5. Consider the 2015 Transportation Benefit District Annual Report

Public Works Director Nielsen presented the 2015 Annual TBD Report. He reminded the Council that the TBD had a loan from the City so they could get started early with the paving. The TBD Board started paving Sunnyside Blvd, 100th Street, and 60th Drive NE. TBD Money was used to match grants for Marshall Elementary and Grove Street pedestrian and bicycle improvements. For all the projects the TBD Board replaced all the ADA ramps and brought them up to standard. Shoulder widening and pavement overlay within Parkside Manor was also completed. 67th Avenue from 88th to 108th was completed with federal money.

Motion made by Councilmember Muller, seconded by Councilmember Toyer, to approve the 2015 Annual Report as presented. **Motion** passed unanimously (7-0).

6. Consider the 2016 Transportation Benefit District Projects Supplemental

Public Works Director Nielsen explained this would be \$200,000 from extra sales tax to be used for pavement repair and paying off the loan early.

Councilmember Seibert asked why they are only doing the east side of State Avenue. Director Nielsen explained there is work they have to complete before they can do the other side.

Motion made by Councilmember Vaughan, seconded by Councilmember Muller, to approve the proposed Agreement with the Everett Gospel Mission. **Motion** passed unanimously (7-0).

10. Consider the Agreement for Joint Operation of Fire and Emergency Medical Protection Facilities

CAO Hirashima reviewed the revised agreement. The most significant of the revisions is the timeline. They have asked for a more certain and quicker timeline. Mayor Nehring emphasized that the Fire District commissioners are the ones who keep putting the date in there, not the City.

Councilmember Seibert requested comment from legal counsel. City Attorney Walker explained that the parties can reach a mutual agreement to extend the date. He commented that this is an ambitious timeline. Councilmember Seibert asked for clarification about what happens upon termination of the original agreement. City Attorney Walker offered to provide more information on this at a later date.

Councilmember Muller also expressed concern about termination language.

CAO Hirashima stated staff would schedule this for a future meeting and/or executive session to provide more information.

Councilmember Seibert referred to page 10.7 which refers to a formula. He asked staff's opinion on this. CAO Hirashima replied staff believes they can come up with a formula.

Councilmember Muller requested a subcommittee meeting on this before bringing this back for a vote.

There was consensus to bring this back to Council.

Council President Norton stated that there is an opening on the Public Safety Committee which needs to be filled.
