6. Consider a Draft Temporary Sign Ordinance

City Attorney Walker stated this is just for discussion tonight, and any sign code amendment would need to go to the Planning Commission first. He explained that this would limit the duration for temporary signs that are for a specific event, require permission of abutting property owners if they are in the right-of-way, and prohibit off-premises general business signs. The City would then be able to remove signs that violate the code and impose civil penalties. He reviewed regulations and legal precedents related to sign codes.

Councilmember James asked about signs for home businesses. City Attorney Walker commented there is a definition of a general advertising sign which would apply to home businesses. He stressed that the ordinance would apply to all signs and could not legally distinguish between the content of various signs.

Councilmember James asked about sizes of signs. City Attorney Walker noted that details about allowable sizes would be hashed out at the Planning Commission level. Councilmember James suggested that there are certain standards of sign sizes which would not fit in this code. 2'x4' would work. Lake Stevens allows a square footage max which is more flexible. He recommended trying to match what is allowed in surrounding jurisdictions.

Councilmember Richards asked if real estate arrows would no longer be allowed. City Attorney Walker replied they would not be allowed. Councilmember Richards asked about directional open house signs and garage sale signs. City Attorney Walker replied that technically they would not be allowed.

Councilmember King asked about a neighbor who occasionally puts up a sign for cooking classes in front of her house. City Attorney Walker replied it would be allowed as long as it fits in the general business description and was placed in front of her business location.

Councilmember James asked about enforcement. City Attorney Walker replied that it would primarily be complaint-driven unless staff sees signs that appear to be violations.

Councilmember James asked who someone would contact for permission at a strip when the businesses are not the property owners. City Attorney Walker noted this would need to be clarified at the Planning Commission.

Councilmember Richards asked to be notified when this goes to the Planning Commission. He also asked about a person who wants to support two or three political candidates. Are they limited to just one sign? City Attorney Walker explained that right

now there is no total square footage limit; the signs themselves just can't exceed a certain size. This might be something for the Planning Commission to consider.

7. Consider an Ordinance Amending Chapter 3.63 of the Marysville Municipal Code Relating to the Utility Rate Relief

Finance Director Langdon explained that staff is proposing to increase the utility discount for low income seniors and low income disabled from 30% to 40% with an effective date of May 1. This is based on surrounding cities who offer an average discount of about 40%.

Councilmember Richards asked how many customers this would apply to. Finance Director Langdon replied that it is about 450 customers. The low-income threshold is a federal guideline based on the number of people in the household.

Councilmember James asked if the \$49,450/year estimate is for all utilities. Director Langdon replied that it is. The amount reflects the percentage of revenue (up to 40%) not collected from the utilities and could grow if the number of people qualifying for the discount grows. Director Langdon emphasized that user fees have to cover expenses, and this will be reviewed on an annual basis.

Staff Business

Director Miller brought up a survey available on the city website regarding the Comprehensive Plan Update. Staff is looking for feedback from the community for the update process.

Mayor Nehring thanked the Police Department for their continued support of Everett.

City Attorney Walker stated a need for an Executive Session to discuss one collective bargaining item with action expected which was estimated to last five minutes.

Call on Councilmembers and Committee Reports

Councilmember Richards reported he did a fire ride along today with Battalion Chief Soper. It was an interesting time.

Councilmember Stevens gave an update on the recent Economic Development Committee meeting where they received a thorough update on the economic development efforts by the Port of Everett. They also received information from Connie Mennie on the upcoming business summit and some updated marketing materials for the Cascade Industrial Center.

Councilmember King reported on last Friday's Public Works Committee meeting. The new organizational chart was reviewed. They got a report on some long and short-term energy-saving projects they are doing at Public Works buildings. They received project updates on various projects. They were presented with a plan to pick up litter in the City. He noted that he saw his first ATV side-by-side vehicle driving in Marysville last week.

Councilmember James:

- He reported that he went to the memorial today for Officer Rocha. It was a very poignant event. He is very thankful for our police department and all those who make that sacrifice every day.
- There was a Marysville Historical Society fundraiser event last weekend which was very successful. Thanks to Peter Condyles for his efforts.
- Last week, the State of Everett was a good event.
