Public Hearings

New Business

15. Consider an Ordinance Affirming the Planning Commission's Recommendation and Adopt the Minor Amendments to the Wireless Communication Facilities and Small Cell Wireless Amendments.

Senior Planner Angela Gemmer reviewed this item which would address comments made by Verizon Wireless in the small cell wireless code amendments adoption process. The amendments have been presented to the wireless industry and the PUD. All outstanding concerns have been addressed.

Motion made by Councilmember Muller, seconded by Councilmember Stevens, to approve Ordinance No. 3129. **Motion** passed unanimously.

16. Consider an Ordinance Affirming the Planning Commission's Recommendation and Adopt the Cottage Housing Development Amendments.

Councilmember King recused himself.

Senior Planner Angela Gemmer reviewed this item which would amend the City's current cottage housing provisions. A lot of the substantive standards remain the same; however it is being reorganized with new architectural design standards and some changes to dimensional standards. There are also clarifications to access expectations.

In response to Council questions at the work session, she presented examples of a cottage housing project constructed in Mukilteo. Information about valuation of cottages was also provided.

Councilmember Muller asked about minimum lot sizes. Senior Planner Gemmer explained minimum lot size would be determined both by the density and dimensional standards (building and impervious coverage and setbacks) and also not to exceed the net project area calculation for the specific zone in which it is located. On average this is expected to be about 1800-2000 square feet.

Council President Norton asked for clarification about zoning guidelines under 2(d). Senior Planner Gemmer explained this was planned in part to help accommodate the project they are working on. Certain factors are deemed desirable for siting these types of developments; these include things like proximity to parks, schools, and open spaces.

Motion made by Councilmember Stevens, seconded by Councilmember James, to approve Ordinance No. 3130. **Motion** passed unanimously.

Councilmember King returned to the meeting.
