SUMMARY:	

We are seeking Council’s permission to move forward with the purchase of the (2) ChargePoint CP250 Electric Car Charging Stations and the associated products as specified in the Department of Ecology Grant previously accepted in 2020. This purchase is reimbursable within the grant guidelines and will be reported at the end of Q1. These DC Charging Stations will be installed in the public parking lot at 1405 5th Street that is currently pending construction

The City has received notice from ChargePoint that the lead times have increased on this product and they will be receiving a cost increase at the beginning of February, 5% on the software and 8% on the stations. For this reason we are looking to move forward with placing our order prior to the end of January.

RECOMMENDED MOTION:

I move to authorize the Mayor to approve the purchase with ChargePoint for the charging station and grant specified products.
