SUMMARY:	

The City of Marysville annexed the Central Marysville Annexation on December 30, 2009. Waste Management currently provides solid waste services within the annexed territory. The City of Marysville and Waste Management have negotiated the attached service transfer agreement that would provide for a 5 year franchise to enable Waste Management to continue solid waste collection until December 31, 2021. This agreement provides that Waste Management will continue to charge rates authorized by WMW’s G-237 service territory in Snohomish County (the “WUTC Tariff”). Increases or decreases to the rates and charges will be as allowed under the WUTC Tariff. This is consistent with their current rate structure for the annexed territory.

Attachment 2 relating to Recyclables, revises language in our current agreement commencing 8/30/12 to provide for “written mutual agreement” of the City and Contractor to extend the current Contract for two additional years.

1. PARTIES

This interlocal agreement ("Agreement") is made by and between the City of Marysville ("City"), a Washington municipal corporation, and Snohomish County ("County"), a political subdivision of the State of Washington, collectively referred to as the "Parties," pursuant to Chapter 39.34 RCW (Interlocal Cooperation Act) and RCW 35A.14.460.

2. PURPOSE

- 2.1 Primary purpose. The primary purpose of this Agreement is to set forth the terms of the Parties' agreement to the annexation ("Annexation") to the City of territory located within the Central Marysville Annexation area, which area is referred to herein as the "Annexation Area," pursuant to RCW 35A.14.460. The territory included in the Annexation Area is depicted in Exhibit A to this Agreement, incorporated herein by this reference.
- 2.2. Orderly transition of services and capital projects. The City and County recognize the need to facilitate an orderly transition of services and capital projects from the County to the City at the time of the Annexation.

Urban Growth Area, effective June 30, 1999, and recorded under Auditor's File # 199908230669 ("Master Annexation ILA"), that addresses certain actions related to annexation. Since the Parties hereto entered into the Master Annexation ILA, the Legislature has authorized an additional method of annexation (annexation by interlocal agreement) pursuant to RCW 35A.14.460. Notwithstanding anything to the contrary that may be contained in the Master Annexation ILA, the Parties agree and intend that the Master Annexation ILA shall have no applicability, force or effect with respect to the Annexation contemplated herein. Instead, the Annexation shall be governed by the terms of this Agreement which is entered into pursuant to RCW 35A.14.460.

- 3.2 Snohomish County Tomorrow Annexation Principles. The County and the City intend that this Agreement be interpreted in a manner that furthers the objectives articulated in the Snohomish County Tomorrow Annexation Principles. For the purpose of this Agreement, the Snohomish County Tomorrow Annexation Principles means that document adopted by the Snohomish County Tomorrow Steering Committee on February 28, 2007, and supported by the Snohomish County Council in Joint Resolution No. 07-026 passed on September 5, 2007. The Snohomish County Tomorrow Annexation Principles are attached to this Agreement as Exhibit B, and incorporated herein by this reference.
- 3.3 Annexation approval. The City and County agree that following execution of this Agreement, the City shall pursue the Annexation of territory described in Exhibit A by adoption of an ordinance pursuant to RCW 35A.14.460(4).
- 3.4 City to adopt County codes and ordinances. The City agrees to adopt by reference the County codes and ordinances listed in Exhibit C of this Agreement solely for the purpose of allowing the County to process and complete permits and fire inspections in the Annexation Area. Adoption of the County's codes by the City in no way affects projects applied for under the City's jurisdiction. The County shall be responsible for providing copies of all the codes and ordinances listed in Exhibit C of this Agreement, in addition to all the updates thereto, to the Marysville City Clerk, so that the City Administrative Services Director may maintain compliance with RCW 35A.12.140.

4. GROWTH MANAGEMENT ACT ("GMA") AND LAND USE

- 4.1 Urban density requirements. Except as may be otherwise allowed by law, the City agrees to adopt land use designations and zones for the Annexation Area that will accommodate within its jurisdiction the population and employment allocation assigned by the County under the GMA for the City and the Annexation Area as established in Appendix B of the Countywide Planning Policies for Snohomish County. Nothing in this Subsection 4.1 shall be deemed as a waiver of the City's right to appeal the assignment of such population and employment allocation under the GMA.

- 4.2 Wetland mitigation sites and habitat projects. The City and County share a commitment to ensure the success of wetland mitigation sites and habitat improvement projects. The City and County agree that both jurisdictions will benefit from the maintenance and monitoring of wetland mitigation sites and habitat improvement projects. The City and County agree to enter into an agreement prior to the effective date of the Annexation to determine responsibility and costs for maintenance and monitoring for the mitigation sites and habitat improvement project located at 51st Avenue NE and 100th Street NE.

5. TRANSFER OF PERMITS IN PROCESS BY THE COUNTY

- 5.1 Permit processing. The County agrees to continue processing both building and major development permit applications in the Annexation Area for which complete applications were filed before the effective date of the Annexation, as provided below.
- 5.2 Building permits issued within four months of annexation. The County shall continue to process through completion building permits in the Annexation Area under County code and permit requirements for which it received a complete permit application prior to the effective date of the Annexation and for which a building permit is issued within four months of the effective date of Annexation. In addition, the County shall accept, process, and conduct inspections for any associated permits for which it receives an application through completion. For the purposes of this Agreement, "associated permits" means mechanical, plumbing, and sign permits for the building being permitted. For the purposes of this Agreement, "completion" means final administrative or quasi-judicial approvals, including final inspection and issuance of an occupancy permit. The County shall be responsible for defending any administrative, quasi-judicial or judicial appeals of building permits issued by the County in the Annexation Area.
- 5.3 Building permit applications not issued within four months after annexation. The County shall continue to process permit applications (exclusive of major development permits as defined in Section 5.4) in the Annexation Area under the County code and permit application requirements for which it received a complete permit application prior to the effective date of the Annexation, for up to four months following the effective date of the Annexation. Four months following the effective date of the Annexation, permit application processing responsibility will be transferred to the City if a permit has not been issued. Alternatively, the City may request the County to transfer pending building permit applications upon receipt of a written request by the permit applicant. The County will contact applicants for pending permit applications to provide advance notification of the transfer date. The City will honor any intermediate approvals (such as building plan check approval) which are effective prior to transfer of the permit application. Extension of intermediate approvals following the Annexation must be approved by the City following consultation with County staff.

- 5.4 Major development permits. The County shall continue to process to completion any major development permits in the Annexation Area for which it received a complete permit application prior to the effective date of the Annexation. "Major development permits" is defined as: non- single family building permits for structures greater than 4,000 square feet in size, subdivisions, Planned Residential Developments, short subdivisions, conditional uses, special uses, rezones, shoreline substantial development permits and variances. "Processing to completion" shall be to the end of a review process that was commenced by the County prior to the effective date of the Annexation. The term "review process" is defined as follows for a subdivision: preliminary plat approval, plat construction plan approval, inspection and final plat processing. Final plats shall be transmitted to the City for City Council acceptance of dedication of right-of-way or other public easements, if dedication occurs after the effective date of the Annexation. The County shall be responsible for defending any administrative, quasi-judicial or judicial appeals of major development permits issued by the County in the Annexation Area.
- 5.5 Permit renewal or extension. Any request to renew a building permit or to renew or extend a major development permit issued by the County prior to the effective date of the Annexation which is received after the effective date of the Annexation shall be made to and administered by the City.
- 5.6 Land use code enforcement cases. Any pending land use code enforcement cases in the Annexation Area shall be transferred to the City on the effective date of the Annexation. Any further action in those cases will be the responsibility of the City. The County agrees to make its employees available as witnesses at no cost to the City if necessary to prosecute transferred cases.
- 5.7 Enforcement of County conditions. Following the effective date of the Annexation, the City agrees to enforce any conditions imposed by the County relating to the issuance of a building or major development permit in the Annexation Area. Any performance or other bonds held by the County to guarantee performance or completion of work associated with the issuance of a permit shall be transferred to the City along with responsibility for enforcement of condition tied to said bonds. The County agrees to make its employees available to provide assistance in areas involving enforcement of conditions on permits originally processed by County personnel, at no cost to the City.
- 5.8 Proportionate share of application fees. The City and County shall proportionately share the permit application fees for any transferred cases. The County shall transfer a proportionate share of the application fee collected to the City, commensurate with the amount of work left to be completed on the permit. The City may also request transfer for permit responsibility upon receipt of a written request by the permit applicant.

6. RECORDS TRANSFER

The City Clerk or designee, at his or her discretion, shall either take custody of or copy relevant County records prior to and following the Annexation. County records to be transferred or copied will include, but are not limited to, records from The Departments of Public Works and Planning and Development Services, including all permit records and files, inspections reports and approved plans, approved zoning files, code enforcement files, fire inspection records, easements, plats, data bases for land use, drainage, street lights, streets, regulatory and animal license records, and any available data on the location, size and condition of utilities, and other items identified during the transfer process. Transfer of County records will be subject to the *Interlocal Agreement Between the City and the County Concerning Transfer, Custody, Retention and Access of Public Records Following Annexation*, effective August 25, 1999, and recorded under Auditor's File # 199910200573.

7. ROADS

- 7.1 Reciprocal impact mitigation. The City and County have agreed to mutually enforce each other's traffic mitigation ordinances and policies to address multi-jurisdictional impacts under the terms and conditions provided in the *Interlocal Agreement Between Snohomish County and the City of Marysville on Reciprocal Mitigation of Transportation Impacts*, effective July 1, 1999, and recorded under Auditor's File # 199907020618. The Parties also may enter into an additional agreement that addresses implementation of common MUGA development standards (including access and circulation requirements), level of service standards, concurrency management systems, and other transportation planning issues.
- 7.2 88th Street NE corridor capacity improvements. The City and County agree that both jurisdictions will benefit from the construction of capacity improvements to the 88th Street NE Corridor between State Avenue and 67th Avenue NE, whether it lies within the City's corporate limits or remains in unincorporated Snohomish County. The City and County agree to coordinate and cooperate on these improvements. The process and details for coordination will be addressed within a separate agreement.
- 7.3 51st Avenue NE intersection improvements. The County is currently in the construction phase of intersection improvements to the intersection of 51st Avenue NE and 100th Street NE and to the intersection of 51st Avenue NE and 136th Street NE. The City agrees that these projects are in the City's interest and will allow the County to work within the right-of-way annexed by the City to complete these projects.

8. SURFACE WATER MANAGEMENT

- 8.1 Legal control and maintenance responsibilities. The Central Marysville Annexation Area includes surface water drainage improvements or facilities that the County currently owns or maintains. The City and County agree that the legal control and maintenance responsibilities for such surface water drainage improvements or facilities shall transfer to the City by the end of the calendar year in which the Annexation becomes effective, except as negotiated between the City and County in any subsequent agreements. The County agrees to provide a list of surface water drainage improvements and facilities prior to the start of negotiations. County maintenance easements over residential detention facilities shall be transferred to the City. The County's current Annual Construction Program or Surface Water Management Division budget includes major surface water projects in the Annexation Area. The City and County will determine how funding, construction, programmatic and subsequent operational responsibilities, legal control and responsibilities will be assigned for these improvements, and the timing thereof, under the provisions of RCW 36.89.050, RCW 36.89.120 and all other applicable authorities.
- 8.2 Taxes, fees, rates, charges and other monetary adjustments. The City recognizes that service charges are collected by the County for unincorporated areas within designated Watershed Management Areas and Clean Water Districts. Watershed management service charges are collected at the beginning of each calendar year through real property tax statements. Upon the effective date of the Annexation, the City hereby agrees that the County may continue to collect and, pursuant to Chapter 25.20 SCC and to the extent permitted by law, to apply the service charges collected during the calendar year in which the Annexation occurs to the provision of watershed management services designated in that year's budget. These services will be provided through the calendar year in which the Annexation becomes effective and will be of the same general level and quality as those provided to other property owners subject to service charges in the County.
- 8.3 Drainage Needs Report cost recovery. The City recognizes that drainage engineering studies and surface water drainage improvements and facilities have benefited the Annexation Area. The City recognizes that the County has incurred bonded debt to fund the engineering studies and facilities listed in the Drainage Needs Report, prepared by the Snohomish County Department of Public Works in 2002, as updated, and agrees that the Annexation Area will be responsible for paying a share of that bond debt. The City recognizes that the County has full authority and is required to collect payment for that bond debt under RCW 36.89.120.

- 8.4 Government service agreements. The County and City intend to work toward one or more interlocal agreements for joint watershed management planning, capital construction, infrastructure management, habitat/river management, water quality management, outreach and volunteerism, and other related services.

9. PARKS, OPEN SPACE AND RECREATIONAL FACILITIES

The City agrees to assume maintenance, operation and ownership responsibilities for Mother Natures Window Park, Timberbrook/Heatherglen, Sherwood Forest, Walter's Manor and King Park upon the effective date of the Annexation as identified in the map attached to this Agreement as Exhibit D. Documents conveying Mother Natures Window Park, Timberbrook/Heatherglen, Sherwood Forest, Walter's Manor and King Park to the City of Marysville will be developed and executed by both Parties subsequent to the effective date of the Annexation.

10. AMENDMENTS AND ADDITIONAL AGREEMENTS

- 10.1 Amendments. The City and County recognize that amendments to this Agreement may be necessary. An amendment to this Agreement must be mutually agreed upon by the Parties and executed in writing. Any amendment to this Agreement shall be executed in the same manner as this Agreement.

- 10.2 Additional agreements. Nothing in this Agreement limits the Parties from entering into interlocal agreements on issues not covered by, or in lieu of, the terms of this Agreement.

11. THIRD PARTY BENEFICIARIES

There are no third party beneficiaries to this Agreement, and this Agreement shall not be interpreted to create any third party beneficiary rights.

12. DISPUTE RESOLUTION

Except as herein provided, no civil action with respect to any dispute, claim or controversy arising out of or relating to this Agreement may be commenced until the dispute, claim or controversy has been submitted to a mutually agreed upon mediator. The Parties agree that they will participate in the mediation in good faith, and that they will share equally in its costs. Each jurisdiction shall be responsible for the costs of their own legal representation. Either party may seek equitable relief prior to the mediation process, but only to preserve the status quo pending the completion of that process. The City and County agree to mediate any disputes regarding the annexation process or responsibilities of the parties prior to the Boundary Review Board hearing on the Annexation, if possible.

13. HONORING EXISTING AGREEMENTS, STANDARDS AND STUDIES

In the event a conflict exists between this Agreement and any agreement between the City and the County in existence prior to the effective date of this Agreement, the terms of this Agreement shall govern the conflict.

14. RELATIONSHIP TO EXISTING LAWS AND STATUTES

This Agreement in no way modifies or supersedes existing state laws and statutes. In meeting the commitments encompassed in this Agreement, all parties will comply with all applicable state or local laws. The County and City retain the ultimate authority for land use and development decisions within their respective jurisdictions. 15.2 Duration. This Agreement shall be in full force and effect through December 31, 2019. If the Parties desire to continue the terms of the Agreement after the Agreement is set to expire, the Parties may either negotiate a new agreement or extend this Agreement through the amendment process.

15.3 Termination. Either party may terminate this Agreement upon ninety (90) days advance written notice to the other party. Notwithstanding termination of this Agreement, the County and City are responsible for fulfilling any outstanding obligations under this Agreement incurred prior to the effective date of the termination.

16. INDEMNIFICATION AND LIABILITY

16.1 Indemnification of County. The City shall protect, save harmless, indemnify and defend, at its own expense, the County, its elected and appointed officials, officers, employees and agents, from any loss or claim for damages of any nature whatsoever arising out of the City's performance of this Agreement, including claims by the City's employees or third parties, except for those damages caused solely by the negligence or willful misconduct of the County, its elected and appointed officials, officers, employees, or agents.

- 16.3 Extent of liability. In the event of liability for damages of any nature whatsoever arising out of the performance of this Agreement by the City and the County, including claims by the City's or the County's own officers, officials, employees, agents, volunteers, or third parties, caused by or resulting from the concurrent negligence of the County and the City, their officers, officials, employees and volunteers, each party's liability hereunder shall be only to the extent of that party's negligence.
- 16.4 Hold harmless. No liability shall be attached to the City or the County by reason of entering into this Agreement except as expressly provided herein. The City shall hold the County harmless and defend at its expense any legal challenges to the City's requested mitigation and/or failure by the CITY to comply with Chapter 82.02 RCW. The County shall hold the City harmless and defend at its expense any legal challenges to the County's requested mitigation or failure by the County to comply with Chapter 82.02 RCW.

17. SEVERABILITY

If any provision of this Agreement or its application to any person or circumstance is held invalid, the remainder of the provisions and the application of the provisions to other persons or circumstances shall not be affected.

18. EXERCISE OF RIGHTS OR REMEDIES

Failure of either party to exercise any rights or remedies under this Agreement shall not be a waiver of any obligation by either party and shall not prevent either party from pursuing that right at any future time.

19. RECORDS

The Parties shall maintain adequate records to document obligations performed under this Agreement. The Parties shall have the right to review each other's records with regard to the subject matter of this Agreement, except for privileged documents, upon reasonable written notice. EXHIBIT B – SNOHOMISH COUNTY TOMORROW ANNEXATION PRINCIPLES

The following principles are intended as a "roadmap" for successful annexations but are not intended to require cities to annex all UGA lands. The desired outcome will reduce Snohomish County's current delivery of municipal services within the urban growth area while strengthening the County's regional planning and coordinating duties. Likewise, cities/towns will expand their municipal services to unincorporated lands scattered throughout the UGAs in Snohomish County. These principles propose altering historical funding and service delivery patterns. All parties recognize that compromises are necessary.

1. The County and all Snohomish County cities will utilize a six-year time schedule which will guide annexation goals. This work will be known as the Six Year Annexation Plan. As follow-up to the county's Municipal Urban Growth Area (MUGA) policies, those cities that have a (MUGA) land assignment, should designate this land assignment a priority. Each jurisdiction shall conduct its normal public process to ensure that citizens from both the MUGA areas and city proper are well informed. All Snohomish County cities have the option of opting in or out of this process. Cities that opt in will coordinate with the county to establish strategies for a smooth transition of services and revenues for the annexations proposed in the accepted Six Year Plan.
2. Each city will submit a written report regarding priority of potential annexation areas to the county council every two years, at which time each city will re-evaluate its time schedule for annexation. This report will serve as an update to the Six Year Annexation Plan.

The report to the county council should be based upon each city's internal financial analyses dealing with the cost of those annexations identified for action within the immediate two-year time period. This analysis shall include: current and future infrastructure needs including, but not be limited to, arterial roads, surface water management, sewers, and bridges. A special emphasis should be given to the financing of arterial roads, including historical county funding and said roads' priority within the county's current 6-year road plan. Where financing and other considerations are not compelling, the city and county may "re-visit" the annexation strategies at the next two-year interval.

3. To facilitate annexation within urban growth areas (UGAs), the host city and the county may negotiate an Interlocal agreement providing for sub-area planning to guide the adoption of consistent zoning and development regulations between the county and the city. Coordination of zoning densities between the county and the host city may require the revision of land use maps, adoption of transfer rights or other creative solutions. Upon completion of sub-area planning, if

densities cannot be reconciled, then the issue would be directed to SCT for review and possible re-assignment to alternate sites within the UGA.

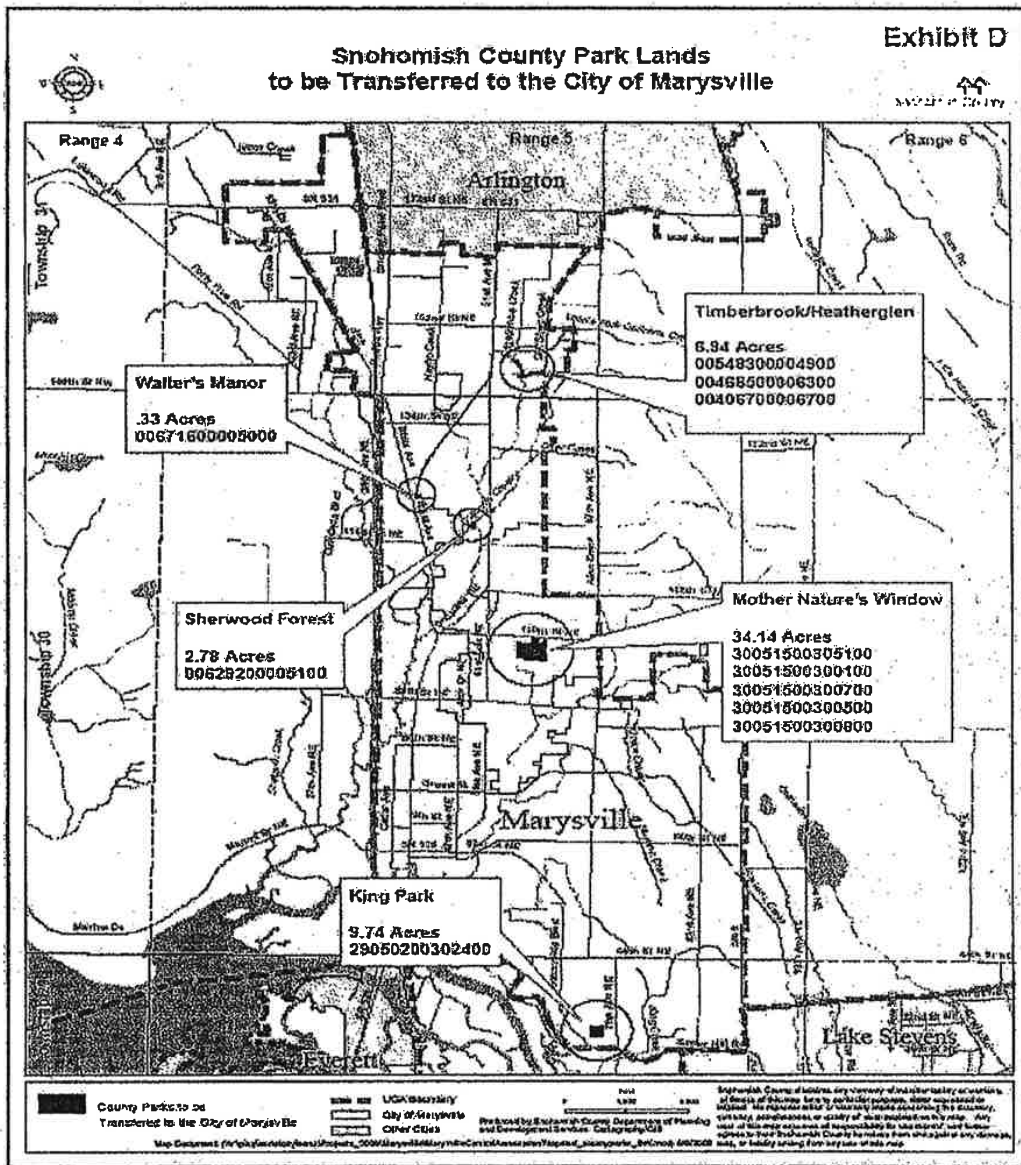

The Interlocal Agreement would also address development and permit review and related responsibilities within the UGA, apportioning related application fees based upon the review work performed by the respective parties, and any other related matters. The format for accomplishing permit reviews will be guided in part by each city's unique staffing resources as reflected in the Interlocal agreement between the host city and the county.

4. The city and the county will evaluate the financial and service impacts of an annexation to both entities, and will collaborate to resolve inequities between revenues and service provision. The city and county will negotiate on strategies to ensure that revenues and service requirements are balanced for both the city and the county. These revenue sharing and/or service provision strategies shall be determined by individual ILAs to address service operations and capital implementation strategies.
5. The county and the host city will negotiate with other special taxing districts on annexation related issues. Strategies for accomplishing these negotiations will be agreed to by the county and host city, and reflected in the host city's annexation report. (See preceding Principle #2.)
6. To implement the goals of the Annexation Principles regarding revenue sharing, service provision, and permit review transitions, the county and the cities will consider a variety of strategies and tools in developing Interlocal Agreements, including:
 - Inter-jurisdictional transfers of revenue, such as property taxes, Real Estate Excise Taxes (REET), storm drainage fees, sales tax on construction, and retail sales tax. Dedicated accounts may be opened for the deposit of funds by mutual agreement by the county and city;
 - Service provision agreements, such as contracting for service and/or phasing the transition of service from the county to the city;
 - Identifying priority infrastructure improvement areas to facilitate annexation of areas identified in Six Year Annexation Plans.
