GREASE INTERCEPTOR REQUIREMENTS

1. **Fill out a Building Application.** All applications must be completed with contractor and owner information. Licensed contractor information will be verified.

2. **Electronically submit plans indicating:**
 - All gray water producing fixtures.
 - Where the water is coming from and going to, i.e. to and from the interceptor.
 - Location of interceptor.
 - How/where the gray water line hooks up to the combined sewer.
 - Note any internal plumbing changes.
 - Contact the city for standard plans for installation purposes.
 - Costs: New Commercial \$300.00.
 - Provide make, model, and size of proposed grease interceptor.

The plans may be hand drawn if architectural drawings are unavailable.
