DEMOLITION PERMIT "CHECKLIST"

PRIOR TO SUBMITTING THIS APPLICATION TO THE CITY OF MARYSVILLE FOR A DEMOLITION OF YOUR PROJECT YOU MUST CHECK WITH THE FOLLOWING AGENCIES

- Puget Sound Air pollution control agency permit must be submitted and obtained before city demolition permit can be issued.
- Check with the City of Marysville Utility Billing office for any outstanding accounts.
Any utility fees must be paid prior to permit issuance.

Contractors must have a City of Marysville Business License to do work inside the City limits and they will need an active license from the State Department of Labor & Industries.

- City of Marysville Business License can be obtained on line at: www.dol.wa.gov
- State Department of Labor & Industries can be contacted at their Everett Office at: 425-290-1300
- Licenses will be checked and must be current prior to permit issuance.

APPLICATION SUBMITTAL REQUIREMENTS

1. Application
2. Puget Sound Clean Air permit number on application
3. Asbestos survey attached

MISCELLANEOUS INFORMATION:

1. Application for city demolition permit must be completed and submitted at least 7 to 10 days prior to demolition.
2. Building official and construction foreman will review the site prior to any demolition work.
3. Applicant will be notified by the building department when the demolition permit is ready for issuance.
4. City will pull water meter.
5. Contractor to cap and mark sewer stub.
6. Check with Utility Billing for any outstanding water/sewer fees due.

Please contact the Marysville Historical Society at marysvillehistoricalsociety@verizon.net prior to demolition of any structure older than 50 years.

An incomplete application could delay your permit.
