SUMMARY:

The AWC Employee Benefit Trust is a Voluntary Employees' Beneficiary Association (VEBA), as defined in IRC 501 (c) (9). The Trust was formed in 1970 by the Association of Washington Cities to offer affordable coverage for its cities and towns with participants in Law Enforcement Officers and Fire Fighters Pension Plan 1 (LEOFF 1). Since that time, the Trust has broadened its insured membership to include all walks of municipal government and their families. Today, the Trust serves 275 participating entities and insures approximately 36,000 employees and family members.

On July 25, 2013, the AWC Employee Benefit Trust Board of Trustees voted to move from a fully insured benefit program to a self-insured model. Among a variety of advantages and opportunities that goes along with self-funding, was a projection of a 0% increase for employees covered by the Trust's Regence/Asuris Medical, Group Health Medical, WDS Dental, and VSP Vision self-insured plans for 2014.

In order to conduct business as a self-insured program, the AWC Employee Benefit Trust is now required to comply with RCW 48.62 and WAC 200-110. This involves following the state law and rules administered by the Washington State Risk Manager. One of those requirements is that each member must approve, by resolution, an Interlocal agreement authorizing them to participate.

RECOMMENDED ACTION:

Staff recommends that Council authorize the Mayor to sign the Resolution and Interlocal Agreement to participate in the Association of Washington Cities Employee Benefit Trust Self-Funded Health Care Program.

AWC Employee Benefit Trust

Self-Funded Health Care Program

Fact Sheet

On August 26, 2013, the State Risk Manager approved the AWC Trust's application to self-insure the medical plans through Group Health and Regence Blue Shield, the Vision Service Plan, and Washington Dental Service plan effective January 1, 2014. The remaining insurance products will continue to be fully-insured. This fact sheet is intended to provide background of the Trust and insight into the Board of Trustee conversation ultimately leading to the decision to self-insure.

Trust history

The AWC Employee Benefit Trust is a Voluntary Employees' Beneficiary Association (VEBA), as defined in IRC 501 (c) (9). The Trust was formed in 1970 by the Association of Washington Cities to offer affordable coverage for its cities and towns with participants in Law Enforcement Officers and Fire Fighters Pension Plan 1 (LEOFF 1). Since that time, the Trust has broadened its insured membership to include all walks of municipal government and their families. Today, the Trust serves 275 participating entities and insures approximately 36,000 employees and family members.

The Trust currently offers medical, dental, vision, employee assistance program, life insurance, long-term disability insurance, and long-term care insurance. In 1984, the Board of Trustees proved to be true visionaries in the health care industry and adopted an innovative health promotion project (wellness) as a cost containment tool. Today, the award-winning Total Health Management services of the Trust (available to Regence and Group Health medical subscribers) continues to reduce health care costs and improve quality of life for our insured members.

The AWC Trust, one of the first of its kind as a municipal league pool, is nationally recognized for excellence and innovation. Industry respect and long-term, stable relationships with insurance carriers, vendors, and consultants have benefited the pool members with quality health care programs, trust-worthy technical assistance and financial predictability. Customer advocacy and member-driven decisions continue to be the cornerstone of the Trust mission, vision and goals.

Planning retreat priority – self-insurance

As one of the highest priorities emerging from the 2011 Long Range Strategic Planning Retreat, the Trustees dedicated its 2013 meetings to learning about the world of self-insurance; hearing in-depth analysis from benefit, legal and actuarial consultants; and weighing the pros and cons of self-insuring the health care plans.

Self-Insurance means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

On July 25, Trustees instructed staff and consultants to proceed with a self-insurance application to the State Risk Manager. Approval was granted on August 26, and the Trust will transition its **Regence/Asuris, Group Health, WDS and VSP** plans to self-insurance effective January 1, 2014.

Cost savings

One of the overriding factors in the decision is the potential for cost savings to members. Self-insurance allows the Trust to eliminate several taxes mandatory for fully insured plans including a 2% state tax and a 2% – 3% new 2014 federal insurer tax. While our retention and stop loss fees were extremely competitive as a fully insured plan, these fees were also lowered with the aid of a competitive self-insurance marketplace. Along with all these cost savings, we'll be able to focus on our own trend line, which has been lower than carriers' trends for many years. This bodes well for not only this year's rate projections, but future year's as well.

The transition to self-insurance will not change the manner in which plans are rated (i.e., the Trust will continue to pool all member claims rather than develop rates based upon individual employer loss experience). However, the discussion of large city claims rating is slated to be discussed by the Board of Trustees in 2014, and being self-insured certainly enables a broader scope of analysis.

With all these factors considered, the Trust's 2014 rate **projections** are very favorable with 0% increase projected for most plans.

Self-insurance plans

Fully-insured plans

Regence/Asuris Medical	0%	LEOFF I Medicare Advantage Plan	8%
Group Health Medical	0%	Willamette Dental	0%
WDS Dental	0%	Life & LTD	0%
VSP Vision	0%	EAP	0%

Final rates will be adopted by the Board of Trustees on September 26. Look to our website by end of day on Friday, September 27, for an updated posting.

WellCity rate impact

The WellCity discount is 2% less than the base rate. Ongoing WellCity Award recipients – your current rate will be 2% less than the base rate – which means your rate stays the same. For cities earning the 2013 WellCity Award for the first time, you'll get a 2% discount on the 2014 base rate, meaning your rate this year is actually a 2% savings from your 2013 rate.

Employee impacts

For now, know that the impact to employees and their family members is minimal to none:

- Benefit plan designs remain the same, including the mandated benefit changes under the ACA for 2014
- Employees have access to the same provider networks.
- Claims will be processed by the same carriers.
- It is possible that a new ID card will be generated.

Member Employer impacts

Impact to employers is equally minimal:

- Members will still be part of the Trust's large pool, which will now be self-insured.
- The monthly bill will still be generated by NWA and due at the same time as current (by the 10th of the month).
- The most notable change for employers will be the council-adoption by resolution of an Interlocal Agreement between the jurisdiction and the AWC Trust.

Interlocal Agreement

RCW 48.62 authorizes local government entities to self-insure for health care benefits, and delegates rule-making authority and oversight to the Washington State Risk Manager. Chapter 200-110 Washington Administrative Code sets forth that members of the health care program (pool) must be a signatory to the health care program's Interlocal Agreement, and the Interlocal Agreement must be adopted by the local governing body by resolution.

In order for the Trust to meet the state deadlines, member jurisdictions must provide the adopted resolution and Interlocal Agreement no later than **November 15, 2013**.

AWC Employee Benefit Trust Health Care Program Reserve Funding

Self-insured health care programs must establish reserves necessary to fund the termination costs of the program and to insulate the program against unusual severity or frequency of claims. The Board of Trustees have pledged reserve funds pursuant to actuarially established amounts to satisfy this requirement.
