5. Consider Authorizing \$33,410.61 in Additional Management Reserve for the SR528 and 53rd Ave Intersection Improvements Project for a Total Project Allocation of \$374,359.61

Director Nielsen commented that the increase being requested is due to ADA requirements at that intersection.

Motion made by Councilmember Wright, seconded by Councilmember Seibert, to authorize \$33,410.61 in Additional Management Reserve for the SR528 and 53rd Ave Intersection Improvements Project for a Total Project Allocation of \$374,359.61. **Motion** passed unanimously (7-0).

6. Consider the 2014 Strawberry Festival Permit Proposal As Required by the Master Permit Agreement Currently with the City. Approval Includes the Marysville Kiwanis Club Beer and Wine Garden Event as a Strawberry Festival Sponsored Event Subject to Receipt of Specific Liability Insurance Coverage Required by the City.

Director Ballew stated that this is the same proposal as last year. There are no new activities scheduled this year. He added that this is the final year of their Master Permit.

Motion made by Councilmember Toyer, seconded by Councilmember Muller, to authorize the Mayor to approve the 2014 Strawberry Festival Permit Proposal As Required by the Master Permit Agreement Currently with the City. Approval Includes the Marysville Kiwanis Club Beer and Wine Garden Event as a Strawberry Festival Sponsored Event Subject to Receipt of Specific Liability Insurance Coverage Required by the City. **Motion** passed unanimously (7-0).

7. Consider the Tourism Promotion Service Agreement and the Chamber Services Agreement with The Greater Marysville Tulalip Chamber of Commerce.

CAO Hirashima explained these agreements were approved by the Council on March 24, 2014. When the City sent them to the Chamber they were returned with several changes. The majority of the changes seemed acceptable to the Economic Development Committee, but some of the changes were not recommended by the Committee. She reviewed the recommendations of the Economic Development Committee as contained in the red-lined draft documents distributed at the meeting.

Referring to page 2 of 6, she noted that the funding for the VIC really isn't a festival so the reality is that the estimated number of lodging stays generated by the VIC will be zero. However, it is a requirement of state law that these be tracked so it has to be in the agreement. She suggested rewording it to say the "estimated number of lodging stays generated by this service" is zero. This section is needed to conform with the law.

Councilmember Norton asked for clarification on the monthly reports that the Chamber will be providing. CAO Hirashima replied it will be the report the Council has been receiving with information such as the number of visitors and website hits. Additionally, they will be providing a copy of the membership directories.

Councilmember Vaughan asked if the Chamber has provided adequate documentation at this point in the year to comply with the agreement. CAO Hirashima replied that other than the directory and the report that the Council received in the past they have not received anything new, but at this point it wouldn't be required because there isn't an agreement. Councilmember Muller expressed frustration that there had been agreement which was sent out for signatures, but it was sent back with the line item changes. He noted that it's now June and this should be approved already. Councilmember Vaughan concurred, noting that they are already halfway through the year. He commented that the agreement calls for quarterly reports, but they are almost through the second quarter. Mayor Nehring commented that Council would be almost ready to cut two

quarterly payments, but probably would want to see two quarterly reports before they make any payments. Councilmember Vaughan agreed, and wondered how the Council knows that payment is warranted if they haven't received any reporting.

There was consensus to approve the wording of the Economic Development Committee with the exception of making it clear with the verbiage "by this service" instead of festival or tour-related event.

Motion made by Councilmember Seibert, seconded by Councilmember Stevens, to authorize the Mayor to sign the Tourism Promotion Services Agreement as recommended by the Economic Development Committee and with the change noted by CAO Hirashima. The Greater Marysville Tulalip Chamber of Commerce. **Motion** passed unanimously (7-0).

Councilmember Muller pointed out that there is a deficiency clause in the agreement so there is some protection built into the plan.

Motion made by Councilmember Muller, seconded by Councilmember Toyer, to approve the Chamber Services Agreement with The Greater Marysville Tulalip Chamber of Commerce as amended with the redlined recommendations of the Economic Development Committee. **Motion** passed unanimously (7-0).

8. Consider the Interlocal Agreement between the Transportation Benefit District and the City of Marysville for Project Financing.

CAO Hirashima stated that this is the ILA with the TBD that will enable the City to extend \$600,000 to establish the budget this first year. The City will be repaid at a later date.

Motion made by Councilmember Seibert, seconded by Councilmember Toyer, to authorize the Mayor to sign the Interlocal Agreement between the Transportation Benefit District and the City of Marysville for Project Financing. **Motion** passed unanimously (7-0).

9. Consider an **Ordinance** Amending Marysville Municipal Code Sections 11.08.070, 11.08.080 and 11.08.250 Relating to Disabled Parking; Providing For Severability And Effective Date.

The current Marysville Municipal Code has been unenforceable by the Prosecutor since the legislature repealed the prior statute that allowed for enforcement of disabled parking spaces. Since the legislature has adopted a new statute, it is necessary to amend the MMC to incorporate the new state statute so there is an enforceable disabled parking ordinance in the City of Marysville.

Councilmember Vaughan commented that the ordinance talked about a state issued placard. He wondered if visitors from other states would be able to use those in our city.

City Attorney Weed commented that he would look into that. Chief Smith commented that generally they would honor legitimate placards from other states.

Motion made by Councilmember Stevens, seconded by Councilmember Seibert, to approve Ordinance No. 2962. **Motion** passed unanimously (7-0).

10. Consider a **Resolution** Establishing a Written Policy for the Presentation of Invocations at City Council Meetings.

City Attorney Grant Weed reviewed this item. Some language has been added to the section regarding giving notice. Otherwise the City's policy already meets the intent and the letter of the law.

Motion made by Councilmember Vaughan, seconded by Councilmember Wright, to approve Resolution No. 2359. **Motion** passed unanimously (7-0).

11. Consider an **Ordinance** of the City of Marysville Amending the 2014 Budget and Providing for the Increase of Certain Expenditure Items as Budgeted for in Ordinance No. 2941 and Changes in Compensation Levels.

Director Langdon reviewed amendments to the 2014 budget as contained the Council's packet on pages 126 through 131.

Motion made by Councilmember Muller, seconded by Councilmember Stevens, to adopt Ordinance No. 2963. **Motion** passed unanimously (7-0).

12. Consider the Supplemental Agreement No. 1 to the Professional Agreement with FCS Group.

Finance Director Langdon reviewed this item, noting that the supplemental agreement would extend the date to July 31, 2014.

Motion made by Councilmember Norton, seconded by Councilmember Stevens, to authorize the Mayor to sign the Supplemental Agreement No. 1 to the Professional Agreement with FCS Group. **Motion** passed unanimously (7-0).
