Public Hearings

New Business

6. Consider Approving the Agreement for Special Counsel Legal Services with Summit Law Group.

CAO Hirashima reviewed this item regarding the City's employment attorney services. This is a renewal of the contract for 2019 and 2020.

Motion made by Councilmember Vaughan, seconded by Councilmember King, to authorize the Mayor to sign the Agreement for Special Counsel Legal Services with Summit Law Group. **Motion** passed unanimously.

7. Consider Approving the Purchase of a New Tymco 600 Regenerative Air Sweeper in the Amount of \$307,747.00 from PacWest Machinery.

Asst. Public Works Director Chennault reviewed this item. The sweeper was identified in the current budget, and it came in under the price projected. A grant from the Department of Ecology will fund 75% of the sweeper and 75% of the employee that will be driving it.

Councilmember Norton asked if this is replacing a current sweeper. Assistant Director Chennault explained that it will be replacing one of three current sweepers.

Motion made by Councilmember Muller, seconded by Councilmember Norton, to authorize the Mayor to execute the agreement for the purchase of a New Tymco 600 Regenerative Air Sweeper in the Amount of \$307,747.00 from PacWest Machinery. **Motion** passed unanimously.

8. Consider Approving the Payment of \$36,000 to Marysville Investment Partners to Purchase an Easement for Stormwater Sewer Purposes.

Asst. Director Chennault and Director Koenig reviewed this easement which would allow the regional stormwater line to extend through the property.

Motion made by Councilmember King, seconded by Councilmember Vaughan, to authorize the Mayor to execute the Payment of \$36,000 to Marysville Investment Partners to Purchase an Easement for Stormwater Sewer Purposes. **Motion** passed unanimously.

9. Consider Approving the Language Changes made by City of Lake Stevens to the Soper Hill Road and Powerline Trail Interlocal Agreements.

CAO Hirashima gave an update on discussions with Lake Stevens and summarized the agreements. The mayors of both cities are fully supportive of both agreements, but Lake Stevens City Council has removed the item from their agenda for more discussion. The Soper Hill Road Interlocal Agreement would help to improve Soper Hill Road and would benefit residents who use the road. It would provide for mutual agreement on the design standards for Soper Hill Road and for Marysville to fund and construct a roundabout at Soper Hill Road and 83rd Avenue. The Powerline Trail Interlocal Agreement would establish an agreement to jointly design and pursue construction funding to enable a trail from the planned Centennial Trail connection at Getchell that would extend through

Marysville, Sunnyside, and into Lake Stevens. Each city could be responsible for their share of the trail improvement.

Councilmember Vaughan asked about the reasons for Lake Stevens rejecting this offer as it is a very generous offer which would benefit the residents of both cities. CAO Hirashima was not certain. There was discussion about the background on this matter and the City's position.

Councilmember Norton spoke in support of the agreement, but suggested that this should be the City's final offer as they have already invested a lot of time and energy on what they believe is a very good offer.

Councilmember Muller agreed, but noted that the work needs to be done regardless Lake Stevens' cooperation. This has to do with being supportive neighbors. Marysville has supported Lake Stevens on major projects at a state and federal level, and this impacts that relationship.

Councilmember Vaughan expressed frustration and agreed that this was a final offer.

Motion made by Councilmember Vaughan, seconded by Councilmember Stevens, to authorize the Mayor to approve the Interlocal Agreements and authorize the Mayor to sign the agreements and allow for non-substantive language changes as needed.

Motion passed unanimously.
