SUMMARY:	
<p>The Marysville Community Center Remodel calls for a remodel conversion of the vacated Marysville Courthouse to a Community Recreation Center and Parks Personnel office space. The work to be performed under this contract includes demolition and construction within various areas of the facility, painting, upgrade to efficient interior and exterior lighting, installation of plumbing, electrical and flooring.</p> <p>Bids for the project were received on May 9, 2022. A total of three (3) bid proposals were received, with bids ranging from \$235,210.00 to \$340,728.49 including Washington State Sales Tax (WSST). By contrast, the Engineer's Estimate for the Project was \$251,620.00 including WSST. Staff therefore recommends Award to the apparent low bidder, EmTech, Inc., in the amount of \$235,210.00 including WSST. Staff also recommends that Council authorize a 10% Management Reserve as noted below, which would allow the City to react quickly and decisively in managing unanticipated changes that may arise during construction.</p>

4. Payment for Project.

a. Total Contract Sum for the Project. The City shall pay the Contractor, for satisfactory completion of the Project, a Total Contract Sum not to exceed Two Hundred Thirty Five Thousand Two-Hundred and Ten Dollars (\$235,210.00) including all applicable Washington State Sales Tax. The Total Contract Sum includes all expenses and costs incurred in planning, designing, and constructing the Project, including, but not limited to, applicable sales and use taxes, costs and expenses for overhead, profit, labor, materials, supplies, permits, subcontractors, consultants, and professional services necessary to construct and complete the Project in conformance with the Contract Documents.

The City shall initiate authorization for payment after receipt of a satisfactorily completed invoice form and shall make payment to the Contractor within approximately thirty (30) calendar days thereafter. Progress payments shall be subject to retainage in accordance with subsection 7(b) below.

d. Withholding for Defective or Unauthorized Work. The City reserves the right to withhold payment from the Contractor for any defective or unauthorized work. Defective or unauthorized work includes, without limitation: work and materials that do not conform to the requirements of the Contract Documents; and extra work and materials furnished without the City's written approval. If, during the course of the Contract, the work rendered does not meet the

requirements set forth in the Contract Documents, the Contractor shall correct or modify the work to comply with the requirements of the Contract Documents. The City shall have the right to withhold payment for such work until it meets the requirements of the Contract Documents. The City's decision not to, or failure to, withhold payment shall not constitute a waiver of the City's right to final inspection and acceptance of the Project.

e. **Final Acceptance.** Final Acceptance of the Project is determined when the Project is accepted by the Public Works Director or designee as being one hundred percent (100%) complete.

f. **Final Payment: Waiver of Claims.** The Contractor must request all changes and equitable adjustments, as provided for in Section 6, prior to seeking final payment. The Contractor's acceptance of final payment shall constitute a waiver of the Contractor's claims, except those previously and properly made and identified by the Contractor as unsettled at the time final payment is made and accepted.

g. **Maintenance and Inspection of Financial Records.** The Contractor shall maintain reasonable books, accounts, records, documents, and other evidence pertaining to the costs and expenses incurred and the consideration paid under this Contract, in accordance with reasonable and customary accepted accounting practices. 5. Time is of the Essence/Liquidated Damages.

Time is of the essence in the performance of this Contract. The Contractor shall diligently pursue the Project work to physical completion by the date specified in Section 2. If said work is not completed within the time specified, the City will suffer harm, and the Contractor agrees to pay the City, as liquidated damages and for each and every calendar day said work remains uncompleted after expiration of the specified time, the sum set forth in Section 1-08.9 of the 2016 WSDOT Standard Specifications for Road, Bridge, and Municipal Construction, published by the Washington State Department of Transportation and incorporated herein by this reference. This amount shall be fixed as liquidated damages that the City will suffer by reason of such delay and not as a penalty. The City will have the right to deduct and retain the amount of liquidated damages from any amounts due or to become due to the Contractor. The Contractor shall not be liable for liquidated damages if the delay was due to causes not reasonably foreseeable to the parties at the time of contracting or causes that are entirely beyond the control and without the fault or negligence of the Contractor.

6. Changes.

The City may issue a written change order for any change in the work specified in the Contract Documents during the performance of the Contract. If the Contractor determines, for any reason, that a change order is necessary, the Contractor must submit a written change order request

to the City's Contract Representative within fourteen (14) calendar days of the date the Contractor knew or should have known of the facts and events giving rise to the requested change. If the Contractor fails to request a change order within the time specified in this paragraph, the Contractor waives its right to make any claim or submit subsequent change order requests for that portion of the Project.

If the City determines that the change order increases or decreases the Contractor's costs or time for completion, the City will make an equitable adjustment. The City will attempt, in good faith, to reach agreement with the Contractor on all equitable adjustments. However, if the parties are unable to agree, the City will determine the equitable adjustment as it deems appropriate. The Contractor shall proceed with the change order work upon receiving either a written change order from the City or an oral order from the City before actually receiving the written change order.

The Contractor accepts all requirements of a change order by (1) endorsing it, (2) writing a separate acceptance, or (3) not protesting it within five (5) business days. A change order that is accepted by the Contractor as provided in this section shall constitute full payment and final settlement of all claims for direct, indirect, and consequential costs, including costs of delays related to any work, either covered or affected by the change.

7. Bonding and Retainage.

a. Payment and Performance Bond. Pursuant to Chapter 39.08 RCW, the Contractor shall provide the City a payment and performance bond for the Total Contract Sum to be in effect until the later of: sixty (60) days after the date of Final Acceptance, receipt of all necessary releases from applicable state agencies, or until settlement of any liens filed under Chapter 60.28 RCW.

b. Retainage. The City shall withhold retainage in the amount of five percent (5%) of any and all payments made to the Contractor until the later of: sixty (60) days after the date of Final Acceptance, receipt of all necessary releases from applicable state agencies, or until settlement of any liens filed under Chapter 60.28 RCW. The amount retained shall be placed in a fund by the City pursuant to RCW 60.28.011(4)(a), unless otherwise instructed by the Contractor within fourteen (14) calendar days of Contractor's execution of this Contract.

8. Termination of Contract.

a. Termination. The City may terminate this Contract and take possession of the premises and all materials thereon and finish the Project by whatever methods it may deem expedient, by giving ten (10) business days written notice to the Contractor, upon the occurrence of any one or more of the following: (1) The Contractor makes a general assignment for the benefit of its creditors, has a receiver appointed as a result of insolvency, or files for bankruptcy; (2) The Contractor persistently or repeatedly refuses or fails to complete the work herein necessary to complete the Project; (3) The Contractor fails to make prompt payment to a subcontractor for material or labor; (4) The Contractor persistently disregards instructions of the City's Contract Representative or otherwise substantially violates the terms of this Contract; or (5) The Contractor persistently disregards federal, state, or local laws, ordinances, regulations, or codes.

b. Payment in the Event of Termination. In the event this Contract is terminated by either party, the Contractor shall not be entitled to receive any further amounts due under this Contract until the work specified in the Contract Documents is satisfactorily completed, as scheduled, up to the date of termination. At such time, if the unpaid balance of the amount to be paid under this Contract exceeds the expense incurred by the City in finishing the Project and all damages sustained by the City or which may be sustained by reason of such refusal, neglect, failure, or discontinuance of performance, such excess shall be paid by the City to the Contractor. Such expense and damages shall include all reasonable legal expenses and costs incurred by the City to protect the rights and interests of the City under the Contract.

9. Contractor's Status as Independent Contractor.

The Contractor is a licensed, bonded, and insured contractor as required and in accordance with the laws of the State of Washington. The Contractor is acting as an independent contractor and has the ability to control and direct the performance and details of its work in the performance of each and every part of this Contract. Nothing contained herein shall be interpreted as creating a relationship of servant, employee, partnership, or agency between the Contractor and the City. No officer, employee, volunteer, agents, contractors, or subcontractors of the Contractor shall act on behalf of or represent him or herself as an agent or representative of the City. The Contractor and its officers, employees, volunteers, agents, contractors, and subcontractors shall not make a claim of City employment and shall not make a claim against the City for any employment related benefits, social security, and/or retirement benefits. The Contractor shall be solely responsible for compensating its officers, employees, volunteers, agents, contractors, and subcontractors and for paying all related taxes, deductions, and assessments, including, but not limited to, applicable use and sales taxes, federal income tax, FICA, social security tax, assessments for unemployment and industrial injury, and other deductions from income which may be required by law or assessed against either party as a result of this Contract.

10. Prevailing Wages.

This Contract is subject to the requirement of Chapter 39.12 RCW and no worker, laborer, or mechanic employed in the performance of any part of this Contract shall be paid less than the prevailing rate of wage as determined by the Industrial Statistician of the Department of Labor and Industries for the State of Washington. The Contractor shall assure that it and any subcontractors fully comply with the requirements of Chapter 39.12 RCW, Chapter 49.28 RCW, and any further laws or regulations applicable because of federal funding.

The State of Washington prevailing wage rates for Snohomish County apply to work performed under this Contract. The applicable prevailing wage rates may be found at the following website address of the Department of Labor and Industries: <https://fortress.wa.gov/lni/wagelookup/prvWagelookup.aspx>

A copy of the applicable prevailing wage rates are available for viewing at the City and upon request, the City will mail a hard copy of the applicable prevailing wages.

11. Contractor's Risk of Loss.

The Contractor understands that the whole of the work under this Contract is to be done at the Contractor's risk. The Contractor is familiar with all existing conditions and other contingencies likely to affect the work on the Project, and has made its proposal, bid, or quote accordingly. The Contractor assumes the responsibility and risk of all loss or damage to materials or work which may arise from any cause whatsoever prior to completion of the Project.

12. Indemnification and Hold Harmless.

a. The Contractor shall defend, indemnify, and hold the City, its officers, officials, employees, and volunteers harmless from any and all claims, injuries, damages, losses, or suits including attorney fees, arising out of or in connection with the performance of this Contract, except for injuries and damages caused by the sole negligence of the City.

b. Should a court of competent jurisdiction determine that this Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the City, its officers, officials, employees, and volunteers, the Contractor's liability hereunder shall be only to the extent of the Contractor's negligence.

c. The Contractor specifically and expressly waives any immunity that may be granted it under the Washington State Industrial Insurance Act, Title 51 RCW, as provided in RCW 4.24.115. The indemnification obligation under this Contract shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable to or for any third party under workers compensation acts, disability benefits acts, or other employee benefits acts; provided the Contractor's waiver of immunity by the provisions of this paragraph extends only to claims against the Contractor by the City and does not include, or extend to, any claims by the Contractor's employees directly against Contractor. The obligations of the Contractor under this subsection have been mutually negotiated by the parties hereto, and the Contractor acknowledges that the City would not enter into this Contract without the waiver thereof of Contractor.

coverage provided by such insurance or otherwise limit the City's recourse to any remedy available at law or in equity.

c. Minimum Scope of Insurance. The Contractor's required insurance shall be of the types and coverage as stated below:

- i. Automobile Liability insurance covering all owned, non-owned, hired, and leased vehicles. Coverage shall be at least as broad as Insurance Services Office (ISO) form CA 00 01.

f. Other Insurance Provision. The Contractor's Automobile Liability, Commercial General Liability, and Builders Risk insurance policies are to contain, or be endorsed to contain, that they shall be primary insurance as respect the City. l. Notice of Cancellation. The Contractor shall provide the City and all additional insureds for this work with written notice of any policy cancellation within two business days of its receipt of such notice.
