

Submittal Requirements

Submittals must meet these minimum requirements for plan review

- Complete a [Fire Permit Application](#) and submit with plans to the [City of Marysville](#).
- Provide a narrative of the scope of work and cut sheets for all equipment and materials.
- Provide site/floor plan with the project area indicated. Show where the work will be located.
- Electronic digital plans in PDF format are preferred.
- All drawings must be drawn to scale and marked with a north arrow or compass directions.
- Provide a legend showing all symbols and device descriptions. Include device count totals.
- Reference applicable [IFC fire code](#) sections and [NFPA standards](#) that apply to the project. All projects shall comply with current IFC fire code requirements and NFPA standards.
- Washington State Law requires that any registered professional who prepares or supervises the preparation of drawings and construction documents stamp and sign the documents.
