| BUDGET CODE: 41046290.541000 | AMOUNT: \$51,853.00 |

SUMMARY:

Staff is requesting authorization to enter into a two year Professional Services Agreement with Blue Marble Environmental LLC to conduct education and outreach activities for the city’s 2015-2017 Waste Reduction and Recycling Outreach Assistance and Education Program (WR&R Program).

Blue Marble Environmental LLC will conduct education and outreach activities designed to monitor and expand recycling programs at businesses, schools and multi-family properties, and increase public access to recycling at strategic locations throughout the city including sidewalks and city parks. Planned program activities are:

- Continue and expand business recycling pilot program
- Conduct final assessment of business recycling pilot program
- Recommend transition strategy from pilot program to permanent program
- Evaluate, coordinate, and expand school recycling programs
- Monitor multi-family program; provide on-site assistance to property managers and owners
- Develop and coordinate public recycling programs including city and privately sponsored recycling containers on city sidewalks and in city parks

City staff applied for a Department of Ecology Coordinated Prevention Grant (CPG) in the amount of \$118,522.67 to support the WR&R Program. However, legislative budget cuts reduced CPG funding by 50%. Snohomish County values the CPG work undertaken by various cities and generously offered to absorb a larger portion of the CPG funding reduction, thereby effectively reducing the impact to cities by about 25% instead of 50%. This means the original City of Marysville eligible grant amount of \$118,522.67 has been reduced to \$88,892. CPG funding is 75% grant with 25% matching funds. The grant will reimburse the city for \$66,669 of the program expenses and the city will pay the remaining \$22,223 as matching funds.

Total WR&R Program expenditures will remain at the original amount of \$118,522.67. Staff requested sufficient funding within the 2015-2016 Solid Waste Division budget to cover the matching grant funds and reduction in CPG funding.

Staff is still waiting for final approval of the state budget. Ecology will do their best to provide the City with a draft CPG agreement before City Council takes action on this request on July 13th. It is not likely we will receive an official CPG offer to bring forward to City Council for action during July, so that portion of the WR&R Program will come before City Council for approval in September.

There are key WR&R program elements underway that would be interrupted by a two month hiatus while waiting for an official CPG funding offer from Ecology and subsequent action by City Council. Staff is proposing approval of this PSA so WR&R work can continue with the school district to get school recycling programs evaluated and changes in place before students return to school in September and to continue working on expansion and evaluation of the pilot business recycling program. Solid Waste Division funds are available now and can be used to continue WR&R work until the CPG offer is received. When City Council takes action on the CPG offer we would also bring forward a PSA supplemental agreement for the remaining WR&R work.

RECOMMENDED ACTION: Staff recommends that Council Authorize the Mayor to sign and execute a Professional Services Agreement between the City of Marysville and Blue Marble Environmental LLC in the amount of \$51,853.00
