Audience Participation

Connie Tessness, 7707 Soper Hill Road, 98270, expressed concern about compulsory garbage pickup. She has lived in her home on Soper Hill for 45 years and has never had compulsory garbage pickup. She expressed concern about being charged for it whether or not she has garbage picked up.

Vonna Posey, 7719 Soper Hill Road, 98270, has lived at that address for 38 years. She expressed concern about the legality and fairness of the city's solid waste ordinance. She stated her that her question about this had not been recorded in the previous minutes. She asked for the phone number and the name of the City Attorney. Grant Weed stated his name and phone number for her information.

Fred Ronk, 7109 67th Street NE, Marysville, WA expressed concern about the mandatory garbage collection for people who may not want it or need it. He questioned the legality of making this a mandatory issue.

Grant Weed discussed the legality of the mandatory garbage pickup. He stated that the courts in Washington State as well as throughout the country have consistently held that with respect to solid waste and garbage, as well as utilities such as stormwater, cities have the authority to require all people in the city to subscribe to the service. The courts have said that if some people receive the service and others don't it often becomes a public service issue or a health hazard.

Fred Ronk, 7109 67th Street NE, Marysville, WA, commented that the health issues from a small percentage of the people who don't take care of their garbage could be taken care of on an individual basis.

Director Nielsen addressed the costs of different levels of recycling and garbage service. He clarified that the minimum garbage service is \$11.98 per month. This is for a 36-gallon trash container plus recycling. He compared this to areas outside the city limits and Snohomish County, the recycling cost without trash service is \$9.15/month. With trash service it's \$7.60/month. He summarized that Marysville's minimum once a month trash pickup costs about \$3 more than the base recycling cost.

Councilmember Seibert asked City Attorney Weed how long garbage has been mandatory in the City of Marysville. City Attorney Weed thought it had been at least 20 years, but was not sure exactly when it was instituted. He was not aware of it being an issue for many people in the past.

Mayor Nehring thanked the members of public for coming to speak.

Call on Council

Kamille Norton:

- She ran the full loop of the new Bayview Trail. One of the things she likes about the second phase is that it takes advantage of the views of the area. She was happy to see so many people on the trail.
- She asked how many customers are on the once-a-month garbage pick-up plan. Finance Director Langdon offered to find out.

Rob Toyer asked if it is possible to put together a spreadsheet on what other cities do with their garbage to address what was brought up during Public Comments. Director Nielsen indicated staff could compile that.

He offered to give a presentation on the whole trail project when there is time.
- He said he would be curious to find out how long Marysville's garbage service has been mandatory.

- One of the problems she sees with communities where there is not mandatory service is that people have to lock up their garbage cans. Director Nielsen

concurrent and noted that when someone has recycle only the incidence of cross-contamination also increases.
