| <input type="checkbox"/> For bids due            |   |   |

**Remarks:**

**Copy to:**

Please see the enclosed colored elevations for the Marysville 172<sup>nd</sup> Apartments as requested. The final colors have not been selected and are subject to change.

Note that on 8/1/2022 we provided a point-by-point response describing how the project addresses the Lakewood Neighborhood Master Plan design standards as part of the Technical Review # 1 response. The initial drawings submitted for PA22017 included conceptual elevations, which we understood were acceptable to the City.

Additionally, we provided a rendering of the buildings along the main road to address the City's primary building entrance concern, which we also understood was accepted.
