps of Engineers prior to beginning the Work authorized by this Permit. The Utility shall be responsible for mitigation measures where wetlands have been disturbed and agrees that it is responsible for any fines imposed for noncompliance with the permit(s) conditions or for failure to obtain the required permits. In addition, the Utility, on behalf of itself and its contractors, officers, officials, employees, and agents, agrees to indemnify, hold harmless, and defend, at its sole cost and expense, the Department and its officers, officials, employees, and agents from any and all fines, costs, claims, judgments, and/or awards of damages (to regulatory agencies, persons, and/or property), arising out of, or in any way resulting from, the Utility's failure to (1) obtain any required permit for the Utility Work or (2) comply with permit conditions. Further, the Utility shall be responsible for compliance with all federal, state, and local laws, regulations. Utility also agrees to pay any costs incurred by the Department, including attorneys fees, pursuant to the provisions of this section in accordance with Stormwater Discharge General Provision 2.
21. For any of the Utility's Work that requires permit coverage under the "CONSTRUCTION STORMWATER GENERAL PERMIT – National Pollutant Discharge Elimination System and State Waste Discharge General Permit for Stormwater Discharges Associated with Construction Activity" (Construction Stormwater General Permit), the Utility shall obtain said permit coverage and shall comply with all requirements of the Construction Stormwater General Permit. Upon the Department's request, the Utility shall provide a copy of the Construction Stormwater General Permit. In addition, the Utility, on behalf of itself and its contractors, officers, officials, employees, and agents, agrees to indemnify, hold harmless, and defend, at its sole cost and expense, the Department and its officers, officials, employees, and agents from any and all fines, costs, claims, judgments, and/or awards of damages to regulatory agencies, persons, and/or property, arising out of, or in any way resulting from, the Utility's failure to (1) obtain coverage under the Construction Stormwater General Permit for Utility Work or (2) comply with the Construction Stormwater General Permit requirements. Utility also agrees to pay any costs incurred by the Department, including attorneys fees, pursuant to the provisions of this section in accordance with Stormwater Discharge General Provision 2.

22. This Permit does not authorize the Utility, or its employees, contractors, or agents, any right to cut, spray, retard, remove, destroy, disfigure, or in any way modify the physical condition of any vegetative material located on the state-owned highway right of way. Should the Utility anticipate that its Work will alter the appearance of the state-owned highway right of way vegetation, the Utility shall notify the Department representative listed in special provision 1 to obtain the Department's prior written approval of the Utility's proposed work. If the Department permits the Utility to modify the state-owned highway right of way vegetation, it agrees that any vegetation cutting and/or trimming activities shall be conducted in such a manner that the state-owned highway right of way vegetation appearance will not be damaged. Should the Utility damage the appearance of the state-owned highway right of way vegetation without the Department's prior written approval, the Utility is subject to penalties provided for in RCWs 47.40.070, 47.40.080, and 4.24.630, as applicable.

Provisions for Stormwater Discharge OCCUPANCY of state-owned right of way:

23. If the Department, at its sole discretion, shall determine that any or all of the Utility's facilities must be modified, removed from, or relocated within the state-owned highway right of way as necessary, incidental, or convenient for the construction, alteration, improvement, repair, relocation, or maintenance of the state highway, or for the safety of the traveling public, the Utility, its successors and assigns, shall, at its sole cost and expense, upon written notice by the Department, modify, relocate, or remove any or all of its facilities within or from the state-owned highway right of way as required by the Department. The Utility shall perform in a timely manner all facility modifications, relocations, and/or removals as the Department directs, to avoid highway project impacts or delays and in such manner as will cause the least disruption of traffic or interference with the Department's continued operation and/or maintenance of the highway.
24. Should the Utility fail or refuse to comply with the Department's direction, pursuant to Stormwater Discharge General Provision 23, to modify, remove, or relocate any Utility facility, the Department may undertake and perform any modification, removal, or relocation of the Utility facility that the Department, in its sole discretion, deems necessary. The Utility agrees to pay the Department's expended costs and expenses for performing the work, in accordance with Stormwater Discharge General Provision 2.
25. If the Department determines in good faith that emergency maintenance work on the Utility's facility is needed to (a) protect any aspect of the state highway right of way or (b) secure the safety of the traveling public due to a failure of the Utility's facility, the Department may perform the necessary work without the Utility's prior approval, and the Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2. The Department will notify the Utility of the emergency work performed as soon as practicable.
26. The Department may amend, revoke, or cancel this Permit at any time by giving written notice to the Utility. If the Permit is amended, the Utility will have thirty (30) calendar days to modify the facility as the Permit amendment(s) require. If the facility modifications cannot be made within thirty (30) calendar days, the Utility shall respond to the Department, in writing, as to when the facility modifications can be made. If the Permit is revoked or canceled, the Utility shall immediately remove all facilities from the right of way. Any facilities remaining upon the right of way thirty (30) calendar days after written notice of Permit revocation or cancellation may be removed by the Department at the expense of the Utility. The Utility agrees to pay the Department's expended costs and expenses for performing the work in accordance with Stormwater Discharge General Provision 2.
27. The Utility shall not assign or transfer this Permit without the Department's prior written approval. The Utility understands that any assignment or transfer requires the assignee or transferee to have the means to assume all obligations, duties, and liabilities of the terms and conditions of this Permit, and the Utility will advise the assignee or transferee of its obligation to apply for an updated or replacement Permit. If the Department does not approve the assignment or transfer, this Permit shall automatically terminate, and the Utility shall be subject to the terms of RCW 47.44.060.

28. The Utility, its successors and assigns, shall indemnify, defend at its sole cost and expense, and hold harmless the State of Washington, its officers and employees, from all claims, demands, damages both to persons and/or property, expenses, regulatory fines, and/or suits that (1) arise out of or are incident to any acts or omissions of the Utility, its agents, contractors, and/or employees, in the use of the state-owned highway right of way as authorized by the terms and conditions of this Permit , or (2) are caused by the breach of any of the terms or conditions of this Permit by the Utility, its successors and assigns, and its contractors, agents, and/or employees. The Utility, its successors and assigns, shall not be required to indemnify, defend, or hold harmless the State of Washington, its officers and/or employees, if the claim, suit, or action for damages both to persons and/or property is caused by the sole acts or omissions of the State of Washington, its officers and/or employees; provided that, if such claims, suits, or actions result from the concurrent negligence of (a) the State of Washington, its officers and/or employees, and (b) the Utility, its successors or assigns, agents, contractors, and/or employees, or involves those actions covered by RCW 4.24.115, the indemnity provisions provided herein shall be valid and enforceable only to the extent of the acts or omissions of the Utility, its successors or assigns, agents, contractors, and/or employees.
29. The Utility agrees that its obligations under this Permit extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents while performing Work under this Permit while located on state-owned highway right of way. For this purpose, the Utility, by MUTUAL NEGOTIATION, hereby waives, with respect to the State of Washington only, any immunity that would otherwise be available to it against such claims under the Industrial Insurance provisions in chapter 51.12 RCW.
30. The Insurance requirements in Stormwater Discharge General Provisions 11 and 12 shall also apply to the Utility's occupancy of the state-owned highway right of way.
31. The indemnification and waiver provided for in Stormwater Discharge General Provisions 28 and 29 shall survive the termination of this Permit.
32. Any action for damages against the State of Washington, its agents, contractors, and/or employees, arising out of damages to a utility or other facility located on state-owned highway right of way, shall be subject to the provisions and limitations of RCW 47.44.150.
33. This Permit shall not be deemed or held to be an exclusive one and shall not prohibit the Department from granting rights of like or other nature to other public or private utilities, nor shall it prevent the Department from using any of the state-owned highway right of way or other properties for transportation purposes, or affect the Department's right to full supervision and control over all or any part of the state-owned highway right of way or properties, none of which is hereby surrendered.

Stormwater Permit Special Provisions

Permit No. S1-19-12

Applicable provisions are denoted by (X)

- 1. No Work (for the intent of this Permit, operation or maintenance) provided for herein shall be performed until the Utility is authorized by the following Washington State Department of Transportation (Department) Representative(s):

Name: Michael Gallop
 Title: WSDOT Inspector
 Street: 15700 Dayton Ave. N., MS 82-240
 City: Seattle
 State: WA Zip: 98133-9710
 Phone: 206-440-4913 Cell: 206-940-2736
 Email: GALLOPM@wsdot.wa.gov

Name: _____
 Title: _____
 Street: _____
 City: _____
 State: _____ Zip: _____
 Phone: _____ Cell: _____
 Fax: _____

- 2. The Department assumes no responsibility or liability in any manner for any effect its highway drainage system may have on the Utility's system.
- 3. The utility agrees to assume all liability and responsibility, including fines and taxes, for the water quality related to its runoff collection system and for any damages caused by increased flows (that portion of the total rate of flow that is in excess of the natural rate of surface runoff in the undeveloped state) and pollutants discharged. Further, the Utility agrees to accept the liability for the augmented flows added to the Department's system (such as downstream flooding, manhole overflows or any other instance resulting from those added flows)
- 4. The utility agrees to assume all liability and responsibility associated with the design, construction, maintenance, and operation of its Stormwater management and drainage system(s).
- 5. Construction of all Stormwater management facilities shall be part of the initial construction of the system under this Permit.
- 6. For major repair or replacement work, as defined in Special Provisions 11, the Utility shall provide Traffic Control Plans, for approval, and FAX the complete attached "Notification of Maintenance" to the identified Department Representative(s) at least fourteen (14) working days (Monday through Friday excluding any holidays), in advance of commencing Work on state-owned highway right of way.
- 7. Upon receipt of the Maintenance Notification, the Department will advise the Utility if there are any restricted Work timeframes within the state-owned highway right of way. No Work shall be allowed on Saturday, Sunday, or holidays, without prior approval by the Department. In addition, the Utility shall be off the highway by noon the day prior to a holiday unless authorized by the Department. If a holiday falls on a Saturday, the preceding Friday is counted as the holiday, and the Utility shall be off the highway by noon Thursday. When the Holiday falls on a Monday the Utility shall be off the right of way at noon on the preceding Friday. Nothing in this section shall limit the authority of the Department to further restrict work within state-owned highway right of way at the Department's discretion. The hours of closure are subject to change if, required by the Department.

- 8. For major Repair. Anytime Work is underway within the right of way, during the non-working hours, equipment and materials shall not be located or stored within the work zone clear zone (WZCZ) area. Minimum WZCZ distances will be measured from the edge of the traveled way (the portion of the roadway intended for the movement of vehicles, exclusive of shoulders and lanes for parking, turning, and storage for turning) and will be determined as follows:

Posted Speed	Distance From Traveled Way (ft)
35 mph or less	10
40 mph	15
45 to 55 mph	20
60 mph or greater	30

Minimum Work Zone Clear Zone Distance

- 9. The Utility agrees that, in the event any construction and/or maintenance of the highway facility becomes necessary within the proximity of the utility installation, it is expressly understood that, upon request from the Department’s representative, the Utility will promptly identify and locate by suitable field markings any and all of its underground facilities so that the Department or its contractor can be fully apprised of their precise locations.
- 10. “Routine Maintenance” of the Drainage System shall include cleaning and repair and/or replacement of any minor failures to structure and /or components and repair of any damage to the state-owned right of way caused by the maintenance and operation of the Drainage System. Routine Maintenance will not require notification to the STATE.
- 11. For major repair and/or replacement work, not defined within Routine Maintenance, the Utility shall provide the Department notification of the need for such repairs and/or replacement work. The Utility is responsible to determine the method of repair to the Drainage System and shall restore Department’s right of way to current Department maintenance standards, at the sole cost and expense to the Utility. The Department reserves the right to review damages occurring to the state-owned right of way, as a result of failure of the Drainage System, and oversee the restoration.

Traffic Control Plans shall be submitted with the notification, and approved, prior to any major repair and or replacement work is done.
- 12. The Department shall not be responsible for damages to the Drainage System caused by Utility employees or the Utility’s contractors working within state-owned right of way. Should the Utility or its contractors damage the Drainage System, it agrees to notify the Department as soon as practical. The Utility and Department will work together in good faith to agree upon the required repairs. The Utility agrees to make such repairs at its sole cost and expense.
- 13. Maintenance access of this facility will be from SR _____, only.

Exhibit D
GMB 1117
Page 10 of 26

- 14. This permit is only for an installation of the new storm sewer facilities that discharge runoff on to WSDOT owned ditch on SR 9, as shown in the utility facility description.
- 15. This permit is assigned to the identified parcel(s) served by the stormwater facility and shall remain appurtenant to the identified parcel(s). Should the identified parcel(s) be inherited, sold, assigned, or transferred in any way, this permit shall run with the land to the extent that the identified parcel(s) remain in compliance with the terms of this permit, unless the permit is revoked, modified, or closed by WSDOT as provided by law or the current Permit Holder requests the cancellation of the permit.

Identified parcel is 00590700006701, 5411 87th Ave NE, Marysville, WA 98270.

- 16. Installation of the Stormwater Discharge Pipe and Splash Pad shall conform with the Washington State Department of Transportation 2018 Standard Specifications. Specifically the following sections:
 - For Discharge Pipe installation see Chapter 7 Section 7-08 (3) General Pipe Installations.
 - Discharge Pipe shall meet the requirements of Chapter 9 Section 9-05 Drainage Structures and Culverts.
 - Backfill over Discharge Pipe shall be in accordance with Chapter 7 Section 7-08.3(3) and Chapter 2 Section 2-03(140)C.
 - The rock placed for the splash pad shall meet the requirements of Chapter 9 Section 9-13.4 Rock for Erosion and Scour protection.
- 17. The sump on the upstream end of the discharge pipe, located on the parcel associated with this stormwater discharge permit shall be visually inspected, and cleaned out annually. Should the sump on the upstream end of the discharge pipe fail, the permit holder, shall be responsible for the all damages, clean-up, and restoration to state right of way resulting from sump failure. The permit holder has assigned easement for maintenance responsibilities for storm water facilities within the identified parcel to the City of Marysville.
- 18. Stormwater runoff shall be properly detained and treated per the NPDES Permit requirement before Discharge into the Department-owned drainage system.
- 19. The Permit Holder shall be responsible for maintenance and repair of the side-drain connection, including the pipes and yard basins.
- 20. No access for construction, or maintenance of discharge pipe, and splash pad shall take place from the lanes or shoulders of SR 9 without an approved traffic control plan. Please provide a traffic control plan for review 14 working days prior to any maintenance activity.
- 21. The outlet end of the discharge pipe, and splash pad shall be visually inspected, at a minimum annually or as needed to ensure its intended function. Should the outlet end of the pipe produce a build-up of material at the end of the pipe or fill the ditch, the City of Marysville as the designated party responsible for maintenance via Maintenance Agreement GMB 1117 shall be responsible to remove all excess material from state right of way, and restore the Utility's and the Department's stormwater system to its original condition. Should the splash pad become clogged with debris resulting in the ditch filling, the permit holder, the City of Marysville as designated party responsible for maintenance shall be responsible for removing the accumulated debris from state right of way.
- 22. Restoration to be completed by Pacific Ridge-DRH, LLC after installation of discharge pipe shall consist of matching existing adjacent roadside treatment (seeding bark etc.). Full roadside restoration including bushes/trees in the vicinity of MP 18.71 shall be completed per UTB 1540 Vegetation Mitigation Agreement.

S1-19-12

- 23. No access for construction, or maintenance of discharge pipe, and splash pad shall take place from the lanes or shoulders of SR 9 without an approved traffic control plan. Please provide a traffic control plan for review 14 working days prior to any maintenance activity.
- 24. The City of Marysville via General Maintenance Agreement GMB 1117, has agreed to take on maintenance responsibilities associated with the R4-8 Single Family High Sunny Side Five Acre Tracts parcel number 00590700006701 SR 9 stormwater discharge outfall at MP 18.71 and is the party designated as responsible for all maintenance activities related to this permit.
- 25. The designated limited access break at SR 9 MP 18.71 is related to maintenance of the stormwater discharge facilities at SR 9 MP 18.71. The City of Marysville, as the party designated as responsible for maintenance shall have sole use of the limited access break for the purposes of maintenance of the stormwater discharge facilities located at SR 9 MP 18.71. No other entities related to parcel 00590700006701 such as a Homeowners Association shall have access rights to or from SR 9.

WSDOT APPROVAL NOTES: SR-9 MP 18.56 FLAGGING

- WSDOT approval is valid for 4 months and within WSDOT ROW only.
- Channelizing devices to be traffic safety drums with type C steady burn lights.
- During hours of darkness, illuminate all flagging stations and add type C lights to all channelizing devices.
- Work Zone Clear Zone (WZCZ) = 20' from the travelled way's fog line. During non-work hours, equipment and materials shall not be within the WZCZ unless behind guardrail or existing concrete barrier.
- Notify WSDOT a minimum of 5 days in advance of work beginning. 206-440-4454, or via e-mail to: Seavink@wsdot.wa.gov
- Contact WSDOT NW Region Radio approx. 5 min. prior to start of closure and again after opening. (206-440-4490)
- All signs shall be 48" x 48" black on orange w/ reflective sheeting unless otherwise noted.
- Channelizing devices shall not encroach into an open lane.
- Work in local agency right-of-way is not reviewed by WSDOT, but shall be reviewed and approved by the local agency.
- When excavating, all drop-offs shall comply with WSDOT Std. Spec. 1.07.23(1)
- Flagging station shall be visible from sign W20-7A. Add an additional W20-7A if needed due to limited sight distance.

Allowable Closure Hours
 Monday to Thursday: 9 pm - 5 am (nightly) for flagging
 Holiday Impacts:
 No lane closures permitted between noon the day prior to a holiday or holiday weekend through noon the day following a holiday or holiday weekend. It is a holiday weekend when the holiday falls on a Friday, Saturday, Sunday, or Monday.

NOTES

- ALL SIGNS ARE BLACK ON ORANGE.
- EXTENDING THE CHANNELIZING DEVICE TAPER ACROSS SHOULDER IS RECOMMENDED.
- NIGHT WORK REQUIRES ADDITIONAL ROADWAY LIGHTING AT FLAGGING STATIONS. SEE THE STANDARD SPECIFICATIONS FOR ADDITIONAL DETAILS.

Agenda Bill

CITY COUNCIL AGENDA ITEM REPORT

DATE: October 24, 2022

SUBMITTED BY: Shelli Edwards, Public Works

ITEM TYPE: Agreement

AGENDA SECTION: **New Business**

SUBJECT: Supplemental Agreement No. 1 to the Professional Services Agreement with BHC Consultants, LLC for the Wastewater Treatment Plant (WWTP) Near Term Tertiary Treatment Improvements Project

SUGGESTED ACTION: Recommended Motion: I move to authorize the Mayor to sign and execute Supplemental Agreement No. 1 to the Professional Services Agreement with BHC Consultants, LLC for the Wastewater Treatment Plant Near Term Tertiary Treatment Improvements Project.

SUMMARY:

On March 8, 2021, Council authorized the Mayor to execute a Professional Services Agreement (PSA) with BHC Consultants, LLC, to provide design and bid support for the Wastewater Treatment Plant (WWTP) Near Term Tertiary Treatment Improvements project.

This Supplemental Agreement No. 1 to the PSA will retain the design consultant to support the City's construction management team as it oversees construction of the project.

Specifically, this will include project management and quality control, coordination of preconstruction activities, review of submittals, requests for information, change orders and force account, preparation of field memoranda and clarification letters, attend site visits and meetings, geotechnical support, startup assistance, operations and maintenance manual update and complete record drawings.

The total estimated cost for this additional work, as negotiated, is \$174,725, yielding a new contract total of \$431,780. In addition to scope revisions, the supplement provides for a time extension through June 30, 2024.

**SUPPLEMENTAL AGREEMENT NO. 1 TO
PROFESSIONAL SERVICES AGREEMENT BETWEEN
CITY OF MARYSVILLE
AND BHC CONSULTANTS, LLC**

THIS SUPPLEMENTAL AGREEMENT NO. 1 (“Supplemental Agreement No. 1”) is made and entered into as of the date of the last signature below, by and between the City of Marysville, a Washington State municipal corporation (“City”) and BHC Consultants, LLC, a Washington State LLC (“Consultant”).

WHEREAS, the parties hereto have previously entered into an agreement for Design Services for the WWTP Near Term Tertiary Treatment Improvements (the “Original Agreement”), said Original Agreement being dated [March] [9], [2021]; and

WHEREAS, both parties desire to supplement the Original Agreement, by expanding the Scope of Services to provide for Construction Support Services for the WWTP Near Term Tertiary Treatment Improvements and to provide compensation therefore;

NOW THEREFORE, in consideration of the terms, conditions, covenants, and performances contained herein or attached and incorporated, and made a part hereof, the parties hereto agree as follows:

1. Exhibit A, as referenced and incorporated in Section 1 of the Original Agreement, “SCOPE OF SERVICES”, shall be replaced by Exhibit A-1, attached hereto and by this references made part of this Supplemental Agreement No. 1, and a part of the Original Agreement.

2. Section 2 of the Original Agreement, “TERM”, is amended to add that the parties agree to extend the term of the Original Agreement to terminate at midnight June 30, 2024.

3. Section 3 of the Original Agreement, “COMPENSATION”, is amended to include the additional Consultant fee of \$174,725 and shall read as follows: “In no event shall the compensation paid to Consultant under this Agreement exceed \$431,780 within the term of the Agreement, including extensions, without the written agreement of the Consultant and the City.”

The total compensation payable to the Consultant is summarized as follows:

Original Agreement	\$257,055.00
Supplemental Agreement No.1	\$174,725.00
Grand Total	\$431,780.00

4. Each and every provision of the Original Agreement for Professional Services dated March 9, 2021, shall remain in full force and effect, except as modified herein.

EXHIBIT A

City of Marysville WWTP Near Term Tertiary Treatment Improvement Project Services During Construction Scope of Work 10/20/2022

Statement of Understanding

The City of Marysville's (City's) wastewater treatment plant (WWTP) currently uses sand filtration to remove remaining solids from lagoon effluent prior to disinfection and discharge to Port Gardner Bay via the marine outfall shared with the City of Everett. In recent years, the sand filters have experienced significant clogging due to the presence of daphnia, which feed off algae present in the lagoon, and debris that is windblown or from aquatic/shoreline vegetation. Sand filter clogging has led to significant maintenance requirements, as well as difficulty in maintaining effluent total suspended solids (TSS) in compliance with the City's National Pollutant Discharge Elimination System (NPDES) permit due to limited hydraulic throughput. The City retained BHC Consultants, LLC (BHC) to design near-term improvements for removal of daphnia and debris from the lagoon effluent. A band screen will be installed to remove debris and larger daphnia, and automatic strainers will be installed to remove the bulk of the remaining daphnia prior to filtration. The strainers are sized to treat the average dry weather flow, which is when daphnia are most persistent. This Scope of Work is to assist the City during construction of the project as indicated in the tasks listed herein.

Schedule

Construction of the project is expected to take 260 working days, equal to about 13 months with holidays and some allowance for time extension. It is anticipated that BHC will complete post-construction requirements (record drawings and O&M manual update) within 3 months from final completion of the project, for a total project duration of about 16 months.

Budget

The budget for this Scope of Work is \$174,725. Compensation will be on a time and materials basis per the attached budget estimate. Compensation shall not exceed the budgeted amount without prior authorization from the City.

Since the exact level of effort required and the issues that may arise during construction are not known at this time, the Scope of Work herein describes tasks commonly associated with engineering services during construction for this type of project. The budget is reflective of this Scope of Work and previous experience regarding level of effort on similar projects. However, the Contractor's experience and level of performance can substantially impact the effort required for these tasks. Effort may be required that exceeds the estimated budget amount. BHC will monitor the budget and immediately notify the City if the level of effort required is exceeding the budgeted effort.

Scope of Work

Tasks for the Scope of Work include the following:

Task 1 – Project Management and Quality Control

BHC will setup the project in their accounting system, prepare monthly invoices, prepare a subconsultant contract for the geotechnical subconsultant (Landau Associates), coordinate efforts of the BHC project team, and regularly communicate and coordinate with the City.

Receivables:

- None.

Deliverables:

- Invoices.

Task 2 – Preconstruction Activities

Three personnel from BHC will attend a virtual online preconstruction meeting. Optionally, one personnel from BHC could attend an in-person preconstruction meeting. BHC will prepare an agenda for distribution to attendees. The duration of the meeting is assumed to be 2 hours. The City will prepare meeting notes.

BHC will incorporate addendum items into redline versions of the bid documents using Bluebeam. BHC will share these redlined documents with the City and Contractor as electronic PDF copies. A total of 8 hours has been allocated for this task.

Receivables:

- None.

Deliverables:

- Preconstruction meeting agenda and notes.
- PDF copy of conformed bid documents.

Task 3 – Review of Submittals

BHC will review submittals related to Divisions 2 through 17. The City will review and prepare responses for Division 1 submittals pertaining to schedule updates, documentation of existing conditions, health and safety plan, progress payments, third-party testing qualifications, special inspection reports, manufacturer's affidavits, closeout documents, and record drawings. BHC will review and prepare responses in coordination with the City for Division 1 submittals pertaining to the initial project schedule, schedule of values, work plan, startup plan, and the initial operation and performance test reports. Additionally, BHC will review and prepare responses for other Division 1 submittals (e.g., O&M manuals, seismic calculations, etc.) and provide technical input to the City on special inspection reports if they do not meet the specified requirements. The level of effort budgeted is based on BHC review of eighty (80) original submittals averaging 3.5 hours based on a maximum resubmittal rate of up to 75 percent, which includes subsequent iterations of submittals (i.e., resubmittal of a resubmittal).

The City will be responsible for receiving, distributing, and tracking submittals from the Contractor, as well as distributing responses prepared by BHC. BHC will review the submittals concurrent with the City, coordinate and incorporate feedback from the City, and prepare the responses (except as noted above). Once the response is finalized, the City will update the submittal tracking log and distribute it to the Contractor.

Receivables:

- Submittals.
- City comments on submittals.
- Submittal tracking log.
- Responses to select submittals, as noted above.

Deliverables:

- Submittal responses, except as noted above.

Task 4 – Requests for Information

BHC will review RFIs and prepare a response, which incorporates feedback from the City when necessary. A total 75 hours has been allocated for this task, assuming 30 RFIs at 2.5 hours each.

The City will be responsible for receiving, distributing, and tracking RFIs from the Contractor, as well as distributing responses prepared by BHC. BHC will review the RFIs concurrent with the City, coordinate and incorporate input from the City, and prepare the responses. Once the response is finalized, the City will update the RFI tracking log and distribute it to the Contractor.

Receivables:

- RFIs.
- City input on RFIs.
- RFI tracking log.

Deliverables:

- RFI responses.

Task 5 – Change Orders and Force Account

Changes to the Contract will be initiated through a response to an RFI or a request for quote (RFQ). Where a response to an RFI requires a change, the Contractor will provide pricing for the change via a reply to the RFI response. Where the City desires to initiate a change, BHC will prepare a RFQ at the direction of the City to obtain pricing from the Contractor. BHC will assist the City with review of pricing and completeness of Contractor price proposals. After reviewing Contractor price proposals, the City will decide whether to proceed with a change and whether it will be performed under the force account or as a change order amendment to the Contract.

If a change is to be tracked under the force account, the City will include the necessary tracking information in their daily reports and reconcile this information with what is included in pay applications for force account work by the Contractor. The City will also be responsible for preparing the necessary documentation for approval and execution of changes under the force account.

If a change is to be included in a change order, the City will be responsible for preparing and executing the change order documentation. Individual change order items may be grouped into fewer executed change orders. The City will distribute the executed change order, track status of the change orders, completion of the work, and their inclusion in the pay applications.

BHC has budgeted 40 hours to prepare RFQs when requested by the City and review Contractor price proposals in reply to changes requested in RFI responses or RFQs.

Receivables:

- Change orders.
- Contractor price proposals.

Deliverables:

- RFQs.

Task 6 – Field Memoranda and Clarification Letters

BHC will prepare field memoranda or clarification letters to provide clarification to the Contractor on issues that do not affect Contract Time or Contract Price and did not originate from the Contractor with an RFI. Generally, clarification letters will be prepared for simple items and field memoranda for more detailed items. A total 24 hours has been

allocated for this task. BHC will submit drafts of field memoranda to the City for review prior to finalizing. The City will be responsible for distributing field memoranda and clarification letters to the Contractor.

Receivables:

- None.

Deliverables:

- Field memoranda.
- Clarification letters.

Task 7 – Site Visits and Meetings

BHC will participate in site visits and meetings during construction as follows:

1. Progress Meetings: BHC's project manager will participate in progress meetings approximately once every other week. BHC's project manager will attend via teleconference. The City will prepare the meeting agenda and notes. The City will also provide adequate notice to BHC in the event that the date or time of a meeting must be changed or a meeting is to be cancelled. It is assumed that BHC's project manager will participate in twenty six (26) progress meetings during construction and each meeting will not exceed 1 hour in duration.
2. Technical Site Visits: Personnel from BHC will make periodic site visits to participate in construction observation when necessary or deal with specific construction issues that are time sensitive and cannot be resolved remotely. The duration of each technical site visit is assumed to be 2 hours. It is assumed that BHC will make up to six (6) technical site visits. Budget includes time for travel and a brief e-mail summary of observations and discussions.
3. Punch List Walkthrough: Up to three personnel from BHC will participate in a project walkthrough with the City following Substantial Completion to help determine items for the punch list. BHC will prepare the punch list with input from the City. It is assumed the punch list walkthrough will be 2 hours in duration, plus time for travel and preparation of the draft punch list.
4. Final Walkthrough: BHC's project manager will participate in a final walkthrough with the City to confirm that punch list items have been addressed. It is assumed the final walkthrough will be 2 hours in duration, plus time for travel and follow-up communications.

Receivables:

- Progress meeting agenda and notes.

Deliverables:

- Site visit e-mail summaries.
- Punch list.

Task 8 – Geotechnical Support

As a subconsultant to BHC, Landau Associates will perform one site visit to observe subsurface conditions during excavation for the precast vault to confirm conditions are consistent with those found in the geotechnical exploration conducted during design and observe dewatering and shoring to confirm construction methods being employed comply with the project specifications. Landau Associates may conduct supplemental testing or provide revised recommendations should conditions differ significantly from those anticipated. Landau Associates will conduct two additional site visits to observe subgrade preparation prior to installation of the precast vault and placement of backfill around the precast vault for compliance with the specifications. Landau will provide input to the City inspector regarding ongoing observations during subsequent backfill placement. Landau Associates will also help BHC with review of the dewatering plan and provide technical input for response to RFIs, if necessary.

Receivables:

- None.

Deliverables:

- Revised recommendations, if applicable.

Task 9 – Startup Assistance

BHC will provide technical assistance during startup of the equipment and integration with the overall operation of the WWTP. Twenty four (24) hours are budgeted to provide assistance during startup which may also involve additional site visits, travel time, meeting time, review of documents and preparation of correspondence.

Receivables:

- None.

Deliverables:

- None.

Task 10 – Operations and Maintenance Manual Update

BHC will update the current WWTP Operations and Maintenance (O&M) Manual in compliance with WAC 173-240-080 to reflect the new lagoon effluent screening and automatic straining systems. BHC will replace the current Section 3.8 “Central Area Hydraulics and Flow” with a new Section 3.8 “Lagoon Effluent Screening and Straining”, which will incorporate and update applicable portions of the current Section 3.8. BHC will also update the plant schematic, design criteria, hydraulic profile, descriptions, and table of routing O&M tasks in Chapter 1; Section 3.1 “Electrical and Control Systems”; Section 3.5 “Flow Measurement”; Section 4.2 “Plant Water Systems”; and the list of O&M manuals and warranties/guarantees in Appendix D. A draft of the updated document will be provided to the City for review. BHC will incorporate City comments and prepare a final O&M manual update. A total of 64 hours has been allocated for this task.

Receivables:

- Comments on Draft O&M Manual update.

Deliverables:

- Draft O&M Manual update.
- Final O&M Manual update.

Task 11 – Record Drawings

BHC will prepare record drawings in AutoCAD and provide an electronic copy of the AutoCAD files and an electronic PDF copy of the drawings. BHC will also provide up to two (2) full-size and half-size hard copies of the record drawings. Record drawings will be prepared based on redline markups provided by the Contractor. BHC will review the redline markups to verify known changes from RFIs and change orders are reflected. Effort is budgeted based on an average of 1.5 hours per sheet for engineering time and 2.5 hours per sheet for CAD time.

Receivables:

- Contractor as-built markups.

Deliverables:

- Record drawing AutoCAD files.
- Record drawing PDF copies.

- Record drawing full-size and half-size hard copies.

City Responsibilities

The following items are specific responsibilities of the City in support of this Scope of Work:

- Prepare the construction quality assurance plan (CQAP).
- Distribute conformed bid documents.
- Issue Notice-to-Proceed to the Contractor.
- Provide input on submittals and RFIs within sufficient time to allow providing a response to the Contractor within the specified time.
- Receive, distribute, and track submittals and RFIs.
- Distribute responses to submittals and RFIs.
- Review and prepare responses to submittals for schedule updates, documentation of existing conditions, health and safety plan, progress payments, third-party testing qualifications, special inspection reports, manufacturer's affidavits, closeout documents, and record drawings.
- Review RFQs prior to distribution to the Contractor.
- Prepare and execute documentation for change orders and force account work.
- Participate in and lead progress meetings, including preparation of agenda and notes.
- Participate in the preconstruction meeting, punch list walkthrough, and final walkthrough.
- Prepare notes for the pre-construction meeting.
- Review and provide input on the punch list.
- Coordinate WWTP staff and operational changes to facilitate shutdowns, testing, and startup activities.
- Review draft O&M manual update.
- Observe and document construction activities and prepare daily reports.
- Observe testing and startup activities.
- Coordinate scheduling of training sessions with the Contractor.
- Periodically check as-built markups.
- Monitor and track force account work.
- Ensure Contractor coordination on special inspections and permit inspections.
- Review Contractor pay applications.
- Submit favorably reviewed shop drawings for the electrical shelter as a deferred submittal and obtain the building permit for this structure.
- Pay or waive permit fees.
- Issue notifications of Substantial Completion and Final Completion to the Contractor.
- Ensure Contractor has submitted all closeout documents.
- Collect and organize project files for archiving.
- Communication and coordination with Ecology, including submitting the work plan prepared by the Contractor to Ecology prior to start of physical work.

Exclusions

The following items are excluded from this Scope of Work, but can be added via amendment to the original agreement or included in a future Scope of Work if the City so desires:

- Hard copies of deliverables, except record drawings as indicated herein.
- Site visits or meetings beyond those identified in the Scope of Work.
- Preparation of meeting notes.
- Permitting assistance.
- Environmental reviews.
- Surveying and utility potholing.
- Condition assessments.
- Shoring or dewatering design.
- Geotechnical services beyond what is budgeted.

- Programming services.
- Electrical testing.
- Preparation of the specified Work Plan, which will be by the Contractor as specified.
- O&M manual updates beyond those indicated herein.
- Construction observation, which shall be provided by the City.
- Quality assurance testing and inspections, which shall be by a third-party hired by the City.
- Stormwater Pollution Prevention Plan. The area of disturbance is below the one-acre threshold.

CITY COUNCIL AGENDA ITEM REPORT

DATE: October 24, 2022

SUBMITTED BY: Jon Walker, Legal

ITEM TYPE: Ordinance

AGENDA SECTION: **New Business**

SUBJECT: **Ordinance** Amending Chapter 2.04 of the Municipal Code to Update Location of Council Meetings

SUGGESTED ACTION: Recommended Motion: I move to adopt Ordinance No. ____.

SUMMARY: With the move to the new city hall at 501 Delta Avenue, chapter 2.04 of the municipal code needs to be amended to reflect the new location.

ATTACHMENTS:
[Ordinance - Amending location of council meetings.docx](#)

CITY OF MARYSVILLE
Marysville, Washington

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF MARYSVILLE AMENDING CHAPTER 2.04 OF THE MUNICIPAL CODE IN REGARD TO THE LOCATION OF COUNCIL MEETINGS.

WHEREAS, the location of city council meetings is set forth in chapter 2.04 of the municipal code; and

WHEREAS, the Marysville city hall is being relocated to 501 Delta Avenue in Marysville; and

WHEREAS, chapter 2.04 of the municipal code should be amended to reflect the location of council meetings.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MARYSVILLE, WASHINGTON, DO ORDAIN AS FOLLOWS:

SECTION 1. Chapter 2.04 of the municipal code is amended as set forth in Exhibit A.

SECTION 2. Severability. If any section, subsection, sentence, clause, phrase or word of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality thereof shall not affect the validity or constitutionality of any other section, subsection, sentence, clause, phrase or word of this ordinance.

SECTION 4. Upon approval by the city attorney, the city clerk or the code reviser are authorized to make necessary corrections to this ordinance, including scrivener's errors or clerical mistakes; references to other local, state, or federal laws, rules, or regulations; or numbering or referencing of ordinances or their sections and subsections.

SECTION 5. Effective Date. This ordinance shall become effective five days after the date of its publication by summary.

PASSED by the City Council and APPROVED by the Mayor this _____ day of _____, 2022.

CITY OF MARYSVILLE

EXHIBIT A

2.04.010 When meetings held.

(1) The Marysville city council shall hold regular public meetings on the first, second, and fourth Mondays of each month commencing at 7:00 p.m. The meeting on the first Monday of each month shall be a workshop. If there is no business for which a workshop is needed, the workshop meeting may be canceled. Provided, the city council shall not hold meetings during the month of August and on the third and fourth Mondays of December each year. Meetings shall be held in the council chambers at 501 Delta Avenue in Marysville.

(2) Special meetings may be called by the mayor or any four of the council by written notice delivered to each member of the council at least 24 hours before the time specified for the proposed meeting. Notice will be given as provided in the council's procedures adopted by resolution.

(3) The city council shall adjourn all meetings at or before 11:00 p.m., except that all workshop meetings shall be adjourned at or before 9:30 p.m.; provided, however, the adjournment time for all meetings may be extended to a later time certain upon approval of a motion by a council member.

(4) The Marysville fire district board of directors, of which four directors will be city council members, shall hold regular public meetings on the first and third Wednesdays of each month commencing at 7:00 p.m. Meetings shall be held in the council chambers at 501 Delta Avenue in Marysville.

(5) All council meetings shall be open to the public except as permitted by Chapter 42.30 RCW.

2.04.020 Where meetings held.

The regular meetings of the city council shall be held in the city council chambers located on the second floor of City Hall, 501 Delta Avenue, Marysville, Washington; provided, that the city council may adjourn from time to time to meet at any other publicly announced place.

2.04.030 State and federal holidays.

If at any time any regular meeting of the city council falls on an officially recognized state or federal holiday, such regular meeting shall be held on the next business day, and no special notice of such meeting need be given.

CITY OF MARYSVILLE
Marysville, Washington

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MARYSVILLE, WASHINGTON, RELATED TO PROCEDURES FOR THE CONDUCT OF BUSINESS AT COUNCIL MEETINGS, AND REPEALING RESOLUTION NO. 2461.

WHEREAS, RCW 35A.12.120 gives the City Council the power to establish rules of conduct for their meetings; and

WHEREAS, the Council has reviewed its current procedures and determined that they should be changed due to changed circumstances; and

WHEREAS, a comprehensive procedure for Council Meetings will provide the most expedient means of conducting Council Meetings; and

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MARYSVILLE AS FOLLOWS.

The following shall be the rules of conduct for all regular and special meetings of the Marysville City Council.

- I) **General:** These rules constitute the official rules for the conduct of business by Marysville City Council. For all points of order which are not covered by these rules, the chair of the meeting shall decide unless the majority of the Council disagrees, in which case the Council shall be guided by *Robert's Rules of Order Newly Revised*.
 - A) **Censure.** Councilmembers must deport themselves in a manner that protects the institutional integrity of the Marysville City Council, its proceedings, and its reputation and instills public confidence in the Council's decision making process.
 - 1) Any City Councilmember may bring a motion for a censure hearing if he or she has evidence that forms a reasonable basis to believe that another Councilmember has acted in a manner that demonstrates contempt for the institution of the City Council or discredits the City Council. The motion must cite specific facts forming the basis for the belief and may be in writing. The Mayor shall not vote on a motion for a censure hearing.
 - 2) If such motion receives a second and is approved by a majority of Councilmembers present, a hearing will be held at the next regular Council meeting or at such other regular or special Council meeting as the Council decides. The accused member shall be afforded sufficient time to defend against the accusation.

3) The hearing will be held in executive session unless the accused Councilmember requests that the hearing be public. The Council shall determine the rules to govern the hearing, but will provide the accused Councilmember the right to present and rebut evidence. At the conclusion of the hearing the Council will reconvene in open session.

4) If the evidence presented at the hearing showed that the Councilmember acted in a manner that demonstrated contempt for the City Council or brought discredit on the City, any Councilmember may move that a resolution of censure be prepared. At least five Councilmembers must vote in favor of the motion to prepare a resolution of censure or the motion fails. Alternatively, if the evidence showed that the Councilmember did not act in a manner deserving of censure, any Councilmember may move to exonerate the accused Councilmember following the hearing. A motion to exonerate may be approved by a majority of Councilmembers present. The Mayor shall not vote on a motion to prepare a resolution of censure or a motion to exonerate.

5) If the Council votes to prepare a resolution of censure, such a resolution will be prepared reciting the facts that support the censure of the Councilmember. The accused Councilmember will be directed to appear at a future Council meeting at which meeting the resolution will be considered. At least five Councilmembers must vote in favor of a resolution of censure or the resolution fails. If the resolution is approved, it shall be read publicly, and the Councilmember shall not make any statement in support of, or in opposition thereto, or in mitigation thereof. The resolution of censure shall be read at the time it is scheduled whether or not the Councilmember appears as required.

II) **Organization:**

- A) **Swearing in of New Councilmembers.** Newly elected Councilmembers shall be sworn in as provided by state law.
- B) **Mayor Pro Tem.** The Council shall elect a Mayor Pro Tem for a term of two years. In the temporary absence of the Mayor, the Mayor Pro Tem shall perform the duties and responsibilities of the Mayor. In the event the Mayor Pro Tem is unable for any reason to serve the entire term, a new Mayor Pro Tem shall be elected at the next Regular Meeting. If both the Mayor and the Mayor Pro Tem are absent from a meeting, one of the Councilmembers will be appointed by motion to preside over the meeting. The Mayor Pro Tem may also be known and referred to as the "Council President".
- C) **Quorum.** At all Council Meetings, a majority of the Council (four members) shall constitute a quorum for the transaction of business, but a lesser number may recess or adjourn.
- D) **Attendance and Excused Absences.**

- 1) Councilmembers. RCW 35A.12.060 provides that a Councilmember shall forfeit his or her office by failing to attend three consecutive Regular Meetings of the Council without being excused by the Council. Members of the Council may be so excused by complying with this section. The member shall contact the Mayor; or, if the Mayor is not available, the Council President, or the Chief Administrative Officer, or City Clerk, who shall convey the message to the Mayor. Following roll call, the presiding officer shall inform the Council of the member's absence and state the reason for such absence and shall entertain a motion to excuse.

The Council may give consideration to approval of an extended absence for matters that are beyond the reasonable control of the Councilmember such as for a serious illness, by entertaining a motion to excuse.

- 2) City Clerk. The Clerk or other authorized person shall attend all Council Meetings to serve as clerk and to keep a record of the proceedings. If the Clerk and the Deputy Clerk are absent from any Council Meeting, then the Mayor shall ask the Chief Administrative Officer to appoint a member of the staff to act as Clerk for that meeting.

E) Decorum.

- 1) Right to Eject. While the Council is in session, both the members and the public must preserve order and decorum, and shall neither, by conversation or otherwise, delay or interrupt the meeting or the peace of the Council, nor disrupt any member while speaking or refuse to obey the orders of the Presiding Officer. Any person making personal, impertinent, or slanderous remarks, or who becomes boisterous while addressing the Council, shall be asked to leave by the Presiding Officer and shall be escorted from the Council Chambers.
- 2) Hearings. Whenever the Council is conducting a public hearing on a quasi-judicial matter, such hearings must not only be fair, but must be free from even the appearance of unfairness. Therefore, in their consideration of such matters Council members shall:
 - (a) Avoid any ex parte contact with the individual or property owner whose rights are under consideration;
 - (b) Avoid any public or private statements in advance of a scheduled hearing that would suggest that the Councilmember has decided the issue before the hearing.
- 3) Ex parte Communication. Consistent with RCW 42 .36.060, if any Councilmember has had ex parte communications with opponents or proponents with respect to a quasi-judicial matter, that Council member must disassociate him/herself from the proceedings, unless:
 - (a) That Council member places on the record the substance of any written or oral ex parte communications concerning of the action; and

- (b) The Presiding Officer makes a public announcement providing for an opportunity for any party to rebut the substance of the ex parte communication.
 - 4) Conflict of Interest. Councilmembers that disassociate themselves from participating in a public hearing due to the application of the Appearance of Fairness Doctrine or a conflict of interest, shall leave the Council Chambers.
- F) Voting.
- 1) Method. Unless otherwise provided for by statute, ordinance, or resolution, all votes shall be taken by voice; except that at the request of any Councilmember or the Mayor, a roll call vote shall be taken by the Mayor.
 - 2) Tie Vote. In case of a tie vote on any proposal, the proposal shall be considered lost. This shall not prevent the Mayor from breaking a tie vote as provided by law.
 - 3) General. Each Councilmember shall vote on all questions put to the Council, unless a conflict of interest or an appearance of fairness question under state law is present. Unless a member of the Council states that he or she is abstaining, his or her silence shall be recorded as an affirmative vote.
 - 4) Reconsideration. Any Council member who was absent from a meeting or any Councilmember who voted on the prevailing side of a motion may move for reconsideration of a matter when all Councilmembers are present.
- G) Adjournment. Regular Council meetings (including any executive sessions) shall adjourn at or before 11:00 p.m.; except the time may be extended to a later time certain upon approval of a motion by a Councilmember.

III) Officers:

- A) Presiding Officers. The Mayor, or in his or her absence the Mayor Pro Tem, shall be the Presiding Officer of the Council. In the absence of both the Mayor and the Mayor Pro Tem, the Council shall appoint one of the members of the Council to act as a temporary Presiding Officer.
- B) Presiding Officer's Duties. It shall be the duty of the Presiding Officer to:
 - 1) Call the meeting to order.
 - 2) Keep the meeting to its order of business.
 - 3) Control discussion in an orderly manner by:
 - (a) Giving every Councilmember who wishes an opportunity to speak when recognized by the Chair;
 - (b) Permitting citizen comments at the appropriate times; and
 - (c) Requiring all speakers to speak to the question and to observe the rules of order.
 - 4) Decide all questions of order, subject to the provisions of Section I above.

- IV) **Committee Appointments:** With the Mayor Pro Tem acting as the lead, the Council shall make appointments of Councilmembers to all standing committees.
- V) **Council Meetings:**
- A) **Open to Public.** All Council Meetings shall comply with the requirements of the Open Meetings Act (RCW 42.30). All Meetings of the Council shall be open to the public. The City shall comply with the provisions of law regarding notice of public meetings.
- B) **Type of Meetings.**
- 1) **Regular Meetings.** The Council shall hold their regular meetings on the first, second, and fourth Mondays of the month commencing at 7:00 p.m. and adjourning not later than 11:00 p.m. unless extended by vote of the Council. Should any Monday fall on a legal holiday, all regular meetings shall be held at the same hour and place on the next working day.
- 2) **Workshops.** The Council shall hold workshop meetings on the first Monday of each month commencing at 7:00 p.m. Workshop meetings shall adjourn not later than 9:30 p.m. unless extended by vote of the Council. Except with the vote of a majority of Council, no public comment shall be received at such workshops. If there is no business for which a workshop is needed, the workshop meeting may be canceled. The Council may also hold workshops which shall be scheduled as a special meeting on such dates that work best with the schedules of the Mayor and a majority of the Council. These meetings will be informal meetings for the purpose of more prolonged discussion of issues and topics selected by the Council, Mayor or Chief Administrative Officer. Workshops may be held jointly with advisory Boards and Commissions to the Council or with other public entities.
- 3) **Special Meetings.** Special meetings may be called by the Mayor by communication via an e-mail with response required to each member of the Council at least twenty-four hours before the time specified for the proposed meeting. If no response is received, the City will make reasonable attempts to contact the Councilmember by phone. Proper notice shall also be given to the news media. A special meeting may also be called by the Mayor upon the written request of any four members of the Council. The notice of a special meeting shall specify the time and place of the special meeting and the business to be transacted, and no final action shall be taken on any subject other than those specified in the notice. Where reasonable attempts have been made to give all Councilmembers notice of a special meeting, as provided above, such meeting may be held so long as a quorum is present.
- C) **Executive Sessions.**
- 1) **General.** The Council may hold Executive Sessions from which the public may be excluded, for the purposes set forth in RCW 42.30.110. Before convening an Executive Session, the Presiding Officer or designee shall announce the general purpose of the session, the anticipated time when the session will be concluded and

whether action will be taken on any item. Should the session require more time, a public announcement shall be made that the session is being extended.

- 2) Confidentiality. Councilmembers shall keep confidential all written materials and verbal information provided to them during Executive Sessions. Confidentiality also includes information provided to Councilmembers outside of Executive Sessions when the information is considered to be exempt from disclosure by State law or when it is subject to the attorney-client privilege.
 - 3) Ex parte Contact. If the Council, after Executive Session, has provided direction to City staff on proposed terms and conditions for City business, all contacts with any other party should be done by the designated City staff representative handling the issue. Councilmembers should obtain the permission of the Mayor prior to discussing the information with anyone other than other Councilmembers, the City Attorney or City staff designated by the Mayor. Any Councilmember having any such contact or discussion needs to make full disclosure to the Mayor and/or Council in a timely manner.
- D) Meeting Place. Regular Council Meetings will be held at the City Hall at 501 Delta Avenue. Workshops and Special Meetings will usually be held at the same location, but may be held at other appropriate locations, with proper notice.
- E) Council Agenda.
- 1) Order of Business. No Legislative item shall be voted upon which is not on the agenda as approved by the Council at the meeting. The order of business for each Regular Meeting shall be ordinarily as follows unless modified by motion of Council:
 - (a) Call to Order
 - (b) Invocation/Pledge of Allegiance
 - (c) Roll Call
 - (d) Presentations
 - (e) Audience Participation
 - (f) Approval of Minutes
 - (g) Consent Agenda
 - (h) Review Bids
 - (i) Public Hearings
 - (j) New Business
 - (k) Legal
 - (l) Mayor's Business
 - (m) Staff Business
 - (n) Call on Councilmembers and Committee Reports
 - (o) Adjournment
 - (p) Executive Session
 - (q) Reconvene
 - (r) Adjournment

- 2) Placement of Matters on Agenda by Councilmembers. A Councilmember may propose to place a topic on an upcoming City Council Agenda in the form of a motion. A Councilmember may also fill out a Request Form if he or she wishes to have the subject placed on the Agenda for the making of a motion. The filling out of a Request Form will be used only to let the other Councilmembers know that a motion will be made to place the matter on an upcoming Agenda. If the motion receives a second, then a vote is taken. If the motion passes the Councilmember may then provide to the City Clerk (or designee) whatever information is pertinent to the subject. Such information will be included in the materials for the upcoming meeting. City staff may also provide information that would be useful to the Council in their deliberations. At times it may be necessary where an issue is complex to inform the Council that more time may be needed to prepare staff materials or that there may be some unanticipated costs in producing relevant information to the Council.
- 3) Consent Agenda. Matters shall be placed on the Consent Agenda which: (a) have been previously discussed by the Council, or (b) based on the information delivered to members of the Council by the administration, can be reviewed by a Councilmember without further explanation, or (c) are so routine or technical in nature that passage is likely. The motion to adopt Consent Items shall be non-debatable and have the effect of moving to adopt all items. Prior to entertaining a motion to adopt the Consent Agenda the Mayor shall inquire whether there are any members of the audience who want to comment on any matter which is on the Consent Agenda. Any member of the Council shall have the right to remove any item. Therefore, under the item "Approve the Agenda Contents and Order," the Mayor shall inquire if any Councilmembers wish an item to be withdrawn from the Consent Agenda. If any matter is withdrawn, the Mayor shall place the item following the consent agenda for deliberation and possible action.
- 4) City Goals Meeting. A special meeting will be scheduled during the first quarter of each year with the agenda providing for a Council discussion of City goals for the ensuing year. The Council will request that the Mayor summarize the prior year's accomplishments and present the goals of the Executive Office for the ensuing year to facilitate the Council's discussion of this item.

VI) **Public Testimony and Comments:**

A) Oral and Written Comments.

- 1) General. The Council shall not take public comments at the Regular Meeting except for testimony given at a Public Hearing; provided that any person may speak under "Citizen Comments on items not on the Agenda" and on items on the agenda for which no public comment is planned for no more than three minutes. The three-minute limit may be extended by consensus of the Mayor and majority of the Council. If there is an item on the agenda on which a citizen wishes to comment, the citizen should ask during the "Citizen Comments on items not on the Agenda" period if the Council will allow comment on a particular item. The Mayor will decide, with

the concurrence of Council, whether comment will be allowed, and if so, it will be taken after the Staff presentation, but before Council action on that item.

- 2) Identification of Speakers. Persons testifying or providing comments shall identify themselves for the record as to name, address, and organization.
- 3) Time Limitations. Individuals will be allowed three (3) uninterrupted minutes to speak. Providing that all individuals are allowed to speak at the hearing, if time permits another three (3) minutes may be allowed for added comment. At the discretion of the Mayor, with the concurrence of Council, additional time for receipt of oral and written testimony may be allowed. The Clerk or Mayor shall be the timekeeper.

In cases where a representative is speaking on behalf of a group of persons who are present at the meeting, at the discretion of the Mayor, giving consideration to the issue at hand and the time available and with the concurrence of Council, part or all of the three minutes that each person in the group would have had to speak may be allocated to the representative of the group.

At a quasi-judicial hearing, the burden of proof generally lies with the applicant or appellant of the action before the Council. During the public testimony portion of the hearing, the applicant and the applicant's advisors will have the opportunity for rebuttal to opposing testimony.

- 4) Quasi-Judicial Items. A quasi-judicial action is an action of the Council which determines the legal rights, duties, or privileges of specific individuals or properties, such as rezones or plat approvals.

The order of business for a quasi-judicial hearing shall generally be as follows:

- (a) Appearance of Fairness Query
 - (b) Swearing in
 - (c) Staff presentation
 - (d) Board or Commission recommendation
 - (e) Applicant 's statement
 - (f) Council's questions of Staff, Commission, and Applicant
 - (g) Citizen 's testimony
 - (h) Rebuttal by Applicant
 - (i) Public testimony closed
 - (j) Council deliberation
 - (k) Council action
- 5) Written Comments. Written materials may be submitted to the Council at the Regular Meeting at which an issue is to be considered, however the Council may not be able to consider such written comments at that time. Written materials may also be filed with the City Clerk for Council consideration up to and including at the Regular Meeting.

- VII) **Periodic Review:** It is the intent of the City Council that council procedures be periodically reviewed as needed, and may be amended at any other time that the Council shall choose.
- VIII) **Effect/Waiver of Rules:** These rules of procedure are adopted for the sole benefit of the members of the Council and the Mayor to assist in the orderly conduct of Council business. These rules of procedure do not grant any right or privileges to specific members of the public. Failure of the City Council to adhere to these rules shall not result in any liability to the City, its officers, agents, and employees, nor shall failure to adhere to these rules result in invalidation of any Council act. The City Council may, by a majority vote, determine to temporarily waive or suspend any of the provisions herein.
- IX) **Repealer:** All prior practices, policies, rules or resolutions of the Council which are inconsistent with this resolution are hereby REPEALED. Resolution No. 2493 is hereby REPEALED for the reason that it is replaced by this resolution.

ADOPTED by the City Council at an open public meeting this _____ day of _____, 2021.

CITY OF MARYSVILLE

By _____
JON NEHRING, MAYOR

Attest:

By _____
TINA BROCK, DEPUTY CITY CLERK
