## Presentations

### A. Employee Services Awards

Jason Morton, Police Department Custody Officer – 5 years

### B. Volunteer of the Month

Leroy Erxleben was recognized as Volunteer of the Month for June 2015 for his dedication and outstanding service in reaching out to and driving cancer patients to life-saving treatment.

### C. Premier Golf Quarterly Review Cedarcrest Golf Course

Bill Schickler, President; Premier; Shane Day, Golf Pro, Cedarcrest; Matt Amundsen, Director of Operations, Premier; and Beth Hagen, CFO, Premier gave the quarterly review of Cedarcrest Golf Course. Mr. Bill Schickler reviewed the background of Premier's management of pro shop operation and course maintenance. He explained that Premier offered employment to all existing staff, installed a new POS system, installed a central reservation system, installed a new website and online reservation system, and created a new mobile app. Shane Day, the new golf pro at Cedarcrest, introduced himself and gave a brief update on his actions to date. There was an update on new golf carts coming soon and the surplus of old carts on the agenda for Council action.

Matt Amundsen Director of Operations for Premier, gave an update on maintenance topics. He reviewed transition activities and staffing updates, equipment and infrastructure updates, and the irrigation and water conservation plan. Mr. Schickler then reviewed the financial performance of the golf course highlighting decreased expenses and increased revenues. He summarized that the weather has been great, and things are going well. There are very positive upward trends with revenue and downward trends with expenses. He pointed out the high ranking Cedarcrest has for green fees and the high revenue ranking it has against other Premier courses. He summarized that by all indications Cedarcrest is doing very well. Councilmember Muller asked about data for cross-bookings of the course. Mr. Amundsen noted that he didn't have the data with him, but could provide it. He added that anyone that can't get booked at Legion can get cross-booked at either Walter Hall or Cedarcrest. He offered to provide those numbers later.

Mayor Nehring asked about the condition of the course now compared to when they took it over. Shane Day commented that the greens are rolling the fastest in Snohomish County. He is very impressed. The weather has also made a big difference. Every day he hears from people that the golf course is in the best shape it's ever been. It's been

very positive. Mayor Nehring commented that the new golf carts will make a big difference too. Shane Day concurred. Mr. Schickler noted that the increased revenue has more to do with the increased revenue per round than just the number of rounds. They've also been successful in working with the restaurateur out there to make a more attractive package for the golfers.

Mayor Nehring asked Premier's opinion about pace of play. Mr. Schickler replied that they are sensitive to concerns about the pace of play, but due to the nature of Cedarcrest being a public golf course there will naturally be a diverse range of abilities. There are times of the day and week when it is more of an issue than others. Mayor Nehring thanked Premier for the presentation and for their work at Cedarcrest.

## **Audience Participation**

Charles Graves, 7102 – 70<sup>th</sup> Avenue NE, Marysville, thanked the Council for the opportunity. He explained he is a retired Army Master Sergeant, who served two tours in Vietnam with a bronze star and two Army commendation metals, and is a combat veteran with a 100% disability from the Veterans Administration. He expressed concern about drugs in the community and the image it portrays to youth in the community. He hopes the Council can do whatever is necessary to reduce the problem. He noted there was a murder in his neighborhood in 2009 as the result of drugs, a house break-in in 2011, and a shoot-out with police last year. He regularly sees cars driving to a house in his neighborhood (7106 – 70<sup>th</sup> Avenue NE) waiting for someone to come out to the car and go back to the house. He has attempted to make contact with the drivers, but they curse at him and ignore him. He has contacted the owners of the house who said the tenants had agreed to vacate by tomorrow. However, this won't solve the problem because this is the third time this has happened in that same rental home. He expressed concern about the impact of this house and drugs on his neighborhood. He then discussed street safety and recommended that corners be repainted to indicate it is a no parking area from 67<sup>th</sup> to 72<sup>nd</sup> Avenue NE. He was told this was a budget issue, but recommended that it be prioritized or that they find the money for it. He also recommended speed bumps be added to that portion of the street.

Director Nielsen said they did some traffic counts in that area. There was some speeding, but there were also some outliers that are going to certain places. He offered to take volumes and counts again. Regarding painting the corners, he noted that it isn't a money issue; it is a labor issue to paint all the corners in the city and all the spots in the city where people could park illegally. Also, police already have the ability to ticket people that are parking illegally without the areas being painted. Mr. Graves recommended increasing taxes to pay for it. Director Nielsen stated he couldn't recommend painting all the areas in the city from a safety standpoint. He indicated he would get back to Mr. Graves with data about traffic counts.

Chief Smith stated he shares Mr. Graves' concerns about the drug issues and impacts on youth. One of the things the City has done over the last five years has been the ProAct Unit which has been very successful. In this particular case, police have worked with the owner of the house to ensure people are leaving. Mr. Graves commended

Chief Smith and the police department for their work. Chief Smith indicated the police would also look at the parking issue on the corners.

Dennyse Oban, 1509 - 6<sup>th</sup> Street #244, Marysville 98270, thanked the City for its support of the cold weather station that has been implemented in the City. She discussed concerns with the Diversity Council and a practice of harassment. She spoke in support of stopping labeling and bullying in Marysville. She met with Chief Smith and CAO Hirashima about her issue, but is waiting for an answer. She stated that anti-harassment, stalking, and bullying are taught in schools. She expressed concerns that citizens are being trained to harass and bully by police. She discussed laws against bullying, harassing, and stalking. She recommended looking at the culture in the Marysville Police Department to determine the root cause and eliminate it.

10. Consider the Intergovernmental Cooperative Purchasing Agreement with the City of Redmond

Finance Director Langdon explained Redmond has a system that when they contract they allow for piggybacking by other cities. This would allow the City to take advantage of beneficial costs and avoid the RFP process. There is also an agreement with the City of Kirkland under item 11.

**Motion** made by Councilmember Stevens, seconded by Councilmember Seibert, to authorize the Mayor to sign the Intergovernmental Cooperative Purchasing Agreement with the City of Redmond. **Motion** passed unanimously (6-0).

12. Consider the South Correctional Entity (SCORE) Agreement for Jail Services

Commander Wendy Wade explained this would contract for five beds a day which saves the City from \$145 a day to \$97 a day. If the City needs more than five beds they would still have to pay the \$145 per day. Mayor Nehring commented that this is being driven by the Snohomish County's lack of space.

**Motion** made by Councilmember Muller, seconded by Councilmember Seibert, to approve the South Correctional Entity (SCORE) Agreement for Jail Services. **Motion** passed unanimously (6-0).

13. Consider the Interlocal Agreement with Snohomish Regional Drug and Gang Task Force for \$16,528.00

15. Consider an **Ordinance** Amending MMC 5.24.090 (4) Regarding Fees for Submitting of Fingerprints for a For-Hire Driver; Providing for Severability; and Effective Date

CAO Hirashima explained that Washington State Patrol will be raising fees for background fingerprinting for for-hire drivers. This would allow the City to recover costs for fingerprinting.

Councilmember Seibert asked how the City's code addresses drivers like those with Uber since they aren't technically taxi drivers. CAO Hirashima indicated she would have to check on that.

**Motion** made by Councilmember Muller, seconded by Councilmember Seibert, to approve Ordinance No. 2994. **Motion** passed unanimously (6-0).

16. Consider an **Ordinance** of the City of Marysville, Washington, adding a New Section to Chapter 6.82 of the Municipal Code Prohibiting the Possession of Fireworks in a Park; and Effective Date

City Attorney Jon Walker reviewed this item. Councilmember Vaughan asked if discharging fireworks of any kind is currently prohibited in city parks. Chief Smith replied it is, but this would take it one step further to make possession of fireworks in a city park illegal. Councilmember Vaughan asked how much difference this would really make. City Attorney Walker explained it would assist the police and prosecutors in that all they would have to show is possession of fireworks. It also allows the police to educate people around this issue. Parks Director Ballew explained that currently it is a Parks policy to prohibit fireworks in parks, but this would codify it in municipal code.

**Motion** made by Councilmember Seibert, seconded by Councilmember Vaughan, to approve Ordinance No. 2995. **Motion** passed unanimously (6-0).

## Mayor's Business

Mayor Nehring:

- Thanks to everybody for the support of the week's activities including Strawberry Festival. Thanks to Director Jim Ballew for emceeding the fashion show and the Friday night dinner. Thanks to public works, police, fire, parks, and community development for their work on Strawberry Festival. It was a fun evening with great weather.

Chief Smith:

- He said he talked with Mr. Graves and reminded him of the stance that Council took regarding drugs in the City and how the Council is very aware of the impact of drugs on the community. He stated that police have a no-tolerance approach, and they are doing everything they can. In the end it is a societal issue as well.
- The Public Safety meeting this week was cancelled. There was discussion about potential dates for rescheduling.
- He is glad that the Strawberry Festival is over, but noted there were no major incidents with the parade. He commended staff for their help and support. Sgt. Rick Sparr and Sgt. Adam Vermeulen did a phenomenal job managing the event. He reviewed minor incidents during the events. After the event there was a shooting on Ash, and there was a home invasion robbery at 6 a.m.
- He reviewed the status of two grants that police have received.
- Bike officers are out now. They are getting great feedback.
- On June 30 there will be a meeting with Lakewood Crossing business group at 10:00 a.m.

Sandy Langdon commented that the Transportation Benefit District Board is scheduled to meet in July, but there is currently not an agenda. Board President Vaughan stated there was no business, so there was consensus to cancel the meeting.

Jon Walker had no business.

Kevin Nielsen:

- The new traffic control plan for Strawberry Festival worked well. Paul Kinney and Jake Wetzel took on the task and did a great job.
- Staff is busily striping the City.
- Staff is not doing as much mowing because the grass is already brown from the heat.
- Councilmember Muller asked Director Nielsen about the swath that was cut out at the Qwuloolt Center. Director Nielsen explained that the Qwuloolt breach is supposed to happen in late August. The swath that Councilmember Muller referred to is actually the City's mitigation area so they are required to mow the grass and till it.
- Staff is watching for fire hazards since it is very dry.
- He reminded everyone to stay hydrated during the heat wave.

Jim Ballew:

- He commended Rick Sparr, Adam Vermeulen, Paul Kinney, Jake Wetzel, and Mike Robinson for their work on Strawberry Festival.
- He gave an update on the chair issue.
- The fireworks were relocated due to some challenges that came up with the operator/vendor, but it ended up working out very well overall.

- He referred to the Premier presentation, and stated that staff is pleased with the agreement and with the transition that has happened.
- He thanked the Grove Church for the great cleanup job they did after the event.

Chief McFalls:

Gloria Hirashima:

- She mentioned the EPA Building Blocks Technical Assistance Team event will be on Thursday and Friday of this week. Council members are invited to attend any portion of it they are available.
- Planning Commission Comprehensive Plan Update Hearing will be held next Tuesday. If it is approved it will come to Council in July.
- She represented the City and the American Red Cross in accepting a check from the Sikh Temple last weekend toward the Nepal relief activities. She enjoyed the experience and found it very interesting.

The City Attorney also independently reviewed the actions of the prosecutor and concurred with the decisions made during case review. CAO Hirashima stated she would be contacting Ms. Oban to communicate with her.

## **Call on Councilmembers**

Kamille Norton:

- She enjoyed the festivities over the weekend.
- She enjoyed having the fireworks where they are.
- She is looking forward to the Farmers Market opening this Saturday. Mayor Nehring said there would be a ribbon cutting at 10 a.m.

Steve Muller:

- He commended staff for the work they did with Strawberry Festival before, during, and after the event.
- He received three complaints about the chair signage. Most were concerned about the costs spent to make the signs. Jim Ballew noted that over the years staff has received many complaints about the chairs. He referred to the potential liability claims associated with that. Also, the Police Department and Public Works had to spend significant time resetting the chairs and moving them out of the way. Therefore, the cost associated with printing signs and putting them up is cheaper than past practices.

Rob Toyer had no comments.

Michael Stevens:

- He received more compliments than complaints about the chair signs.
- His kids appreciated the cops on bikes the most.
- He is looking forward to AWC.
- Great job to staff for a great festival.

- He enjoyed the festivities this week as usual. It has become a family tradition.
