7. Consider the Snohomish County Human Services Department Grant in the Amount of \$15,000.00

Motion made by Councilmember Wright, seconded by Councilmember Norton, to authorize the Mayor to sign the Snohomish County Human Services Department Grant in the Amount of \$15,000.00. **Motion** passed unanimously (6-0).

8. Consider the Professional Services Agreement between the City of Marysville and K2 Data Systems, Inc. in the Amount of \$49,500.00 for SCADA Support Services

Director Nielsen explained that a lot of data needs to be converted over to the new system. This would also provide for backup personnel if needed.

Motion made by Councilmember Vaughan, seconded by Councilmember Wright, to authorize the Mayor to sign and execute the Professional Services Agreement between the City of Marysville and K2 Data Systems, Inc. in the Amount of \$49,500.00 for SCADA Support Services. **Motion** passed unanimously (6-0).

9. Consider the Interlocal Agreement with the Marysville School District related to the District's use of Automated School Bus Safety Cameras

City Attorney Walker explained that this is an Interlocal agreement that came about due to a change in legislation which allows school districts to essentially have red light cameras on school buses. It would provide for cameras on school buses to photograph people who pass buses that have their flags out. The Interlocal Agreement explained that the new Interlocal Agreement is needed because the police are involved in approving the citations and the court is involved in processing them. This would provide clarification related to that.

Councilmember Norton asked if the City would be announcing this to the public. CAO Hirashima noted that the school board took action on this at their board meeting a couple weeks ago. Connie stated that the school district will be taking the lead on communications, but the City is discussing its responsibilities. Councilmember Norton suggested providing a refresher about when people need to stop.

Councilmember Seibert asked what the money from the infractions is used for. City Attorney Walker thought that it goes back into the school safety fund. CAO Hirashima noted that the City will be charging a fee for the court processing fee involved. Any additional funds go back to the school district for enhancing school safety.

Councilmember Seibert asked about an appeal process. City Attorney Walker explained that there is a process for a hearing.

Councilmember Muller asked if this is the same program that is used by the crossing guards where they can report individuals who don't stop. CAO Hirashima explained that this is just a program that allows cameras to work with the school buses and the city.

Councilmember Vaughan asked how infractions handled outside the city limits would be handled. City Attorney Walker explained that those would not be handled through Marysville's courts. Only photos taken within city limits would be handled through Marysville due to jurisdictional issues.

Motion made by Councilmember Muller, seconded by Councilmember Norton, to authorize the Mayor to sign the Interlocal Agreement with the Marysville School District related to the District's use of Automated School Bus Safety Cameras. **Motion** passed unanimously (6-0).

10. Consider Supplemental Agreement No. 1 to Professional Services Agreement with Makers Architecture for the Lakewood Neighborhood Master Plan

Community Development Director Koenig explained that the Planning Commission has finished its work on the Lakewood Neighborhood Master Plan. Based on input that was received through the public hearing process, some changes were made to the plan. This Supplemental Agreement would add a small amount of money to the contract with Makers to make those changes.

Councilmember Seibert expressed concern about approving this before seeing the changes recommended by the Planning Commission. CAO Hirashima explained that the draft was done externally from a consultant and the City doesn't have the ability to the edits and changes. She discussed the basis for this process. She commented that Makers has done similar projects for the City in the past.

Councilmember Vaughan explained that this just authorizes an additional \$2200 to make the changes recommended by the Planning Commission.

Motion made by Councilmember Stevens, seconded by Councilmember Wright, to authorize the Mayor to sign the Supplemental Agreement No. 1 to Professional Services Agreement with Makers Architecture for the Lakewood Neighborhood Master Plan **Motion** passed (5-1) with Councilmember Seibert voting against the motion.

11. Consider an **Ordinance** Authorizing the City of Marysville to Continue to Impose a Sales and Use Tax as Authorized by RCW 82.14.415 as a Credit against State Sales and Use Tax; Certifying the Costs to Provide Municipal Services to the Central Marysville Annexation Area; and Setting a New Threshold Amount for Fiscal Year 2017 Relating to Annexations

Finance Director Langdon explained that this is not an additional tax; it is coming from the state tax. Mayor Nehring added that this is part of the agreement for the annexation.

Motion made by Councilmember Wright, seconded by Councilmember Seibert, to adopt Ordinance No. 3048. **Motion** passed unanimously (6-0).

12. Consider an **Ordinance** Amending Section 2.50.050 to Clarify the Role of the Salary Commission and Repealing Reimbursement for Meetings

City Attorney Walker explained that this is a clarifying and housekeeping ordinance.

Councilmember Vaughan asked if this would change the way that councilmembers are compensated. CAO Hirashima explained that the Salary Commission wanted to do a meeting inclusive salary, so this would eliminate meeting reimbursement.

Motion made by Councilmember Norton, seconded by Councilmember Stevens, to adopt Ordinance No. 3049. **Motion** passed unanimously (6-0).
